Issuance and Redemption of County Jail Bonds.

On recommendation of Finance Committee.

Bill No. 9402, Ordinance No. 8906 (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of eight hundred and fifty thousand dollars (\$850,000) for a permanent improvement, to-wit: The acquisition, construction and equipment by the City and County of San Francisco of a County Jail, and for that purpose the acquisition by the said City and County of a tract of land suitable to be used as a site for said County Jail, and the improvement and grading of said site and the construction thereon of the necessary building or buildings for said jail, and the equipment and furnishing of the same, and the building of such roads, streets or ways on or to the said jail

site as may be necessary or convenient for the use thereof, and the acquisition and installation in said building or on said site of such machinery, furnishings or other equipment as may be necessary for the construction, operation or use of said jail, in accordance with and as authorized at a special election held in said City and County on the fourth day of November, 1930.

Whereas, a special election was held in the City and County of San Francisco on the fourth day of November, 1930, in accordance with the provisions and requirements of Ordinance No. 8847 (New Series), calling and providing for such election, and Resolution No. 33227 (New Series), giving notice thereof, reference to said ordinance and resolution for further particulars being here made; and

Whereas, it has been determined by Resolution No. 33635 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the fourth day of November, 1930, and the provisions of the Charter of said City and County and with Ordinance No. 8847 (New Series), and Resolution No. 33227 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of eight hundred and fifty thousand dollars (\$850,000) for a permanent improvement, to-wit: The acquisition, construction and equipment by the City and County of San Francisco of a County Jail, and for that purpose the acquisition by said City and County of a tract of land suitable to be used as a site for said County Jail, and the improvement and grading of said site and the construction thereon of the necessary building or buildings for said jail, and the equipment and furnishing of the same, and the building of such roads, streets or ways on or to the said jail site as may be necessary or convenient for the use thereof, and the acquisition and installation in said building or on said site of such machinery, furnishings or other equipment as may be necessary for the construction, operation or use of said jail.

That such bonds shall be called "County Jail Bonds, 1931," shall be 850 in number, and shall be numbered from 1 to 850, both inclusive, and shall be payable \$50,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$50,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated January 1, 1931, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of January and July of each year until the maturity thereof; shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

THE UNITED STATES OF AMERICA
State of California,
City and County of San Francisco
COUNTY JAIL BOND, 1931

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of January, 1931.

Calling and Providing for Special Election for Bond Issue of \$900,000 for Improved Routes for Public Highways, Etc.

Also, Bill No. 9403, Ordinance No. 8907 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of nine hundred thousand dollars (\$900,000) for the acquisition, construction and completion of permanent improvements, to-wit: Certain improved routes for public highway purposes in the City and County of San Francisco, as follows: A road around the shores of Lake Merced, reconditioning streets and avenues in Sunset District bounded by Lincoln way, Sloat boulevard, Seventh avenue and Great Highway, building and extension of Clarendon avenue over the most feasible route to Seventh avenue and construction of a road around Blue Mountain connecting with Clarendon avenue at its termini, improving Stanley street parkway between Alemany boulevard and Junipero Serra boulevard, construction of a boulevard to be known as Bernal Heights boulevard, circling the top of Bernal Heights, roadways within and approaching the Laguna Honda Home including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or roads.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of nine hundred thousand dollars (\$900,000) for the acquisition, construction and completion of permanent improvements, to-wit:

Certain improved routes for public highway purposes in the City and County of San Francisco, as follows: A road around the shores of Lake Merced, reconditioning streets and avenues in Sunset District bounded by Lincoln way, Sloat boulevard, Seventh avenue and Great Highway, building and extension of Clarendon avenue over the most feasible route to Seventh avenue, and construction of a road around Blue Mountain connecting with Clarendon avenue at its termini, improving Stanley street parkway between Alemany boulevard and Junipero Serra boulevard, construction of a boulevard to be known as Bernal Heights boulevard, circling the top of Bernal Heights, roadways within and approaching the Laguna Honda Home, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or roads.

Section 2. The estimated cost of the acquisition, construction and completion of the permanent improvements described herein was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 8th day of December, 1930, and was and is fixed by Resolution No. 33682 (New Series), in the sum of nine hundred thousand dollars (\$900,000).

Section 3. By Resolution No. 33682 (New Series), it was declared that no part of the said sum of nine hundred thousand dollars (\$900,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of nine hundred thousand

dollars (\$900,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor, and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared, as herein provided and according to the laws of the State of California providing for the governing of elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

"To incur a bonded indebtedness in the sum of nine hundred thousand dollars (\$900,000) for the acquisition, construction and completion of permanent improvements, to-wit:

"Certain improved routes for public highway purposes in the City and County of San Francisco, as follows: A road around the shores of Lake Merced, reconditioning streets and avenues in Sunset District bounded by Lincoln way, Sloat boulevard, Seventh avenue and Great Highway, building and extension of Clarendon avenue over the most feasible route to Seventh avenue, and construction of a road around Blue Mountain connecting with Clarendon avenue at its termini, improving Stanley street parkway between Alemany boulevard and Junipero Serra boulevard, construction of a boulevard to be known as Bernal Heights boulevard, circling the top of Bernal Heights, roadways within and approaching the Laguna Honda Home, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or roads."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

| | |
|-----|--|
| YES | |
| NO | |

Bonds issued for the acquisition, construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a

statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials."

All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of $4\frac{1}{2}$ per centum per annum, payable semi-annually, shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Boulevards and Roads Bonds, 1931."

Bonds issued for the purpose stated shall be numbered from 1 to 900, both inclusive, and shall be payable \$36,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$36,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

Section 10. The amount of tax levy to be made for the payment of said \$900,000 bonds shall be the sum of \$40,500 per annum for the first 5 years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the 6th year after the date of said bonds the sum of \$38,880 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$36,000 thereof due 5 years from their date, have been paid, and for the 7th year after the date of said bonds the sum of \$37,260 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$36,000 thereof, due 6 years from their date, have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of \$1,620 by reason of the payment each year beginning 5 years from the date of said bonds of \$36,000 of said bonds, and the sum of \$36,000 each year beginning 4 years from the date of said bonds, to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and, at the expiration of said ten days, notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Section 10. The amount of tax levy to be made for the payment of said \$1,400,000 bonds shall be the sum of \$63,000 per annum for the first 5 years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the 6th year after the date of said bonds the sum of \$60,480 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$56,000 thereof due 5 years from their date have been paid, and for the 7th year after the date of said bonds the sum of \$57,960 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$56,000

thereof due 6 years from their date have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of \$2,520 by reason of the payment each year beginning 5 years from the date of said bonds of \$56,000 of said bonds, and the sum of \$56,000 each year beginning 4 years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 11. This ordinance shall be published for at least ten days in the official newspaper, and, at the expiration of said ten days, notice of such special election shall be given and published as required by law.

Section 12. This ordinance shall take effect immediately.

Calling and Providing for Special Election, Playground Bonds.

Also, Bill No. 9405, Ordinance No. 8909 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn, and Funston Annex Playgrounds.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn, and Funston Annex Playgrounds.

Section 2. The estimated cost of the construction and completion of the permanent improvements described herein was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 8th day of December, 1930, and was and is fixed by Resolution No. 33684 (New Series) in the sum of two hundred thousand dollars (\$200,000).

Section 3. By Resolution No. 33684 (New Series), it was declared that no part of the said sum of two hundred thousand dollars (\$200,000) could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of two hundred thousand dollars (\$200,000) for the purposes herein recited. The method and manner of payment of the estimated cost of said described permanent improvements are by the issuance of bonds of the City and County of San Francisco to the amount required therefor, and the application of the proceeds arising from the sale thereof to defray the cost of the construction and completion of said permanent improvements herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared, as herein provided and according to the laws of the State of California providing for the governing of elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

"To incur a bonded indebtedness in the sum of two hundred thousand dollars (\$200,000) for the construction and completion of permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn, and Funston Annex Playgrounds."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

| | |
|-----|--|
| YES | |
| NO | |

Bonds issued for the construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials."

All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Playground Bonds, 1931."

Bonds issued for the purpose stated shall be numbered from 1 to 200, both inclusive, and shall be payable \$8,000 thereof 5 years from the date of said bonds, beginning with the lowest number, and \$8,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA
State of California,
City and County of San Francisco
"PLAYGROUND BOND, 1931"

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19. . . ., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the

United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Resolution of Condolence on Death of Earle Ashley Wolcott.

Supervisor Havenner presented the following resolution, which was *unanimously adopted by rising vote*:

Resolution No. 33915 (New Series), as follows:

Whereas, Earle Ashley Wolcott has departed from this life; and

Whereas, Earle Ashley Wolcott was for many years actively identified with, and a prominent figure in, the civic life of this his beloved

City, and by his nobility of character and unselfish devotion to the interests of San Francisco endeared himself to not only those who were fortunate enough to be personally associated with him, but to all his fellow citizens who were familiar with his good works; and

Whereas, in his passing San Francisco has lost a loyal citizen, a good friend and a dearly beloved son; now, therefore, be it

Resolved, That the people of the City and County of San Francisco, through their Board of Supervisors, extend to the widow and family of Earle Ashley Wolcott this expression of sincere and deep sympathy in their loss; and be it

Further Resolved, That a copy of this resolution be spread upon the minutes of this meeting; that a copy be sent to the widow of the late Earle Ashley Wolcott, and that when this Board adjourns, it does so out of respect to his memory.

Resignation of His Honor Mayor James Rolph, Jr.

Thereupon, the following was read by His Honor Mayor Rolph:

Mayor's Office.

San Francisco, Cal., January 3, 1931.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: I hereby submit my resignation as Mayor of the City and County of San Francisco, to take effect simultaneously with my inauguration as Governor of California, on January 6, 1931.

It was with deepest emotion that I penned these lines marking my retirement from the office of Mayor of this City, by which I have been so often and so signally honored, since to me this resignation represents a wrenching of old ties, and a relinquishment of duties with

which I have grown so familiar that they have become a part of my daily life.

For twenty years it has been my pleasure and pride to preside as Mayor of San Francisco.

During the last two decades our City has been singularly free from industrial quarrels, faction fighting, and political scandal, and I am supremely happy to say that, in the period of my mayoralty, a spirit of good will has dominated San Francisco, under which it has grown in wealth, grandeur, population and popularity, and has become a place of clean repute, holding high its head among the cities of the nation. There is no city of America better known or loved than San Francisco. Here people like to come, here they enjoy our life and hospitality.

Public life, I am pleased to testify, has left fewer scars on me than it does on most men who have held responsible office continuously for twenty years. Of course, I have had disappointments in men. No doubt I, too, at times, have been disappointing to men who thought I should have done otherwise than I did in this matter or that. But I allow to others the same charitable judgment that I ask for myself: I give to others the same credit that I think should be given to me, for an honest, sincere effort to do my duty in all the circumstances of the situation. The delusion of perfection was never one of my foibles. I neither expect perfection from others nor claim it for myself. Looking backward, after the event, we can all see wherein we have made mistakes. Hindsight gives a clearer vision than foresight. But all life, all activity in the visible universe, seems to move by a process of trial and error. Show me the man in public life who has never made a mistake, and I will show you one who has never done anything constructive and has never made a worthwhile success.

We who have been born in San Francisco, or who have grown up with this glorious city, feel a peculiar affection for it, an affection, it seems to me, stronger and more characteristic than that felt by most Americans elsewhere for their home city. That affection has always stirred me deeply. To serve San Francisco as its Mayor has been for me a labor of love and pride. The reflection that my fellow-citizens trusted me and relied on me has brought me courage and solace through many, many years of strife and strain. As my dream of a rebuilt and improved San Francisco gradually came true; as I saw arise these monumental public buildings that make San Francisco one of the show places of the earth; as I saw our marvelous system of boulevards expand; as I noted a gradual improvement in the quality of our public service, a sustained quickening of the spirit of service in all departments; as the years went by and the members of my administration demonstrated by constant trial their efficiency and probity, and as my fellow-citizens manifested their confidence and approval by reelecting me, time after time, I felt grateful that it had been given to me to have all this happen during my five successive terms as Mayor of this, the city loved around the world.

As our city grew into metropolitan magnitude, I strove to keep always in touch with the individual citizen, the small group; to escape that aloofness from the plain people which seems to be inevitable when a city grows very large, and in that effort I think I have been successful.

Although retiring as Mayor, it has been vouchsafed to me to enter a field of greater endeavor, for I leave this office to become Governor of my native State, a position carrying heavy responsibility and offering great opportunity for public service. It is not within my province at this time to detail any definition of my precise policies in that exalted office. These are to be set forth in another place, and at another time, but as Governor of California I will give all that I have of heart and soul and mind to the service of my fellow-citizens, and I think I have sufficient diligence, intelligence, and business and

political experience to meet exigencies and solve problems as they arise. I think, also, that I know what kind of government the people of California want. They want efficiency and economy, but they also want their State government to be permeated by a humane spirit. They do not want a soulless, bloodless sort of government by card indexes and statistics, for government deals with human beings, their lives, liberties and fortunes, and a good government is a government by men and women who are, first of all, human beings.

So, to my friends and neighbors of my native and beloved city, I seize this occasion to say farewell as their Mayor. Many of our young voters cannot remember a time when I was not Mayor of San Francisco. I will miss my office under my favorite dome. I will miss the cheerful greetings that every man, woman and child in this great city felt free to give me; I will miss my work and my troubles; I will even miss the criticisms and complaints of some of my friendly but always frank critics in the Board of Supervisors. But I will not desert San Francisco entirely. The Governor has an office in the State Building over the way, and, while my duties will hold me much in Sacramento, you will often find me over there, with one eye on the dome of the City Hall, to be sure that it is still there and that its proud head has not been lowered by a single inch.

To Angelo J. Rossi, my friend and successor in the mayoralty, go my heartiest congratulations and best wishes. He brings to this office a wide experience in public affairs, a keen knowledge of the city's problems, and a fine ambition to be of service to San Francisco, a city which stands on the threshold of a great destiny. His help has ever been freely given to me, and I bespeak for him your sincere and hearty cooperation in the solution of the important problems with which he must cope.

To the various city officials who have so faithfully performed the duties of their offices and upheld the fair fame of our city goes my sincere appreciation.

To the commissions and the heads of departments who constituted my official family I say farewell with a full heart. No head of a city ever had more loyal, loving and devoted service and allegiance. Without their wholehearted support I could have accomplished little. Never have they failed me, and no greater good fortune could befall me than to have equal loyalty and allegiance from those who will serve under me as Governor.

And to you, gentlemen of the Board, I extend my sincere thanks. We have, at times, had honest differences of opinion, but all of us have labored for a common end, the advancement of San Francisco, and I leave this chair feeling that all of you wish me well. Think of me always as one who has no malice in his heart toward any man, and one who will always be glad to cooperate with you in any endeavor that makes for a greater and better San Francisco.

I leave San Francisco proud in the consciousness that my old friends who were with me twenty years ago when I entered the City Hall are yet my friends and still standing by; and hopeful that the many new friends who have joined with me throughout the State of California will be as constant and as well pleased with me in the end as my old San Francisco friends have proved themselves to be.

Of more importance to me than fortune or public office is the fact that after I have been Mayor for twenty consecutive years of the people of San Francisco they feel towards me a personal affection that has grown stronger and sweeter with the years. That affectionate regard I appreciate beyond the power of words to express.

I go to the governorship the same plain, simple, human Jim Rolph that I have always tried to be, in fair weather or foul, and may God grant that I win and retain the affection, the confidence and the good will of my fellow-Californians in the same full measure as it has been given to me to hold that of my fellow-citizens of San Francisco.

And so, with a heart overflowing with gratitude, and yet deeply touched by this parting, I bid hail and farewell to the people of my beloved San Francisco.

Respectfully and sincerely,

(JAMES ROLPH, Jr.,
Mayor of San Francisco.

Motion.

Supervisor Rossi, seconded by Supervisor Hayden, I now move, Mr. President, that the resignation of Honorable James Rolph, Jr., as Mayor of San Francisco be accepted by this Board of Supervisors, the same to be effective as herein stated, and further, that a copy of these proceedings be properly engrossed and presented to His Honor as a memento of this day.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Canepa, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Rossi, Spaulding, Suhr, Toner—14.

Absent—Supervisors Colman, Gallagher, Shannon, Stanton—4.

Addresses.

Supervisor Toner acted as master of ceremonies following the address of Governor-elect Rolph, which was broadcast over a coast-wide radio hookup, and announced the following speakers, who addressed the Board, City officials and municipal employees and a crowd that filled the chamber and overflowed into the corridors.

Supervisor Hayden, as Dean of the Board of Supervisors, in expressing his felicitations upon the elevation of Mayor Rolph to the high office of Governor of the State of California, took occasion to present the Governor-elect with an engrossed copy of the following resolution, presented by Supervisor Roncovieri at a previous meeting, making Governor-elect Rolph "Mayor Emeritus" of San Francisco for life, to-wit:

Resolution No. 33687 (New Series), as follows:

Resolved, That the honorary office of Mayor Emeritus of San Francisco be, and it is hereby created by this Board of Supervisors for and on behalf of any worthy citizen who has been elected to the office of Mayor of San Francisco for five consecutive terms of four years each, the same to take effect upon his retirement from the office of Mayor; and be it

Further Resolved, That Mayor James Rolph, Jr., who has been elected five consecutive terms as Mayor of San Francisco, and who is about to retire from this office to assume the duties of the exalted office of Governor of the State of California, be and he is hereby appointed by this Board of Supervisors as Mayor Emeritus of San Francisco, such appointment to take effect upon his retirement from the office of Mayor; and be it still

Further Resolved, That the Honorable James Rolph, Jr., as Mayor Emeritus, be and he is hereby appointed and empowered to act as a member of all committees on official ceremonial functions participated in by the City and County of San Francisco.

Adopted by the Board of Supervisors, San Francisco, Dec. 22, 1930.

Ayes—Supervisors Andriano, Canepa, Colman, Hayden, McSheehy, Miles, Roncovieri, Rossi, Shannon, Stanton, Toner—11.

Absent—Supervisors Gallagher, Havenner, McGovern, Peyser, Power, Spaulding, Suhr—7.

Supervisor Hayden gave full credit to Supervisor Roncovieri for the resolution, and thanked him for permitting him to make the presentation.

He also presented a replica of the resolution on a solid gold plate

and declared that the Governor-elect would hereafter be a member of all committees on official ceremonial functions.

Supervisor Andriano spoke for the members of the Board in presenting the Governor-elect a gold and silver replica of the City Hall dome, supported by the famous Rolph boots. The replica, he said, is not yet finished, and a design of it was presented instead.

Thereupon, each of the members present was called upon by Supervisor Toner, master of ceremonies, and added their eulogies and good wishes to the Governor-elect.

Former Mayor P. H. McCarthy added his felicitations and congratulations:

John McLaren, veteran superintendent of Golden Gate Park, praised and congratulated the retiring Mayor.

Judge Walter Perry Johnson spoke for the Superior Court. Benning Wentworth, City Auditor; Harry I. Mulerevy, County Clerk; Lewis F. Byington, past grand president of the Native Sons of the Golden West and chairman of the Board of Freeholders, were speakers.

"I have known Jim Rolph since boyhood," asserted Matt I. Sullivan, former Chief Justice of the Supreme Court. "We grew up together in the Mission.

"I do not know of a single act of his in private or in public of which his family or the people of San Francisco should be ashamed," said the veteran jurist with much feeling.

He paid a high tribute to the character and integrity of the retiring Mayor.

Then followed brief talks by Chief of Police William J. Quinn, Fire Chief Charles H. Brennan, Frank J. Klimm, Dr. William C. Hassler, T. A. Reardon, P. W. Meherin, Ira W. Coburn, William F. Benedict, representing the San Francisco Chamber of Commerce; Alice Rose Power, former Judge J. M. Troutt; Joseph A. Moore, Municipal Judge Frank T. Deasy, Ralph Wiley, former Chief of Police Daniel J. O'Brien, Judge William H. Langdon, associate justice of the Supreme Court, and Thomas E. Hayden.

Mayor-elect Rossi said the Board accepted the resignation with reluctance and regret. He described Rolph as the "Good-will Governor of California." He predicted that under Rolph's administration the State would go forward as a united California.

Austin Sperry, Charles Bulotti and Uda Waldrop provided the musical features of the program.

Color guards from the Police and Fire Departments added to the impressiveness of the affair, which came to a sentimental end with the playing of "Auld Lang Syne" by Phil Sapiro's orchestra.

Inauguration of His Honor Angelo Rossi.

Supervisor Hayden: I move your Honor that next Thursday, January 8, 1931, at 2 p. m., be designated as the inaugural day for the purpose of inducting your successor, Angelo J. Rossi, into office, and that you honor your successor by appointing a committee of five to make the necessary arrangements for the ceremony.

Motion *carried*.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

THURSDAY, JANUARY 8, 1931, 2 P. M.

In Board of Supervisors, San Francisco, Thursday, January 8, 1931,
2 p. m.

The Board of Supervisors met in special session for the inauguration
of Mayor Angelo J. Rossi.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted
present:

Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Mc-
Govern, McSheehy, Miles, Peyser, Power, Roncovieri, Rossi, Shannon,
Spaulding, Stanton, Suhr, Toner—17.

Absent—Supervisor Canepa—1.

Quorum present.

Mayor-elect Rossi in the chair.

During the roll call, when the name of Supervisor Rossi was reached,
the following communications were presented and read by the Clerk:

San Francisco, January 7, 1931.

Mr. John S. Dunnigan, Clerk of the Board of Supervisors, San Fran-
cisco, California.

Dear Mr. Dunnigan: Heretofore I have advised the former Mayor,
Hon. James Rolph, Jr., that I have resigned the office of Supervisor
of the City and County of San Francisco.

This communication is addressed to you so that the Board of Super-
visors of the City and County of San Francisco may have an official
record of my resignation, which was effective as of noon, January 6,
1931.

Yours truly,

ANGELO J. ROSSI.

San Francisco, January 5, 1931.

Hon. Angelo J. Rossi, City Hall, San Francisco.

Dear Supervisor Rossi: I am in receipt of your resignation as Super-
visor of the City and County of San Francisco, effective January 6th.
In accepting it I want to offer to you my sincere congratulations upon
the clean and splendid record which you have made while a member
of the Board of Supervisors.

I also extend to you my hearty congratulations upon your election
to the office of Mayor and my best wishes for the success of your ad-
ministration.

Very sincerely,

JAMES ROLPH, Jr.

Angelo J. Rossi Appointed Mayor of the City and County of San
Francisco.

Thereupon, Supervisor Hayden presented the following, which was
adopted by the following vote:

Resolution No. 33716 (New Series), as follows:

Resolved, That Angelo J. Rossi be and he is hereby appointed Mayor

of the City and County of San Francisco, vice James Rolph, Jr., resigned, to hold said office for the remainder of the term for which James Rolph, Jr., was elected, and until a successor to said office is elected and qualified.

Ayes—Supervisors Andriano, Canepa, Colman, Gallagher, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—14.

Absent—Supervisors Havenner, McSheehy, Toner—3.

Motion.

Supervisor Hayden suggested that during pending proceedings Supervisor Andriano be elected to preside.

So ordered.

Opinion of City Attorney.

On motion of Supervisor Hayden, Dion Holm, representing the City Attorney, was granted the privilege of the floor. He said:

Mr. Chairman, Members of the Board of Supervisors: Heretofore the opinion of the City Attorney, Mr. O'Toole, was asked as to the proper procedure in appointing a successor to Mayor, now Governor, James Rolph, Jr., and he advised you of the methods which you have pursued. There is no doubt in my mind that the advice given you at that time was correct, and I believe that the appointment of Mayor Rossi under the proceedings had heretofore is thoroughly legal. Your Charter provides that you may select whom you will, irrespective of whether it is a member of this Board of Supervisors or from whatever walk of life they may come. The Charter is wholly silent on it.

This matter is brought up before your Board at this time out of an abundance of caution. The attention of our office was again brought to the fact of there being certain Eastern decisions questioning the ability of a Board such as this to appoint a member of the Board to the position of Mayor. We examined those decisions thoroughly, as Mr. O'Toole did at the time he first gave his opinion. A representative of one of our local papers called at our office and informed me that word had reached him from Sacramento that people there interested in these proceedings were in doubt as to the legality of the previous action of this Board in this connection. I reiterate that I believe the first appointment made was thoroughly legal and those proceedings correct, and Mayor Rossi, after you have passed this resolution, will be, if such a thing is possible, twice honored of the City and County of San Francisco. The Charter gives you absolute power to select whom you believe proper, and merely out of an abundance of caution, and because of the fact that we desire to keep our journal in proper order when forwarding bonds to our New York bond agent, so that our bonds may be marketable on the New York Exchange, and likewise that there may be no question arise over execution of deeds, leases, and so forth, as I say, that there may be no question, I recommend to you that this additional proceeding be carried out.

Supervisor Andriano asked if the bond had been duly performed.

DION HOLM: The bond which I now hold in my possession, for \$25,000, has been approved as to form by the City Attorney's office and awaits only the approval of the Auditor, to whom it will be delivered here.

SUPERVISOR HAYDEN: I take great pleasure in introducing the Auditor of the City and County of San Francisco, Mr. Wentworth.

Thereupon, the bond in question was delivered by Mr. Holm to the City Auditor.

Clerk to Issue Certificate of Election.

Whereupon, the following was presented by Supervisor Hayden and adopted:

Resolution No. 33717 (New Series), as follows:

Whereas, on the 6th day of January, 1931, James Rolph, Jr., did

resign the office of Mayor of the City and County of San Francisco; and Whereas, on the 8th day of January, 1931, the Board of Supervisors of the said City and County did elect Angelo J. Rossi Mayor of said City and County, to fill the vacancy in the office of Mayor; now, therefore, be it

Resolved, That the Clerk of said Board is directed to issue to the said Angelo J. Rossi a certificate of his election, showing his authority as such Mayor.

Ayes—Supervisors Andriano, Canepa, Colman, Gallagher, Hayden, McGovern, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—14.

Absent—Supervisors Havenner, McSheehy, Toner—3.

Whereupon, Angelo J. Rossi was duly sworn, by County Clerk Harry I. Mulerevy, and took the oath of office as Mayor of the City and County of San Francisco.

Certificate of Election of Mayor Angelo J. Rossi.

Thereupon, the Clerk handed the following certificate to his Honor, the Mayor:

I, J. S. Dunnigan, Clerk of the Board of Supervisors in and for the City and County of San Francisco, State of California, do hereby certify that on the 8th day of January, 1931, in said City and County, at a session of the Board of Supervisors of said City and County duly and legally held, Angelo J. Rossi was elected Mayor of the City and County of San Francisco, vice James Rolph, Jr., resigned, for the unexpired term of the said James Rolph, Jr., and until a successor to said office is elected and qualified.

In witness whereof, I, J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby affix my name and the seal of the City and County of San Francisco, State of California, on this 8th day of January, 1931.

(Seal)

J. S. DUNNIGAN,
Clerk of the Board of Supervisors.

INAUGURAL MESSAGE OF HIS HONOR ANGELO J. ROSSI.

His Honor Mayor Rossi then read the following address:

To My Colleagues, the Honorable Board of Supervisors, and My Fellow Citizens: It is in the spirit of deepest gratitude that I acknowledge the great honor that you have done me in selecting me as the Mayor of the City and County of San Francisco to take the place of Honorable James Rolph, Jr., who surrendered his office when called by the people to assume the high office of Governor of the State of California. You are the representatives of the people of the City and County of San Francisco, and our organic law lodges in you the power to fill a vacancy in the office of Mayor whenever that vacancy should occur. When you speak upon the subject, you speak for all of the people of the City. Your voice is their voice, and my hope is that when I shall cease to be Mayor of San Francisco my every action will have been such that all the people will give expression to the sentiment that you have acted wisely and well and for the best interests of San Francisco.

No one on assuming this high and lofty position can help but feel a great personal pride upon the honor which he has attained. This is particularly true if this honor comes to one who has given many years of service as a public official to the City which he loves, for then it is not only an honor, but it is a mark of appreciation of the work performed in the past. So I say to you, my former colleagues, that from the very bottom of my heart I do appreciate the great honor you have done me, and hope and trust that all my actions shall be such that none of you will ever regret the action which you have taken.

If my administration is to be a success, if I am to carry out the hopes and ambitions that today fill my heart for the good of San Francisco, if I am to measure up to the fully responsibility of the position, and if I am to fulfill the hope and faith which you have placed in me, I must not only have the active cooperation of each and every one of you, but also the active cooperation of all other officials and employees of the City and County, and I hope that every action of mine will be such that I may continue to merit and receive your support, as well as that of my fellow officials and employees of the City.

It must be obvious that any task is not free from difficulty. My immediate predecessor set a record which will require constant effort on my part to equal, but I assure you that I will endeavor to continue to carry out all constructive policies formulated by him and bend every effort for the continued upbuilding and progress of San Francisco, and that at all times during my incumbency in office I will be the Mayor of all the people.

On this occasion of my initial message to your Board I feel that there are certain matters which I should advert to specifically.

(a) *Our Hetch Hetchy Water Project.* No time should be lost in the completion of the Hetch Hetchy water project. Our Engineering Department should exert every effort to see that this work progresses with both haste and economy, to the end that the supply of mountain water which is so essential to our increasing population and our industrial and commercial development may be forthcoming to our people. Millions have been expended in the construction of this project, and aside from the great necessity of the water itself we should at the earliest possible moment begin to derive the resultant revenue from this water, to the end that the tax burdens borne by the people in the payment of interest and redemption charges on our Hetch Hetchy bonds may be lightened. As chief executive it will be my duty to see that those charged with the construction work on this important project permit of no delay, and I ask the earnest cooperation of this Board in my efforts in this regard and that you provide as needed the requisite funds that this work may be promptly and economically completed.

(b) *Privately Owned Street Railways.* Although the principal franchises under which the Market Street Railway Company and the California Street Cable Company were operating their car lines in the City and County of San Francisco had expired, the people of the City by direct vote saw fit to adopt an amendment to the Charter which provides for a twenty-five year extension of these franchises. Notwithstanding the extension of these franchises, I believe that it will be for the interest of all the people of San Francisco that the street car systems in the City and County of San Francisco be unified and that no time should be lost in endeavoring to agree with the holders of the extended franchises upon a price at which their properties may be obtained, which price must be fair and equitable to the City, and that the City should as quickly as practical acquire these properties. It is my judgment that pending the acquisition of these properties an earnest attempt should be made to negotiate some equitable agreement between the municipally owned lines and those privately owned, to the end that without loss to the City the public shall continue to obtain the most efficient and adequate as well as convenient street car service. Such an agreement, in which the interests of the City should be carefully conserved and safeguarded, would result in a unified system of transportation that would not alone be of the greatest benefit to our people, but would render the outlying districts available to rapid access and at the same time subserve the convenience of the passengers for a fare of 5 cents.

It will be my purpose to make inquiry into the street railway situa-

tion without delay and at a later date report further to your Board upon the subject.

For the efficient and economical operation of the Municipal Railway I strongly recommend the adoption of an operating ordinance comparable to that under which our Water Department is now successfully operated, compelling the submission to this Board annually of a complete and detailed budget covering all proposed expenditures for the next ensuing year. In my opinion such an ordinance is necessary to keep our Municipal Railway free from politics.

With respect to both our Municipal Railway as well as our Water Department, I believe it proper to state that, while I am in no manner criticizing either department, it will be my purpose and policy to insist that the manager of each of these utilities is not interfered with in the proper and circumspect conduct of his department, it being my belief that he should be held absolutely responsible for its operation. The creation of additional positions in either of these departments should be carefully scrutinized for the purpose of ascertaining their necessity, to the end that both of these units of our municipal government shall be economically but at the same time efficiently administered.

I believe that in both of these departments there should be given to the employees the same latitude for advancements that would exist if they were privately owned, and that such employees shall be accorded the privilege of advancing themselves in accordance with their ability and the opportunities available to them. Furthermore, that when vacancies occur in positions in either of these departments, they should be filled by appointments made from those lower in rank rather than by persons unconnected with the service.

(c) *Unemployment.* Thus far San Francisco has done its full part relative to the relief of the unemployed within our midst. There is, however, a limit to which we may go in the appropriation of current moneys for this purpose. To overcome this obstacle your Board has submitted to the people the matter of the incurring of a bonded indebtedness of two and one-half million dollars for the purpose of providing work for the unemployed on needed public improvements. If we are to continue the work of caring for the unemployed, the people must approve this bond issue. It will be my purpose to advocate the approval of the bonds with the assurance to the people that if the bonds are voted the City will obtain full value for all money expended and at the same time relieve the unemployment situation in our City. If these bonds are approved by the people, none will be sold until it becomes necessary to provide funds for the contemplated public improvements for which the bonds are issued. I recommend the hearty cooperation of our municipal authorities with our State and national governments in the commencement and prosecution of public improvements in San Francisco for the purpose of giving employment to the many thousands of deserving people who are now without available work.

(d) *Consolidation of San Francisco and San Mateo County.* For the past several years groups of citizens from both San Francisco and San Mateo County have been cooperating for the purpose of bringing about a consolidation of San Francisco and the County of San Mateo. I believe that the growth of San Francisco imperatively demands this consolidation and that it will be for the mutual benefit of both communities that it takes place. As chief executive of the City it is my intention to cooperate officially in every possible way to effectuate this consolidation in such a manner that the mutual interests of both communities will be advanced and protected.

(e) *War Memorial and New Federal Building.* It is a matter of great gratification to me to be advised that the War Memorial Trustees are about to award a contract for the foundations of the War Me-

morial buildings. I trust that there will be no delay in the completion of this great project, in order that it may complete the beautification of our Civic Center, stand as a memorial to the veterans of our City, and fill a much-needed want in furnishing headquarters for our veteran organizations as well as providing a suitable opera house in San Francisco. The War Memorial Trustees are to be congratulated on the progress that they have made in this splendid project, and under their guidance I am certain it will be completed as rapidly as possible. Every effort should be made to cooperate with the Federal government relative to the site of the new Federal office building in the Civic Center, so that the construction of this building may be commenced at once and the employment incident to its construction be made immediately available to our people.

(f) *Commercial Development.* The development of San Francisco's industries depends upon the disposition of capital and those who control it to locate here. It has recently come to my attention that a number of large Eastern concerns of nation-wide prominence have made surveys in San Francisco for the purpose of determining the various factors which they regard elemental and essential to the policy of their business. It has been reported to me that some consider that conditions here are not as attractive as they might be and therefore have located in other sections of the State.

This is a matter of paramount importance to the City administration and it will be my effort to invite your cooperation as well as the cooperation of local civic organizations to induce responsible concerns to locate here and invest their capital, thereby adding to the wealth and industrial importance of the City and giving employment to a large number of people. This matter requires thoughtful consideration, and I commend it to you and such committees as may be empowered to deal with it for early action.

(g) *Our Schools.* San Francisco is noted for the excellence of its school system and the completeness of its public school buildings. We should continue the construction of new school buildings as they are needed for the housing of our school children, but the Board of Education in carrying out its program should be mindful of the other burdens which the taxpayer is bearing and carry out our school program with economy where this can be done without the elimination of efficiency. We are proud of the personnel of our principals, teachers and other employees in the School Department. They are rendering excellent service to San Francisco and to the State of California, but I believe that in the employment and retention of principals and teachers special attention should be given to residence in San Francisco and, qualifications being equal, the employment of residents should be preferred to those who come to us from other places.

(h) *Our Harbor.* The proudest boast of San Francisco is her harbor. For many years and at the present time the conduct of this harbor has been under the jurisdiction of the State of California. We are the only municipality within the State, outside of the city of Eureka, that has not direct control over its harbor. I advise that an effort be made at the present session of the Legislature either to obtain direct control of our harbor by the City or for the formation of a harbor district which will provide for joint control of both the San Francisco and San Mateo harbor front by a joint commission, free from State control. This will insure the development of our harbor into San Mateo County. It will be my privilege to cooperate with the bodies having this matter in hand to obtain such legislation.

(i) *Economy.* The financial burdens of our government are becoming heavier each year upon our taxpayers. The greatest economy should be exercised by every department of our municipality to avoid unnecessary expenditures both in the matter of supplies and in the matter of hiring of unnecessary employees. It is needless for me to

advert to the fact that the expenses of municipal government necessarily increase each year, and that the only way that the burden upon the taxpayer can be lightened is by the strictest economy being observed in all departments. It will be my purpose not only to urge, but to insist upon this economy.

(j) *Bonds for Construction of County Jail and Other Improvements.* During the recent election bonds were approved by the people of San Francisco for the construction of a new branch County Jail and other improvements. It is my firm conviction that these improvements should be undertaken and the work of construction prosecuted with dispatch. The buildings thus intended to be constructed are required for immediate use and their early construction will likewise assist in giving work to the unemployed.

As matters of importance arise from time to time it will be my purpose to address you concerning them. In the meantime, I again express to you my sincere thanks and appreciation for placing me in this high and exalted position and ask your sincere cooperation that I may fully perform its duties to the satisfaction of yourselves and all of the people of the City.

I fully realize that to make my administration as Mayor of San Francisco successful it is essential that I have the whole-hearted support not only of the members of this Board and other municipal officials and employees, but also of the public press and the people of San Francisco. With such support I will be enabled to successfully carry on the progressive policies of my predecessor as well as those outlined by me in this address and those which are to follow.

Motion.

Supervisor Gallagher, seconded by Supervisors Hayden and Shannon, moved that the foregoing address be spread at length in the Journal.

Upon the completion of the address of his Honor Mayor Rossi, the members of the Board and representatives of various civic organizations paid their respects to the new Mayor, congratulating him and wishing him success.

SUPERVISOR GALLAGHER: Mr. Mayor, and the eminent members of the bar, my fellow City officials, representatives of the various civic organizations, and my fellow citizens: It has been suggested, perhaps not wisely, that I might, on behalf of your Board of Supervisors—and I like to use that term in some small and humble sense—state the attitude of mind of the Board and the position which those of us who are asked to speak for it this day ought to occupy in the matter of your future administration. I think I may say that in the main you commence your career as Mayor of San Francisco with a Board of Supervisors as agreeable to your policies, as mindful as it can be of the great burdens that are upon you, and as receptive as can be to the influence that you wish to wield upon it, and a desire to go on with you, without equivocation or reservation, to work out the policies you have just outlined. It has been my privilege, beginning with your incumbency which started today, that you are the fifth Mayor whose inauguration as a City official I have had the pleasure of witnessing, and yet I dare say, Mr. Mayor, and my fellow citizens, that this is one inauguration into office that is entirely different. So entirely different that it is remarkable and more refreshing than any that we have had. Heretofore every induction of a Mayor into office has made sad hearts somewhere in this community. Heretofore the induction of a Mayor has meant the stepping into office of one man who has been successful and the stepping out of office of one who has lost the fight, however well made, but on this occasion the gentleman you have succeeded goes to higher office in the State of California, and you come into office, Mr. Mayor, without the feeling that before

the day is over a heart may be saddened because of your accession to the office.

To say that there might not be those, even in the Board, a little jealous of the present position that you are fortunate enough to occupy; to say that there are not those, may not be saying the truth. Who doesn't envy you? Who wouldn't desire to occupy the position that you occupy now? A very laudable ambition for everybody to have; but I think you can take office with a feeling that though perhaps every member of this Board, or nearly every member of this Board, would have heartily desired to have and occupy the place that you occupy, now that you have been selected and now that you have taken up the task, those things are past, and we become, in a sense, your fellow servants.

I like the picture that is presented by your occupancy of the chair. I repeat, no headaches, nobody disappointed in the fact that somebody has to witness the outgoing Mayor while the new one comes in. I like the picture presented of you sitting there surrounded by the Police Department on the one side and the Fire Department on the other, the two protecting arms of government, and alongside of you the Chief Justice of the Supreme Court of the State of California and on the other side of you perhaps the best protection you will ever have as Mayor, the Honorable Mrs. Rossi (applause), and, of course, I as sure the last to desert you, no matter what happens—the rest of us you are not always sure about—and then in front of you, Mr. Mayor, all of your fellow officials and all of your fellow citizens here in the spirit of wishing you well.

The Mayor who has just left us, and we can say it now, did it with a smile, and you people coined the phrase of "Saying it with flowers." I trust that your incumbency of this office may be a flower, too, and when I say that I know that you know there will be many a spot in the garden where, if you don't watch your step, you will stub your toe. (Laughter.) I know today it is all flowers, but tomorrow comes the kick; tomorrow comes the fellows who say we should buy the railroad, and there might be others who say we shouldn't, and so on.

I like the tone, speaking for the Board, as I think I may, I like the tone of your inaugural message. It was brief, it was to the point, and yet as one recounts just a few of the subjects, you intend to say that you hold to the policies of Mayor Rolph. That is your choice; to that your Board doesn't hold you. I think the Board desires you to be free. You intend to bring the water from Hetch Hetchy as soon as possible; you intend to try to settle our problem in connection with the War Memorial, schools, playgrounds, and so forth, a job as big as any Mayor in the United States of America, if not in the world, can undertake. I want to especially commend you on the harmonious tone of your message. I want to commend you now before my fellow citizens who have not been here all of the time for the splendid manner in which as chairman of the Finance Committee you met the unemployment problem, for, after all, it was one of the things which made us feel that if you wanted to be the next Mayor of San Francisco we had a Mayor with a heart, and God help this City of ours if ever we feel that there sits in the chair a man who is not only liberal-minded, but a man who has no heart. This would not be the same San Francisco. I like the way you tackled the unemployment problem. I would like your fellow citizens to know, Mr. Rossi, and now Mayor Rossi, that you were willing to go into the red to the extent of nearly half a million dollars that food might go into the stomachs of men and women out of work and women and children who would suffer. (Applause from the audience.)

I would like to say in passing, Mr. Mayor, gentlemen of the Board and fellow citizens, that tomorrow at 3:30 the Citizens' Committee to promote the bond issue to take care of unemployment is meeting

here, and I wish you could all be here, but, however, I don't want to speak on that any further now.

Speaking, if I may, as one member of the Board who has been allowed to speak for the other members, we bring to you, sir, in your inauguration, if we are to be good Supervisors, if we are to be good citizens, if we are to be good officials, we bring to you, sir, unqualified and unreserved support in your policies for the good of San Francisco. It will not do to vote for you as Mayor of San Francisco and then refuse to support your policies. We are trusting that in your leadership you shall always be right and that there may be no need for disagreement, and if there are disagreements they may be short. In short, as one member of the Board—perhaps taking a little more time than I should—on account of a desire to express, I think, the attitude of mind of the members of the Board of Supervisors toward our new Mayor, we do wish you success. We are going to help to make it for you. We know the problems you have taken on, and if we are good Supervisors we will help you to solve them, and if between us, between you and us, we can move on to a solution of these problems peacefully, harmoniously and with full accord with you, I am sure that the City and County of San Francisco will know it has been benefited, and I am sure in that policy we will have the full approval of you people of San Francisco, who, after all, are the real forces, and after all, you, Mr. Mayor, and we, members of the Board of Supervisors, desire most to serve and to serve in a sense that they will approve of.

Thank you very much. (Prolonged applause.)

THE CHAIR: Supervisor Colman, you have the floor.

SUPERVISOR COLMAN: Mr. Mayor, members of the Board, fellow citizens:

Mr. Mayor, I should like to say a few words in offering you my congratulations and in telling you of the pride and pleasure I took today and took last week in casting my ballot for you as Mayor of the City and County of San Francisco. I have had the privilege of serving with you during your entire previous term as a Supervisor, and I recall that the first constructive and splendid piece of legislation that you, alone and unaided, put through; that was the creation of a Bureau of Supplies. Prior to that time the purchasing of supplies was in a somewhat chaotic condition, and through your efforts the present Bureau of Supplies was adopted and established and it has functioned continuously and successfully under the guidance of the man who received the position as its head when the ordinance was passed and who has since become an important part in San Francisco's official life, Mr. Leavy.

I listened very attentively to your message and what you had to say about the Hetch Hetchy project, the San Francisco Water Company and the Municipal Railways. I listened to it all very carefully, and I want to say to you on behalf of my committee that we will be very happy to have your guidance and advice, and we will do all in our power to put your ideas into execution.

May I say to Mrs. Rossi that I feel that already she has won the heart of the people of San Francisco (applause), and I know that she will occupy the position of first lady of San Francisco with charm and graciousness and with dignity. (Applause.)

Mr. Mayor, I want to say in conclusion that in every one of your official acts for the advancement of San Francisco you will have my hearty and active support. As you well stated last week when you addressed the Board and asked for the cooperation of this body, without it you cannot hope to accomplish much. That is absolutely true, and it is therefore our full duty to get behind you with all our might in all the measures for the advancement of San Francisco.

In your desires to carry out the splendid policies of Mayor Rolph I am in hearty accord, because I have never for a moment forgotten that I am his appointee and that I owe the start of my political life to the fact that he some ten years ago appointed me to this office. Therefore, you will have the advantage of the splendid ideas that he has left to you, and in carrying them out you will be strengthened by your own clear vision, your love of San Francisco, your interest in San Francisco and your deep knowledge of what San Francisco needs and wants, and in all of this I pledge you my hearty support. (Applause.)

THE CHAIRMAN: Mr. Andriano, you have the floor.

SUPERVISOR ANDRIANO: Mr. Mayor, my colleagues of the Board, public officials, municipal employees, ladies and gentlemen: I agree with Supervisor Gallagher that you are assuming office under very favorable circumstances, but, on the other hand, I also believe that you are assuming office under circumstances that are not quite so auspicious. You are taking the place of a veteran Mayor who has just bowed his way out very graciously from the chair which you now occupy midst a blaze of glory and with the plaudits of the people of San Francisco ringing in his ears, and it seems to me that anyone who attempts to take the place and to fill the chair just vacated by the champion Mayor of all the world has a considerable task before him. I think, however, that you must find comfort in the fact that the people of San Francisco are fully aware that you have a grievous, or rather, a difficult task before you, that of filling the shoes—or I should say the boots—of Mayor Rolph, and because they are aware of that fact I think that you can count upon their active support, their good will and their cooperation.

I do not think that the people of San Francisco expect you to imitate Mayor Rolph, because Mayor Rolph is quite inimitable. I think that the people of San Francisco will expect you to adopt your own brand of leadership, to shape your own policies, to exercise your own methods and to use your own judgment. I feel confident that you are both able and willing to do that. You possess considerable experience, both of an administrative and a political character, derived from both private and public life. You possess good reasoning power, you possess an upright conscience, and you possess an independent judgment and ability to act upon that judgment. As an instance of your administrative ability I would like to cite your administration of the Dante Sanitarium, located in the block bounded by Van Ness avenue, Polk street, Vallejo street and Broadway. Your administration as president of that sanitarium, with which I happen to be more or less familiar, is an excellent example. You took charge of that institution as its president in 1923 when it was a small sanitarium with an investment of only some one hundred and fifty thousand dollars and in rather precarious financial condition, and today that institution—which, by the way, is a nonprofit benevolent institution—under your fine leadership and splendid administration has become one of the best administrated hospitals in San Francisco, at least three times the size that it was when you took it over, and now representing an investment of upward of one million dollars.

That, to my mind, proves that you do possess executive and administrative ability.

I have had the privilege, Mr. Mayor, of being numbered among your friends for a certain number of years. Never did I dream when I first became your friend that some time I would be sitting on this Board of Supervisors and that you would preside over it as our Mayor. Needless to say, the fact that I count myself as your friend enhances my pride and my satisfaction in seeing you occupying that chair. I want to extend to you my heartfelt congratulations, my best wishes and my pledge of earnest support and cooperation.

One word more. I suppose it would be ungracious of me, being an American of Italian origin, if I failed to advert to the fact that the people of the Italian race of this City are particularly elated and proud over the fact that you have been elevated to the exalted position of Mayor of this City and County, and if I may assume the prerogative of speaking for our fellow citizens of Italian origin, I wish to pledge to you on their behalf their good will and assure you of their gratification at your election and to assure you also that you may always count upon their undivided support. And finally, I must tell you that they would be quite indifferent if they failed to adequately appreciate the fact that a man with the name of Angelo J. Rossi, such a poetical sounding name, is the Mayor of a great City that bears the name of another great Italian saint, St. Francis. (Loud applause.)

SUPERVISOR HAYDEN: Mr. Mayor, Members of the Board: A few of the members of the Board have already spoken by way of congratulation and felicitation, and before we come to the asking of other parties, I would like to ask some of the other members of the Board be given the privilege of the floor for a few words.

(At this point Supervisor Power arose and was greeted with loud applause.)

SUPERVISOR POWER: Mr. Mayor, my colleagues of the Board, fellow citizens: If my health were a little better and I might have the gift of oratory of some of my colleagues who have preceded me, I should be very glad to make a speech, but under the circumstances I do wish to say, sincerely and from the heart, that I extend to you my congratulations and my best wishes for a very successful administration.

I, like my colleagues who preceded me, want to commend you on your very fine and constructive message, and I wish to pledge to you my whole-hearted support in carrying out whatever policies you lay out for your endeavors.

I congratulate you and I also extend to you and to Mrs. Rossi and your dear family a sincere wish for a very happy and prosperous New Year. (Applause.)

SUPERVISOR SUHR: Honorable Mayor, members of the Board of Supervisors, fellow citizens, ladies and gentlemen: I should like to say just a word or two in congratulation at this time. I want to add my congratulations to those of the others and to assure you of my support in the future as you have had it in the past, and to wish to you all possible good luck in your coming administration. (Applause.)

SUPERVISOR PEYSER: Mr. Mayor, members of the Board, ladies and gentlemen: I, too, at this time, Mr. Mayor, wish to take this opportunity of congratulating you upon your ascension to the highest position in the gift of the people of San Francisco. It has been my very great pleasure to serve with you on this Board for one year, my first year in public office, and I wish to say to you that I feel that you have at all times displayed a very high type of leadership, and that it has been my pleasure to work with you. I have at all times felt that I was able to support fully the policies which you laid down. That being the case, I feel that you will still have those same policies for the constructive progress of San Francisco, and I can assure you of my whole-hearted support in that direction. I am satisfied that this will be for the good of both yourself and the City of San Francisco. I hope and feel that this Board of Supervisors will work harmoniously with you to the end that those things which you have expressed will come true, and again wishing to you and Mrs. Rossi a happy and prosperous New Year, and to yourself a successful administration. (Applause.)

SUPERVISOR SHANNON: Honorable Mayor, members of the Board of Supervisors, ladies and gentlemen: Mr. Mayor, in offering

my congratulations to you and complimenting you upon your message. I desire to call attention to the fact that you are succeeding a superman, and we all trust that you will not endeavor to keep up to the pace that he has set for years in hours of work and in few hours of sleep. If I were a believer in reincarnation, I would believe that he is Samson, the slayer of the Philistines, returned to life, because I think that no man in public office within the gift of the American people has ever been able to keep up the pace set by the new Governor of the State of California. We know that Samson slew ten thousand Philistines with the jawbone of an ass, but in Governor Rolph's reincarnated life he brought to life about one million voters with a smile. (Laughter.)

You come to this Board, Mr. Mayor, with a wealth of experience previous to your membership on this Board, a man very active in civic affairs. Then you had five years' experience on the Board, so that you come into the office with a full knowledge of the things that you will have to face, and the members of the Board will be delighted to assist you in all of the policies that you have announced and all of the problems that you will have to face. We know that you will do your full duty according to your light and your conscience, and while we do not expect this City to be known as the Paris of America, we trust that in consulting with your executives, and particularly those in charge of the Police Department, you will realize that the people of San Francisco want, as fully as possible, the liberty for enjoyment that a majority of the people of this City desire, so that when the stranger is here within our gates and when he returns to his home and friends he may truly say "San Francisco is the City that knows how."

To you and Mrs. Rossi I wish every success, and I assure you of my full cooperation, every success that your fondest hopes anticipate. (Applause.)

SUPERVISOR STANTON: Honorable Mayor of the City of San Francisco, members of the Board of Supervisors, my fellow citizens: Mr. Mayor. I too want to add my words of congratulation on your becoming the Mayor of the City of San Francisco.

I feel greatly responsible for the position which you hold with the people of San Francisco, and I also feel satisfied that after a year of service, which is not very long, that we will be able to go out to the people of San Francisco and again return you to this office. (Loud applause.)

I know that your task is not an easy one; you have but one year before you, when you again face the people of San Francisco for election, and, as one of the preceding Supervisors said, there are always many who are willing to fill the shoes of the Mayor of a City such as this.

Therefore it behooves you to be up on your toes and to give to San Francisco such a Mayor that no one will dare attempt to displace you.

Personally, I feel that you are eminently qualified to occupy the position of Mayor of the City and County of San Francisco, having started from the bottom and worked to the top; having started from the bottom in business and worked to the position of being a successful business man, the same as you have in public life, and therefore knowing both sides of the situation, I feel confident that labor will be properly treated and capital likewise. I feel, Mr. Mayor, that you will be a wonderful person to deal with both labor and capital in a manner creditable to yourself and to the City of San Francisco. You have already shown that you have a heart, you have already shown that your heart is with those in need, and I know that you will continue so to do. I know that you will do all you can to aid and comfort those who have been in a way unfortunate and depressed. Much has to be done, not only in San Francisco, but throughout the length

and breadth of the country. When you stop to think that in a land of plenty there is so much want and misery, where in a land where there are continuous cries of overproduction, and where warehouses are bursting their sides with food products, the people are still crying for work. I am satisfied that you in your small way as Mayor of the City of San Francisco will do all in your power to aid in solving this great problem.

There are many big problems before you, Mr. Mayor, and your program as laid out is a wonderful one, and if you are able to commence them, Mr. Mayor, and to put them into execution, and if you can get fairly along with them, you will have done a wonderful thing for San Francisco.

I too also feel that as the Mayor of San Francisco you are put upon your own legs, and put there to put over for San Francisco the best government that you know how, and I as one member of this Board feel that I speak for the rest of the Board of Supervisors when I say that we are whole-heartedly behind you, and I hope that God will give you the strength and courage to carry out the things you have started, and that you will do them so well that at the end of this one year we will be able to reelect you for another term. (Loud applause.)

SUPERVISOR SPAULDING: Honorable Mayor, my colleagues on the Board, ladies and gentlemen: Mayor Rossi, I likewise wish to congratulate you upon this your inauguration to the office of Mayor of the City and County of San Francisco.

It is needless for me to go on talking, Mr. Mayor, because I have supported you from the time you came on this Board, and I supported and gave you my vote for Mayor because I knew your policies were sound, and I will continue to support you and the policies laid down by you as long as I am a member of the Board and you are the Mayor of the City and County of San Francisco. (Applause.)

SUPERVISOR RONCOVIERI: Mr. Mayor, Mrs. Rossi, members of the Board, ladies and gentlemen: I know, Mr. Mayor, that you have no illusions concerning the importance of the task that lies before you. I am certain that through your experience you realize what lies before you. Therefore, knowing, as I am sure you do, that no administration can possibly be a success by itself alone, I pledge you my support and my heartiest cooperation in all things that will make for the betterment of conditions in San Francisco. (Applause.)

SUPERVISOR McGOVERN: Mr. Mayor, members of the Board of Supervisors, ladies and gentlemen: In offering you that cooperation that is apparently your desire in your message to this Board, let me say to you just this—this applies to your wife, too, as we naturally all know that whatever the problems of the Mayor and whatever the concern of the Mayor are also the concern of his wife—let me say to you this, Mr. Mayor, we have had experience of your ability and methods in the handling of your work on this Board, and while we know that you are a different type than the Mayor we have just lost, nevertheless, knowing your straight-line methods of doing business, I look forward expecting that you will do your full duty as Mayor just as successfully as you have as chairman of the Finance Committee of this Board. I am sure, Mr. Mayor, with the amount of confidence which the people of San Francisco have in you, all you have to do, Mr. Mayor, is to follow on just as you have done as chairman of the Finance Committee, and I can assure you that if you do your possibilities are unlimited. That is my best wish for you for the next year, and I feel sure that it will be realized, and I also assure you of my whole-hearted support. (Applause.)

SUPERVISOR CANEPA: Mr. Mayor, Mrs. Rossi, public officials, my colleagues on the Board, ladies and gentlemen: Mr. Mayor, I want to extend to you my sincere congratulations, and I desire to recall the first occasion when I had the opportunity to become acquainted with you and to know you. I can recall before you became a public servant of our City and County. At that time you were actively en-

gaged, together with the dean of the Board, as a member of the principal committee of the Native Sons and Native Daughters, the committee for the raising of funds for the care of the homeless children of our City, and I remember your excellent work on that committee.

I can also recall, Mr. Mayor, that you were active in a number of organizations of our City, and I am happy indeed to say to you that the representatives of labor and that the representatives of capital of our City were united for you and for your appointment as the Mayor of our City and County.

I know that you stand for the earliest completion of the Hetch Hetchy Water Project, and I know that you stand for bringing that water to our homes and to our factories, so that all of the people of our City may have cheaper water, and ample water; I know that you stand for the early completion of our Aquatic Park, and the Yacht Harbor, and also for the completion at the earliest possible moment of the reclamation of our tide lands, so that we may have more factory sites, particularly in the Islais Creek district. You have mentioned a number of the problems which the people of this City are exceedingly interested in, and I am happy indeed and proud to be a member of this Board of Supervisors which appointed you as Mayor of this City and County. I know, listening to your message, which was not only to the members of this Board but also to the citizens of San Francisco, that after a term of one year the citizens of our City will reelect you for the four-year term. I feel that they have confidence that you will bring in constructive and progressive legislation for this Board to adopt.

On account of the time I desire to be as brief as possible, and I will close by extending to you my heartiest congratulations upon your appointment and assuring you of my full support for all legislation which you may bring in for the improvement of our City and the betterment of the conditions for our laboring people, which will bring progress to the merchants of our City. I again desire to extend my sincere best wishes and congratulations to yourself and Mrs. Rossi and your family.

SUPERVISOR HAYDEN: Honorable Mayor, my colleagues on the Board of Supervisors, city officials, ladies and gentlemen: Mr. Mayor, before I call on your friends and representatives from various organizations here today I would just like to say a few brief words as one of your prior colleagues on the Board and as one of your dearest friends. Indeed, it is very hard for me to speak here today and praise one who is as close to me as a brother, because I feel as though I know him so well, so intimately, more so than any man in this room. However, as a dear friend to me, it is indeed very pleasing, very gratifying, to hear my colleagues here today congratulate and applaud the fine qualities of our new Mayor in the person of Angelo J. Rossi. They reflect the sentiments that I long have held; they reflect the appreciation of ability that I have always known, and, after this constructive message which has been delivered here today, I think we are all satisfied that he is going to bring about a rehabilitation of those things which mean so much to our City. We join with him and offer him our united cooperation.

Mr. Mayor, I intended to tell you how much I wish you to succeed; you know how ardently I have joined you in all your aspirations, and how proudly I join with my colleagues in wishing you the success you so rightly deserve.

I am very glad indeed to hear a statement coming from one so distinguished as a representative of labor as Supervisor William Stanton, who feels in his confidence in you and in our joint confidence in you that after one year of your administration we will come together again and feel just as proud a year hence as we do today; that we will then come before the people of San Francisco and, on the successful results of your administration, again present you to the people, and we hope that you will come back with the endorsement of the people of San Francisco, and that the electorate, by a vote that will be satis-

factory and by a substantial majority, will place you in this position which you now occupy for four years more. Those are my wishes, Mr. Mayor. (Applause.)

Mr. Mayor and my colleagues on the Board, as I glance around the room I see hundreds of friends of yours, each one of whom would like to speak and say a few words from their hearts, just as the members of the Board have spoken, but we are not going to burden you today with a long program. However, I feel that a few representatives from the business organizations, a few from the fraternal, and a few from the labor organizations should be given an opportunity to say a few words. I am going to ask as the first speaker that we hear a few words from Mr. L. S. Cutler, president of the San Francisco Chamber of Commerce.

MR. CUTLER: Honorable Mayor, members of the Board of Supervisors, ladies and gentlemen: Mr. Mayor, the business life of San Francisco delights in the honor which has come to you, and it welcomes you to the leadership of this great City. It commends to you no special interest, because, if our City is to be great, special interests, either of the rich* or of the poor, must not thrive.

You know San Francisco and San Francisco knows you. We are proud of the sincerity and enthusiasm with which you have entered into the organized business life of San Francisco, and we are proud of the respect and friendships which you have gained in the business life of San Francisco. We are grateful to you and commend you for the sanity and balance with which you have participated in the City government of San Francisco.

It is entirely fitting that you should be our leader; you have earned it, as you have faced successfully the great tasks and great responsibilities of business life, and you face a great task and great responsibilities now. San Francisco wants to help you in that task, and wants to respond as though it were in partnership with you, and we ask that you remind us when we are neglectful of our part and our responsibility, because we also want to help San Francisco.

We wish you more than good luck; we wish you godspeed on the road ahead. (Applause.)

SUPERVISOR HAYDEN: Now, I should like to present Mr. Frank C. MacDonald, president of the State Building Trades Council of California.

MR. MacDONALD: Mr. Mayor, Mrs. Rossi, "first lady" of San Francisco, honorable members of the Board of Supervisors, ladies and gentlemen: On this very happy, important historical occasion it is indeed with a great sense of gratification that I am able to come here as the representative of the men and women toilers of San Francisco and convey to you their wishes for success.

We are conscious of the fact that you are seriously handicapped by being the successor in leadership in this City to a genius that captivated with smiles; we are conscious of the fact that you assume the grave responsibility of Mayor of this City and County at a time when, apparently, industry and stocks have reached bottom. Fortunately, the indications are that we have reached the period or the point of the upswing of finance, of labor and of industry. There will be a serious intervening point.

You, Mr. Mayor, and your colleagues on the Board of Supervisors, have won the undying gratitude and have insured yourselves of the unqualified support of the men and women of toil of this City by your act in putting the City's finances into the red that men and women and children might not hunger. You have sponsored a bond issue that must be carried by an overwhelming vote of the people of San Francisco. I am sure that the learned representatives of the judiciary who meet with you here today will agree that there is nothing in the law of the United States, of our State or of our City that contemplates that men, women and children should ever go hungry. You have followed the task of safety and justice in dealing with this matter.

You have mentioned a program of construction. I am privileged to represent the men and women who will carry out those construction programs. Each day, upon your major construction projects, of Hetch Hetchy and so on, our men go out prepared to sacrifice limb and life to insure the consummation of those projects. The same loyalty, the same service that has heretofore been given through the Mayor and the administrative forces of San Francisco to San Francisco by the men of labor will be extended to you without reservation or qualification.

I am indeed pleased to have the honor of conveying to you this message that the men of labor of San Francisco will unitedly, loyally and unswervingly carry out those projects that mean the success of your leadership as Mayor of the City and County of San Francisco. (Loud applause.)

SUPERVISOR HAYDEN: Mr. Chairman, Mr. Mayor, the women of the City of San Francisco play a very important part in the civic and commercial life of our City, and naturally we should like to hear from them. They have a representative here in Mrs. Jessie M. Whitehead, president of the City and County Federation of Women's Clubs. Mrs. Whitehead.

MRS. WHITEHEAD: Mr. Rossi, Mr. Hayden, members of the Board, and ladies and gentlemen: It is a pleasure to express to you the gratification of the clubwomen of San Francisco over your election to the Mayor's office. Personally I have known your splendid wife and your lovely daughters for many years. I am familiar with the wholesome family life in your home, and I know the high type of men and women who frequent that home and enjoy its lavish hospitality, and with this knowledge I can say to the clubwomen of San Francisco that a man that is the head of such a household is worthy to be the head of our City; a man with a background of such a home, such a family and such friends will give us a clean and upright administration.

Your Honor and Mrs. Rossi, on behalf of the City and County Federation of Women's Clubs, I congratulate you and wish you success.

SUPERVISOR HAYDEN: Mr. Mayor, members of the Board of Supervisors: On this happy occasion we are all honored by the presence of the honorable Chief Justice of the Supreme Court of the State of California, William H. Waste, whom I will now ask for a few words.

CHIEF JUSTICE WASTE: Mr. Hayden, Honorable Mayor Rossi, Mrs. Rossi, members of the Board of Supervisors, and ladies and gentlemen: One of the contentions at the present time agitating the bench and bar of this State is the length of judicial decisions. In this case I shall adhere to the contention that they should be as short as possible.

It is a delight, of course, for me, as a resident of the neighboring East Bay district, to come in that capacity as a citizen of this great metropolitan area and convey my personal greetings to my long-time friend, the present Mayor of this City.

Now, I did all that I possibly could to hurry forward this time. I went to Sacramento to make the resignation of his Honor Mayor Rolph effective, so that Mr. Rossi might be elevated to the position of Mayor, and when I got my opportunity I lost no time in making that possible.

I have been delighted, of course, to hear all of the fine things said about the new Mayor of San Francisco, and anything that I could say, even by taking up a great deal of your time, would not convince anybody not already convinced that the City is not to be congratulated on the resignation of our former Mayor and his appointment as Governor of the State, and making it possible for Supervisor Angelo J. Rossi and his wife to be the first lady and the first gentleman of this City.

Of course, Mayor Rossi has heard a great deal this afternoon about himself and Mrs. Rossi, but he will only get the full import of it all in the secrecy of his own home, I am sure of that. Regarding that, I think I might repeat a little incident which occurred to me, rather humorous, to which I referred once before. I was first appointed to

the bench just twenty-six years ago, and when I received my original commission as a member of the judiciary I was very proud, and invited my wife and a number of friends to attend the ceremony. The induction into office was held in the old courthouse in Oakland, and my wife and family came and slipped into the courtroom and sat in and absorbed the entire ceremonies. There were many references made to the new judge and I received the congratulations of friends on the bench and bar. I admit I began to feel very happy and very proud of myself, and thought it was all coming off just splendidly, but that evening at dinner my wife said to me, "That was quite a ceremony this afternoon, but who were they talking about?" (Laughter.) That was my experience twenty-six years ago, and it is a hard one to realize at the time.

Mayor Rossi said to me in the privacy of his office, when he insisted that I come over and sit by him today, that he was deeply touched, and wondered just how he was going to get along, and that he would be very glad when this was all over. Of course he will be, and we are very glad of this, and we are glad to have had the pleasure I am sure we have had in this opportunity today of expressing our loyalty and paying our respects to him. As Mayor of this great City the judiciary system of the State at this time can hardly do more than express, and that very briefly, its decision in the matter, because you know, until some disgruntled taxpayer or citizen comes along and raises the question, we do not have an opportunity to go into any of these matters at very great length.

However, so far as the proceedings this afternoon may be regarded as judicial proceedings, may I say, and this will be very brief, that thus far the judgment of the Board of Supervisors of the City and County of San Francisco is approved and confirmed. (Applause.)

SUPERVISOR HAYDEN: Mr. Mayor, I see present representatives from an organization of which you are a past president, that is, the Down Town Association, and I wish next to present Mr. Marshall Hale, president of the Down Town Association, and ask him for a few words.

MR. HALE: Mr. Hayden, His Honor the Mayor and Mrs. Rossi, Chief Justice Waste, the Honorable Board of Supervisors and fellow citizens: The most impressive part of this ceremony today is the laudation of yourself and the promises by the members of the Board of Supervisors to back up your administration. I think with the spirit that has been shown here today that there will be very little use for your calling upon improvement clubs, the Downtown Association, and so on, because you will be doing it all. If things, however, do not run as smoothly during all of that time, and in the same manner in which they start, you will always find loyal support from us in the splendid things that you stand for the benefit and for the upbuilding of our fair City.

San Francisco has gone through many strifes; we have just finished with a Mayor who for 19 years has brought this City from its ashes to the imperial city of the Pacific Coast. Those events have come and have passed, and it was last Saturday that we bid good-bye to Honorable James Rolph, Jr., when he was promoted to become the Governor of this State of California.

I want to say to you people in San Francisco that you can well feel proud of the man whom you have now selected to be your Mayor. He represented you and the City of San Francisco at the inaugural services for Mayor Rolph with credit and with distinction, and we can count upon his continuing to represent you in that manner.

It is useless to tell you people what has been done in the past with these splendid officers in the different departments of the City and County of San Francisco. I see here one who has done so much to bring the Police Department to where it is, and that is Dan O'Brien, and we now have Chief Quinn to carry on, and one who has gone and who rendered a loyal and faithful service to the City and County of

San Francisco was Tom Murphy, who was Chief of the Fire Department and which is today represented by Chief Brennan as one of the guards of honor.

Those things are in the past, but we have something to do in the future. San Francisco is rich in her heritage, and we look forward to the wonderful development of Hetch Hetchy, the Golden Gate bridge, the schools, the playgrounds, the railroads, and all of those other improvements. As Supervisor Gallagher so well said, there is no city in the world that has more important things to do than San Francisco, and at the head and leading us in those plans for the development of a greater and bigger and grander San Francisco is Angelo J. Rossi, whom we have known for so many years and whom we of the Downtown Association have worked with. We know his sterling worth. One of the most important essentials of a man's character is honesty, integrity and ability, and your Mayor at the present time has all of those, and I want to bespeak for you and for Mrs. Rossi a most successful and happy year and for your administration, and may you guide the destinies of this City in a manner not only you will be proud of, but in a manner such that every citizen of San Francisco will look up to the man that leads us onward and upward. (Applause.)

SUPERVISOR HAYDEN: I should now like to present to you Mrs. Stone, the president of the San Francisco Center, League of Women Voters. Mrs. Stone.

MRS. STONE: Mr. Hayden, Mayor Rossi, ladies and gentlemen: The San Francisco Center, League of Women Voters, feels it a very great privilege to be allowed to express to you our sincere congratulations, Mayor Rossi, because of your record as Chairman of the Finance Committee and because you have been selected by your colleagues to the highest office in the City and County of San Francisco. We look forward with great pleasure to working with you for the best interests of our City, and hope for you every success. (Applause.)

SUPERVISOR HAYDEN: We would now like to hear from Mr. Roy H. Baker, president of the San Francisco Labor Council.

MR. BAKER: Mayor Rossi, Honorable Board of Supervisors, ladies and gentlemen: Speaking for organized labor, the office of Mayor is very important, and in Mayor Rossi we feel there is a man going into that office who will give the very best that is in him. We feel that he is honest, we feel that he has the experience, and we feel that in him we have a man that will do the very best possible for both capital and labor.

We realize that at the present time there is hunger on our streets, and we also realize that there is food in abundance in this country. I listened quite attentively to the message of his Honor Mayor Rossi today, and it impressed me very deeply. You spoke of many of the things I am interested in and many of the things which I hope will be worked out successfully.

This City occupies a very unique position. I am quite familiar with the early history of our City and State and the struggle of California in the early days when it was sought to unite California with the south, and at that time the struggle practically centered in this City.

Our City of San Francisco is a city that wherever you go is looked upon by the man who works as one city where the man who works in the dirt is considered just as good as the man with his millions, and that is what must appeal to those progressive citizens who want to see a brotherhood of man in the future. If we had to we could feed two-thirds of the population of the world in the center of this country. What is our future going to be? To me this City will be the greatest of the great cities the world has ever seen, and with our present Mayor I feel satisfied that we are starting out to lay the future foundation, and the future will not rest altogether on property; you will see the

world over that it will rest not only on property, but on the people; the people are beginning to realize that we must do away with consideration of property alone and consider the person as well as property.

I want to assure you, Mr. Rossi, now Mayor Rossi, that organized labor will at all times in carrying out these many things you spoke about in your message give you full cooperation. (Applause.)

SUPERVISOR HAYDEN: Mr. Mayor, I have just a few speakers left, after which there will be a presentation made. As I have already indicated, we would like very much to hear from various ones in this vast audience, which, of course, is made up of your friends, but that is an impossible task, so I will have to ask those who cannot be given an opportunity to personally speak to bear with us and to appreciate the length of the program thus far.

The next gentlemen I am going to present to you is Mr. John Newell, grand president of the Native Sons of the Golden West. (Applause.)

MR. NEWELL: Brother Angelo Rossi, the Honorable Mayor of the City and County of San Francisco, Mrs. Rossi, our First Lady, and ladies and gentlemen: It is indeed a pleasure to have the opportunity of being present on this occasion to express to your Honorable Mayor the appreciation of every member of our organization for the wonderful service that he has given in carrying out the great principles of fraternity and the principle which we represent of friendship, loyalty and charity.

I have just witnessed that wonderful demonstration in Sacramento, that great tribute that was paid to the former Mayor of San Francisco, now our Governor of this great State, the State of his birth, James Rolph, Jr., and I feel from that great experience, where that man has advanced step by step to the most exalted position in the gift of the people of this great State of ours, that your Mayor of San Francisco by his great loyalty to his State will follow in his footsteps and make such a Mayor as your former Mayor of San Francisco, and, as I may dare say, still maintain the same height of that dome that sits over the City Hall of your great City.

Coming from Los Angeles, and as grand president, representing our fraternity, I want to express to you our great appreciation that you have been elected as Mayor of the City of San Francisco, and to offer our congratulations, and we hope and know that it will be a wonderful success, and we also want to express to you and to Mrs. Rossi the hope for a long life of happiness and prosperity. (Applause.)

SUPERVISOR HAYDEN: I know that an invitation was extended to his Excellency James Rolph, Jr., now Governor of this great and glorious State of ours, and I also know that by reason of the great pressure of public business he was unable to be present and join you in this inauguration program, but I understand that you have a wire from him, which the Clerk will please read at this time.

(Thereupon the Clerk of the Board read the following telegram:)

Sacramento, Calif., January 8, 1931.

Honorable Angelo J. Rossi, Mayor of San Francisco, City Hall.

Dear Mayor Rossi: I extend to you my sincere congratulations on your appointment to succeed me as Mayor of San Francisco and I wish you unbounded success. This is made certain because of your knowledge and years of experience in the operation of San Francisco's affairs. I send to you and Mrs. Rossi very best wishes and good luck.

Sincerely,

JAMES ROLPH, JR.

SUPERVISOR HAYDEN: And now, Mr. Mayor, I should like to have Mr. Edward Rainey, the former Secretary to his Honor the Governor, James Rolph, Jr., say a few words:

EDWARD RAINEY: My dear Mayor, my dear neighbor, and my dear friend Mayor Rossi, and also my dear friend Mrs. Rossi: It is a wonderful pleasure to stand here in this chamber today, where you have served so well as a Supervisor and where his Honor Mayor Rolph previously sat, and to give you the very cordial congratulations of the Governor of the State of California, as Mayor.

I agree with our Honorable Chief Justice that the time is very limited, and also I would state that I have very little to say, sir, except this, that you have been elected to what, in my opinion, is one of the three great offices in the United States below the office of President. My prejudice in his favor will probably cause me to put the Governor of the State of California first, then comes the Mayor of San Francisco and after that the Mayor of the city of New York.

I know from your experience and from my knowledge of your character that you will be a very great successor to the greatest Mayor of all, who has just been inaugurated as Governor of this State, and I have heard him express personally his very high opinion of you and his hope for your success, and I know the sincerity with which that expression was made.

So far as I am personally concerned, I am not going to make myself offensive around your office trying to tell you how we did things, but if my experience at any time will be of any value to you, I can only say that my new office telephone number will be Douglas 7520, and should you by chance be at your desk at any time at night and I can be of service to you, my home telephone is Fillmore 0723.

May I say in closing that I join with all those who have wished you well today, and particularly with Supervisor Power, in wishing you and Mrs. Rossi a very happy year. (Applause.)

SUPERVISOR HAYDEN: There is another very important women's civic organization representatives here today, the Women's Civic Center, and I would like to call upon Mrs. Mary P. McShane.

MRS. McSHANE: Honorable Mayor, Mr. Hayden, members of the Board of Supervisors: It gives me very great pleasure to be here and to congratulate you, Mr. Rossi, as Mayor of our beautiful City of San Francisco, and I assure you that we are only too glad to assist you in every way we can. The Women's Civic Center will do all it can, and we wish to congratulate you again and wish you every success during your term of office.

SUPERVISOR HAYDEN: Honorable Mayor, with your permission, so far as the time of the program is concerned, we will ask now to close the ceremony with a presentation by Mrs. Edna Erne of the Native Daughters of the Golden West.

MRS. ERNE: Mr. Mayor and Mrs. Rossi: As president of the Golden Empire Association, Native Daughters of the Golden West, I wish to express to you for them our appreciation for all of the favors you have done for us, and to state to you that we were very happy indeed when you were selected to become the Mayor of our great and beautiful City of San Francisco.

It is now my privilege and pleasure to present to you these two flags. This little bear carries the flag which is the message of our association, and this other little bear carries the flag of our nation. This one bears the flag of our State and bears the message of loyalty, friendship, charity and patience.

May these little bears ever be an inspiration to you when your work becomes too hard and too weighty. Thank you very much.

SUPERVISOR HAYDEN: Mr. Mayor, Mr. Canepa brings me a message from Mr. Edgar Leavy, Speaker of the Assembly, wishing you godspeed and success in your administration.

Mr. Mayor, that concludes the committee's program.

SUPERVISOR POWER: I wish to offer a motion that the Clerk of this Board have a transcript made of today's proceedings and properly engrossed upon the record and presented to his Honor the Mayor.

SUPERVISOR HAYDEN: Second the motion.

THE CHAIR: If there is no objection, such will be the order.

THE CHAIR: My dear friends, colleagues of the Board of Supervisors, and my fellow-citizens: I know that you all fully appreciate my feelings at this particular moment, after all of the nice things that have been said about me; also the fact that I have this day assumed the highest office within the gift of the people of San Francisco. However, I am mindful of the fact that I was not elected by the people of San Francisco to be their chief executive—I was elected as a member of this Board of Supervisors, due to the fact that a vacancy occurred which made it incumbent upon the membership of this Board to select Mayor James Rolph's successor. They have taken upon themselves a great responsibility, and that responsibility which I now assume is just as much theirs as it is mine.

I fully appreciate, as well as any one, that following in the footsteps of a man who has served his beloved City for the past nineteen years, and a man who has tendered his resignation to the people of San Francisco, leaving behind him such a splendid record of public service, makes my position all the more difficult. But we are happy indeed, and we are proud of the fact that we had such a man as James Rolph, Jr., as our Mayor, who assumed office as Mayor of this great City in 1911, assumed that office when this City was in ashes, and, after nineteen years of service, we can all point now to a City not alone San Francisco can be proud of, but the entire United States.

My thoughts go back to last Saturday when His Excellency the Governor of our State tendered his resignation to the people of San Francisco as their Mayor, and it is very seldom indeed, if ever, when an individual serving the people in an official capacity, and serving them for a period of 19 years, that his resignation would be reluctantly accepted. But in accepting his resignation and on his way to Sacramento to become Governor of this State he carried with him the love, confidence, the esteem and the gratitude of a grateful people. That is the reason why I say that my position is difficult, to fill his shoes. Oh, how often have we heard him say that he was the proudest man in all the world to be Mayor of this great City of ours. How often have we heard him say that he was proud of the dome of our City Hall. But as I said the other evening at Sacramento at the inaugural banquet, the name and the fame of James Rolph, Jr., will live long after the dome of this City Hall is no more.

I am very grateful to all of those who have spoken today and expressed their confidence in me, and fully realizing the responsibility which I have assumed, I know that I will not be a success unless I have the cooperation of all well-meaning people, unselfish people and unselfish organizations, but those who have the welfare and interest of San Francisco at heart. While I am pleased to hear the kind expressions that were uttered here today, I want your cooperation. We want a united San Francisco, and if we work together with a united front San Francisco will continue to make progress as it has in the past.

While listening to those who were speaking here today the thought went through my mind—because this is only an induction into office—while it is true you have expressed thoughts as to my sincerity, my desire to do something for the City which I love, still at the same time I hope that when my term comes to an end that every one who has spoken here today will have the same thought in mind, the same thoughts of me and have the same confidence in me.

I want to assure you one and all that it is my desire to give to the people of San Francisco the very best that is in me. I don't want to be a better Mayor than Mayor James Rolph, Jr., but I am going to endeavor to be as good a Mayor as he was, and, as I said before, I am going to ask you for your cooperation.

I want to thank you one and all from the bottom of my heart for your kind expressions and good wishes.

Mrs. Erne presented me with the American flag and the Bear flag. That brings me back to the time when I joined the order of Native Sons of the Golden West. That was many years ago; that was my first love in fraternal life, although my love for California started from the time I first saw the light. When I sat between the two flags at the altar I took the oath to carry out the principles of that order, namely, friendship, loyalty and brotherly love, and I am very glad indeed that Mrs. Erne, representing the Native Daughters, presented me with the American flag and the Bear flag today, and I want to assure you that nothing could have been given to me which I would appreciate more. I shall place them on my desk and be ever mindful of my obligations to the people of San Francisco.

In closing I want to thank you again from the very bottom of my heart, and I only hope that my actions as your Mayor may be such that you will never have any regret for what you have done today and that the Board of Supervisors may never regret that they elected me as successor to Mayor James Rolph, Jr.

After this meeting is over I am going over to the office of the Mayor and I will be very happy indeed to greet you one and all as the Mayor of your City, and as your Mayor I thank you. (Prolonged applause.)

Providing for the Sale of a Garbage Destruction Franchise.

Sealed bids for garbage destruction franchise were received between 2 and 3 p. m. this day in accordance with the following notice:

Office of the Clerk of the Board of Supervisors, Room 235, City Hall, San Francisco, California.

Whereas, on the 8th day of December, 1930, the Board of Supervisors finally passed the following resolution:

Resolution No. _____ (New Series), as follows:

Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the San Francisco Disposal Company, through a petition filed on the 11th day of September, 1930, for a franchise or privilege for the destruction and disposition of garbage, refuse, waste, offal and debris by incineration in the City and County of San Francisco;

And whereas, it appears to this Board that the public interest will be subserved by the grant of a franchise for said purpose; therefore, be it

Resolved, That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the

grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant.

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty (\$50) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a

franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; be it

Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of said statute and with the terms of this resolution, said bids to be filed with the Clerk not later than the 12th day of January, 1931, at the hour of 2 o'clock p. m., and the 12th day of January, 1931, at the hour of 3 o'clock p. m., is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privilege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Passed for Printing—Board of Supervisors, San Francisco, December 1, 1930.

Ayes—Supervisors Andriano, Canepa, Gallagher, Havenner, McGovern, Miles, Peyser, Roncovieri, Rossi, Spaulding, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Hayden, McSheehy, Power, Shannon—5.

J. S. DUNNIGAN, Clerk.

Now, therefore, it is proposed to grant said franchise or privilege, and sealed bids will be received pursuant to the terms of the aforesaid resolution for said franchise or privilege.

That said franchise or privilege will be awarded to the highest bidder.

That the character of the franchise or privilege proposed to be granted, the time for filing bids and the term for which it is to be granted are as mentioned in the foregoing resolution, which is hereby made a part hereof for all purposes.

That the successful bidder and his assigns must, during the life of said franchise or privilege, pay to the City and County of San Francisco 2 per cent of the gross annual receipts of the person, partnership or corporation, or assignee thereof, to whom the franchise or privilege is awarded arising from its use, operation or possession. That said franchise or privilege shall not be assignable without the consent of the City and County of San Francisco.

That no percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

That in the event said payment is not made, said franchise or privilege shall be forfeited.

That the said franchise or privilege will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than 10 per cent above the highest sealed bid therefor, and said bid so made may be raised not less than 10 per cent by any other responsible bidder, and said bidding may so continue until finally said franchise or privilege shall be struck off, sold and awarded by the Board of Supervisors to the highest bidder therefor in gold coin of the United States.

That each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of the City and County of San Francisco, for the full amount of said bid, and no sealed bid shall be considered unless said cash or certified check is enclosed therewith and the successful bidder shall deposit at least 10 per cent of the amount of his bid with the Clerk of the Board of Supervisors before the franchise or privilege shall be struck off to him.

That if he shall fail to make such deposit immediately, then in that case his bid will not be received, and shall be considered as void, and the said franchise or privilege shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

That said procedure shall be had until the said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least 10 per cent of the amount of his bid therefor. The successful bidder shall deposit with the Clerk of the Board of Supervisors, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount thereof, and in case such bidder shall fail to do so, then the said deposit therefor made shall be forfeited, and the said award of such franchise or privilege shall be void, and the said franchise or privilege shall then and there, by the Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the Clerk of the Board of Supervisors the remaining 90 per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise or privilege shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise or privilege shall be had unless the same shall be readvertised and again offered for sale as provided by law.

That work leading to the exercise of this franchise or privilege shall be commenced in good faith within not more than four months from the granting of such franchise or privilege, and if not so commenced within said time said franchise or privilege shall be declared forfeited.

That the successful bidder for the franchise or privilege aforesaid struck off, sold and awarded shall file a bond running to the City and

County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise or privilege, and that in the case of any breach of condition of such bond, the whole of said penal sum shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Board of Supervisors within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise or privilege shall, by the Board of Supervisors, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of such franchise or privilege shall be set aside, and any money paid therefor shall be forfeited, and said franchise or privilege shall, in the discretion of said Board of Supervisors, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore mentioned.

Whereupon the following resolution, on motion of Supervisor McSheehy, seconded by Supervisor Roncovieri, was *adopted* by the following vote:

Resolution No. 33764 (New Series), as follows:

Be it Resolved, That all bids submitted for the purchase of the garbage destruction franchise, including any plans and specifications in connection therewith, be and the same are referred to the Board of Public Works for examination, recommendation and technical determination, and that immediately upon examination of said bids and plans and specifications the said Board of Public Works shall refer same to the Health Committee of the Board of Supervisors for examination and discussion; be it

Further Resolved, That the consideration of all bids filed for the aforesaid garbage destruction franchise be continued to Monday, January 19, 1931, at 3 o'clock p. m.

Ayes—Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton, Suhr—15.

Absent—Supervisors Canepa, Toner—2.

Action Deferred.

The following matter was *laid over two weeks*:

Rezoning of Bernal Avenue Between St. Mary's Avenue and Cuvier Street.

Hearing of appeal of property owners from the decision of the City Planning Commission denying an application to rezone, from Second Residential to Commercial District, property located on the southeast line of Bernal avenue between St. Mary's avenue and Cuvier street.

Referred.

The following matters were *referred to Public Health Committee*:

Proposed Election for Repeal of Portion of Initiative Garbage Ordinance.

Consideration of proposed measure repealing portion of initiative ordinance passed by the people June 14, 1927, providing for collection and disposition of refuse, etc.

Also, resolution calling a special election for that purpose on February 6, 1931.

Also, proposed motion that the Board of Supervisors at its earliest convenience call such election and thereupon adopt an ordinance which will correct all serious defects and disadvantages of said initiative garbage ordinance.

Chairman of Health Committee.

On motion of Supervisor Hayden, Supervisor McSheehy was made Chairman of the Health Committee pending reorganization of said committee.

Appointment of War Memorial Trustees.

San Francisco, Cal., January 12, 1931.

Honorable Board of Supervisors, City Hall, San Francisco.

My Dear Colleagues: I hereby appoint, under the law directing me to do so, each for the term of six years, beginning January 2, 1931, as Trustees of the San Francisco War Memorial, subject to your confirmation, the following:

George Cameron.
Charles Kendrick.
Kenneth R. Kingsbury.
James I. Herz.

Respectfully submitted,

ANGELO J. ROSSI, Mayor.

Report of Washington Conference Committee on Hetch Hetchy Roads, Trails and Sale of Power.

On motion of Supervisor Colman the following matter was *laid over one week and made a Special Order of Business for 2:30 p. m.*

January 19, 1931.

To the Honorable Board of Supervisors.

The committee appointed by your honorable Board to confer with the Secretary of the Interior relative to the obligations of the City and County of San Francisco under the Raker Act, which committee was composed of Supervisors Jesse C. Colman, J. Emmet Hayden and James B. McSheehy, City Engineer M. M. O'Shaughnessy and City Attorney John J. O'Toole, did, pursuant to the directions of your Board, proceed to Washington, and on the 4th day of December, 1930, had a conference with Hon. Ray Lyman Wilbur, Secretary of the Interior, as to the City's obligations under the Raker Act in so far as the distribution of hydro-electric power and the construction of roads in the Yosemite National Park are concerned.

The conference took place at the office of the Secretary, and there were present thereat, representing the government of the United States, the following named persons: Hon. Ray Lyman Wilbur, Sec-

retary of the Interior, his assistant, Mr. Eley, Assistant Attorney-General Richardson, Solicitor for the Department Finney, and Director of Parks Albright. Assisting your committee in the representation of the City were Senators Hiram W. Johnson and Samuel M. Shortridge, Representatives Richard J. Welch and Harry L. Englebright. Congresswoman Florence M. Kahn was not in the City of Washington and, therefore, was not present at the hearing. Representative Louis C. Cramton of Michigan was also in attendance.

At the outset of the hearing it was evident from the remarks of the Secretary that the matter of the distribution of power, and not the construction of roads, was uppermost in his mind, and that while he had no desire to embarrass the City in preventing its obtaining revenue from its power plant, he felt that our procedure was a violation of the provisions of the Raker Act, and as it had been called to his attention by a member of the Congress, it was incumbent upon him to take some action regarding it. The hearing before the Secretary occupied the greater part of December 4th, and on the two succeeding days your committee conferred with Horace M. Albright, Director of National Parks, relative to the City's obligation to construct roads within the Yosemite National Park. The argument made to the Secretary by the committee, and the tentative agreement as to the construction of roads and trails within the Yosemite National Park, was filed with the Secretary at the conclusion of the hearings, and as it practically constitutes the tentative program for the distribution of power and the construction of roads and trails, it is hereto attached and made a part of this report, marked "Exhibit A."

Upon receiving the argument and the tentative agreement as to the construction of roads and trails, Secretary Wilbur transmitted to the City Attorney the following communication, which was practically an acceptance of the City's offer as to the construction of roads and trails. The letter is as follows:

THE SECRETARY OF THE INTERIOR
WASHINGTON

December 8, 1930.

John J. O'Toole, Esq., City Attorney, San Francisco, California:

My dear Mr. O'Toole: I have received with letter of transmittal dated December 8, 1930, signed by Senators Hiram W. Johnson and Samuel M. Shortridge and Representative Richard J. Welch and Harry L. Englebright, argument presented by the committee representing the City and County of San Francisco at conference in this Department on December 4, 1930, in regard to the existing arrangements for the distribution of power from the Hetch Hetchy project in Yosemite National Park, together with tentative agreement reached in conference of said committee with the Director of the National Park Service on December 5 and 6, 1930, relative to the City's obligations as to the construction of roads and trails in the park under the Raker Act, said agreement being subject to final approval by the Board of Supervisors of San Francisco.

I have carefully considered the proposal of the City relative to a fulfillment of its road and trail construction obligations under the Raker Act and have to advise that the program submitted, if approved by the Board of Supervisors, will fully satisfy the demands of this Department as to such construction as provided for under said Act.

I note that your communication advises the Department of the City's three-year program for compliance with the provisions of the Raker Act respecting power distribution, which will be followed with interest.

The successive steps outlined seem to be in the right direction. Kindly keep me advised of the various steps to carry out the provisions of the Raker Act as they are taken.

Sincerely yours,

RAY LYMAN WILBUR.

Your committee, in dealing with Director of National Parks Albright, endeavored to hold the road and trail program down to the minimum amount. The Director was insistent that the City should build roads and trails to the extent and cost of \$1,680,000, the expenditure to be made at the rate of approximately \$400,000 per year. Your committee succeeded in reducing the amount of this expenditure to \$1,500,000, the same to be expended at the rate of \$250,000 per year, the last \$500,000 of the expenditure to be applied to the Crane Flat road should the Secretary demand the construction of the same by the City. The committee insisted that this road be made contingent upon the request of the Secretary for two reasons: first, there was a possibility that it might not have to be constructed, and, second, if it was constructed, there was a possibility of the government itself defraying the cost thereof.

The Secretary agreed to accept the present road from O'Shaughnessy Dam to Lake Eleanor as a compliance with the provisions of the Raker Act regarding that road. Your committee believes that this is extremely beneficial to the City, not only from a financial standpoint, but also from a health standpoint, for the reason that both City Engineer O'Shaughnessy and Director of Parks Albright were of the opinion that the road to Lake Eleanor would cost at least \$1,500,000 and its construction would throw open a large part of our watershed to the general public. The Director of Parks stated that in all probability in the near future the National Park authorities would declare Lake Eleanor and the surrounding watershed a "wilderness area," which would mean that the area would be practically closed to automobile travel and open only to those traveling on foot or on horseback.

In view of the foregoing, your committee recommends as follows:

(a) That an agreement be entered into between the City and the Secretary of the Interior, carrying out the road program as outlined in the tentative offer submitted to the Secretary.

(b) That the City convey to the government of the United States such property as it now owns in the Yosemite National Park and in Sections 1 and 12, Township 1 South, Range — East, as are not needed in connection with its water project or for other municipal purposes.

(c) That the Board of Freeholders be requested to include in the new Charter which they are to prepare, provision for a non-partisan, non-political Utility Commission, which will have charge of the operation, construction and maintenance of all public utilities owned by the City.

(d) That upon the completion of the water supply of the Hetch Hetchy project and the bringing it in to San Francisco, that the City again submit to the people the matter of the acquisition of a distribution system for the hydro-electric power.

Enclosed herewith is a resolution authorizing the City to enter into an agreement with the Secretary of the Interior relative to roads and trails, and also one directing the attention of the Board of Freeholders as to the necessity of making provision in the new Charter for a Public Utilities Commission, and also one calling upon the City Engineer to forthwith advise the Board of Supervisors as to the amount and description of real property owned by the City in the Yosemite National Park and in Stanislaus National Forest which is not needed in connection with our water project or for other municipal purposes.

Respectfully submitted,

JESSE C. COLMAN,
J. EMMET HAYDEN,
JAMES B. McSHEEHY,

Supervisors.

JOHN J. O'TOOLE,

City Attorney.

City Engineer O'Shaughnessy, not as yet having returned from Washington, has not signed this report.

EXHIBIT "A".

In the Matter of the Conference Between the Secretary of the Department of the Interior of the United States and Representatives of the City and County of San Francisco as to Certain Obligations of the City Under the Raker Act, Which Conference Was Held in the Office of the Secretary on December 4th, 1930.

Argument Presented by Committee.

SAN FRANCISCO'S DEVELOPMENT OF THE HETCH HETCHY.

San Francisco obtained its right to develop its appropriated waters in the Yosemite National Park, and in the Stanislaus National Forest, under the terms of the Act of Congress of December 19, 1913, commonly known as the "Raker Act". The work thus far performed has been financed by several bond issues voted by the people of San Francisco, and which are direct obligations of the City. The dates of the bond issues and the respective amounts thereof are as follows:

| | | |
|----------------------|-----------------|-----|
| January 1, 1909..... | \$ 600,000.00 | 4½% |
| July 1, 1910 | 45,000,000.00 | 4½% |
| January 1, 1925..... | 10,000,000.00 | 5% |
| July 1, 1928..... | 24,000,000.00 | 4½% |
| Total | \$79,600,000.00 | |

All of the above-mentioned bonds have been sold with the exception of \$12,000,000 of the 1928 issue, which are being held and disposed of by the City as funds are needed for construction purposes.

On the outstanding bonds the City had, as of the date of November 1, 1930, paid the sum of \$20,110,305 in interest, the latter burden was lessened to the extent of approximately \$9,000,000 by the receipt of income from hydro-electric power. But even with deduction, San Francisco will have an investment of more than \$80,000,000 in its mountain water supply, when the same is completed, which sum is exclusive of additional interest accruing during the three years necessary to complete the work, and also exclusive of any additional bonds which may have to be voted to meet the increased cost of construction which has arisen on the Coast division of the project.

In addition to the sum mentioned, the City has expended approximately \$41,000,000 in the acquisition of the distributing system, reservoirs and water rights of the Spring Valley Water Company, and is now operating these properties as a municipally owned water system. So when the Hetch Hetchy project is completed, San Francisco will have invested in its municipal water supply and distributing system in excess of \$120,000,000.

The construction work done to date upon the Hetch Hetchy system may be briefly summarized as follows:

1. O'Shaughnessy Dam—A concrete structure, 345 feet in height, costing \$7,000,000 which impounds sixty-eight billion gallons of water.
2. Lake Eleanor Dam—Also a concrete structure 70 feet high and 1200 feet long, the cost of which was over \$300,000.
3. Early Intake Dam—Arched concrete structure, 80 feet high, and which acts as a diversion dam to turn Hetch Hetchy and Lake Eleanor water into main tunnel aqueduct.
4. Priests Dam—Earth and rock, 145 feet high, with concrete core. Regulates water flow into Moccasin Creek Power House, and provides storage to feed power house.
5. Moccasin Dam—Earth with rock fill, 75 feet high. Deflects water into foothill division tunnel aqueduct after same passes through power house.

6. Tunnel aqueduct—from Early Intake to Priests Dam. Driven mostly through solid granite, concrete lined, and has a capacity of 470 million gallons daily. Length 19 miles, gravity flow.

7. Penstock, pipe and tunnel from Priests Dam to Moccasin Power House, 13 feet in diameter and is concrete lined, 2 miles long.

8. Moccasin Power House—Steel frame concrete building, 225 feet long, 98 feet wide, develops 100,000 horse power, releasing water into Moccasin Reservoir. In operation since September, 1925.

9. Moccasin Creek—Transmission line, 97 miles long on City's right of way. Voltage, 115,000.

10. Foothill Tunnel—Same capacity as tunnel from Early Intake, gravity flow, 16 miles long.

11. Pipe line from Irvington in Alameda County to Crystal Springs in San Mateo County, 22 miles long, including Pulgas tunnel. Conveys water across San Francisco Bay, at Western Terminus of Hetch Hetchy project to storage lakes acquired from Spring Valley Water Company.

12. Early Intake Power House—At Early Intake Lake a power house developing 4000 horse power was constructed at the commencement of the Hetch Hetchy work. Also a transmission line of 22,000 volts capacity to provide power for construction purposes—now being operated to supplement Moccasin Creek output.

13. Coast Range Tunnel—Now in course of construction, 1400 men employed, 16.6 miles completed, 12 miles to be completed. To be concrete lined and to be completed in December, 1933, to be fed by pipe line across San Joaquin Valley from Oakdale Portal of Foothill Division.

14. San Joaquin Pipe Line—47 miles long. Work to be started, same will be completed at same time as Coast Range Tunnel mentioned in Sub. 13. Reason for delay—to save interest on cost as same cannot be of service until tunnel is completed.

Work on all portions of project to be completed December, 1933.

Hydro-Electric Portion of Project.

When the Raker Act was passed, its purpose was to give San Francisco a water supply. The production of electricity was really looked upon as, and is, a by-product. The Act placed obligations upon the City as to its development of power, and wisely so, for no matter who receives the benefit of the disposition of the power, it is a distinct advantage to the people of the State. The City has developed power far in excess of the mandates of the Act. The City is mindful of the provisions of Section 6 of the Act, as to selling power for resale. Since the completion of its Moccasin power plant in September, 1925, the City has distributed the output of the plant to the inhabitants of San Francisco, through the agency of the system of the Pacific Gas and Electric Company under a contract subject to termination by either party on twenty-four hours' notice, and which contract will hereinafter be referred to as "The Agency Contract." It will be admitted that the contract has never received the approval of the Department of the Interior as being in accord with Section 6 of the Act, and the City is not asking for any determination of this point at this time. This contract has been productive of revenue to the City of something less than \$2,000,000 a year, the exact amount being dependent upon the amount of water which can be impounded during the year. Every cent of this revenue has been expended in paying interest upon the bonds voted by San Francisco for the water project. The revenue cannot, under the express mandate of the Charter, be used for any other purpose, until the bonds are finally wiped out, save that whenever there might be an amount of revenue in excess of the amount necessary for interest, it must be applied to the redemption of the principal. To deprive San Francisco of this revenue would have caused, and will cause, an in-

crease in her tax rate of at least twenty-seven cents per year upon each one hundred dollars of her taxable property, a burden which she can ill afford to shoulder in view of her many other obligations at this particular time.

*Distribution Directly by the City of Hetch Hetchy
Hydro-Electric Power.*

It will be admitted that the so-called Agency Contract was a temporary expedient to prevent a serious loss to San Francisco, a loss which would have benefited no one, but possibly harmed many by reason of the serious shortage of electric power in California at the time the contract was entered into. The contract has been effective since September, 1925, and it was tacitly permitted by the Department to aid the City in carrying out the main purpose of the Hetch Hetchy grant, i. e., a water supply for San Francisco. This purpose has not been accomplished, notwithstanding every effort and the expenditure of millions by the City. The vastness of the project and not any procrastination by those charged with doing the work is responsible for the delay. If a tacit permission (and we use the term not intending to signify approval) by the Department was proper in 1925, the same cogent reasons still exist why that permission should not now be revoked, and why it should not be continued until our water project is fully developed.

The Past and the Future.

San Francisco has made every effort to live up to the letter as well as the spirit of the Raker Act. Before its power plant was completed, proceedings were instituted to acquire the local distributing systems of the companies supplying the City with electric energy. The proceedings were completed at the cost of some \$400,000 to the City, and within the shortest period of time that their magnitude would permit. That the people of San Francisco did not place their final stamp of approval upon the bonds necessary to acquire the properties is, we admit, unfortunate, but the failure should not be taken, as an indication of the action of the people in the future. There were many reasons which entered into their refusal. A few should be adverted to: a. The people felt that in the Hetch Hetchy project they were embarking upon a plan that would provide San Francisco with a water supply. Power they looked upon as a by-product or incident to the more necessary main project. Therefore they felt that they should not obligate themselves to a large indebtedness (over sixty millions) until the main project was completed. b. Times were not propitious either for the issuance or sale of the obligations proposed. A financial stringency made municipalities as well as individuals wary as to the increase of their financial burdens. c. The acquisition of the properties of the local system meant the management of an electric production and distribution system second in size to none in the West. San Francisco was not equipped with the political machinery, with a non-partisan, non-political Commission to undertake the management of such a project. d. Revenue was not being produced by the water project and the people were fearful of increasing their civic financial burdens, which might incidentally arise by the embarking on the electric project.

The future must and will obviate many of the so-called objections. The water project will be completed and the main purpose of the grant will be accomplished. It will be productive of income and will carry the interest and redemption burden which now falls upon the taxpayer. More prosperous times are undoubtedly ahead. San Francisco is at this moment engaged in the drafting of a new charter which will provide for a non-partisan, non-political Commission to take charge of the operation of all its utilities. Such a commission will conduct and maintain all utilities on a strictly business basis and will

inspire the confidence of the people in the continuation and extension of existing utilities, and the embarking upon new ones. Should the proposed Charter, which must be adopted or rejected as a whole, not receive the requisite approval of the people during the months of March and April during the coming year, a separate amendment providing for the Utility Commission mentioned will be presented to the people at the earliest subsequent opportunity, which will be in November, 1932.

This Committee will recommend to the Legislative Department of San Francisco a program which will insure the adoption of legislation looking to the non-partisan Commission; also the prompt completion of the Hetch Hetchy water project at the earliest possible moment, and a plan which will educate the people as to the necessity of providing a direct method of distribution of the hydro-electric power developed at the Moccasin plant, which plan will provide for the submission to the people within a reasonable time after the completion of the water project, a bond issue for the direct distribution of our power.

The committee from San Francisco has welcomed the opportunity of conferring directly with the Director of National Parks, on December 5th and 6th, relative to the City's obligation as to roads and trails under the Raker Act. After two conferences with that official the City offers the following program of fulfillment of its obligations as to roads and trails under the Raker Act, which program is the result of the conference with the Director, and which we believe meets with his approval.

The program is as follows:

(a) That the City will complete the construction of a trail on the north side of the Hetch Hetchy reservoir site and to the Tiltill Valley and to Lake Vernon, according to the plans heretofore presented to and approved by the Secretary of the Interior, said work to be performed by the City, to be completed within the calendar year, 1931, and to be done to the satisfaction of said Secretary.

(b) That the City will place upon the existing road from Mather (formerly Hog Ranch) to the Hetch Hetchy reservoir, a bituminous or asphaltic wearing surface, making such curvature changes as may be necessary for the safety of said road, and will also construct, where necessary in the opinion of the Secretary, guard walls of stone. The approximate cost of said work to be two hundred thousand dollars, the same to be performed by the City to the satisfaction of the Secretary, and to be completed within the calendar year 1931.

(c) That for the purpose of complying with its obligations to construct a road along the southerly slope of Smith's Peak from Mather (formerly Hog Ranch) past Harden Lake to a junction with the old Tloga Road, the City will, during the month of July, 1932, and thereafter during the month of July, 1933, and during the month of July, 1934, pay to the United States of America, through the Department of the Interior, the sum of \$250,000 during each of said months, which said sums will be supplied and used by the Department of the Interior for the purpose of constructing the aforesaid road, which said road will have an average surface width of 16 feet, and to be constructed in accordance with plans approved by the Secretary of the Interior. That the payment of the said sum of seven hundred and fifty thousand dollars by the City will be considered as the fulfillment of the City's obligations under the Raker Act to construct said last mentioned road.

(d) That in addition to the construction of the aforesaid roads and trails and the payment of the said sum of \$750,000 as provided in the last paragraph, the City will, upon the demand of the Secretary of the Interior, said demand to be made upon the City between the 1st day of January and the 1st day of April, 1934, pay to the United States,

through the Department of the Interior, the further sum of \$500,000, which said sum shall be used for the construction of a road of similar character to that mentioned in paragraph (c) hereof, and which said road shall connect with the said road mentioned in said paragraph (c) and shall lead from the Mather-Harden-Lake road to Crane Flat. The said sum of \$500,000 shall be payable in two equal installments of \$250,000 each, one payable on July 15th, 1935, and the other payable on July 15th, 1936. That it is understood that the last mentioned road is not specifically mentioned in the Raker Act and that in consideration of the payment of said sum of \$500,000 as herein provided, the Secretary of the Interior will accept the road which has been heretofore constructed by the City from Hetch Hetchy reservoir site to Lake Eleanor via McGill Meadow, as and for the road or trail provided in the Raker Act to be so constructed by the City, and as a compliance by the City with the provisions of said Act requiring the construction of said road.

Provided that the Secretary may use the payment which will become due in the year 1934, for the road mentioned in paragraph (c) hereof, for the construction of the road mentioned in paragraph (d) hereof, provided that the total or annual obligation of the City for said roads shall not be increased.

That upon the City constructing and completing the roads and trails mentioned in paragraphs (a) and (b) hereof, and paying to the United States the amounts provided to be paid in paragraphs (c) and (d) hereof, the City will be considered to have complied with all of the provisions of said Raker Act as to the construction of roads and trails, and shall be considered to have performed its obligations in regard thereto and the same shall be considered as a compliance with said obligations by the City.

Provided that nothing herein contained shall change or modify the present obligations of the City as to the maintenance or upkeep of roads under said Raker Act.

That the City will, upon the request of the Secretary of the Department of the Interior, convey to the United States all property owned by it in the Yosemite National Park or in Sections 1 and 12, Township 1 South, Range — East, M. D. B. & M., which said sections have been authorized to be added to said park by Act of May 9, 1930, known as Public Act 187, Seventy-first Congress, provided that the same are not needed or used in connection with the Hetch Hetchy project or for other purposes in connection with the government of San Francisco or its institutions, due regard being had for the provisions of the Raker Act which authorizes the use by the City, with the approval of the Secretary, of additional lands in said park when the same are needed in connection with said Hetch Hetchy project.

That said program as to roads and trails as herein contained, as well as to the conveyance of lands, is subject to the approval of the Board of Supervisors of San Francisco, and upon approval thereof by said Board, legislation will be adopted authorizing an agreement between the City and the Department for the carrying out of said program.

And in closing we most respectfully urge that to prevent, at this time, the continuation of the present method employed by the City in the distribution of its hydro-electric power, will entail a hardship upon San Francisco and her people, and will benefit no one, but on the other hand, will cause an economic waste which will be indirectly reflected upon the State itself. The present method is the only one available to the City for the time being. When the main project under the grant is accomplished, undoubtedly other methods will be available, which will not be subject to objection under the provisions of Section 6 of the Act, and until that time we feel that the Department should, in the exercise of the sound discretion as to construction of the Act, and without finally committing itself as to any particular construction of Sec-

tion 6, look upon the temporary expedient employed by the City as "a reasonable compliance" with its obligations for the time being.

The following three resolutions are recommended by the Washington Conference Committee:

Agreement Authorized With Department of Interior as to City's Obligations in Hetch Hetchy.

Resolution No. ——— (New Series), as follows:

Resolved, That the City and County of San Francisco enter into an agreement with the Department of the Interior of the United States whereby the City will obligate itself to complete the construction of a trail on the north side of the Hetch Hetchy Reservoir site and to the Tiltill Valley and to Lake Vernon, which work is to be completed within the calendar year 1931, and that the City further obligate itself in the said contract that it will place upon the existing road from Mather (formerly Hog Ranch) to the Hetch Hetchy Reservoir, a bituminous or asphaltic wearing surface, making such curvature changes as may be necessary for the safety of said road, and the City will also construct, where necessary in the opinion of the Secretary of the Interior, guard walls of stone.

The City in said contract will further obligate itself to pay to the United States of America, through the Department of the Interior, the amount specified and for the purposes described in paragraphs "C" and "D" of that certain document dated at Washington the 8th day of December, 1930, and presented to the Secretary of the Interior, and which said document was filed with the Board of Supervisors on the 29th day of December, 1930, and to which document reference is hereby made, and for the purpose of further identifying said document it has been signed by a Special Committee of the Board of Supervisors, the City Engineer and the City Attorney, sent to Washington by this Board of Supervisors.

And be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized, empowered and directed to execute said agreement for and on behalf of the City and County of San Francisco.

Provision to Be Made by Freeholders for Non-Partisan, Non-Political Utility Commission.

Resolution No. ——— (New Series), as follows:

Be it Resolved, That the Board of Freeholders, in the new City and County Charter which is under the course of preparation, make provision in said Charter for the creation of a non-partisan, non-political Utility Commission, which will have charge of the operation, construction and maintenance of all public utilities owned by the City; and be it

Further Resolved, That the Clerk of this Board forward to said Board of Freeholders a copy of this resolution.

City Engineer to Report on Unnecessary Lands in Yosemite National Park and Stanislaus National Forest.

Resolution No. ——— (New Series), as follows:

Be it Resolved, That the City Engineer forthwith advise the Board

of Supervisors as to the amount and description of real property owned by the City in the Yosemite National Park and the Stanislaus National Forest which is not needed in connection with the Hetch Hetchy water project or for other municipal purposes; and be it

Further Resolved, That the Clerk of this Board forward to the said City Engineer a copy of this resolution.

Motion.

Supervisor Power moved that a copy of the resolution requesting that provision be made by freeholders for a non-partisan non-political Utility Commission be sent to Louis F. Byington, president of the Board.

So ordered.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and finally passed by the following vote:

Authorizations.

On recommendation of Finance Committee.

Resolution No. 33718 (New Series), as follows:

Resolved, That the following amounts be and the same are hereby authorized to be expended out of the hereinafter mentioned funds in payment to the following named claimants, to-wit:

Auditorium Fund.

- (1) Pacific Gas and Electric Company, gas and electricity furnished the Auditorium (claim dated Dec. 18, 1930).....\$ 1,421.31

Municipal Airport.

- (2) Ajax Construction Company, repairs to pumping plant, Mills Field Municipal Airport (claim dated Dec. 24, 1930)..\$ 715.00

1927 Boulevard Bond Fund.

Approved: San Francisco, November 7, 1930.

JAMES ROLPH, JR., Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted, in the manner and as required by law, notices of the passage of said resolution, and did also cause, in the manner and as required by law, a notice, similar in substance, to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, more than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the said closing and abandonment of all those portions of Industrial street and Revere avenue, as described in Resolution No. 33359 (New Series), were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Industrial street lying westerly from Oakdale avenue and the portions of Revere avenue lying northwesterly from Industrial street, described in Resolution of Intention No. 33359 (New Series), be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered that all that portion of Industrial street lying westerly from Oakdale avenue and that portion of Revere avenue lying northwesterly from Industrial street, as specifically described and proposed in Resolution of Intention No. 33359 (New Series), be closed and abandoned; be it

Further Resolved, That the entire damages, costs and expenses of closing portions of said streets described in Resolution of Intention No. 33359 (New Series) shall be paid out of the revenues of the City and County of San Francisco, as proposed and provided in Resolution of Intention No. 33359 (New Series); be it

Further Resolved, That the said closing and abandonment of said streets shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter 93, Article VI of the Charter of the City and County of San Francisco; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

On recommendation of Streets Committee.

Bill No. 9412, Ordinance No. ——— (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors December 9, 1930, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of the crossing of Oxford and Silliman streets by the construction of armored concrete curbs; by the construction of brick catchbasins; by the construction of vitrified clay pipe culverts; by the construction of one-course concrete sidewalks of the full official width on the angular corners; and by the construction of an asphaltic concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of Madison street between Burrows and Felton streets, where not already so improved, by the construction of armored concrete curbs; by the construction of side sewers; and by the construction of an asphaltic concrete pavement, consisting of a 1½-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

Adopted.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Resignation of Supervisor Toner.

The following was presented and read by the Clerk:

San Francisco, Cal., January 12th, 1931.

Hon. Angelo Rossi, Mayor of San Francisco, City Hall, San Francisco, California.

My Dear Mr. Mayor: Please accept my resignation as a member of the Board of Supervisors of San Francisco, to take effect at your pleasure.

In presenting this resignation to you I want to take the opportunity of presenting my compliments to his Excellency, Governor James Rolph, Jr., your predecessor in office. During my term as Supervisor Mr. Rolph consistently showed me all possible courtesies and favors.

I take with me most pleasant memories of my association with yourself and my former colleagues as a member of the Board of Supervisors of San Francisco.

As Mr. Rolph's successor I wish to congratulate you as the new Mayor of San Francisco. With your civic and business experience, and with the support of your peerless predecessor, I am sure you will be eminently successful.

Again wishing you great success, a happy and a prosperous New Year to yourself and family, I remain,

Very truly yours,

J. M. TONER, M. D.,
Director of Institutions.

Sacramento, Cal., January 12, 1931.

Mr. John S. Dunnigan, Clerk, Board of Supervisors, City Hall, San Francisco, California.

Dear Sir: Heretofore I have submitted to his Honor, Mayor Angelo

Rossi, my resignation as a member of the Board of Supervisors of the City of San Francisco.

So that your Journal may contain the formal notice of my resignation, I hereby tender this communication and notice of my resignation of the office of Supervisor of the City of San Francisco, to be effective as of January 12, 1931.

Very truly yours,
J. M. TONER, M. D.

Resolution Memorializing Marshal Joffre.

Supervisor Canepa presented:

Resolution No. 33762 (New Series), as follows:

Whereas, life's fitful campaign has been closed by and for the hero of the Marne, a marshal of France, Joseph Jacques Joffre, who has handed full and complete reports to the Great Commander of the Universe; and

Whereas, the late idolized soldier of France had lived up to the very finest martial traditions of the French nation, and manifested unswerving loyalty to the tricolor, exemplary courage in the face of the awful odds of battle, and succeeded beyond highest expectations through wonderful strategic ability; and

Whereas, Marshal Joffre of France, though reared amidst the arduous life of barrack and camp, maintained a noble, human trait, to be forever endeared to the heart of the French nation by the beautiful paternal appellation attached to his name; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby give public tribute to the memory of a man who has lived up to the greatest and grandest traditions of the French nation; and be it

Further Resolved, That the said Board of Supervisors deeply regrets the death of the marshal of France and offers to the people of the French nation, as well as to the widow and daughter of the hero of the Marne, sympathy and condolence at the loss sustained; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, that another copy be sent to the President of the French Republic through the Consul-General at San Francisco, and that a copy be engrossed and forwarded to the widow of the late Marshal Joffre.

Adopted unanimously by rising vote.

Congress to Be Memorialized in re Adjusted Compensation Certificates Issued as Bonus to Service Men.

Supervisor Canepa presented:

Resolution No. ———— (New Series), as follows:

Whereas, there are now pending in the Congress of the United States several bills which propose in various ways the immediate payment of the Adjusted Compensation Certificates issued as a bonus to service men after the World War; and

Whereas, the economic situation throughout the country would be materially benefited by placing in circulation the substantial sum of money necessary for the redemption of these certificates; and

Whereas, it seems to be the consensus of opinion among veterans that an immediate discharge of this obligation would be preferred by them, inasmuch as it would tend in no small measure to alleviate some of the financial pressure so acutely felt throughout the Nation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize Congress, and does urge that a measure be adopted whereby those veterans who deem it prudent and expedient may avail themselves of the opportunity of procuring immediate payment of this bonus; and be it

Further Resolved, That a copy of this resolution be forwarded to all of California's representatives in the United States Congress, as well as to President Hoover and Vice-President Curtis.

Referred to Welfare Committee.

Section 1. There is hereby appropriated and set aside the sum of \$3,000 to be paid out of the revenues of the Water Department, as settlement in full of the claim of Tubbs Cordage Company for damages done to a stock of ropes and retarding business of said concern, by reason of the bursting of a water main at Twenty-second and Indiana streets, on the 9th day of July, 1930.

Report of City Engineer on Cave-in in East Mitchell Tunnel.

The following was read by the Clerk:

January 12, 1931.

Honorable Angelo J. Rossi, Mayor, San Francisco.

Dear Mr. Mayor: I am pleased to report to you on the rescue of the twenty men who have been entombed for about thirty hours during the period of the cave-in in the East Mitchell tunnel.

I was in this particular tunnel on November 25, just before my trip East, and scrutinized it carefully. I am satisfied that the engineers are taking every precaution possible to prosecute this work with the greatest safety.

On last Saturday I visited the work, accompanied by Supervisor Colman, and was on the ground and down in the excavation between 2 and 3:30 p. m. Only 4 feet of the small temporary drift, made on the north side of the tunnel, remained to be excavated at that time

and the men were all released toward 11 o'clock that evening. Food and water was passed in to them in the meantime through the 4-inch pipe, so that the men were all physically fit and all back to work again today.

The men are working in 14 separate headings, driving those 28.6 miles of tunnels, of which 17 miles are completed, and some of the heaviest ground that can be encountered is met in this excavation. All precautions possible have been taken to expedite the work, but primarily it is kept in mind that the safety of the men comes first. I have to state that the officials of the State Accident Commission and the United States Bureau of Mines are cooperating with us in every way to make the work safe. The fact that no lives have been lost since last July bears testimony of the great care which is being exercised in conducting those operations.

This accident retards the work of one heading not over two days, the time it will take to clean out this fallen mass.

Very truly yours,

M. M. O'SHAUGNESSY, City Engineer.

Supervisor Havenner in this connection declared that there is considerable talk about other slides not reported, also complaints that one of the newspaper reporters was refused use of the 'phone for sending out news of the recent disaster. He asked for an official investigation.

Supervisor Roncovieri suggested official recognition of the reported bravery of Welby Morgan, pipeman employed on Hetch Hetchy work.

Conference of Pacific Coast Ship Builders

On motion of Supervisor Gallagher the Clerk was directed to send some flowers and a letter expressing the good will and best wishes of the Board of Supervisors to Mr. and Mrs. Thomas McGuinness, who are convalescing at St. Mary's Hospital after their severe injuries in an automobile accident on Thanksgiving Day.

So ordered.

Chairman of Health Committee.

On motion of Supervisor Hayden, Supervisor McSheehy was made Acting Chairman of the Health Committee vice Supervisor Toner, resigned.

Chairman of Finance Committee.

Supervisor Shannon moved that Supervisor Hayden be elected Chairman of the Finance Committee, inasmuch as Supervisor Power was about to go away on a vacation.

So ordered.

Appointing a Committee on Committees.

Supervisor Shannon moved as follows:

Resolved, That the Acting Chairman of the Finance Committee be and is hereby authorized to appoint a Committee of ten Supervisors to act as a Committee on Committees of this Board of Supervisors.

The acting Chairman of the Finance Committee to be a member of the Committee of ten.

SPECIAL ORDER—3 P. M.

Auction Sale of Lease of City Property.

Pursuant to the provisions of Subdivision 32 of Section 1, Chapter II, Article II of the Charter of the City and County of San Francisco, a lease of the following real property of the City and County was offered for sale at public auction on the 12th day of January, 1931, at 3 o'clock p. m. on said day, at the chambers of the Board of Supervisors in the City Hall, San Francisco.

Description of Property.

That certain parcel of land belonging to the City and County of San Francisco and situate in the County of San Mateo, State of California, described as follows:

Commencing at the point of intersection of the northerly line of Washington street with the westerly line of Hill street, in the Town of Colma, and running thence northerly along said westerly line of Hill street 139 feet to a point; thence at a right angle westerly to the Southern Pacific Railroad right-of-way; thence southeasterly along said right-of-way to the northerly line of Washington street; thence easterly along said northerly line of Washington street to the point of commencement, and being known as "The Donk's Tract Lot" in the Schoolhouse Homestead Association in the aforesaid Town of Colma.

Terms and Conditions of Sale.

(a) That said lease shall be for a term of twenty years from the date thereof.

(b) That said premises shall be used only for manufacturing purposes.

(c) The lessee shall, throughout the term of the lease, keep the premises in an attractive and habitable condition and not permit any nuisance to be created thereon.

(d) The rental of said premises shall be payable monthly in advance.

(e) The lessee shall not assign said lease without the written consent of the Board of Supervisors and the Mayor.

(f) The lessee shall pay all taxes and assessments that may be issued or levied against the property leased or against the buildings or improvements erected thereon.

(g) A failure to pay the monthly rental agreed to be paid or a breach on the part of the lessee of any of the conditions of the lease shall, by reason of such failure or breach, operate as a forfeiture, and the said lease shall thereupon be terminated and the improvements erected thereon shall revert to and become the property of the City and County of San Francisco.

(h) At all times during the term of the lease, lessee shall conduct its business thereon and use said lands so as not to interfere with the conduct of the City's water supply, and the City reserves the right at all times to enter upon said lands and construct water pipes, mains or ditches thereon.

Manner of Bidding.

At the time and place hereinabove stated the Clerk of the Board of Supervisors read the notice of sale and thereupon the Presiding Officer of the Board of Supervisors called for bids for the lease of the property described herein.

Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease.

Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Supervisors the sum of \$200, or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County.

In case any bidder shall fail to make such deposit, his bid shall be then and there rejected, and the lease shall be struck off and awarded to the next highest bid, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

Bid.

January 12, 1931, American Box and Drum Company bid as follows:

\$1,599.75 for the first five years of said term, payable as to \$183.75 thereof on the execution of the lease, and the balance at the rate of \$24 per month in advance, beginning on the first day of the second monthly period of said term.

\$1,920 for the second five years of said term, payable at the rate of \$32 per month in advance as aforesaid.

\$2,400 for the third five years of said term, payable at the rate of \$40 per month in advance as aforesaid.

\$2,880 for the fourth five years of said term, payable at the rate of \$48 per month in advance as aforesaid.

Communication From the Mayor.

The clerk called for additional bids, and there being no response, the following communication was read:

San Francisco, Cal., January 19, 1931.

To the Honorable Board of Supervisors, City Hall, San Francisco, Cal.

Gentlemen: The action taken by you in passing Resolution No. 33527 (New Series), relating to the lease of certain property under the control of the Water Department, which property is located in the town of Colma, San Mateo County, is approved.

I recommend that the attached ordinance be adopted, as I am informed the manager of the Water Department recommends the execution of the proposed lease; that the American Box and Drum Company is the only concern or person interested in acquiring the lease; that this concern intends making extensive improvements on the land, and that the said land is not necessary for the conduct of our water distributing system.

Yours truly,

ANGELO J. ROSSI, Mayor.

Passed for Printing.

Whereupon the following bill awarding lease to the American Box and Drum Company was *passed for printing*:

Bill No. 9419, Ordinance No. ————— (New Series), entitled:
 "Authorizing the leasing of certain property owned by the City

and County of San Francisco in the County of San Mateo, State of California, known as 'The Donk's Tract Lot,' in the Schoolhouse Homestead Association, in the Town of Colma, San Mateo County, and authorizing the Mayor to execute such lease."

SPECIAL ORDER—2:30 P. M.

Report of Washington Conference Committee on Hetch Hetchy Roads, Trails and Sale of Power.

The following matter was taken up:

January 19, 1931.

To the Honorable Board of Supervisors.

The committee appointed by your honorable Board to confer with the Secretary of the Interior relative to the obligations of the City and County of San Francisco under the Raker Act, which committee was composed of Supervisors Jesse C. Colman, J. Emmet Hayden and James B. McSheehy, City Engineer M. M. O'Shaughnessy and City Attorney John J. O'Toole, did, pursuant to the directions of your Board, proceed to Washington, and on the 4th day of December, 1930, had a conference with Hon. Ray Lyman Wilbur, Secretary of the Interior, as to the City's obligations under the Raker Act in so far as the distribution of hydro-electric power and the construction of roads in the Yosemite National Park are concerned.

The conference took place at the office of the Secretary, and there were present thereat, representing the government of the United States, the following named persons: Hon. Ray Lyman Wilbur, Secretary of the Interior, his assistant, Mr. Eley, Assistant Attorney-General Richardson, Solicitor for the Department Finney, and Director of Parks Albright. Assisting your committee in the representation of the City were Senators Hiram W. Johnson and Samuel M. Shortridge, Representatives Richard J. Welch and Harry L. Englebright. Congresswoman Florence M. Kahn was not in the City of Washington and, therefore, was not present at the hearing. Representative Louis C. Cramton of Michigan was also in attendance.

At the outset of the hearing it was evident from the remarks of the Secretary that the matter of the distribution of power, and not the construction of roads, was uppermost in his mind, and that while he had no desire to embarrass the City in preventing its obtaining revenue from its power plant, he felt that our procedure was a violation of the provisions of the Raker Act, and as it had been called to his attention by a member of the Congress, it was incumbent upon him to take some action regarding it. The hearing before the Secretary occupied the greater part of December 4th, and on the two succeeding days your committee conferred with Horace M. Albright, Director of National Parks, relative to the City's obligation to construct roads within the Yosemite National Park. The argument made to the Secretary by the committee, and the tentative agreement as to the construction of roads and trails within the Yosemite National Park, was filed with the Secretary at the conclusion of the hearings, and as it practically constitutes the tentative program for the distribution of power and the construction of roads and trails, it is hereto attached and made a part of this report, marked "Exhibit A."

Upon receiving the argument and the tentative agreement as to the construction of roads and trails, Secretary Wilbur transmitted to the City Attorney the following communication, which was practically an acceptance of the City's offer as to the construction of roads and trails. The letter is as follows:

MONDAY, JANUARY 19, 1931.

THE SECRETARY OF THE INTERIOR
WASHINGTON

December 8, 1930.

John J. O'Toole, Esq., City Attorney, San Francisco, California:

My dear Mr. O'Toole: I have received with letter of transmittal dated December 8, 1930, signed by Senators Hiram W. Johnson and Samuel M. Shortridge and Representative Richard J. Welch and Harry L. Englebright, argument presented by the committee representing the City and County of San Francisco at conference in this Department on December 4, 1930, in regard to the existing arrangements for the distribution of power from the Hetch Hetchy project in Yosemite National Park, together with tentative agreement reached in conference of said committee with the Director of the National Park Service on December 5 and 6, 1930, relative to the City's obligations as to the construction of roads and trails in the park under the Raker Act, said agreement being subject to final approval by the Board of Supervisors of San Francisco.

I have carefully considered the proposal of the City relative to a fulfillment of its road and trail construction obligations under the Raker Act and have to advise that the program submitted, if approved by the Board of Supervisors, will fully satisfy the demands of this Department as to such construction as provided for under said Act.

I note that your communication advises the Department of the City's three-year program for compliance with the provisions of the Raker Act respecting power distribution, which will be followed with interest.

The successive steps outlined seem to be in the right direction. Kindly keep me advised of the various steps to carry out the provisions of the Raker Act as they are taken.

Sincerely yours,

RAY LYMAN WILBUR.

Your committee, in dealing with Director of National Parks Albright, endeavored to hold the road and trail program down to the minimum amount. The Director was insistent that the City should build roads and trails to the extent and cost of \$1,680,000, the expenditure to be made at the rate of approximately \$400,000 per year. Your committee succeeded in reducing the amount of this expenditure to \$1,500,000, the same to be expended at the rate of \$250,000 per year, the last \$500,000 of the expenditure to be applied to the Crane Flat road should the Secretary demand the construction of the same by the City. The committee insisted that this road be made contingent upon the request of the Secretary for two reasons: first, there was a possibility that it might not have to be constructed, and, second, if it was constructed, there was a possibility of the government itself defraying the cost thereof.

The Secretary agreed to accept the present road from O'Shaughnessy Dam to Lake Eleanor as a compliance with the provisions of the Raker Act regarding that road. Your committee believes that this is extremely beneficial to the City, not only from a financial standpoint, but also from a health standpoint, for the reason that both City Engineer O'Shaughnessy and Director of Parks Albright were of the opinion that the road to Lake Eleanor would cost at least \$1,500,000 and its construction would throw open a large part of our watershed to the general public. The Director of Parks stated that in all probability in the near future the National Park authorities would declare Lake Eleanor and the surrounding watershed a "wilderness area," which would mean that the area would be practically closed to automobile travel and open only to those traveling on foot or on horseback.

In view of the foregoing, your committee recommends as follows:

- (a) That an agreement be entered into between the City and the

Secretary of the Interior, carrying out the road program as outlined in the tentative offer submitted to the Secretary.

(b) That the City convey to the government of the United States such property as it now owns in the Yosemite National Park and in Sections 1 and 12, Township 1 South, Range — East, as are not needed in connection with its water project or for other municipal purposes.

(c) That the Board of Freeholders be requested to include in the new Charter which they are to prepare, provision for a non-partisan, non-political Utility Commission, which will have charge of the operation, construction and maintenance of all public utilities owned by the City.

(d) That upon the completion of the water supply of the Hetch Hetchy project and the bringing it in to San Francisco, that the City again submit to the people the matter of the acquisition of a distribution system for the hydro-electric power.

Enclosed herewith is a resolution authorizing the City to enter into an agreement with the Secretary of the Interior relative to roads and trails, and also one directing the attention of the Board of Freeholders as to the necessity of making provision in the new Charter for a Public Utilities Commission, and also one calling upon the City Engineer to forthwith advise the Board of Supervisors as to the amount and description of real property owned by the City in the Yosemite National Park and in Stanislaus National Forest which is not needed in connection with our water project or for other municipal purposes.

Respectfully submitted,

JESSE C. COLMAN,
 J. EMMET HAYDEN,
 JAMES B. McSHEEHY,
 Supervisors.

JOHN J. O'TOOLE,
 City Attorney.

City Engineer O'Shaughnessy, not as yet having returned from Washington, has not signed this report.

EXHIBIT "A".

In the Matter of the Conference Between the Secretary of the Department of the Interior of the United States and Representatives of the City and County of San Francisco as to Certain Obligations of the City Under the Raker Act, Which Conference Was Held in the Office of the Secretary on December 4th, 1930.

Argument Presented by Committee.

SAN FRANCISCO'S DEVELOPMENT OF THE HETCH HETCHY.

San Francisco obtained its right to develop its appropriated waters in the Yosemite National Park, and in the Stanislaus National Forest, under the terms of the Act of Congress of December 19, 1913, commonly known as the "Raker Act". The work thus far performed has been financed by several bond issues voted by the people of San Francisco, and which are direct obligations of the City. The dates of the bond issues and the respective amounts thereof are as follows:

| | | |
|----------------------|------------------------|-----|
| January 1, 1909..... | \$ 600,000.00 | 4½% |
| July 1, 1910 | 45,000,000.00 | 4½% |
| January 1, 1925..... | 10,000,000.00 | 5% |
| July 1, 1928..... | 24,000,000.00 | 4½% |
| Total | \$79,600,000.00 | |

All of the above-mentioned bonds have been sold with the exception of \$12,000,000 of the 1928 issue, which are being held and disposed of by the City as funds are needed for construction purposes.

On the outstanding bonds the City had, as of the date of November 1, 1930, paid the sum of \$20,110,305 in interest, the latter burden was lessened to the extent of approximately \$9,000,000 by the receipt of income from hydro-electric power. But even with deduction, San Francisco will have an investment of more than \$80,000,000 in its mountain water supply, when the same is completed, which sum is exclusive of additional interest accruing during the three years necessary to complete the work, and also exclusive of any additional bonds which may have to be voted to meet the increased cost of construction which has arisen on the Coast division of the project.

In addition to the sum mentioned, the City has expended approximately \$41,000,000 in the acquisition of the distributing system, reservoirs and water rights of the Spring Valley Water Company, and is now operating these properties as a municipally owned water system. So when the Hetch Hetchy project is completed, San Francisco will have invested in its municipal water supply and distributing system in excess of \$120,000,000.

The construction work done to date upon the Hetch Hetchy system may be briefly summarized as follows:

1. O'Shaughnessy Dam—A concrete structure, 345 feet in height, costing \$7,000,000 which impounds sixty-eight billion gallons of water.

2. Lake Eleanor Dam—Also a concrete structure 70 feet high and 1200 feet long, the cost of which was over \$300,000.

3. Early Intake Dam—Arched concrete structure, 80 feet high, and which acts as a diversion dam to turn Hetch Hetchy and Lake Eleanor water into main tunnel aqueduct.

4. Priests Dam—Earth and rock, 145 feet high, with concrete core. Regulates water flow into Moccasin Creek Power House, and provides storage to feed power house.

5. Moccasin Dam—Earth with rock fill, 75 feet high. Deflects water into foothill division tunnel aqueduct after same passes through power house.

6. Tunnel aqueduct—from Early Intake to Priests Dam. Driven mostly through solid granite, concrete lined, and has a capacity of 470 million gallons daily. Length 19 miles, gravity flow.

7. Penstock, pipe and tunnel from Priests Dam to Moccasin Power House, 13 feet in diameter and is concrete lined, 2 miles long.

8. Moccasin Power House—Steel frame concrete building, 225 feet long, 98 feet wide, develops 100,000 horse power, releasing water into Moccasin Reservoir. In operation since September, 1925.

9. Moccasin Creek—Transmission line, 97 miles long on City's right of way. Voltage, 115,000.

10. Foothill Tunnel—Same capacity as tunnel from Early Intake, gravity flow, 16 miles long.

11. Pipe line from Irvington in Alameda County to Crystal Springs in San Mateo County, 22 miles long, including Pulgas tunnel. Conveys water across San Francisco Bay, at Western Terminus of Hetch Hetchy project to storage lakes acquired from Spring Valley Water Company.

12. Early Intake Power House—At Early Intake Lake a power house developing 4000 horse power was constructed at the commencement of the Hetch Hetchy work. Also a transmission line of 22,000 volts capacity to provide power for construction purposes—now being operated to supplement Moccasin Creek output.

13. Coast Range Tunnel—Now in course of construction, 1400 men employed, 16.6 miles completed, 12 miles to be completed. To be concrete lined and to be completed in December, 1933, to be fed by pipe line across San Joaquin Valley from Oakdale Portal of Foothill Division.

14. San Joaquin Pipe Line—47 miles long. Work to be started, same will be completed at same time as Coast Range Tunnel mentioned in

Sub. 13. Reason for delay—to save interest on cost as same cannot be of service until tunnel is completed.

Work on all portions of project to be completed December, 1933.

Hydro-Electric Portion of Project.

When the Raker Act was passed, its purpose was to give San Francisco a water supply. The production of electricity was really looked upon as, and is, a by-product. The Act placed obligations upon the City as to its development of power, and wisely so, for no matter who receives the benefit of the disposition of the power, it is a distinct advantage to the people of the State. The City has developed power far in excess of the mandates of the Act. The City is mindful of the provisions of Section 6 of the Act, as to selling power for resale. Since the completion of its Moccasin power plant in September, 1925, the City has distributed the output of the plant to the inhabitants of San Francisco, through the agency of the system of the Pacific Gas and Electric Company under a contract subject to termination by either party on twenty-four hours' notice, and which contract will hereinafter be referred to as "The Agency Contract." It will be admitted that the contract has never received the approval of the Department of the Interior as being in accord with Section 6 of the Act, and the City is not asking for any determination of this point at this time. This contract has been productive of revenue to the City of something less than \$2,000,000 a year, the exact amount being dependent upon the amount of water which can be impounded during the year. Every cent of this revenue has been expended in paying interest upon the bonds voted by San Francisco for the water project. The revenue cannot, under the express mandate of the Charter, be used for any other purpose, until the bonds are finally wiped out, save that whenever there might be an amount of revenue in excess of the amount necessary for interest, it must be applied to the redemption of the principal. To deprive San Francisco of this revenue would have caused, and will cause, an increase in her tax rate of at least twenty-seven cents per year upon each one hundred dollars of her taxable property, a burden which she can ill afford to shoulder in view of her many other obligations at this particular time.

*Distribution Directly by the City of Hetch Hetchy
Hydro-Electric Power.*

It will be admitted that the so-called Agency Contract was a temporary expedient to prevent a serious loss to San Francisco, a loss which would have benefited no one, but possibly harmed many by reason of the serious shortage of electric power in California at the time the contract was entered into. The contract has been effective since September, 1925, and it was tacitly permitted by the Department to aid the City in carrying out the main purpose of the Hetch Hetchy grant, i. e., a water supply for San Francisco. This purpose has not been accomplished, notwithstanding every effort and the expenditure of millions by the City. The vastness of the project and not any procrastination by those charged with doing the work is responsible for the delay. If a tacit permission (and we use the term not intending to signify approval) by the Department was proper in 1925, the same cogent reasons still exist why that permission should not now be revoked, and why it should not be continued until our water project is fully developed.

The Past and the Future.

San Francisco has made every effort to live up to the letter as well as the spirit of the Raker Act. Before its power plant was completed, proceedings were instituted to acquire the local distributing systems of the companies supplying the City with electric energy. The proceedings were completed at the cost of some \$400,000 to the City, and

within the shortest period of time that their magnitude would permit. That the people of San Francisco did not place their final stamp of approval upon the bonds necessary to acquire the properties is, we admit, unfortunate, but the failure should not be taken, as an indication of the action of the people in the future. There were many reasons which entered into their refusal. A few should be adverted to: a. The people felt that in the Hetch Hetchy project they were embarking upon a plan that would provide San Francisco with a water supply. Power they looked upon as a by-product or incident to the more necessary main project. Therefore they felt that they should not obligate themselves to a large indebtedness (over sixty millions) until the main project was completed. b. Times were not propitious either for the issuance or sale of the obligations proposed. A financial stringency made municipalities as well as individuals wary as to the increase of their financial burdens. c. The acquisition of the properties of the local system meant the management of an electric production and distribution system second in size to none in the West. San Francisco was not equipped with the political machinery, with a non-partisan, non-political Commission to undertake the management of such a project. d. Revenue was not being produced by the water project and the people were fearful of increasing their civic financial burdens, which might incidentally arise by the embarking on the electric project.

The future must and will obviate many of the so-called objections. The water project will be completed and the main purpose of the grant will be accomplished. It will be productive of income and will carry the interest and redemption burden which now falls upon the taxpayer. More prosperous times are undoubtedly ahead. San Francisco is at this moment engaged in the drafting of a new charter which will provide for a non-partisan, non-political Commission to take charge of the operation of all its utilities. Such a commission will conduct and maintain all utilities on a strictly business basis and will inspire the confidence of the people in the continuation and extension of existing utilities, and the embarking upon new ones. Should the proposed Charter, which must be adopted or rejected as a whole, not receive the requisite approval of the people during the months of March and April during the coming year, a separate amendment providing for the Utility Commission mentioned will be presented to the people at the earliest subsequent opportunity, which will be in November, 1932.

This Committee will recommend to the Legislative Department of San Francisco a program which will insure the adoption of legislation looking to the non-partisan Commission; also the prompt completion of the Hetch Hetchy water project at the earliest possible moment, and a plan which will educate the people as to the necessity of providing a direct method of distribution of the hydro-electric power developed at the Moccasin plant, which plan will provide for the submission to the people within a reasonable time after the completion of the water project, a bond issue for the direct distribution of our power.

The committee from San Francisco has welcomed the opportunity of conferring directly with the Director of National Parks, on December 5th and 6th, relative to the City's obligation as to roads and trails under the Raker Act. After two conferences with that official the City offers the following program of fulfillment of its obligations as to roads and trails under the Raker Act, which program is the result of the conference with the Director, and which we believe meets with his approval.

The program is as follows:

(a) That the City will complete the construction of a trail on the north side of the Hetch Hetchy reservoir site and to the Tiltill Valley and to Lake Vernon, according to the plans heretofore presented to and

approved by the Secretary of the Interior, said work to be performed by the City, to be completed within the calendar year, 1931, and to be done to the satisfaction of said Secretary.

(b) That the City will place upon the existing road from Mather (formerly Hog Ranch) to the Hetch Hetchy reservoir, a bituminous or asphaltic wearing surface, making such curvature changes as may be necessary for the safety of said road, and will also construct, where necessary in the opinion of the Secretary, guard walls of stone. The approximate cost of said work to be two hundred thousand dollars, the same to be performed by the City to the satisfaction of the Secretary, and to be completed within the calendar year 1931.

(c) That for the purpose of complying with its obligations to construct a road along the southerly slope of Smith's Peak from Mather (formerly Hog Ranch) past Harden Lake to a junction with the old Tioga Road, the City will, during the month of July, 1932, and thereafter during the month of July, 1933, and during the month of July, 1934, pay to the United States of America, through the Department of the Interior, the sum of \$250,000 during each of said months, which said sums will be supplied and used by the Department of the Interior for the purpose of constructing the aforesaid road, which said road will have an average surface width of 16 feet, and to be constructed in accordance with plans approved by the Secretary of the Interior. That the payment of the said sum of seven hundred and fifty thousand dollars by the City will be considered as the fulfillment of the City's obligations under the Raker Act to construct said last mentioned road.

(d) That in addition to the construction of the aforesaid roads and trails and the payment of the said sum of \$750,000 as provided in the last paragraph, the City will, upon the demand of the Secretary of the Interior, said demand to be made upon the City between the 1st day of January and the 1st day of April, 1934, pay to the United States, through the Department of the Interior, the further sum of \$500,000, which said sum shall be used for the construction of a road of similar character to that mentioned in paragraph (c) hereof, and which said road shall connect with the said road mentioned in said paragraph (c) and shall lead from the Mather-Harden-Lake road to Crane Flat. The said sum of \$500,000 shall be payable in two equal installments of \$250,000 each, one payable on July 15th, 1935, and the other payable on July 15th, 1936. That it is understood that the last mentioned road is not specifically mentioned in the Raker Act and that in consideration of the payment of said sum of \$500,000 as herein provided, the Secretary of the Interior will accept the road which has been heretofore constructed by the City from Hetch Hetchy reservoir site to Lake Eleanor via McGill Meadow, as and for the road or trail provided in the Raker Act to be so constructed by the City, and as a compliance by the City with the provisions of said Act requiring the construction of said road.

Provided that the Secretary may use the payment which will become due in the year 1934, for the road mentioned in paragraph (c) hereof, for the construction of the road mentioned in paragraph (d) hereof, provided that the total or annual obligation of the City for said roads shall not be increased.

That upon the City constructing and completing the roads and trails mentioned in paragraphs (a) and (b) hereof, and paying to the United States the amounts provided to be paid in paragraphs (c) and (d) hereof, the City will be considered to have complied with all of the provisions of said Raker Act as to the construction of roads and trails, and shall be considered to have performed its obligations in regard thereto and the same shall be considered as a compliance with said obligations by the City.

Provided that nothing herein contained shall change or modify the present obligations of the City as to the maintenance or upkeep of roads under said Raker Act.

That the City will, upon the request of the Secretary of the Department of the Interior, convey to the United States all property owned by it in the Yosemite National Park or in Sections 1 and 12, Township 1 South, Range — East, M. D. B. & M., which said sections have been authorized to be added to said park by Act of May 9, 1930, known as Public Act 187, Seventy-first Congress, provided that the same are not needed or used in connection with the Hetch Hetchy project or for other purposes in connection with the government of San Francisco or its institutions, due regard being had for the provisions of the Raker Act which authorizes the use by the City, with the approval of the Secretary, of additional lands in said park when the same are needed in connection with said Hetch Hetchy project.

That said program as to roads and trails as herein contained, as well as to the conveyance of lands, is subject to the approval of the Board of Supervisors of San Francisco, and upon approval thereof by said Board, legislation will be adopted authorizing an agreement between the City and the Department for the carrying out of said program.

And in closing we most respectfully urge that to prevent, at this time, the continuation of the present method employed by the City in the distribution of its hydro-electric power, will entail a hardship upon San Francisco and her people, and will benefit no one, but on the other hand, will cause an economic waste which will be indirectly reflected upon the State itself. The present method is the only one available to the City for the time being. When the main project under the grant is accomplished, undoubtedly other methods will be available, which will not be subject to objection under the provisions of Section 6 of the Act, and until that time we feel that the Department should, in the exercise of the sound discretion as to construction of the Act, and without finally committing itself as to any particular construction of Section 6, look upon the temporary expedient employed by the City as "a reasonable compliance" with its obligations for the time being.

Dated at Washington this 8th day of December, 1930.

Passed for Printing.

The following resolution was *passed for printing*:

Agreement Authorized With Department of Interior as to City's Obligations in Hetch Hetchy.

Resolution No. ———— (New Series), as follows:

Resolved, That the City and County of San Francisco enter into an agreement with the Department of the Interior of the United States whereby the City will obligate itself to complete the construction of a trail on the north side of the Hetch Hetchy Reservoir site and to the Tiltill Valley and to Lake Vernon, which work is to be completed within the calendar year 1931, and that the City further obligate itself in the said contract that it will place upon the existing road from Mather (formerly Hog Ranch) to the Hetch Hetchy Reservoir, a bituminous or asphaltic wearing surface, making such curvature changes as may be necessary for the safety of said road, and the City will also construct, where necessary in the opinion of the Secretary of the Interior, guard walls of stone.

The City in said contract will further obligate itself to pay to the United States of America, through the Department of the Interior, the amount specified and for the purposes described in paragraphs "C" and "D" of that certain document dated at Washington the 8th day of December, 1930, and presented to the Secretary of the Interior, and which said document was filed with the Board of Supervisors on the 29th day of December, 1930, and to which document reference is hereby made, and for the purpose of further identifying said document it has been signed by a Special Committee of the Board of Supervisors, the City Engineer and the City Attorney, sent to Washington by this Board of Supervisors.

And be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be and they are hereby authorized, empowered and directed to execute said agreement for and on behalf of the City and County of San Francisco.

Adopted.

The following resolutions were *adopted*:

Provision to Be Made by Freeholders for Non-Partisan, Non-Political Utility Commission.

Resolution No. 33810 (New Series), as follows:

Be it Resolved, That the Board of Freeholders, in the new City and County Charter which is under the course of preparation, make provision in said Charter for the creation of a non-partisan, non-political Utility Commission, which will have charge of the operation, construction and maintenance of all public utilities owned by the City; and be it

Further Resolved, That the Clerk of this Board forward to said Board of Freeholders a copy of this resolution.

Notice of Special Election for Parks and Squares Bonds.

Resolution No. 33766 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of one million four

hundred thousand dollars (\$1,400,000) for permanent improvements, to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvement of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 9404, Ordinance No. 8908 (New Series) of the Board of Supervisors, passed January 3, 1931, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco on Friday, the 6th day of February, 1931, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The construction and improvement of permanent improvements, to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvement of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco; and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of One million four hundred thousand dollars (\$1,400,000) for the construction and improvement of the permanent improvements described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Public Parks and Squares Bonds, 1931."

Bonds issued for the purpose stated shall be numbered from 1 to 1400, both inclusive, and shall be payable \$56,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$56,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA

State of California,

City and County of San Francisco

“PUBLIC PARKS AND SQUARES BOND, 1931”

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Section 4. The amount of tax levy to be made for the payment of said \$1,400,000 bonds shall be the sum of \$63,000 per annum for the first 5 years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the 6th year after the date of said bonds the sum of \$60,480 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$56,000 thereof due 5 years from their date have been paid, and for the 7th year after the date of said bonds the sum of \$57,960 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$56,000 thereof due 6 years from their date have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of \$2,520 by reason of the payment each year beginning 5 years from the date of said bonds of \$56,000 of said bonds, and the sum of \$56,000 each year beginning 4 years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared, as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

"To incur a bonded indebtedness in the sum of one million four hundred thousand dollars (\$1,400,000) for permanent improvements,

to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvement of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

|-----|--|
| YES | |
| NO | |

Bonds issued for the construction and improvement of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively,

for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This resolution shall be published for at least fourteen days in the official newspaper and shall take effect immediately.

Adopted by the Board of Supervisors January 19, 1931.

Notice of Special Election for Public Highway Bonds.

Also. Resolution No. 33767 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of nine hundred thousand dollars (\$900,000) for the acquisition, construction and completion of permanent improvements, to-wit: Certain improved routes for public highway purposes in the City and County of San Francisco, as follows: A road around the shores of Lake Merced, reconditioning streets and avenues in Sunset District bounded by Lincoln way, Sloat boulevard, Seventh avenue and Great Highway, building and extension of Clarendon avenue over the most feasible route to Seventh avenue and construction of a road around Blue Mountain connecting with Clarendon avenue at its termini, improving Stanley street parkway between Alemany boulevard and Junipero Serra boulevard, construction of a boulevard to be known as Bernal Heights boulevard, circling the top of Bernal Heights, roadways within and approaching the Laguna Honda Home including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or roads.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 9403, Ordinance No. 8907 (New Series), of the Board of Supervisors, passed January 3, 1931, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco on Friday, the 6th day of February, 1931, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The acquisition, construction and completion of permanent improvements, to-wit:

Certain improved routes for public highway purposes in the City and County of San Francisco, as follows: A road around the shores of Lake Merced, reconditioning streets and avenues in Sunset District bounded by Lincoln way, Sloat boulevard, Seventh avenue and Great Highway, building and extension of Clarendon avenue over the most feasible route to Seventh avenue, and construction of a road around Blue Mountain connecting with Clarendon avenue at its termini, improving Stanley street parkway between Alemany boulevard and Ju-

nipero Serra boulevard, construction of a boulevard to be known as Bernal Heights boulevard, circling the top of Bernal Heights, roadways within and approaching the Laguna Honda Home, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or roads, and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of nine hundred thousand dollars (\$900,000) for the acquisition, construction and completion of the permanent improvements described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials". All of said bonds shall be dated February 1, 1931; shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Boulevards and Roads Bonds, 1931."

Bonds issued for the purpose stated shall be numbered from 1 to 900, both inclusive, and shall be payable \$36,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$36,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA
 State of California,
 City and County of San Francisco
 "BOULEVARDS AND ROADS BOND, 1931"

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that

the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Section 4. The amount of tax levy to be made for the payment of said \$900,000 bonds shall be the sum of \$40,500 per annum for the first 5 years from the date of said bonds to pay the annual interest on

said bonds, and in season to pay such interest as it becomes due, and for the 6th year after the date of said bonds the sum of \$38,880 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$36,000 thereof due 5 years from their date, have been paid, and for the 7th year after the date of said bonds the sum of \$37,260 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$36,000 thereof, due 6 years from their date, have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of \$1,620 by reason of the payment each year beginning 5 years from the date of said bonds of \$36,000 of said bonds, and the sum of \$36,000 each year beginning 4 years from the date of said bonds, to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared, as herein provided and according to the laws of the State of California providing for the governing of elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

"To incur a bonded indebtedness in the sum of nine hundred thousand dollars (\$900,000) for the acquisition, construction and completion of permanent improvements, to-wit:

Notice of Special Election for Playgrounds Bonds.

Also, Resolution No. 33768 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco on Friday, the sixth day of February, 1931, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn, and Funston Annex Playgrounds.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 9405, Ordinance No. 8909 (New Series) of the Board of Supervisors, passed January 3, 1931, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco on Friday, the 6th day of February, 1931, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn and Funston Annex Playgrounds, and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of the permanent improvements described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors and bonds will be issued to defray the cost of the permanent improvements described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Playground Bonds, 1931."

Bonds issued for the purpose stated shall be numbered from 1 to 200, both inclusive, and shall be payable \$8,000 thereof 5 years from the date of said bonds, beginning with the lowest number, and \$8,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA

State of California,

City and County of San Francisco

"PLAYGROUND BOND, 1931"

No.

\$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of Cali-

fornia, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Section 4. The amount of tax levy to be made for the payment of said \$200,000 bonds shall be the sum of \$9,000 per annum for the first 5 years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the 6th year after the date of said bonds the sum of \$8,640 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$8,000 thereof due 5 years from their date have been paid, and for the 7th year after the date of said bonds the sum of \$8,280 to pay and in season to pay the interest on such of said bonds as remain outstanding after the \$8,000 thereof due 6 years from their date have been paid, and so on, a sum each year for 22 succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of \$360 by reason of the payment each year beginning 5 years from the date of said bonds of \$8,000 of said bonds, and the sum of \$8,000 each year beginning 4 years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for 24 years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared, as herein provided and according to the laws of the State of California providing for the governing of elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon shall appear thereon the following:

“To incur a bonded indebtedness in the sum of two hundred thousand dollars (\$200,000) for the construction and completion of permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary’s Park, Julius Kahn, and Funston Annex Playgrounds.”

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition, stamp a cross (X) in the blank space to the right of the word "YES." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "NO."

| | |
|-----|--|
| YES | |
| NO | |

Bonds issued for the construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "YES" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "NO" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "YES" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "NO" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election and canvass the votes cast, respectively, for and against the proposition herein stated, and make returns thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This resolution shall be published for at least fourteen days in the official newspaper and shall take effect immediately.

Plans and Estimates to Be Obtained for the Construction of a Pipe Line to Connect the Oakdale and Tesla Portals of the Hetch Hetchy Project.

Supervisor Havenner presented:

Resolution No. 33806 (New Series), as follows:

Directing the Board of Public Works to obtain from the City Engineer plans and estimates of cost for the construction of a pipeline across the San Joaquin Valley to connect the Oakdale and Tesla portals of the Hetch Hetchy project.

Resolved, That the Board of Public Works is hereby directed to obtain from the City Engineer plans, specifications and estimates of cost for the construction of an adequate pipeline across the San Joaquin Valley for the purpose of conveying water across said valley from the Oakdale Portal to the Tesla Portal of the Hetch Hetchy Project. The said plans, specifications and estimates of cost are to be made on the assumption that the construction work will be completed within one year from the commencement of work. The pipeline to be installed across the San Joaquin Valley shall not be less than 60 inches in diameter, or equivalent, and to be of the approximate length of 47.4 miles, with all necessary fittings, valves, structures, special work at tunnel portals and at San Joaquin River crossing, including the acquisition of all rights of way that have not heretofore been acquired; and be it

Further Resolved, That the Board of Public Works notify the City Engineer that plans, specifications and estimates of cost are to be prepared with the idea in mind that as many individuals, firms, or corporations, manufacturer or manufacturers, contractor or contractors shall be engaged and employed to complete the work as may be feasible; and be it

Further Resolved, That the said Board of Public Works shall file with the Board of Supervisors said plans, specifications and estimates within one week from date of passage of this resolution.

Plans and Estimates to Be Obtained for the Construction of a Pipe Line From Tesla Portal to Altamont Pass.

Also, Resolution No. 33807 (New Series), as follows:

Directing the Board of Public Works to obtain from the City Engineer plans and estimates of cost of a pipeline originating at Tesla Portal, or vicinity, of the Hetch Hetchy Project, to Altamont Pass, for the purpose of conveying water of the Hetch Hetchy Project, thence to release the water to connect with the existing water supply system.

Resolved, That the Board of Public Works is hereby directed to obtain from the City Engineer plans, specifications and estimates of cost for the construction of a pipeline for conveying water of the Hetch Hetchy project from the Tesla Portal, or vicinity, to Altamont Pass in Alameda County, and in the construction of said pipeline the City Engineer is to take into consideration as part of his estimate of cost of said construction, the removal of the pipeline now under the course of construction between Newark and San Lorenzo in Alameda County, connecting the water distributing system of San Francisco with that of the East Bay Municipal Utility District, and the installa-

tion as a part of the pipeline from Tesla Portal to Altamont Pass, and the said plans and estimates are also to include the cost of allowing the water, after reaching Altamont Pass, to flow down natural streams in the Livermore Valley to a point in the vicinity of Sunol, where it will be picked up and taken into the existing water distributing system owned by the City and County of San Francisco, and said plans and estimates are also to include all pumping plants, rights of way that have not heretofore been acquired, and the construction of power lines necessary to operate pumping plants. All of said plans and estimates are to contemplate and specify the conveying of a minimum capacity of 20,000,000 gallons of water daily and a report as to the maximum that the construction outlined herein would permit. The City Engineer is to be further directed by the Board of Public Works, in the preparation of his plans and estimates of the project described herein, to specify the cost of dismantling the line under construction between Newark and San Lorenzo, the cost of transporting the same to its new location, the cost of laying the same at its new location, and the cost of connecting the same at its proposed new location, and a separate specification of the cost of the additional pipe to be purchased at the factory and the cost of transporting and installing said pipe at its proposed new location. All of said construction and installation are to be completed and installed and ready for operation within one year; and be it

Further Resolved, That the City Engineer in preparing his plans, specifications and estimates of cost shall consider the employment of as many individuals, firms, or corporations, manufacturer or manufacturers, contractor or contractors for completion of the work within the time specified as may be feasible; and be it

Further Resolved, That the Board of Public Works instruct the City Engineer to report as to the annual cost of operation and maintenance, based on a minimum supply of 20,000,000 gallons of water daily, and such modifications as may be necessary for increased deliveries of water, segregating the cost of operation and maintenance from the cost of electric energy; and be it

Further Resolved, That the Board of Public Works instruct the City Engineer to supply said plans and specifications and estimates of cost within two weeks from the date of passage of this resolution.

The following bill was *passed for printing*:

Spur Track Permit.

Bill No. 9418. Ordinance No. ————— (New Series), as follows:

Granting permission, revocable at the will of the Board of Supervisors, to the Atchison, Topeka & Santa Fe Railroad Company to construct a spur track from the westerly side of Kearny street from approximately the northerly line of Bay street to a point 10 feet southerly from the northerly line of Francisco street and to relocate the existing spur on Kearny street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted the Atchison, Topeka & Santa Re Railroad Company to construct a spur track on the westerly side of Kearny street from approximately the northerly line of Bay street to a point 10 feet southerly from the northerly line of Francisco street, and to relocate the existing spur on Kearny street from a point northerly from Francisco street to a point approximately 75 feet southerly from Francisco street, and more particularly described as follows:

Description of center line of spur:

Commencing at a point in an existing track in the intersection of Bay and Kearny streets, 22.41 feet westerly from the eastern line of Kearny street and 8.21 feet southerly from the northern line of Bay street; thence southerly on the arc of a curve concave to the west, having a radius of 397.85 feet, a distance of 63.86 feet; thence southerly on the arc of a curve concave to the east, having a radius of 397.85 feet, a distance of 72.07 feet to a point which is 74.51 feet south of the south line of Bay street, and 35.41 feet west of the eastern line of Kearny street; thence southerly, parallel with said eastern line of Kearny street, a distance of 210.49 feet to a point 10.0 feet south of the northern line of Francisco street.

Description of relocated portion of track No. 2:

Commencing at a point in the center line of the existing track 8.21 feet southerly from the northern line of Bay street, and 22.41 feet westerly from the eastern line of Kearny street; thence southerly, parallel with said eastern line 370.98 feet to a point in the intersection of Francisco and Kearny streets 43.65 feet southerly from the northern line of Francisco street; thence southerly on the arc of a curve concave to the west, having a radius of 191.11 feet a distance of 32.22 feet; thence southerly tangent to said last described course

a distance of 45.69 feet; thence southerly on the arc of a curve concave to the east, having a radius of 191.11 feet a distance of 32.22 feet to a point in the existing track 74.89 feet southerly from the southern line of Francisco street and 9.01 feet easterly from the western line of Kearny street.

Said permission is granted subject to the provision of Ordinance No. 69, New Series, of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be considered as a part hereof as completely as though the same were written into this ordinance. Provided that the rails to be laid be of a girder type and all services and installations, both corporation and municipal, are to be reconstructed as required, and the city pavement in Bay street and in Kearny street is to be restored, provided further on account of the existing brick sewer on the crossing of Bay street, same is to be reinforced with a concrete slab under the proposed tracks, and the existing manhole from crossing of Kearny and Bay streets is to remain in its present position. Provided further that the location of the spur on the crossing of Bay street is to be left to the final approval of the City Engineer.

Amendment to Widows' Pension Act.

Supervisor Canepa presented:

Resolution No. _____ (New Series), as follows:

Whereas, the Widows' Pension Law provides State aid to widows with dependent children only until the children reach the age of sixteen years, and

Whereas, by State law, all children are required to attend school until they attain the age of eighteen years, and

Whereas, the apparent inconsistency of these two laws is repugnant to equity in that it works a considerable hardship upon widows whose children are required to attend school for a period of two years after the time when State's contribution toward their support ceases; therefore, be it

Resolved, That this Board of Supervisors places itself on record as favoring an amendment to the Widows' Pension Act, which amendment shall provide that the time within which a widow with dependent children shall receive State aid shall extend until such dependent children shall have reached the age of eighteen years; and, be it

Further Resolved, That a copy of this resolution be forwarded to the San Francisco delegation in the State Legislature, to the Speaker of the Assembly, the Lieutenant-Governor, and the Governor of the State of California.

Referred to Judiciary Committee.

Immediate Payment of Compensation Bonus.

Supervisor Canepa presented:

Resolution No. _____ (New Series), as follows:

Whereas, there are now pending in the Congress of the United States several bills which propose in various ways the immediate payment of the Adjusted Compensation Certificates issued as a bonus to service men after the World War, and

Whereas, the economic situation throughout the country would be materially benefited by placing in circulation the substantial sum of money necessary for the redemption of these certificates, and

Whereas, it seems to be the consensus of opinion among veterans that an immediate discharge of this obligation would be preferred by them, inasmuch as it would tend in no small measure to alleviate some of the financial pressure so acutely felt throughout the nation: now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize Congress, and does urge that a measure be adopted whereby those veterans who deem it prudent and expedient may avail themselves of the opportunity of procuring immediate payment of this bonus, and be it

Further Resolved, That a copy of this resolution be forwarded to

all of California's representatives in the United States Congress, as well as to President Hoover and Vice-President Curtis.

Welby Morgan, Hetch Hetchy Employee Commended for Bravery.

Supervisor Roncovieri presented:

Resolution No. _____ (New Series), as follows:

Whereas, it has been reported that Welby Morgan, employed on the Hetch Hetchy project through his presence of mind and courage, and at great peril to himself, deliberately stopped on his way to safety to carefully place a pipe which was the direct means of furnishing air and food to 20 miners trapped in a gas-filled tunnel at Mitchell shaft, by means of which the lives of all of the men were saved; therefore, be it

Resolved, That the Public Utilities Committee report officially upon the heroic deed of Welby Morgan and recommend a suitable reward for his meritorious conduct.

I move the suspension of the rule and the adoption of the motion.

Supervisor Shannon: I move reference to the Public Utilities Committee.

Supervisor Roncovieri: I have no objection to that.

The Mayor: If there is no objection, such will be the order, and the resolution will be *referred to the Public Utilities Committee.*

Resolution on Death of Ray Martin.

Supervisor Havenner presented:

Resolution No. 33816 (New Series), as follows:

Whereas, Raymond J. Martin, for a number of years a faithful and efficient employee in the Clerk's office of the Board of Supervisors, has suddenly been called upon by his Maker to render his final accounting; and

Whereas, his cheerful personality and friendly spirit endeared him to each and every member of this Board of Supervisors, to his office associates, and to the public with which he came in contact, and in his passing, the City he loved lost an earnest and conscientious servant; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby express its sincere regret and deep grief at the demise of Raymond J. Martin; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting and that this Board adjourn, when it does adjourn today, out of respect to his memory.

Supervisor Havenner: Mr. Chairman, by reason of the extraordinary business before the Board at the last meeting we did not pay our tribute of respect to Mr. Martin, and it was my intention, if possible, to have done so at that time.

I think all of the members of the Board will agree with me that the duties which he assumed on the death of our previous bookkeeper, Mr. Williams, a little over a year ago are about as important and difficult as those involved in any post in the city service. Mr. Williams, who held the position for nearly half a century, was about the only man in the City Hall, I think, who had every detail of the City's business at his finger tips. He handled the difficult task of making up the annual budget and tax rate with remarkable ability. Mr. Martin, chosen by the Board to succeed him suddenly on the failing of Mr. Williams' health, and up to the time his own health began to fail, I can testify filled the position with great ability and a great

deal of sincerity and fidelity. I am sure all of the members of the Board will join with me in sincere regret at his passing, and I desire to move the Board when it does adjourn that we adjourn in respect to the memory of Mr. Martin and that a copy of this resolution be sent to his relatives.

Supervisor Hayden: As a member of the Finance Committee for a year I had very intimate contact with Mr. Martin, and everything Supervisor Havenner has said of him is absolutely true, and I realize that from my experience with him in that office. A most conscientious, painstaking loyal man. We of the Finance Committee, and you as the Chairman of that Committee, Mr. Mayor, suddenly missed him when he passed away so suddenly. We realize the responsibility of that position, and realize the character and manner of man necessary to fill it, and Mr. Martin certainly filled it with perfect satisfaction to the prior Finance Committee, and the previous Finance Committee and I indeed regret very much the passing of Mr. Martin.

The Chair: I will call for a rising vote on the resolution.

(Thereupon the resolution was, by unanimous standing vote of the Board, *adopted*.)

Providing for the Sale of a Garbage Destruction Franchise.

Sealed bids for garbage destruction franchise were received between 2 and 3 p. m. this day in accordance with the following notice:

Office of the Clerk of the Board of Supervisors, Room 235, City Hall, San Francisco, California.

Whereas, on the 8th day of December, 1930, the Board of Supervisors finally passed the following resolution:

Resolution No. _____ (New Series), as follows:

Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the San Francisco Disposal Company, through a petition filed on the 11th day of September, 1930, for a franchise or privilege for the destruction and disposition of garbage, refuse, waste, offal and debris by incineration in the City and County of San Francisco;

And whereas, it appears to this Board that the public interest will be subserved by the grant of a franchise for said purpose; therefore, be it

Resolved, That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant.

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty (\$50) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; be it

Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of said statute and with the terms of this resolution, said bids to be filed with the Clerk not later than the 12th day of January, 1931, at the hour of 2 o'clock p. m., and the 12th day of January, 1931, at the hour of 3 o'clock p. m., is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privilege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Passed for Printing—Board of Supervisors, San Francisco, December 1, 1930.

Ayes—Supervisors Andriano, Canepa, Gallagher, Havenner, McGovern, Miles, Peyser, Roncovieri, Rossi, Spaulding, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Hayden, McSheehy, Power, Shannon—5.

J. S. DUNNIGAN, Clerk.

Now, therefore, it is proposed to grant said franchise or privilege, and sealed bids will be received pursuant to the terms of the aforesaid resolution for said franchise or privilege.

That said franchise or privilege will be awarded to the highest bidder.

That the character of the franchise or privilege proposed to be granted, the time for filing bids and the term for which it is to be granted are as mentioned in the foregoing resolution, which is hereby made a part hereof for all purposes.

That the successful bidder and his assigns must, during the life of said franchise or privilege, pay to the City and County of San Francisco 2 per cent of the gross annual receipts of the person, partnership or corporation, or assignee thereof, to whom the franchise

or privilege is awarded arising from its use, operation or possession. That said franchise or privilege shall not be assignable without the consent of the City and County of San Francisco.

That no percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

That in the event said payment is not made, said franchise or privilege shall be forfeited.

That the said franchise or privilege will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than 10 per cent above the highest sealed bid therefor, and said bid so made may be raised not less than 10 per cent by any other responsible bidder, and said bidding may so continue until finally said franchise or privilege shall be struck off, sold and awarded by the Board of Supervisors to the highest bidder therefor in gold coin of the United States.

That each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of the City and County of San Francisco, for the full amount of said bid, and no sealed bid shall be considered unless said cash or certified check is enclosed therewith and the successful bidder shall deposit at least 10 per cent of the amount of his bid with the Clerk of the Board of Supervisors before the franchise or privilege shall be struck off to him.

That if he shall fail to make such deposit immediately, then in that case his bid will not be received, and shall be considered as void, and the said franchise or privilege shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

That said procedure shall be had until the said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least 10 per cent of the amount of his bid therefor. The successful bidder shall deposit with the Clerk of the Board of Supervisors, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount thereof, and in case such bidder shall fail to do so, then the said deposit therefor made shall be forfeited, and the said award of such franchise or privilege shall be void, and the said franchise or privilege shall then and there, by the Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the Clerk of the Board of Supervisors the remaining 90 per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise or privilege shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise or privilege shall be had unless the same shall be readvertised and again offered for sale as provided by law.

That work leading to the exercise of this franchise or privilege shall be commenced in good faith within not more than four months from the granting of such franchise or privilege, and if not so commenced within said time said franchise or privilege shall be declared forfeited.

That the successful bidder for the franchise or privilege aforesaid struck off, sold and awarded shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder

shall well and truly observe, fulfill and perform each and every term and condition of such franchise or privilege, and that in the case of any breach of condition of such bond, the whole of said penal sum shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Board of Supervisors within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise or privilege shall, by the Board of Supervisors, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of such franchise or privilege shall be set aside, and any money paid therefor shall be forfeited, and said franchise or privilege shall, in the discretion of said Board of Supervisors, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore mentioned.

Bids.

Bids were received from the following:

1. San Francisco Disposal Company—Certified check for \$1,000 on First National Bank of Chicago.
2. J. H. Baxter & Co.—Certified check for \$100 on Wells Fargo Bank & Union Trust Company.
3. C. C. Moore & Co. (letter in re above)—No certified check.
4. Walter J. O'Brien and Frank O'Kane—Cash, \$1.
5. O. Torre and A. Faliano—Certified check for \$1,000 on Bank of Italy.
6. O. Torre and A. Faliano—Check for \$1,000 on American Trust Company.

Motion.

Supervisor McSheehy presented the following resolution and moved its adoption:

Accepting Offer of San Francisco Disposal Company.

Resolution No. ———— (New Series), as follows:

Whereas, on the 12th day of January, 1931, sealed bids for a garbage destruction franchise were opened; and

Whereas, seven bids were filed with this Board for such franchise, as follows:

No. 1—Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea.

No. 2—J. H. Baxter Company, a corporation, providing for dumping at sea.

No. 3—C. C. Moore Company, not indicating the manner of disposition.

No. 4—San Francisco Disposal Company, a corporation, providing for incineration.

No. 5—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 6—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 7—A. F. Martel, providing for incineration; and

Whereas, application No. 3, C. C. Moore & Co., was unaccompanied by cash or a certified check, and also did not indicate the manner of disposition; application No. 5, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.32 per ton; application No. 6, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.05 per ton; and application No. 7, A. F. Martel, was unaccompanied by cash or a certified check, and was based on incineration and disposition at the rate of \$1.25 per ton; and for the aforesaid reasons and others this Board has been advised by the City Attorney that said applications are illegal; and

Whereas, application No. 1, Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea, and application No. 2, J. H. Baxter & Co., a corporation, providing for dumping at sea, should not be accepted as a permanent means of disposal, because the people of San Francisco declared in favor of incineration; and

Whereas, the application of the San Francisco Disposal Company, a corporation, should be accepted; now, therefore, be it

Resolved, That the application of the San Francisco Disposal Company, a corporation, be and the same is hereby accepted, subject to the terms and conditions of a franchise ordinance to be hereafter enacted, and the City Attorney is hereby directed to prepare said franchise ordinance and submit same to this Board as soon as possible, and the question of the acceptance of said applications numbers 1 and 2, as a means of temporary disposal, is hereby continued four weeks.

Privilege of the Floor.

Mr. Harper, representing the San Francisco Disposal Company, and Milton Marks were heard on the subject-matter.

Amendments.

Supervisor Andriano moved as an amendment that the matter be referred to the City Engineer for report.

Supervisor Havenner moved as an amendment to the amendment that the City Attorney be requested to give formal opinion as to whether any other method of testing the law in the courts can be adopted by this Board other than the one which involves formal acceptance of bid in case law is upheld: also postponement of subject-matter until opinion of City Attorney is received.

Amendment to the amendment *carried*.

Supervisor Spaulding requested that Mr. Harper, of the San Francisco Disposal Company, furnish, on next Monday, telegrams or letters from various cities where his incinerator is installed, showing satisfactory operation.

Supervisor Canepa requested that the Clerk obtain quotations from the Southern Pacific Company for the hauling of ashes and residue from their incinerator.

Assistant City Attorney Dold was heard in explanation of bid and proposed court test of act under which franchise is to be granted.

So ordered.

Action Deferred.

Whereupon, the subject-matter was made a *Special Order of Business for 3 p. m. next Monday.*

Spur Track Permit.

Also, Bill No. 9418, Ordinance No. 8923 (New Series), as follows:

Granting permission, revocable at the will of the Board of Supervisors, to the Atchison, Topeka & Santa Fe Railroad Company to construct a spur track from the westerly side of Kearny street from approximately the northerly line of Bay street to a point 10 feet southerly from the northerly line of Francisco street and to relocate the existing spur on Kearny street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted the Atchison, Topeka & Santa Re Railroad Company to construct a spur track on the westerly side of Kearny street from approximately the northerly line of Bay street to a point 10 feet southerly from the northerly line of Francisco street, and to relocate the existing spur on Kearny street from a point northerly from Francisco street to a point approximately 75 feet southerly from Francisco street, and more particularly described as follows:

Description of center line of spur:

Commencing at a point in an existing track in the intersection of Bay and Kearny streets, 22.41 feet westerly from the eastern line of Kearny street and 8.21 feet southerly from the northern line of Bay street; thence southerly on the arc of a curve concave to the west, having a radius of 397.85 feet, a distance of 63.86 feet; thence southerly on the arc of a curve concave to the east, having a radius of 397.85 feet, a distance of 72.07 feet to a point which is 74.51 feet south of the south line of Bay street, and 35.41 feet west of the eastern line of Kearny street; thence southerly, parallel with said eastern line of Kearny street, a distance of 210.49 feet to a point 10.0 feet south of the northern line of Francisco street.

Description of relocated portion of track No. 2:

Commencing at a point in the center line of the existing track 8.21 feet southerly from the northern line of Bay street, and 22.41 feet westerly from the eastern line of Kearny street; thence southerly, parallel with said eastern line 370.98 feet to a point in the intersection of Francisco and Kearny streets 43.65 feet southerly from the northern line of Francisco street; thence southerly on the arc of a curve concave to the west, having a radius of 191.11 feet a distance of 32.22 feet; thence southerly tangent to said last described course a distance of 45.69 feet; thence southerly on the arc of a curve concave to the east, having a radius of 191.11 feet a distance of 32.22 feet to a point in the existing track 74.89 feet southerly from the southern line of Francisco street and 9.01 feet easterly from the western line of Kearny street.

Said permission is granted subject to the provision of Ordinance No. 69, New Series, of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be considered as a part hereof as completely as though the same were written into this ordinance. Provided that the rails to be laid be of a girder type and all services and installations, both corporation and municipal, are to be reconstructed as required, and the city pavement in Bay street and in Kearny street is to be restored, provided further on account of the existing brick sewer on the crossing of Bay street, same is to be reinforced with a concrete slab under the proposed tracks, and the existing manhole from crossing of Kearny and Bay streets is to remain in its present position. Provided further that

the location of the spur on the crossing of Bay street is to be left to the final approval of the City Engineer.

Recommending Immediate Payment of Adjusted Compensation Certificates to Veterans of the World War.

On recommendation of Public Welfare Committee.

Resolution No. 33858 (New Series), as follows:

Whereas, There are now pending in the Congress of the United States several bills which propose in various ways the immediate payment of the Adjusted Compensation Certificates issued as a bonus to service men after the World War; and

Whereas, The economic situation throughout the country would be materially benefited by placing in circulation the substantial sum of money necessary for the redemption of these certificates; and

Whereas, It seems to be the consensus of opinion among veterans that an immediate discharge of this obligation would be preferred by them, inasmuch as it would tend in no small measure to alleviate some of the financial pressure so acutely felt throughout the nation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize Congress, and does urge that a measure be adopted whereby those veterans who deem it prudent and expedient may avail themselves of the opportunity of procuring immediate payment of this bonus; and be it

Further resolved, That a copy of this resolution be forwarded to all of California's representatives in the United States Congress, as well as to President Hoover and Vice-President Curtis.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Public Utilities Committee to Consider Relief for Persons Unable to Pay Water, Gas and Electric Bills.

Supervisor Shannon presented:

Resolution No. ———— (New Series), as follows:

Whereas, reports are becoming quite common of people having their water, gas and electricity services shut off; and

Whereas, the condition of the times are of such a financial stringency as to cause much distress to those persons who, because of their inability to pay gas, water and/or electric service bills, are thus shut out of these services; therefore, be it

Resolved, That the Public Utilities Committee of the Board of Supervisors be and is hereby authorized to devise some ways and means whereby the distress caused by the shutting off of gas, water and/or electric services will be somewhat ameliorated and possibly relieved until the financial stringency has passed.

Referred to Public Utilities Committee.

Resolution of Condolence, John Joseph Boyle.

Supervisor McSheehy presented:

Resolution No. 33856 (New Series), as follows:

Whereas, John Joseph Boyle has passed on to his final reward; and

Whereas, for many years, until retired by age limitation, he served the City and County of San Francisco as Chief Deputy Auditor, fulfilling the duties of his position in a manner which reflected great credit upon his department, and by his kind and courteous demeanor earning for himself in the hearts of his associates and of the public a place which will not soon be filled; and

Whereas, in leaving, he left the world a brighter and better place for his having been, and in his passing it suffered an irreparable loss; now, therefore, be it

Resolved, That this Board hereby expresses to his family its deep and sincere sympathy in this their bereavement; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this Board and that another copy be sent to the family of the late John Joseph Boyle, and that this Board adjourn, when it does adjourn today, out of respect to the memory of John Joseph Boyle.

Redwood Empire Highway Association Survey Endorsed.

Supervisor Gallagher presented:

Resolution No. 33857 (New Series), as follows:

Whereas, the Redwood Empire Association has made a name for

itself by its splendid advertisement of the beauties of the California Redwood District, and has helped very materially to develop boulevards of the finest type through that country; and

Whereas, it is the intention of the Redwood Empire Association to continue the excellent work hitherto done, and has already, through its Nine Counties Highways Field Survey and Study Committee, made an inspection tour of the major portions of the Empire system of highways; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby indorse the survey made by the Redwood Empire Association, and that the resolution submitted by the association for adoption be and is hereby officially approved.

Adopted by the following vote:

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Resolution.

Whereas, our Nine Counties Highways Field Survey and Study Committee of our Redwood Empire Association—the official highways committee for this and neighboring north bay Redwood Empire Counties—composed of one official committeeman appointed by each county Board of Supervisors in the Redwood Empire, has just completed an inspection tour of major portions of the Redwood Empire system of highways, to determine first-hand present road conditions, traffic requirements, also economic need for improving certain of these highways; and

Whereas, this official committee has conferred with the city and county officials, chambers of commerce, the press, and other organized groups and individuals in the various north bay counties, by means of a series of county-wide sessions during the above trip, during which the needs of various communities and districts were set forth from the standpoint of market roads, commercial highways and tourist arterials; and

Whereas, as the result of this trip the various cities and counties of the Redwood Empire are of one accord in support of the final program of recommendations in the matter of highway improvements; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting this 26th day of January, 1931, does hereby officially authorize our Nine Counties Highways Field Survey and Study Committee of our Redwood Empire Association (the San Francisco County committeeman being Supervisor Andrew J. Gallagher) to present, on behalf of this and other Redwood Empire counties, recommendations for improvements to the Redwood Empire system of highways to the following: Hon. James Rolph, Jr., Governor of California; State Department of Public Works, California Highway Commission, State Highway Engineers of California and Oregon, Oregon Highway Commission, Dr. L. I. Hewes, Deputy Chief Engineer, United States Bureau of Public Roads; United States Forestry Service, Division of Roads and Trails; Highway Committee of California State Senate, Highways Committee of California State Assembly.

Further Resolved, That duly signed and certified copies of this resolution be directed to each of the above named for their information and guidance in receiving and considering the official recommendations from the north bay Redwood Empire counties clearing our Redwood Empire Association, which recommendations have been concurred in and approved by the counties within the Empire; also that certified copies be forwarded to the Redwood Empire Association, 85 Post street, San Francisco, and to the field survey committeeman duly appointed by this Board of Supervisors.

The foregoing resolution was carried by _____ vote by the

Board of Supervisors in regular session assembled this _____ day of _____, 1931, and

So ordered.

Chairman Board of Supervisors, City and County of San Francisco.

The above and foregoing is a full, true and correct copy of a resolution adopted by the Board this _____ day of _____, 1931.

County Clerk.

Proposed Charter Amendment, Consolidation With San Mateo County.

Supervisor Hayden presented:

Charter Amendment No. _____, describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said city and county by adding a new article thereto to be known as Article 19 thereof, providing for the government of the territory in San Mateo County in the event of its consolidation with the City and County of San Francisco.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at the special election to be held on the 26th day of March, 1931, a proposal to amend the Charter as follows:

That said Charter be amended by the addition thereto of a new article to be known as Article 19 thereof, to read as follows:

ARTICLE XIX.

Consolidation of San Mateo County.

Other Provisions of the Charter Superseded.

Section 1. In event that all or any part of the area of the County of San Mateo shall be consolidated with the city and county in accordance with law and the constitution of the State, the provisions of Article XIX of this Charter shall become effective on the effective date of such consolidation and all other provisions of this Charter in conflict with the provisions of said article shall be thereupon and thereby superseded.

Definitions.

Section 2. The following terms as used in Article XIX, to-wit, "city and county," "county," "city," "governmental agency," "consolidate," and "consolidation," unless the context clearly indicates otherwise, shall have the same meanings as in that certain act of the legislature of the State of California known as the San Francisco-San Mateo Consolidation Act of 1929, approved June 11, 1929. The term "voter" as used in said article means a qualified and registered elector of the city, county, city and county, borough, or other territory concerned.

Continuation of Offices, Officers, Employees and Services.

Section 3. Upon the consolidation of the county as a whole, the offices of Assessor, Auditor, Coroner, County Clerk, District Attorney, Recorder, Sheriff, Tax Collector, and Treasurer of said county shall become branch offices of the corresponding respective offices of the city and county, and the incumbents thereof shall become deputies in the said respective offices of the city and county and shall continue as such to the end of the terms for which they were respectively elected or appointed.

The offices, departments, boards, and commissions of the city and county shall establish such branch offices in the territory consolidated as shall be necessary or convenient and as directed by the Board of Supervisors, but with no less amount of service in the said territory than shall have been provided by the county, or any city, or govern-

mental agency of the county just prior to the time consolidation shall become effective.

Any full-time incumbent appointive officer or employee of the county, or any city, or governmental agency of the county, who shall have held such office or employment continuously for one year next prior to consolidation and whose duties shall be assumed by the city and county, shall become an employee of the office, department, board, or commission of the city and county assuming said duties and he shall as such employee thereafter be subject, without examination, to the civil service provisions of this Charter, if any, applying to said employment.

Retirement Rights.

Section 4. Any policeman or fireman of the county, or any city, or governmental agency of the county, who shall become an employee of the police or fire department of the city and county, and who may participate in any pension or retirement system of the city and county, shall receive credit for his prior continuous full-time service to said county, city, or governmental agency.

Municipal Court.

Section 5. All cases pending in any justices' court, police court or court of any Recorder or other judicial municipal magistrate or office of the county, or any city, or governmental agency of the county consolidated with the city and county shall ipso facto be deemed to be and be transferred to the municipal court of the city and county. Such municipal court shall hold regular sessions in such borough or boroughs as the Board of Supervisors may, by ordinance, direct, and at least one such borough shall be so designated.

Recording.

Section 6. Any instrument or judgment affecting the title to or the possession of real property situated in the territory of the county which may be consolidated with city and county must be recorded in the branch office of the Recorder of the city and county located in the territory so consolidated and all records in said branch office shall for all purposes be deemed records in the office of the Recorder of the city and county.

Establishment of Boroughs.

Section 7. Any territory included in the area that has become a part of the city and county by consolidation and which at that time is not already within a borough may be organized into a borough in the manner hereinafter set forth, provided such territory contain at least 3000 population, as determined by ordinance of the Board of Supervisors. Any incorporated city included in the area that has become a part of the city and county by consolidation, which was such a city on or prior to January 1, 1931, shall automatically become a borough when consolidation becomes effective.

New Boroughs, Consolidation, Change in Boundaries, and Disestablishment of Boroughs.

Section 8. Any new borough may be established, any two or more boroughs may be consolidated, the boundaries of any borough may be enlarged or diminished, or a borough may be disestablished, provided a majority of the voters of the borough, or boroughs, and/or of the territory concerned, voting on such a proposition at an election called for the purpose, shall first have voted in favor thereof; provided, further, that no borough shall be disestablished nor the boundaries of a borough diminished, unless the same be approved by the Board of Supervisors by ordinance, or a majority of the voters of the city and county voting thereon at an election called for the purpose, shall first have voted in favor thereof. Such elections shall be called by the Board

of Supervisors upon receiving the report of the borough commission hereinafter provided for, and at any time thereafter upon receiving a petition of at least twenty-five per cent of the voters of the borough or boroughs and/or the territory concerned. If any petition of voters requests the establishment of a new borough or any change in the boundaries of an existing borough, the Supervisors, before calling an election thereunder, must set the petition for public hearing and give notice thereof by publication at least once a week for two weeks in a newspaper published in the city and county. Upon such hearing, the Board of Supervisors shall have power to change and determine the boundaries as set forth in any such petition. No new borough shall be established, nor shall two or more boroughs be consolidated, nor shall the boundaries of a borough be enlarged or diminished, nor shall a borough be disestablished, unless a majority of the voters of the borough, or boroughs, and/or the territory concerned, voting on such a proposition, shall first have voted in favor thereof.

Within thirty days after consolidation is effective, every Borough Council must appoint one member to a commission to be known as the Borough Commission. The Commission shall be charged with the duty of studying the boundaries of all boroughs within the city and county and of making recommendations to the Board of Supervisors concerning consolidation, disestablishment, or any change in boundaries of any borough or boroughs. This report shall be submitted to the Board of Supervisors within two years from the time consolidation shall become effective. Upon receiving the report of the Commission, the Board of Supervisors shall without delay call an election or elections and submit appropriate propositions in accord with the recommendations of the Commission to a vote of the voters of the territory concerned.

Upon the consolidation of two or more boroughs, all property thereof shall belong to the consolidated borough and such borough shall become responsible for all the debts and obligations of the boroughs consolidated. Upon a change of boundaries or disestablishment of a borough, the Board of Supervisors shall provide for the equitable adjustment and payment of any borough debts.

The Board of Supervisors, by ordinance, shall provide for the method and manner of calling and holding elections provided for in this section and for the canvassing of the returns thereof.

Borough Powers.

Section 9. Every borough shall have and may exercise, subject to the provisions of this Charter, the following powers and duties which shall be exclusive within borough limits except as otherwise provided herein:

(1) To create districts for the purpose of regulating the location, height, area, bulk, and use of buildings, lands and premises, and to exercise zoning and planning powers.

(2) To maintain public libraries and reading rooms.

(3) To maintain parks, playgrounds and other recreational facilities, and to construct and maintain buildings and works appurtenant thereto, except parks, playgrounds and recreational facilities maintained by the city and county.

(4) To construct, improve, and maintain streets and the bridges, sidewalks, street signs, lighting fixtures and all other appurtenances incident thereto; except highways maintained by the State or any joint highway district and any highway or street which the Board of Supervisors shall declare to be a major highway to be maintained by the city and county.

(5) To construct and maintain local sewers, sewage disposal plants, storm drains, and outfalls.

(6) To collect garbage and other wastes and to dispose of the same within or without borough limits or provide therefor, except as the

Board of Supervisors shall otherwise provide for such disposal. Permission to dispose of garbage and other wastes outside of borough limits shall be first obtained from the city and county or the borough having jurisdiction of the territory in which such disposal is made.

(7) To erect, maintain and repair public buildings, and improve and maintain public property within borough limits devoted exclusively to borough uses; provided the borough shall maintain at least one public building, which the Borough Council shall select and in which the Council shall meet.

(8) To have and exercise the same power within limits of the borough to open, widen, narrow, or close public streets and highways, and to establish the grades thereof, as is possessed by the city and county, except no borough shall close or narrow any highway maintained by the city and county without the approval of the Board of Supervisors.

(9) To exercise the powers of eminent domain whenever necessary to acquire property and easements for streets, highways, or other public purposes.

(10) To issue permits for any privilege in or on any street within the jurisdiction of the borough, and to make regulations with regard to advertising by signs, billboards, banners, placards, posters, or pictures on any street, sidewalk, or private property, or upon any buildings, poles, or fences thereof, except within two hundred feet of any street or highway not under its jurisdiction.

(11) To issue permits for spur tracks.

(12) To establish fire limits for the regulation of building and construction of buildings.

(13) To license for purposes of regulation only such occupations as shall require regulation in the interests of public peace, health, safety, or welfare, and to prescribe the terms and conditions under which such licenses shall issue.

(14) To declare what shall constitute a nuisance and to provide for the summary abatement of the same at the expense of the person or persons creating, causing, committing or maintaining such nuisance, by suit or otherwise.

(15) To enact local police ordinances, not inconsistent with the laws of the State or ordinances of the city and county, and to make rules and regulations for the exercise of any power conferred herein on boroughs and to provide penalties for the violation thereof, provided such penalties shall not exceed the penalty limits applicable by law or under this Charter to city and county ordinances; such local police ordinances to have all the force and effect within the limits of the borough of an ordinance of the city and county and as though passed and adopted by the Board of Supervisors.

(16) To create and define the powers and duties of all borough offices and employments, not established by this Charter, necessary for the purpose of carrying out the provisions of this Charter and executing the powers and duties of a borough; and to fix the compensation of all officers and employees of the borough not fixed by this Charter.

(17) To call and hold borough elections whenever necessary.

(18) To levy borough taxes.

(19) To prepare and adopt an annual budget of estimated borough expenditures and to exercise control of all borough funds.

(20) To incur indebtedness for the purpose of carrying out any of the powers conferred on the borough.

(21) To create special districts for the purpose of defraying the cost of any public improvement which the borough is authorized to make, and to levy special assessments upon property materially benefited by such public improvement, and to issue bonds to represent or be secured by such assessments.

(22) To contract for such supplies, services or labor, and to enter into such contracts as may be necessary.

(23) To employ a qualified person or persons to make an independent

audit of borough funds and financial transactions of all kinds as the Borough Council may direct. If an audit is not made by the city and county, then the Council shall provide for such an audit at least once in every two years.

(24) To accept devises, bequests, legacies, donations or services to or for the use of the borough and to administer the same in accordance with the conditions thereof.

(25) To issue subpoenas for the attendance of witnesses or the production of books or documents for the purpose of producing evidence or testimony in any matter pending before the Borough Council.

(26) To employ legal counsel.

(27) To change the name of the borough, by ordinance, provided the ordinance making such change in name shall first be approved by a majority of the voters of the borough voting thereon.

(28) To provide, by ordinance, for civil service for borough employees under such conditions as are hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(29) To provide, by ordinance, for a system of retirement allowances for old age and disability and death benefits to dependents, applicable to officers and employees of the borough under conditions hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(30) To appropriate borough funds for supplementing any city and county service or function within the borough; such appropriations to be expended through the appropriate departments of the city and county.

(31) To enter into an agreement with any other borough or boroughs for the joint undertaking of any power conferred on a borough herein.

(32) To have and exercise all appropriate municipal powers which may be necessary or proper to the exercise of the foregoing powers or to the discharge of the foregoing duties, and which are not inconsistent with the other provisions of this Charter.

Transfer of Borough Powers.

Section 10. Any power over which a borough shall have exclusive jurisdiction within its limits, as herein provided, may be transferred to the city and county by a borough by ordinance of the Council thereof, but not unless a majority of the voters of the borough, voting on the question of the transfer of such power, shall first have voted in favor thereof; provided, that no such power shall be transferred to the city and county unless such transfer is also approved by ordinance of the Board of Supervisors.

Borough Elective Officers and Terms.

Section 11. The voters of a borough shall elect five members of the Borough Council, except as otherwise provided; and also a Borough Controller, unless a borough shall, by ordinance of the Council approved by a majority of the voters thereof voting on such ordinance, vest the powers of Borough Controller in a Borough Manager. Except as otherwise provided, borough elective officers shall be elected to serve for terms of four years and until their successors are elected and qualify.

Within fifteen days after the establishment of a new borough created upon petition as herein provided, the Mayor of the city and county shall appoint five qualified residents of the borough as members of the Council to serve until their successors are elected and qualify. At the next succeeding general borough election, the voters thereof shall elect three members of the Council to serve for terms of two years, and two members to serve for terms of four years, beginning at twelve o'clock noon on the eighth day of January following the date of their election.

The Council of a borough which by consolidation is automatically established, shall consist of the same number of members as shall compose the Council of the city at the time consolidation becomes effective. The City Councilmen in office at the time of such consolidation shall continue in office as Borough Councilmen until the end of the terms for which they were respectively elected, and thereafter until twelve o'clock noon on the eighth day of January of the first succeeding even-numbered year. At the general borough election immediately preceding the expiration of the terms of any such members of a Borough Council, the voters of the borough shall elect their successors to serve for terms of four years. At every borough general election the successors to those elective borough officers whose terms are next expiring shall be elected to serve for terms of four years.

At the first meeting of the Council of a borough, it shall appoint a Borough Controller to serve until his successor is elected and qualifies. At the next succeeding general borough election, the borough voters shall elect a Borough Controller to serve for a term of four years, beginning at twelve o'clock noon on the eighth day of January following the date of his election; provided, however, that if a majority of the members of the Borough Council are elected at the same time, the Borough Controller shall be elected to serve for a two-year term, and thereafter his term shall be for four years.

A candidate for any elective borough office shall have been an elector of the borough, or of the area comprising the same, for a period of at least five years prior to the date of election at which he is a candidate. No person who shall hold an elective or appointive office of the city and county shall hold any elective borough office.

A Borough Council may fill any vacancy in an elective office of a borough for the unexpired term thereof.

Duties, Meetings, and Compensation of Borough Councilmen.

Section 12. The Council shall constitute the legislative body of the borough and, except as otherwise provided, shall exercise the powers thereof.

The Council shall provide by ordinance for the time and place of holding its meetings and the manner in which its special meetings may be called, provided, however, that there shall be at least two regular meetings in each month. The first meeting shall be held within thirty days after its establishment at the time and place upon which a majority of the Council shall in writing agree. All legislative sessions of the Council, whether regular or special, shall be open to the public. A majority of all members of the Council shall constitute a quorum for the transaction of business. All borough records shall be open to the public.

No member of the Council shall receive compensation for his services unless an ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon; provided, however, that Councilmen of a borough automatically established shall continue to receive the same compensation as provided for Councilmen by the city which it succeeds at the time consolidation becomes effective, until the borough provides otherwise by ordinance approved by a majority vote of the vote cast thereon.

The Council shall by ordinance determine what bonds, if any, are to be given by the elective and appointive officers of the borough, and shall fix their amounts and form, and such bonds shall be approved in the case of a Borough Controller by the Council and in the case of all other officers by the Borough Controller, and the premiums thereon shall be paid by the borough.

Borough President.

Section 13. The Council shall choose one of its own number as President to serve at its pleasure. The President shall be the executive head

of the borough upon whom process issued by authority of law shall be served. In the name and on behalf of the borough he shall sign all legal instruments and documents to which the borough is a party except where otherwise provided herein or by ordinance. He shall have such other powers and perform such other duties as may be prescribed by law, or by ordinance or resolution of the Council.

Borough Controller.

Section 14. The Borough Controller shall have, in addition to such duties as are prescribed by this Charter, such other duties as may be prescribed by borough ordinance. No borough funds shall be drawn from the treasury of the city and county except by warrant issued or countersigned by him, and he shall countersign no such warrant unless the claim is a legal obligation of the borough. He shall keep in his office sufficient and proper records and accounts of the financial transactions of the borough. Such records and accounts shall be kept in the forms and manner as prescribed by ordinance of the Board of Supervisors. He shall have access at all times for himself, or for any person designated by him, to books, records and cash in any office of the city and county and/or of the borough in which accounts are kept or money handled on behalf of the borough. He shall have power to inquire into all contracts, including the performance thereof, and into all proceedings involving the expenditure of public funds to which the borough is a party, and into the financial transactions of all officers and employees of the borough. For this purpose he may administer oaths, summon witnesses and order the production of relevant books and papers. If any person fails to obey such summons or order or refuses to answer any proper question, the Borough Controller may petition a court of competent jurisdiction for an order directing such person to comply with said summons or order or to answer such questions. He shall have power to employ such expert accountants or other agents as he may deem necessary to carry out his powers, and the Borough Council shall appropriate such funds as may be needed for this purpose.

Borough Clerk.

Section 15. When consolidation becomes effective, the Clerk of any city which is automatically established as a borough shall continue in office as Borough Clerk thereof until the expiration of the term for which he may be elected or appointed, and thereafter the Council shall appoint a Borough Clerk who shall act as Clerk of the Council. He shall have power to administer oaths and affirmations, to take affidavits, and to certify the same. He shall have such other powers and perform such other duties as may be provided by this Charter, or by ordinance, or order of the Council.

Borough Planning Commission.

Section 16. The Council may provide, by ordinance, for a Borough Planning Commission of five members. The ordinance shall provide for the qualifications, manner of appointment, terms, and compensation of the members of such Commission, but no compensation shall be paid any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon. Said ordinance shall provide that the Borough Planning Commission shall have and exercise within the borough such powers and duties as shall correspond to, so far as possible, the powers and duties of the Planning Commission of the city and county.

Until a Borough Planning Commission is provided, the Council shall have and exercise within the borough such powers and duties of a Planning Commission as the Council, by ordinance, may provide.

The Borough Planning Commission, or the Council, as the case may be, shall have such advisory powers relating to any planning matter of the city and county affecting any property, streets, public work or

public improvement of or within the borough, as may be provided by ordinance of the Board of Supervisors.

The Borough Planning Commission, or the Council, as the case may be, shall have power to recommend changes in or the repeal of any city ordinance establishing zones for the uses of property within the borough which may be continued in effect upon consolidation. In the determination of which class of occupation zones the property within a borough may be divided, or in the modification of any city zoning ordinance continued in effect, the Borough Planning Commission, or the Council, as the case may be, shall accept the classification of occupation zones which the Board of Supervisors, by ordinance, shall establish for the city and county.

Borough Library Board.

Section 17. The Council may provide, by ordinance, for a Borough Library Board of five members. The ordinance shall provide for the qualifications, manner of appointment, terms and compensation of the members of such board, but no compensation shall be paid to any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon.

The Borough Library Board shall have control and management of the borough library and the funds provided for same and shall have power to make such rules and regulations as necessary for the conduct of its affairs, but the Treasurer of the city and county shall have custody of such funds.

Borough Manager.

Section 18. The Council may appoint a Borough Manager, provided, however, that no Borough Manager shall be appointed unless an ordinance creating such office shall first have been approved by a majority of the borough voters voting thereon, and which ordinance, when so approved, shall not be amended or repealed except by ordinance also approved by a majority of the borough voters voting thereon. The City Manager of a city automatically established as a borough shall continue to hold such office as Borough Manager until removed by the Council and the Council may appoint his successor.

The Borough Manager shall be chosen by the Council without regard to political consideration and solely with reference to his executive and administrative qualifications. Residence within the borough shall not be a qualification for his appointment; but promptly thereafter during his term of office, he shall become and shall remain an actual resident of the borough.

The powers and duties of the Borough Manager shall be as follows:

- (a) To act as administrative head of the borough government.
- (b) To see that all borough ordinances are enforced.
- (c) To appoint, remove, and have control of all subordinates and employees, except as otherwise provided by this Charter or by ordinance of the borough.
- (d) To see that all permits and privileges granted by the borough are observed and to report any violations thereof to the Council.
- (e) To attend meetings of the Council.
- (f) To advise the Council on the needs of the borough.
- (g) To devote his entire time to the interests of the borough.
- (h) To have general supervision of borough parks and playgrounds.
- (i) To appoint such borough advisory boards as he may deem desirable to advise and assist him in his work; provided such boards shall not receive any compensation.
- (j) To prepare the annual borough budget, as herein provided.
- (k) From time to time, in order to facilitate the prompt, economical and efficient dispatch of borough business, to assign assistants, deputies or employees from any office or department of the borough government

to perform work or service in any other office or department thereof, or to work in more than one of said offices or departments.

(1) To possess such additional powers and duties as may be provided in this Charter or by ordinance.

The Borough Manager shall have the right to take part in the discussion of all matters coming before the Council, but shall have no vote therein.

In case of the absence or disability of the Borough Manager, the Council may designate some qualified person to perform the duties of the office temporarily.

No member of the Council shall in any manner, directly or indirectly, by suggestion or otherwise, attempt to influence or coerce the Borough Manager in making of any appointment or the purchase of supplies, or attempt to exact any promise relative to any appointment from any candidate for Borough Manager, or discuss, directly or indirectly, with any such candidate, the matter of appointments to borough offices or employments. Any violation of the foregoing provisions of this section shall constitute a misdemeanor and shall work a forfeiture of the office of the offending member of the Council, who may be removed therefrom by the Council or by any court of competent jurisdiction.

No persons related to a Borough Manager by blood or by marriage shall be eligible for borough employment.

A Borough Manager may, by written agreement of the Councils of the boroughs interested, act as joint manager for two or more boroughs, in which case he shall become a resident of one of the boroughs so interested and shall devote his entire time to the interests of such boroughs.

Borough Legislation.

Section 19. The Council shall act in legislative matters by ordinance only. Other action of the Council, unless otherwise provided, may be taken by resolution, motion or order. No ordinance or resolution or order for the expenditure of money shall be passed without receiving the affirmative votes of a majority of all members of the Council.

The enacting clause of all borough ordinances shall be as follows: "The people of the Borough of ——— (inserting the name of the borough) of the City and County of San Francisco do ordain as follows." No ordinance shall be passed by the Council on the day of its introduction, nor within five days thereafter, nor at any time other than a regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the President and attested by the Borough Clerk and shall be published at least once in some newspaper of general circulation established, printed and published in the borough, and if there be no such newspaper they shall be posted in at least three public places in the borough before becoming effective.

Every ordinance passed by a Council shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance and as otherwise provided herein. Ordinances declared by the Council to be necessary as emergency measures for the immediate preservation of public peace, health, safety, or welfare, containing a statement of the reasons for their urgency, and ordinances ordering or otherwise relating to elections, and ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments, may go into effect at the will of the Council.

Borough Fiscal Procedure.

Section 20. Within the time limits fixed by this Charter for the preparation and adoption of the budget of the city and county, every borough shall cause to be prepared and shall adopt a borough budget which shall be a complete statement of the estimate of the revenues

and expenditures of the borough departments for the ensuing year. Such budget shall be prepared substantially in the same manner and in such detail as required for the budget of the city and county so far as the same may be applicable. Upon the adoption of the budget, it shall take effect at the same time and shall be binding upon the borough in substantially the same degree and in the same manner as the city and county budget shall be effective and binding upon the city and county.

The fiscal year of a borough shall be the same as for the city and county.

Within the time limits fixed by law or by this Charter for the city and county, the Council may levy a borough tax sufficient to raise the amount estimated to be required in the annual budget as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue; but such levy, exclusive of the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the borough, and exclusive of special assessment and district taxes and of the library tax, shall not exceed the rate of one dollar on each one hundred dollars of the assessed valuation of the taxable property within the borough. Should the Council fail to fix the tax rate within the time prescribed, then the borough tax rate of the previous year shall constitute the rate of the current year. The Council, by ordinance, may provide for a higher tax limit, but such tax limit shall not be effective unless the ordinance fixing such tax limit shall first have been approved by a majority of the borough voters voting thereon.

All borough taxes levied, together with interest thereon and any percentage imposed for delinquency and the cost of collection, which shall be those prescribed in this Charter for the city and county, shall constitute liens on the property assessed, which taxes, interest, penalties and charges shall be collected in the same manner as is provided for the collection of city and county taxes, and which liens may be foreclosed upon in the same manner as is provided for the foreclosure of liens for city and county taxes.

All borough taxes shall be levied on the valuation of the taxable property within the borough as shall be fixed by the Assessor of the city and county for city and county tax purposes.

There shall be a borough fund for each borough. All borough taxes shall be collected by the Tax Collector of the city and county and shall be paid into the city and county treasury to the credit of the borough concerned, together with all revenues of a borough received from fines, licenses, and other sources of revenue, except as otherwise provided. Money shall be payable from a borough fund only on warrants drawn with the approval of the Council by such borough officer as the Council may authorize, and when countersigned by the Borough Controller.

The manner and time within which deposits of borough moneys received from taxes, licenses, fees, fines, penalties, forfeitures, and all moneys accruing to a borough from any source shall be made, the transfer and disposition of all surplus funds, and the manner in which borough accounts shall be kept, shall be provided for by ordinance of the Board of Supervisors, and shall be uniform for all boroughs.

The Council shall not create, audit, or permit to accrue, any debt or liability in excess of the available money in the borough fund of the borough that may be legally apportioned and appropriated for such purpose; provided that taxes levied though uncollected are deemed available income and revenue for the year for which levied; and provided, that any borough, during the first year of its existence, may incur such indebtedness or liability as may be necessary, not exceeding in all the income and revenue provided for it in such year, nor shall any warrant be drawn, or evidence of indebtedness be issued, unless there be at the time sufficient money in the borough fund legally applicable to the payment of the same, except as hereinafter provided. When any order or demand is presented to the Borough Controller for

approval and such order or demand is a proper and legal order or demand and the amount of said order or demand does not exceed the amount of the unexpended and not otherwise appropriated moneys remaining in the fund out of which said order is payable but where there are not actual moneys on hand in said fund for the payment of said order or demand, the Borough Controller must indorse thereon the words, "not approved for want of funds," with the date of presentation and shall, in attestation thereof, affix his signature thereto; and shall number such indorsement and shall register said order or demand in the records of his office and shall thereupon deliver said order or demand to the claimant, or his order. From that time, such order or demand shall bear interest at the rate of six per cent per annum. Such orders or demands, so registered as herein provided, shall be paid in the order in which the same are registered.

All license taxes collected by the city and county within the limits of any borough shall be credited to the borough fund of such borough by the Treasurer of the city and county.

Borough Tax Subventions.

Section 21. The Board of Supervisors shall provide by ordinance for a system of subventions from tax funds of the city and county to boroughs which expend funds for the maintenance of streets, sewers, libraries, parks, or playgrounds during any fiscal year; provided that in no event shall the subvention to any borough either exceed the aggregate amount which such borough shall appropriate out of borough funds in said fiscal year for said purposes, or exceed the amount which the city and county shall raise in said fiscal year by city and county taxes levied and assessed for like purposes against taxable property within such borough. Such system of subventions may be modified from time to time by the Board of Supervisors by ordinance, but all ordinances so providing shall apply generally to all boroughs.

Borough Bonded Indebtedness.

Section 22. A borough may incur an indebtedness, exceeding in any year the income and revenue provided for such year, for the purposes of paying the cost of any borough improvement or acquisition within the power of the borough to make or acquire and may issue and sell borough bonds for such purposes, provided said indebtedness and bonds are authorized as herein provided by ordinance or resolution of the borough pledging the faith and credit of the borough therefor. Such ordinance or resolution shall be adopted and the proposition for the issue and sale of such bonds shall be submitted to a vote of the voters of the borough in substantially the same form and manner and according to the same procedure as is provided in this Charter for the issue and sale of bonds by the city and county, or in the manner and form and according to the procedure provided in any general law of the State of California in force at the time governing the issue and sale of bonds by municipalities, so far as the same may be applicable.

No such debt shall be incurred and no such bonds shall be issued by any borough without the assent of two-thirds of the voters thereof voting thereon at an election to be held for that purpose, nor unless before or at the time of incurring said debt or issuing said bonds provision shall be made for the collection of an annual tax sufficient to pay the interest on such debt or bonds as it falls due and provision shall also be made to constitute a sinking fund for the payment of the principal thereof on or before maturity.

In no case shall borough bonds be issued for a term which shall exceed the estimated life of the work or improvement for the payment of which they are issued as certified by the Council in the ordinance calling the bond election, nor for a term to exceed forty years.

No bond shall be issued on the faith and credit of the borough which will increase the bonded indebtedness thereof beyond five per cent of

the assessed valuation of the property within the borough subject to direct taxation as shown by the last preceding assessed valuation.

The proceeds from the sale of borough bonds shall be applied exclusively to the purposes and objects to which the voters of the borough have assented, until such purposes and objects have been accomplished, after which the surplus, if any, may be transferred to the bond interest or redemption fund of the borough.

Borough bonds shall not constitute or be a debt or general obligation of the city and county.

Borough Special Assessments.

Section 23. In the exercise of its power to provide for the payment of the cost of any public improvement in whole or in part by special assessment levied against the property benefited thereby, a borough acting through its Council may establish local improvement districts and levy and collect special assessments and reassessments to pay the costs and expenses of such improvements, which expenses shall be made and assessments levied and collected in conformity with the procedure set forth in this Charter for the city and county, or with the procedure set forth in any ordinance passed or adopted thereunder, or with the procedure set forth in any one or more of the general laws of the State of California in force at the time of the improvement relating to the doing of public work or the making of public improvements in municipalities or in counties, so far as the same may be applicable. The Council may provide in accordance with the procedure set forth in said Charter or said ordinance or general law or laws for the issuance, sale, payment and redemption of interest bearing bonds to represent or to be secured by such assessments or any reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide that such assessments or reassessments may be paid in installments and be collected in the same manner in which city and county taxes are collected or otherwise, and for the sale of lands burdened by such assessments or reassessments and for the purchase of same on behalf of the borough in event of nonpayment, and may provide other or alternative methods for such collection by foreclosure or otherwise. Such work or improvements are any permitted to be done by boroughs under this Charter or by the city and county or by any such procedure, ordinance or general law.

Nothing contained herein shall prevent the Board of Supervisors from establishing similar local improvement districts where the same shall cover territory in two or more boroughs or parts thereof, or cover territory lying partly within and partly without a borough, or from levying and collecting special assessments and reassessments to pay the cost and expenses of such local public improvements.

Borough Contracts and Official Advertising.

Section 24. In the preparation of estimates, calling for bids, advertising, and awarding of contracts for supplies, materials, labor, official advertising, or for any public work, a borough shall be subject to the provisions of any ordinance as the Board of Supervisors shall provide to be applicable uniformly to all boroughs. Such ordinance shall follow as closely as practicable the provisions of this Charter relating to such matters applicable to the city and county and shall charge borough officers with appropriate duties in the premises.

Contracts for the official advertising of a borough shall be let as this Charter provides for the letting of contracts for official advertising of the city and county, provided that any such contract shall be let to a daily or weekly newspaper of general circulation established, printed, and published in the borough, if any such there be. If there be no such newspaper, then such contract shall be let to a daily or weekly newspaper of general circulation established, printed and published in the city and county.

Any newspaper of general circulation which for one year next prior to consolidation was established, printed and published in the territory consolidated with the city and county shall thereafter be deemed to have been so established, printed and published as a newspaper of general circulation for said period of one year within said city and county for all purposes of official publication or advertising.

The advertising of the delinquent borough tax list of the property within a borough shall be let by the Board of Supervisors to the lowest responsible bidder for publication in a newspaper of general circulation established, printed, and published within such borough, if any such there be, and otherwise in such a newspaper established, printed and published in the city and county and such delinquent tax list shall be published in such newspaper at least once.

Interest in Borough Contracts.

Section 25. No officer or employee of a borough shall be or become directly or indirectly interested in any contract of such borough. Any such officer or employee violating the provisions of this section shall forfeit his office or employment and be disqualified from being elected, appointed or employed in the service of such borough, or the city and county, or any other borough thereof, and such contract shall be void.

Borough Civil Service.

Section 26. Whenever the voters of a borough shall approve an ordinance of the Council providing for Civil Service for officers and employees of the borough, the Council shall enter into an agreement with the Civil Service Commission of the city and county for the administration of the Civil Service system of the borough, and it shall provide in the borough budget for the payment to the city and county of the costs of such services.

In any such ordinance it shall be provided that all borough officers and employees, not otherwise exempt as herein provided, shall be subject to the Civil Service provisions of this Charter as far as they may be consistently applicable to such officers and employees. Such ordinance shall further provide that there shall be no exemption of any borough officers or employees from the borough Civil Service system except in the case of elective borough officers, appointees to any borough board or commission not required to give full-time service, and the Borough Manager, if any. Such ordinance may also provide that any borough officer or employee, who shall be subject to the borough Civil Service system and who has been continuously employed full-time for one year prior thereto by the borough or by the city automatically established as such borough, shall without examination be deemed appointed within the Civil Service provisions of this Charter to the position to which he may be assigned and entitled to all the benefits of said Civil Service provisions thereafter.

Borough Pensions.

Section 27. Whenever the voters of a borough shall approve an ordinance of the Council providing for retirement allowances and death benefits applicable to officers and employees of the borough, the Council shall enter into an agreement with the Board of Administration of the employees' retirement system of the city and county for the administration of the borough retirement allowances and death benefits, and for contributions by the borough and the borough officers and employees to the employees' retirement system of the city and county in like manner as is provided for such administration and contributions by the city and county and city and county officers and employees.

The right of borough officers and employees to participate in such a retirement system, the manner in which they may participate, and the benefits they may enjoy, shall be those provided by the employees' retirement system for officers and employees of the city and county.

In any such ordinance it may be provided that any officer or employee participating in its benefits shall receive credit for his prior continuous full-time service to the borough and/or to the city automatically established as such borough, and all liabilities accruing under such system because of such prior service shall be met by the borough.

Borough Elections.

Section 28. The primary and general elections of a borough shall be held at the time provided in this Charter for municipal primary and general elections of the city and county. Except as otherwise provided in this Charter, the Council by ordinance shall call any special borough election and notice of such special election shall be given by proclamation issued by the President of the Council and posted and published as the Council may direct for the period of at least 30 days next preceding the date of such election. Any borough election shall be conducted and canvassed in the same manner as an election of the city and county, but the cost of any special election shall be borne by the borough. A borough special election may be called to be held on any day appointed for any primary or general election of the city and county.

Borough Initiative, Referendum, and Recall.

Section 29. The voters of a borough may invoke the initiative provisions of this Charter to apply to any borough ordinance, and they may also invoke the referendum provisions of this Charter to apply to any ordinance, act or measure of a Council. The Council may submit any ordinance it is empowered to pass to a vote of the borough voters. The voters of a borough may invoke the recall provisions of this Charter to apply to any elective borough officer. It shall be the duty of the Board of Supervisors, by ordinance uniformly applicable to all boroughs, to make the provisions of this section effective.

Interchange of Services.

Section 30. Any department, officer, or employee of a borough may be permitted to perform services for any office, board, or department of the city and county, and may be compensated for such services by the city and county, provided approval thereof is first obtained from the proper borough authority.

Borough Continuation of Employees, Contracts, and Ordinances.

Section 31. Except as otherwise provided, any employee of a city consolidated with the city and county, who shall be in the employ of any department or office of such city, the duties of which shall be undertaken by a borough automatically established as successor to any such city, shall continue in the position to which he may be assigned in the employ of the borough until the end of his term or if without a term until removed by the authority to whom power of removal is committed.

All contracts for materials, supplies and labor, and all public works, special assessments or similar proceedings entered into or undertaken by a city consolidated with the city and county in force or in course of performance when consolidation becomes effective, shall be continued and perfected by the borough automatically succeeding any such city, provided the borough shall have jurisdiction in the matter for which such contracts were entered into or over such public works, special assessments or similar proceedings, and otherwise by the city and county.

All ordinances of a city consolidated with the city and county which are not inconsistent with the provisions of this Charter or with any ordinance of the city and county shall, until repealed or amended by borough ordinances, be continued in force as ordinances of the borough automatically succeeding such city.

General Legislation for Boroughs.

Section 32. The Board of Supervisors shall have general power to enact all legislation necessary to permit boroughs to exercise their powers or perform their duties under any provisions of this Charter and not otherwise provided for herein. Such legislation shall be consistent with the provisions of this Charter relating to the city and county or to boroughs and shall be uniform for all boroughs.

Referred to Joint Committees on Industrial Development and Judiciary.

Report of City Engineer on Supervisor Havenner's Motion for Plans, Specifications and Estimates of Cost, San Joaquin Pipe Line.

The following was presented, read, and *referred to the Public Utilities Committee*:

To the Honorable the Board of Public Works.

Gentlemen: Herewith I submit, for transmission to the Board of Supervisors, "plans, specifications and estimates of cost for the construction of an adequate pipe line across the San Joaquin Valley for the purpose of conveying water across said Valley from the Oakdale Portal to the Tesla Portal of the Hetch Hetchy Project," as required by Resolution No. 33806 (New Series), adopted by the Board of Supervisors January 19, 1931, and approved by the Mayor January 20, 1931.

Besides the construction of the San Joaquin Pipe Line, the completion of the Red Mountain Bar Siphon is included here, as this siphon is necessary to complete the aqueduct between Moccasin Creek and Oakdale Portal.

PLANS.

Attached hereto is a print of a drawing, file No. R-266, entitled, "Hetch Hetchy Water Supply of the City and County of San Francisco, Calif. Plans for San Joaquin Pipe Line, prepared in compliance with Resolution No. 33806 (New Series) of the Board of Supervisors. M. M. O'Shaughnessy, City Engineer, January, 1931."

This drawing shows in plan and in profile both the San Joaquin Pipe Line and the Red Mountain Bar Siphon.

The drawing in fact covers the entire aqueduct line from Moccasin Power Plant to Irvington Portal, thus showing the relation between the pipe lines and the other portions of the Hetch Hetchy Aqueduct completed and under construction.

SPECIFICATIONS FOR SAN JOAQUIN PIPE LINE.

Capacity: The San Joaquin Pipe Line is to have a delivery capacity of 60,000,000 gallons daily.

Length: The line will be 47.5 miles in length from Oakdale Portal of the Foothill Tunnel to Tesla Portal of the Coast Range Tunnel.

Pressure Head: The pressure head in the pipe varies from 50 feet to 540 feet (22 to 234 pounds per square inch), about 30 miles of pipe being under a head of 500 feet (217 pounds) or more.

Alternative Types and Sizes of Pipe: In calling for bids, provision will be made for bidders to submit figures on alternative types of pipe line construction, with different sizes to correspond to the flow characteristics of the various types, as follows:

| Type | Diameter (Inches) |
|--------------------------------------|----------------------|
| Riveted steel pipe..... | 61 |
| Lock-bar pipe..... | 58 |
| Welded pipe..... | 58 |
| Steel pipe with concrete lining..... | 54 |
| Reinforced concrete pipe..... | 54 |

Any type not considered suitable for the entire line will be limited to those sections for which it is considered suitable.

Basis of Estimate: As the basis for the present estimate, it is assumed that the line will be of lock-bar or welded construction, 58 inches in diameter, except for 50,000 feet ($9\frac{1}{2}$ miles) at and near the San Joaquin River crossing, where 61-inch riveted pipe may be necessary. Thicknesses will vary from $\frac{5}{16}$ inch to $\frac{9}{16}$ inch. The length of pipe of each diameter and thickness is shown in the cost estimate.

The diameters and the lengths of pipe of each thickness are subject to some changes, which, however, will not affect the usefulness or accuracy of this estimate for the purposes for which it is now required.

General Construction: The pipe in general will be dipped in an asphalt bath and wrapped with paper, for protection against corrosion. Where more severe conditions require further protection, the pipe will be jacketed with concrete.

The pipe will be laid in trench, with a depth of cover averaging three feet.

San Joaquin River Crossing: The pipe will cross the San Joaquin River and the flood relief channel known as Elliott Cut in trench beneath the channels. Pile foundations and special protection (by concrete jacketing) against external pressure and corrosion will be required.

Subdivision Into Sections: The pipe line will be divided into several sections (probably six), the proposal form being arranged to permit any bidder to bid on constructing the entire line or on any number of sections.

Time Allowance: A normal time allowance for this work would be not less than 18 months nor more than two years. The date of completion of the Coast Range Tunnel as now estimated, is December, 1933. The contract or contracts for pipe line construction should be awarded about January 1, 1932, with a time allowance of 22 months, or to November 1, 1933, thus allowing a margin of two months in case tunnel construction actually progresses somewhat faster than now anticipated.

In the estimate following, the itemized prices are based on an assumed time allowance of at least 18 months.

To do the work in 12 months' contract time, increased cost will be necessary, due to any or all of the following considerations: for increased shop facilities, for subdividing the work among several contractors (some of whom may be located at considerable distance from San Francisco), for higher freight costs on pipe manufactured at distant shops, for less flexibility in programming the contractor's work and greater effect of delay due to adverse weather conditions and other causes beyond the contractor's control.

The excess cost for constructing this pipe line in one year's time is estimated as a 10% addition to the cost of doing the work in a normal time.

SPECIFICATIONS FOR RED MOUNTAIN BAR SIPHON

This pipe line, to connect the ends of the constructed portion of the siphon to the tunnel portals east and west of the Tuolumne River, will be 9 ft. 6 in. in diameter, of riveted steel construction, with thicknesses from $\frac{3}{8}$ in. to $\frac{3}{4}$ in., and total length 1705 feet. The pipe will be supported above ground on piers.

The following incidental construction also is required:

Reinforced concrete structures to connect pipe to tunnel portals;

Spillway to discharge into the river any water brought through the tunnel in excess of the quantity required for transmission to San Francisco;

Control valve, air valves, manholes.

Eight months' contract time is a proper allowance.

Agreement With Belmont Water District.

On recommendation of Public Utilities Committee.

Resolution No. 33860 (New Series), as follows:

Resolved, That the Board of Supervisors is hereby authorized and directed to enter into an agreement with the Belmont County Water District, Belmont, California, under the terms of which the Water Department of the City and County of San Francisco will install a master meter at Ralston avenue, Belmont, in the vicinity of the county road, and furnish to the said Belmont County Water District, at rates heretofore established by this Board, all water required for serving the consumers now served by the San Francisco Water Department

from the Ralston avenue line and its branches, and to permit the district temporarily to use the connected pipe and meters now utilized in serving said consumers, on the condition that the district within a period of sixty days from the execution of said agreement shall, at its expense, disconnect and deliver to the Water Department the meters now installed for these services, or to furnish to the Water Department an equivalent number of new meters of similar make and capacity, and within one year from the date of said agreement the said district will furnish and deliver to the Water Department an equivalent length of new pipe of equal size to that now installed, which may at the end of that time remain in service as part of the district's system and under its control; be it

Further Resolved, That said agreement shall provide the City shall be held blameless for any claims, demands or judgments resulting from injuries to persons or property in the maintenance and conduct of the service by the district as described herein.

Celebration of Two Hundredth Anniversary of George Washington.

Supervisor Gallagher presented:

Resolution No. 33862 (New Series), as follows:

Whereas, February 22, 1932, will be the two hundredth anniversary of the birth of George Washington; and

Whereas, many States and cities are now preparing plans to participate in a nation-wide observance of this event; and

Whereas, the Federal government is likewise actively engaged in plans for suitable recognition of the importance of the occasion and has appropriated the sum of \$5,000,000 to construct a highway from Washington, D. C., to Mount Vernon, in commemoration of the event; and

Whereas, the year 1932 promises world-wide interest in the State of California because of the fact that the Olympiad will be held in the city of Los Angeles in this year, thereby bringing to California the greatest number of people from the different parts of the world ever assembled in one city; and

Whereas, it is also possible that the American Legion may hold its national convention in Los Angeles in the year 1932, thereby intensifying the interest naturally felt in spending a vacation in California by many thousands of citizens of the United States; and

Whereas, California has recently elected an outstanding citizen of experience, culture and ability, in the person of James Rolph, Jr., as its chief executive, who will preside over the State for the next four years; and

Whereas, the City of San Francisco will be called upon to entertain and furnish interest for this vast assemblage; therefore, be it

Resolved, That the San Francisco Board of Supervisors undertake

to formulate plans which will permit the City of San Francisco to properly participate in this nation-wide observance of the two hundredth anniversary of the birth of George Washington by appropriate creation of civic activities, among which may be the dedication of the bridge across the Golden Gate or the proposed bridge from San Francisco to Alameda County; and be it

Further Resolved, That a special committee of a suitable number of Supervisors is hereby authorized to take cognizance of the foregoing situation and study plans which will give the citizens of San Francisco an opportunity of properly preparing suitable reception and participation in various forms of hospitality which will naturally grow out of the presence of such an unusual number of visitors from other parts of the world; and be it

Further Resolved, That the Mayor is hereby authorized to appoint such a committee from the Board of Supervisors at his earliest discretion, in order that the matter may receive the attention which is necessary to make such plans effective.

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Shannon, Stanton—12.

Advisory Committee on Unemployment.

Resolution No. 33863 (New Series), as follows:

Whereas, it appears that certain bond proposals about to be submitted to the people of the City and County of San Francisco will be approved by the voters; and

Whereas, the Board of Supervisors is desirous of obtaining information as to the time and amounts most economical to dispose of said bonds and the expenditure of moneys realized from the sales for the projects designated within the said bond issues; now, therefore, be it

Resolved, That the hereinafter named citizens and residents of the City and County of San Francisco are hereby appointed to act as an advisory committee to the Board of Supervisors, to report to said Board in the event the bond issues to be submitted to the people of the City and County of San Francisco on the 6th day of February, 1931, are approved, for the purpose of advising said Board as to the most economical time and amounts to sell said bonds; and, further, that the said persons make recommendations to the Board of Supervisors from time to time as to the class of laborers and artisans to be employed in the completion of the work described in said bond issues; be it

Further Resolved, That the following named persons shall render said reports: Selah Chamberlain, chairman; Wm. H. Crocker, John F. C. Forbes, Most Rev. Edward J. Hanna, Kenneth R. Kingsbury, Frank C. MacDonald, John A. O'Connell, Mrs. M. C. Sloss, James B. Smith, Chas. M. Wollenberg, Clyde C. Healy.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton, Suhr—17.

Sale of Apples on Streets.

Supervisor Shannon raised the question of the selling of apples on the streets of San Francisco for the benefit of the unemployed and stated that considering the price paid per box for the apples which come from Oregon there is a difference of \$1.00 per box in favor of apples to be purchased in San Francisco from local dealers.

Supervisor Canepa moved the appointment of a committee by the Mayor to investigate as to who is getting the extra dollar.

Referred to Police Committee.

Chairman.

Mayor Rossi was excused at 6:15 p. m. and Supervisor Hayden was elected to preside.

Adjusted Compensation Bonus.

Supervisor Canepa presented:

Communication from *Disabled American Veterans of the World War* urging co-operation of San Francisco with nation-wide movement in the matter of cash settlement of the Adjusted Service Certificates (Bonuses) for ex-service men.

Also, similar communication from Veterans of Foreign Wars.

Communication From Railroad Commission of the State of California

The following was presented and read by the Clerk:

San Francisco, December 22, 1930.

Mr. J. S. Dunnigan, Clerk, Board of Supervisors, San Francisco, California.

Dear Sir: Replying further to your letter of August 27th:

We have made an examination of the advertising expenses of the San Francisco division of the Pacific Gas and Electric Company and of the expenses covering advertising emanating from the company's general office in San Francisco and find nothing improper in the distribution of such expenses.

We further find that the company expended \$21,066.71 to defeat the proposed bond issues to which you refer in your letter. The \$21,066.71 was charged by the company to a suspense account at the time of our examination. We are assured that it will be charged to profit and loss.

Yours truly,

RAILROAD COMMISSION STATE OF CALIFORNIA,

SPECIAL ORDER—3 P. M.

The following matter was taken up:

Site for Federal Building.

Dedication of 25 feet of land to Federal Government for Federal Building (Shannon) Building Committee.

Granting Further Land in Civic Center to United States Government.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Agreeing to a further grant to the United States of America, a site situate in the Civic Center of the City and County of San Francisco, and determining the size thereof, and authorizing the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the hereinafter described real property, all pursuant to the provisions of Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, pursuant to Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco, the Board of Supervisors has heretofore caused to be conveyed to the United States of America a certain piece or parcel of land situate in the Civic Center in the City and County of San Francisco; and

Whereas, the property heretofore granted is inadequate, and it is deemed necessary and to the best interests of the City and County of San Francisco and the United States of America that an additional piece or parcel of land contiguous to and adjoining said grant heretofore made and above referred to be conveyed by said City and County of San Francisco to said United States of America in order that the general scheme of buildings in said Civic Center be adhered to, and that additional building space be provided; and

Whereas, the hereinafter described real property is situate within the locality described in said section of said Charter, is owned by the said City and County of San Francisco and is unoccupied by any building or structure belonging to the said City and County of San Francisco.

Now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and site of said lands to be conveyed to the said United States of America should be as hereinafter set forth.

Section 2. That the City and County of San Francisco does hereby offer the hereinafter described real property to the United States of America, without any monetary consideration and in addition to the grant of land heretofore made and in pursuance to said Charter provision herein referred to, the hereinafter described real property.

Section 3. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America, a good and sufficient deed conveying to said United States of America the hereinafter described real property.

Section 4. That the site to be conveyed to said United States of America, in conformity with this ordinance, is described as follows, to-wit:

Beginning at a point on the westerly line of Leavenworth Street produced southerly, distant thereon 229.375 feet southerly along said line of Leavenworth Street produced southerly from the southerly line of McAllister Street (said point being also the southeasterly corner of the property deeded by the City and County of San Francisco to the United States of America, recorded September 19, 1930, in Volume 2078, Page 484, Official Records of said City and County); thence southerly along said line of Leavenworth Street produced southerly 25 feet; thence at right angles westerly along a line parallel with and distant 25 feet at right angles southerly from the southerly line of the aforementioned property deeded to the United States of America, 412.50 feet to the easterly line of Hyde Street produced southerly; thence at right angles northerly along said line of Hyde Street produced southerly 47 feet to the southwesterly line of the aforementioned property deeded to the United States of America; thence southeasterly along last-mentioned property line, on a curve to the right, tangent to a line deflected 90 degrees to the right from the preceding course, radius 42 feet, central angle 61 degrees 33 minutes 58 seconds, a distance of 45.128 feet to the southerly line of the aforementioned property deeded to the United States of America; thence easterly along last-mentioned property line, 375.568 feet to the westerly line of Leavenworth Street produced southerly, and the point of beginning.

Section 5. This ordinance shall become effective immediately upon its passage.

Privilege of the Floor.

F. A. Meyer, consulting architect, was heard in explanation of the proposed dedication of land to the Federal government for the new Federal building.

Mr. Heidelberg, representing the City Attorney's office, was also heard.

Jos. Phillips, right-of-way agent, was heard as to the desirability of the proposed legislation.

Mr. Leiss, representing Market street property owners, was heard in opposition to the proposed legislation.

Action Deferred.

Whereupon, the foregoing matter was *laid over one week and made a Special Order of Business for 2:45 p. m., February 9, 1931.*

SPECIAL ORDER—3 P. M.**Providing for the Sale of a Garbage Destruction Franchise.**

Sealed bids for garbage destruction franchise were received between 2 and 3 p. m. this day, January 12, 1931, in accordance with the following notice:

Office of the Clerk of the Board of Supervisors, Room 235, City Hall, San Francisco, California.

Whereas, on the 8th day of December, 1930, the Board of Supervisors finally passed the following resolution:

Resolution No. _____ (New Series), as follows:

Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the San Francisco Disposal Company, through a petition filed on the 11th day of September, 1930, for a franchise or privilege for the destruction and disposition of garbage, refuse, waste, offal and debris by incineration in the City and County of San Francisco;

And whereas, it appears to this Board that the public interest will be subserved by the grant of a franchise for said purpose; therefore, be it

Resolved, That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant.

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty (\$50) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will

charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; be it

Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of said statute and with the terms of this resolution, said bids to be filed with the Clerk not later than the 12th day of January, 1931, at the hour of 2 o'clock p. m., and the 12th day of January, 1931, at the hour of 3 o'clock p. m., is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privilege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Passed for Printing—Board of Supervisors, San Francisco, December 1, 1930.

Ayes—Supervisors Andriano, Canepa, Gallagher, Havenner, McGovern, Miles, Peyser, Roncovieri, Rossi, Spaulding, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Hayden, McSheehy, Power, Shannon—5.

J. S. DUNNIGAN, Clerk.

Now, therefore, it is proposed to grant said franchise or privilege, and sealed bids will be received pursuant to the terms of the aforesaid resolution for said franchise or privilege.

That said franchise or privilege will be awarded to the highest bidder.

That the character of the franchise or privilege proposed to be granted, the time for filing bids and the term for which it is to be granted are as mentioned in the foregoing resolution, which is hereby made a part hereof for all purposes.

That the successful bidder and his assigns must, during the life of said franchise or privilege, pay to the City and County of San Francisco 2 per cent of the gross annual receipts of the person, partnership or corporation, or assignee thereof, to whom the franchise or privilege is awarded arising from its use, operation or possession. That said franchise or privilege shall not be assignable without the consent of the City and County of San Francisco.

That no percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

That in the event said payment is not made, said franchise or privilege shall be forfeited.

That the said franchise or privilege will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than 10 per cent above the highest sealed bid therefor, and said bid so made may be raised not less than 10 per cent by any other responsible bidder, and said bidding may so continue until finally said franchise or privilege shall be struck off, sold and awarded by the Board of Supervisors to the highest bidder therefor in gold coin of the United States.

That each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of the City and County of San Francisco, for the full amount of said bid, and no sealed bid shall be considered unless said cash or certified check is enclosed therewith and the successful bidder shall deposit at least 10 per cent of the amount of his bid with the Clerk of the Board of Supervisors before the franchise or privilege shall be struck off to him.

That if he shall fail to make such deposit immediately, then in that case his bid will not be received, and shall be considered as void, and the said franchise or privilege shall then and there be again offered

for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

That said procedure shall be had until the said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least 10 per cent of the amount of his bid therefor. The successful bidder shall deposit with the Clerk of the Board of Supervisors, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount thereof, and in case such bidder shall fail to do so, then the said deposit therefor made shall be forfeited, and the said award of such franchise or privilege shall be void, and the said franchise or privilege shall then and there, by the Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the Clerk of the Board of Supervisors the remaining 90 per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise or privilege shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise or privilege shall be had unless the same shall be readvertised and again offered for sale as provided by law.

That work leading to the exercise of this franchise or privilege shall be commenced in good faith within not more than four months from the granting of such franchise or privilege, and if not so commenced within said time said franchise or privilege shall be declared forfeited.

That the successful bidder for the franchise or privilege aforesaid struck off, sold and awarded shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise or privilege, and that in the case of any breach of condition of such bond, the whole of said penal sum shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Board of Supervisors within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise or privilege shall, by the Board of Supervisors, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of such franchise or privilege shall be set aside, and any money paid therefor shall be forfeited, and said franchise or privilege shall, in the discretion of said Board of Supervisors, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore mentioned.

Bids.

Bids were received from the following:

1. San Francisco Disposal Company—Certified check for \$1,000 on First National Bank of Chicago.
2. J. H. Baxter & Co.—Certified check for \$100 on Wells Fargo Bank & Union Trust Company.
3. C. C. Moore & Co. (letter in re above)—No certified check.
4. Walter J. O'Brien and Frank O'Kane—Cash, \$1.
5. O. Torre and A. Faliano—Certified check for \$1,000 on Bank of Italy.
6. O. Torre and A. Faliano—Check for \$1,000 on American Trust Company.

Accepting Offer of San Francisco Disposal Company.

Supervisor McSheehy presented:

Resolution No. ————— (New Series), as follows:

Whereas, on the 12th day of January, 1931, sealed bids for a garbage destruction franchise were opened; and

Whereas, seven bids were filed with this Board for such franchise, as follows:

No. 1—Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea.

No. 2—J. H. Baxter Company, a corporation, providing for dumping at sea.

No. 3—C. C. Moore Company, not indicating the manner of disposition.

No. 4—San Francisco Disposal Company, a corporation, providing for incineration.

No. 5—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 6—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 7—A. F. Martel, providing for incineration; and

Whereas, application No. 3, C. C. Moore & Co., was unaccompanied by cash or a certified check, and also did not indicate the manner of disposition; application No. 5, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.32 per ton; application No. 6, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.05 per ton; and application No. 7, A. F. Martel, was unaccompanied by cash or a certified check, and was based on incineration and disposition at the rate of \$1.25 per ton; and for the aforesaid reasons and others this Board has been advised by the City Attorney that said applications are illegal; and

Whereas, application No. 1, Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea, and application No. 2, J. H. Baxter & Co., a corporation, providing for dumping at sea, should not be accepted as a permanent means of disposal, because the people of San Francisco declared in favor of incineration; and

Whereas, the application of the San Francisco Disposal Company, a corporation, should be accepted; now, therefore, be it

Resolved, That the application of the San Francisco Disposal Company, a corporation, be and the same is hereby accepted, subject to the terms and conditions of a franchise ordinance to be hereafter enacted, and the City Attorney is hereby directed to prepare said franchise ordinance and submit same to this Board as soon as possible, and the question of the acceptance of said applications numbers 1 and 2, as a means of temporary disposal, is hereby continued four weeks.

Opinion of City Attorney—Proposed Incineration Franchise Cannot Be Tested Without Definite Action by Supervisors.

February 2, 1931.

Gentlemen: Your recent request for an opinion was received in due course as follows:

Must the Board of Supervisors take definite action by resolution of acceptance before an injunction proceeding can be brought to restrain the granting of a franchise ordinance to the San Francisco Disposal Company, Inc., for incineration of garbage, etc.?

OPINION.

It has been suggested that an application to the courts for declaratory relief, to declare the rights and duties of all parties with respect to this matter, might be commenced. However, an action for declaratory relief would not be good, for the reason that at the present time there is no actual controversy, within the meaning of Section 1060, Code of Civil Procedure.

It has also been suggested that a petition for a writ of mandate might be filed, and in that way raise the various points of law in connection with this matter. However, mandamus will not lie, for the reasons hereinafter advanced with respect to applications for injunctions, nor will an application for a writ of prohibition, for the same reasons.

It is a fundamental rule of equity that injunctions cannot be used to control discretionary acts, and this is so although the powers vested in municipal officers are quasi-judicial as well as administrative. (See 32 C. J. 242; 32 C. J. 260.)

In 32 C. J. 267 it is said: "Where the statute requires a contract to be let to the lowest bidder, the letting of it to one not the lowest bidder will be enjoined; but not * * * where ratification by the municipality is required before the contract is made." (See *Dibble v. New Haven*, 14 Atl. 210 [Conn.])

In *Garrity v. Halbert*, 225 S. W. 196 (Texas), it was held that courts will not enjoin the enactment of city ordinances, valid or invalid, unless it is made clearly to appear that irreparable injury immediately will result from the mere enactment of the ordinance without intervention or attempt to do some act or exercise some privilege under it, and equity will interfere by injunction only when it becomes necessary to restrain some unlawful and injurious act authorized by ordinance. (See 32 C. J. 263.)

In *American Coal Mining Co. v. Special Coal and Food Commission*, 286 Fed. 563 (Ind.), the court held: "You cannot make any proof as to a hypothetical condition in the future." (See 32 C. J. 245.)

In 14 Cal. Juris 202 the text-writer sets forth the following: "Municipal Legislation. An injunction may not be granted in California to prevent a legislative act by a municipal corporation within the scope of its powers. Consequently, the decisions clearly enunciate the principle that where power to act is delegated to a local governing body, the wisdom and need for the exercise of power one way or another are questions which rest primarily within the appropriate jurisdiction of such body, and will not be decided in advance by the court. It is the duty of that body alone to ascertain the facts and thereafter to exercise a judgment and discretion as to the appropriate action to be taken. The presumption is that it will do its duty, and injunction will therefore not lie to control its action. The fact that the threatened act may be in disregard of constitutional restraints does not affect the question; it is legislative discretion which is exercised, and that discretion, whether rightfully or wrongfully exercised, is not subject to interference by the judiciary."

In *Glide v. Superior Court*, 147 Cal. 21, at 24, we find the following pertinent language: "In *Alpers v. San Francisco*, 32 Fed. 503, Mr. Justice Field, discussing the same matter, says: 'The same exemption from judicial interference applies to all legislative bodies, so far as their legislative discretion extends. Municipal corporations are the instrumentalities of the State for the more convenient administration of local affairs, and for that purpose are invested with certain legislative power. In the exercise of that power, upon the subjects submitted to their jurisdiction, they are as much beyond judicial interference as the legislature of the State. The courts cannot in the one case forbid the passage of a law nor in the other the passage of a resolution, order, or ordinance. If by either body, the Legislature or the Board of Supervisors, an unconstitutional act be passed, its enforcement may be arrested. The parties seeking to execute the invalid act can be reached by the courts, while the legislative body of the State, or of the municipality, in the exercise of its legislative discretion, is beyond their jurisdiction. The fact that in either case the legislative act threatened may be in disregard of constitutional restraints, and impair the obligation of a contract, as alleged in this case, does not affect the question. It is legislative discretion which is exercised, and that discretion, whether rightfully or wrongfully exercised, is not subject to interference by the judiciary.' *Alpers v. San Francisco* was reviewed and affirmed by the Supreme Court of the United States in

the recent case of *McChord v. Louisville*, 183 U. S. 495. In consonance with these utterances are the decisions of our own State in *Fall v. County of Sutter*, 21 Cal. 237; *McBride v. Newlin*, 129 Cal. 36; *Barto v. Supervisors*, 135 Cal. 494. Finally, it may be added that this principle, of which exception has thus been made, is crystallized in the language of Section 3423 of the Civil Code, which declares that an injunction cannot be granted: '7. To prevent a legislative act by a municipal corporation.'

Under the present procedure as heretofore outlined to the Board of Supervisors it appears that the passing of a resolution of acceptance would precede the actual granting of a franchise ordinance. In view of the fact that the franchise ordinance constitutes a contract, the passing of the resolution would simply be an overt act leading toward the entering into of the contract, so that when such a resolution is passed definite action against the Board of Supervisors might be taken, but not sooner, for the reason that the Supervisors must make a definite move before a cause of action arises. Until such time as the resolution is passed the Supervisors are merely exercising their legislative discretion. When the resolution has been passed the Supervisors have begun the course of creating a definite obligation and the question of discretion is no longer pertinent.

It is, therefore, my opinion that until the Board of Supervisors make a definite move leading toward acceptance of the bid of the San Francisco Disposal Company, Inc., no action for an injunction can be properly brought. This means that the issue is now squarely before the Board with respect to whether the Board desires to accept or reject the proposition of the San Francisco Disposal Company, Inc.

This, of course, in view of my opinion, becomes entirely a question of policy.

Respectfully,

WALTER A. DOLD,
Chief Deputy City Attorney.

Limiting the Height of Buildings to 40 Feet in the District Bounded by Fillmore, Bay and Buchanan Streets and Marina Boulevard.

On recommendation of Public Buildings and Lands Committee.

Bill No. 9422, Ordinance No. 8926 (New Series), as follows:

Limiting the height of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violations of its provisions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building, except as hereinafter provided, shall be erected in the City and County of San Francisco to a height greater than forty (40) feet within the territory bounded by Fillmore street on the west, Bay street on the south, Buchanan street on the east, and by the Marina boulevard on the north and northeast.

Section 2. No addition to or alteration or improvement of any building within the above described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitation of the height of buildings in the City and County of San Francisco, as provided by this ordinance, shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, skylights, ventilators, pent houses, water tanks, flagstaves, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof line of buildings.

Section 4. The method of determining the height of buildings for the purpose of this ordinance shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 78 shall apply within said territory.

Section 5. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm or corporation violating any provisions of the ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term of not exceeding six months, or by both such fine and imprisonment. Such persons, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued or permitted by such persons, firm or corporation as herein provided.

Section 7. This ordinance shall take effect immediately.

Auditor to Cancel Assessments, State Property.

On recommendation of Finance Committee.

Resolution No. 33884 (New Series), as follows:

Whereas, the Auditor has reported that the following described property, now standing of record in the name of the Regents of the University of California, through error a tax was carried out on the Assessment Roll for the year 1929, and being State property recommends that the 1929 assessment be canceled, and the City Attorney having consented thereto; therefore, be it

Resolved, That the Auditor be directed to cancel, as provided in Section 3804-A of the Political Code, the following 1929 assessment:

R. E. Vol. 5, Lots 3 to 7, inclusive, Block 786; Lots 1 to 10, inclusive, Block 791; Lots 17 to 21, inclusive, Block 791.

Mayor Requests Ordinance for Leasing Unused City Property.

The following was presented and read by the Clerk:

San Francisco, Cal., February 2, 1931.

Honorable Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: Recently the City Attorney rendered an opinion advising me that the existing method of allowing individuals and firms to occupy lands owned by the City and County, and not in use by any of the departments of the City and County, was illegal. The opinion carried with it recommendations to the effect that your honorable Board pass legislation that would simplify the method of leasing unused City property at a minimum of expense because of the small returns obtainable from many of the unused parcels. Pending the passage of such legislation I have designated Mr. Joseph M. Cumming, of this office, to collect all rents due under the so-called permit system now in effect.

I recommend to you that an ordinance be enacted by your honorable Board defining my powers, the length of publication you desire to have made prior to the granting of any lease, and the term for which such leases may be granted.

Respectfully submitted,

ANGELO J. ROSSI, Mayor.

Referred to Judiciary Committee.

Leave of Absence, E. B. De Golia, Member of City Planning Commission.

The following was presented and read by the Clerk:

San Francisco, Cal., January 30, 1931.

The Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: The Hon. E. B. De Golia, member of the City Planning Commission, wishes leave of absence, starting February 6th, for a period of sixty days, with permission to leave the State. Will you kindly concur with me in granting this request?

Respectfully submitted,

ANGELO J. ROSSI, Mayor.

Whereupon, the following resolution was *adopted*:

Resolution No. 33905 (New Series), as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. E. B. De Golia, member of the City Planning Commission, is hereby granted a leave of absence for a period of sixty days, commencing February 6, 1931, with permission to leave the State.

Charter Amendment—Revenue Bonds.

Supervisor Havenner presented:

Charter Amendment No. —, providing for the acquisition, construction or extension of public utilities and the issuance of bonds therefor, payable, both as to principal and interest, wholly from revenue.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County by adding a new article thereto, to be designated as Article —, relating to the acquisition, construction and extension of municipally owned public utilities, and the issuance of bonds for that purpose, to be redeemed and interest thereon paid solely from revenues of the particular utility.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the — day of —, 1931, a proposal to amend the Charter, as follows:

That a new article be added to said Charter, to be designated as Article —, to read as follows:

ARTICLE —

Revenue Bonds.

Section 1. Whenever the Public Utilities Commission, created under the provisions of the proposed Charter amendment adding a new article to the Charter, to be designated as Article XII-A, and submitted to the voters concurrently herewith, determines that public interest or necessity demands the acquisition, construction, completion or extension of any public utility or utilities, and that the cost of such acquisition or construction should be provided for by the sale of bonds of the City and County, secured as to interest and redemption solely by the revenues of the particular utility, it shall specifically so declare such determination by a majority vote of all of its members, and shall direct its bureau of engineering to procure and file with said Commission plans and estimates of the cost of the acquisition, construction, completion or extension of such public utility or utilities.

Section 2. When the Public Utilities Commission certifies to the Board of Supervisors its determination that public interest or necessity requires the acquisition or construction of any utility of a class not

already being operated under the charge of said Commission, or the acquisition or construction of additions or extensions of a utility then owned by the City and County which are estimated by its engineering bureau to cost more than one-half of the gross revenue of the particular utility for the year immediately preceding, and that bonds of the City and County of the character herein provided should be issued to provide for such acquisition or construction, the said Board of Supervisors shall, within thirty days thereafter, by resolution, either approve or disapprove of the plan of acquisition or construction so submitted to it by the said Commission. If the Board of Supervisors shall, by a majority vote, approve such plan so submitted, it shall, by ordinance, submit to the voters of the City and County the question of the acquisition or construction of such public utility or utilities, or additions or extensions thereto, and the issuance of bonds of the character in this article provided to meet the cost thereof. Should a majority of the qualified voters voting on the proposition of the acquisition or construction of such public utility or utilities, or such additions or extensions, vote in favor thereof, the said Commission may issue bonds of the City and County of the class herein provided to meet the cost of such acquisition or construction. Such proposition may be submitted at a special election called for that purpose or at any other election authorized by law at which the qualified voters of the City and County are entitled to vote. The manner and procedure for calling any election authorized by this article shall be governed by the provisions of Article XII of the Charter, so far as applicable.

Section 3. Bonds of the character herein provided may be issued and sold to provide the cost of construction or acquisition of additions or extensions to an existing utility owned by the City and County and being operated under the jurisdiction of the Commission, upon approval of such proposed acquisition or construction of such additions or extensions by the Board of Supervisors, without necessity for submission of the proposition to acquire or construct such additions or extensions to the voters of the City and County, when it appears from the report of the bureau of engineering of the Public Utilities Commission that such additions or extensions can be acquired or constructed for a sum not exceeding one-half of the gross revenues during the year immediately preceding of the particular system to which such additions or extensions are to be made.

The Public Utilities Commission may make additions or extensions to an existing utility owned by the City and County and operated under the jurisdiction of the Commission without necessity for approval of plans therefor by the Board of Supervisors when the cost of such additions or extensions can be paid from the revenues of such utility, after deducting therefrom such sums as are required to pay operating expenses, depreciation, reserves and bond obligations.

Section 4. The Public Utilities Commission, in determining the amount of bonds which will be required to be issued and sold to provide funds for the acquisition or construction of any public utility, or additions or extensions thereto, may include a sufficient amount hereof to pay the interest accruing and to accrue on all such bonds sold for such purpose during the period of actual construction of such utility, or additions or extensions thereto, and for a period of six months immediately following the completion of the same; and said Public Utilities Commission, should it determine it necessary so to do, may also include a sufficient additional amount of bonds to pay the estimated operating expenses of such utility, or additions or extensions thereto, for a period of three months after operation thereof shall commence.

Section 5. That any and all bonds issued by the Public Utilities Commission, pursuant to the provisions of this article, as well as all interest thereon, shall be payable wholly and exclusively out of the revenues received from the operation of the particular utility, for the acquisition, construction, completion or extension of which such bonds may have been issued or sold.

Section 6. The Public Utilities Commission shall, by resolution, determine the form and condition of all bonds issued under the provisions of this article, but the rate of interest provided shall not exceed five and one-half per cent per annum, and redemption of all such bonds shall begin in not more than ten years and shall be completed in not more than fifty years from the date of issuance. No such bonds shall be sold for less than par. Each and every such bond issued shall state plainly upon its face that it is payable, both as to principal and interest, only from the special fund created for that purpose out of the revenues of the particular utility, and that it does not constitute a general indebtedness against the City and County, and, further, that in the hands of a bona fide holder such bonds shall be deemed to have all the qualities of a negotiable instrument under the law merchant. When additional bonds are authorized and issued under the provisions of this article to provide funds for the completion of any public utility or for the acquisition or construction of additions or extensions to an existing utility owned and operated by the City and County, such additional issue or issues of bonds shall be subordinate to all prior issues of bonds for such utility which may have been made hereunder.

Section 7. The Public Utilities Commission shall fix and establish just and reasonable rates for service rendered by any utility acquired or constructed through the issuance and sale of bonds of the character herein provided, and in fixing and establishing such rates shall take into account and consideration the cost of maintaining and operating the same, the proper and necessary allowance for depreciation and accident reserves, and the amount required to meet bond redemption and interest obligations.

Section 8. The Public Utilities Commission shall cause the gross income and revenues of any utility acquired or constructed under the provisions of this article to be deposited daily in the treasury of the City and County to the credit of a separate and special account for each utility. The Commission shall, by resolution, fix and determine (a) the proportion of the revenues of such utility which shall be necessary for the reasonable and proper operation and maintenance thereof, including pension charges and compensation insurance; (b) the proportion of the said revenues which shall be set aside as a proper and adequate depreciation reserve, and also a reasonable and proper accident reserve; and (c) the fixed proportion of said revenues which shall be set aside and applied to the payment of the principal and interest of the bonds authorized under this article, which fixed amount or proportion of the revenue to be appropriated to the bond redemption and interest account shall never be less than the amount required for redemption and interest obligations for the ensuing year of the bond so issued and sold.

In fixing and determining the proportion of the revenues of any such utility required for operation and maintenance, including pension charges and compensation insurance, the Commission shall make an estimate of the cost of such operation, maintenance, pension charges and compensation insurance, and shall not set aside by resolution a greater amount or proportion of the revenues than in its judgment shall be properly required for such purposes. The proportion of the revenues set aside for operation and maintenance, including pension charges and compensation insurance, shall be used and applied exclusively for that purpose until the accumulation of the surplus of the amount hereinafter specified.

The proportion of the revenues appropriated by resolution to the depreciation reserve and to the accident reserve shall be respectively expended in meeting the cost of depreciation in the particular utility or extensions or additions thereto, and in the payment of accident claims. Any accumulation of such depreciation reserve or such accident reserve may be invested, and if invested, the income from the investment shall be carried into the particular reserve from which

such investment was made. Such reserves and the proceeds thereof shall not be used for any other purpose than as herein provided.

The fixed proportion of the revenues which shall by resolution be appropriated for the payment of the principal and interest of the bonds issued under the provisions of this article for each particular utility shall, from month to month, as the same shall accrue and be received, be set apart and paid into a special account in the treasury of the City and County, to be identified as the bond redemption and interest account of the particular utility. In fixing and determining the amount or proportion which shall be set aside for the payment of the principal and interest of the bonds issued hereunder, the Commission may provide that the amount to be set aside for such purpose for any year or years shall not exceed a fixed sum, which fixed amount or proportion of the revenue to be appropriated to the bond redemption and interest account shall never be less than the amount required for redemption and interest obligations for the ensuing year of the bonds so issued and sold.

If any surplus shall be accumulated in the said operating and maintenance fund which shall be equal to the cost of operation and maintenance, including pension charges and compensation insurance, of the particular utility during the remainder of the operating year then current, and the estimated cost of operation and maintenance, pension charges and compensation insurance for said utility for a period of six months thereafter, any excess over such surplus may be by the Commission ordered transferred to either the depreciation account, accident reserve account, bond redemption and interest account, or may be transferred to a surplus account to be used for extensions or additions to the particular utility, as the Commission may decide.

The Commission may, by resolution, adjust the amounts or portions of the gross revenues of the utility to be appropriated to the particular purposes in this section specified at the beginning of each operating year, and in any such adjustment shall be guided by the results experienced during the preceding year or years, but the fixed proportion or sum to be appropriated to the special fund to meet the redemption and interest payments shall never be reduced below the actual requirements for such purpose for the ensuing year.

Section 9. The provisions of Section 11 of Article XII-A of the Charter shall govern the sale or manner of selling of all bonds issued under the provisions of this article. All such bonds shall be signed by the president of said Public Utilities Commission and by the Treasurer of the City and County, and countersigned by the Auditor of the City and County. The signature of the said Auditor may be by facsimile. The provisions of Section 11 (a) of Article XII of the Charter shall apply to all such signatures. All such bonds shall be issued in denominations of not less than ten dollars and not more than one thousand dollars, as the Public Utilities Commission may decide, and shall be payable, both as to interest and principal, in gold coin of the United States, and at the office of the Treasurer of the City and County of San Francisco, or at such places as may be designated by the Commission. The provisions of Section 10 of Article XII of the Charter shall be applicable in the matter of registration of any bonds issued hereunder.

Section 10. The provisions of said Article XII-A of the Charter shall control in all matters pertaining to the acquisition, construction and control of public utilities or extensions or additions thereto, and to the issuance or sale of bonds for such purposes where not herein otherwise provided. It is the purpose and intention of this amendment to provide for the issuance of bonds payable entirely out of revenue and for the manner of their payment and redemption, and not to change or annul any provision of said Article XII-A except as the same may apply to the issuance and payment of bonds payable wholly out of revenue, and the manner of the acquisition, construction or extension of utilities, the cost of which is to be provided for by said bonds as in this article provided; and, the fact that there may be cast a greater

number of votes in favor of this amendment than may be cast in favor of the amendment hereinbefore referred to as Article XII-A, or that there may be cast a greater number of votes in favor of said last-mentioned amendment than may be cast in favor of this amendment, shall not cause any conflicting provision in one of said amendments to prevail over the other.

Section 11. Bonds issued under the provisions of this article shall not be subject to the limitation contained in Section 9 of Article XII of the Charter, and bonds issued hereunder shall not be considered in determining the application of the limitation contained in Section 9, Article XII of the Charter respecting the issuance of general obligation bonds of the City.

Section 12. The Board of Supervisors, with the approval of the Public Utilities Commission, may submit a proposition to the qualified voters of the City and County to refund all outstanding bonds of the character provided for in this article which were theretofore issued and sold for the acquisition, construction, completion or extension of any particular utility, by the issuance in lieu thereof of general obligation bonds of the City and County, bearing interest at the same rate and redeemable at the same times as such outstanding bonds. If the proposition to so refund such outstanding bonds shall receive the assent of two-thirds of the qualified electors of the City and County voting thereon at an election called for that purpose, then such outstanding bonds shall be refunded by the issuance and exchange therefor of general obligation bonds of the City and County of the character provided for in Article XII of the Charter. All bonds issued under the provisions of this article shall contain a statement, written or printed thereon, to the effect that the City and County reserves the right to refund such bonds by the issuance and exchange therefor of general obligation bonds of the City and County, authorized and issued in accordance with this section.

Section 13. This amendment shall become effective only in the event that the proposed Charter amendment adding a new article to the Charter, to be designated as Article XII-A, providing for the appointment of a Public Utilities Commission, and submitted concurrently herewith, be ratified by the voters and later approved by the Legislature.

Section 14. The term "Public Utilities Commission" or "Commission," as used in this article, shall mean the Public Utilities Commission provided for by the Charter amendment referred to in the preceding section.

Section 15. Nothing in this article contained shall in any way abridge, control or revoke the power of the electors of the City and County to vote for and cause to be issued bonds or general obligations of the City and County for the acquisition, construction, completion or extension of any public utility as provided for in Article XII of the Charter, or to acquire, construct, complete or extend any public utility as provided for in said article, but this article shall be deemed to be an additional and supplemental method for the acquisition, construction, completion or extension of any public utility and for the issuance of bonds of the class herein provided, to pay for the cost of the same.

SPECIAL ORDER—2:45 P. M.**Site for Federal Building.**

Dedication of 25 feet of land to Federal Government for Federal Building (Shannon) Building Committee.

Granting Further Land in Civic Center to United States Government.

Bill No. 9432, Ordinance No. ——— (New Series), as follows:

Agreeing to a further grant to the United States of America, a site situate in the Civic Center of the City and County of San Francisco, and determining the size thereof, and authorizing the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the herein-after described real property, all pursuant to the provisions of Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, pursuant to Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco, the Board of Supervisors has heretofore caused to be conveyed to the United States of America a certain piece or parcel of land situate in the Civic Center in the City and County of San Francisco; and

Whereas, the property heretofore granted is inadequate, and it is deemed necessary and to the best interests of the City and County of San Francisco and the United States of America that an additional piece or parcel of land contiguous to and adjoining said grant heretofore made and above referred to be conveyed by said City and County of San Francisco to said United States of America in order that the general scheme of buildings in said Civic Center be adhered to, and that additional building space be provided; and

Whereas, the hereinafter described real property is situate within the locality described in said section of said Charter, is owned by the said City and County of San Francisco and is unoccupied by any building or structure belonging to the said City and County of San Francisco.

Now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and site of said lands to be conveyed to the said United States of America should be as hereinafter set forth.

Section 2. That the City and County of San Francisco does hereby offer the hereinafter described real property to the United States of America, without any monetary consideration and in addition to the grant of land heretofore made and in pursuance to said Charter provision herein referred to, the hereinafter described real property.

Section 3. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America, a good and sufficient deed conveying to said United States of America the hereinafter described real property.

Section 4. That the site to be conveyed to said United States of America, in conformity with this ordinance, is described as follows, to-wit:

Beginning at a point on the westerly line of Leavenworth Street produced southerly, distant thereon 229.375 feet southerly along said line of Leavenworth Street produced southerly from the southerly line of McAllister Street (said point being also the southeasterly corner of the property deeded by the City and County of San Francisco to the United States of America, recorded September 19, 1930, in Volume 2078, Page 484, Official Records of said City and County); thence southerly along said line of Leavenworth Street produced southerly 25 feet; thence at right angles westerly along a line parallel with and distant 25 feet at right angles southerly from the southerly line of the aforementioned property deeded to the United States of America, 412.50 feet to the easterly line of Hyde Street produced southerly; thence at right angles northerly along said line of Hyde Street produced southerly 47 feet to the southwesterly line of the aforementioned property deeded to the United States of America; thence southeasterly along last-mentioned property line, on a curve to the right, tangent to a line deflected 90 degrees to the right from the preceding course, radius 42 feet, central angle 61 degrees 33 minutes 58 seconds, a distance of 45.128 feet to the southerly line of the aforementioned property deeded to the United States of America; thence easterly along last-mentioned property line, 375.568 feet to the westerly line of Leavenworth Street produced southerly, and the point of beginning.

Section 5. This ordinance shall become effective immediately upon its passage.

Privilege of the Floor.

Messrs. Liess and de Forrest, representing Market street property owners, were heard in opposition to the bill.

Henry Heidelberg, Assistant City Attorney, was heard in behalf of the City.

Motion.

Supervisor McSheehy moved that the matter be held on the calendar until such time as the decision of the State Supreme Court is handed down.

Action Deferred.

Thereupon, on motion of Supervisor Shannon, the foregoing matter was *laid over one week*. Clerk to request Mr. Brown, architect for Civic Center, to attend.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Relative to Supply Station Permits.

Supervisor Roncovieri referred to the large number of supply station transfers and raised the question of racketeering in permits, of which recent newspaper accounts made mention. He said that the permits should be laid over for investigation.

Motion.

Supervisor Shannon moved that action on supply station permits be rescinded and that Supervisor Roncovieri be appointed a committee of one to investigate and report next Monday.

Motion *lost* by the following vote:

Ordered Submitted.

The following proposed Charter Amendment was *ordered submitted to the electors* by the following vote:

Consolidation of San Mateo County with City and County of San Francisco.

On recommendation of Joint Committee on Judiciary and Industrial Development.

Charter Amendment No. 1, describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said city and county by adding a new article thereto to be known as Article 19 thereof, providing for the government of the territory in San Mateo County in the event of its consolidation with the City and County of San Francisco.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at the special election to be held on the 26th day of March, 1931, a proposal to amend the Charter as follows:

That said Charter be amended by the addition thereto of a new article to be known as Article 19 thereof, to read as follows:

ARTICLE XIX.

Consolidation of San Mateo County.

Other Provisions of the Charter Superseded.

Section 1. In event that all or any part of the area of the County of San Mateo shall be consolidated with the city and county in accordance with law and the constitution of the State, the provisions of Article XIX of this Charter shall become effective on the effective date of such consolidation and all other provisions of this Charter in conflict with the provisions of said article shall be thereupon and thereby superseded.

Definitions.

Section 2. The following terms as used in Article XIX, to-wit, "city and county," "county," "city," "governmental agency," "consolidate," and "consolidation," unless the context clearly indicates otherwise, shall have the same meanings as in that certain act of the legislature of the State of California known as the San Francisco-San Mateo Consolidation Act of 1929, approved June 11, 1929. The term "voter" as used in said article means a qualified and registered elector of the city, county, city and county, borough, or other territory concerned.

Continuation of Offices, Officers, Employees and Services.

Section 3. Upon the consolidation of the county as a whole, the offices of Assessor, Auditor, Coroner, County Clerk, District Attorney, Recorder, Sheriff, Tax Collector, and Treasurer of said county shall become branch offices of the corresponding respective offices of the city and county, and the incumbents thereof shall become deputies in the said respective offices of the city and county and shall continue as such to the end of the terms for which they were respectively elected or appointed.

The offices, departments, boards, and commissions of the city and county shall establish such branch offices in the territory consolidated as shall be necessary or convenient and as directed by the Board of Supervisors, but with no less amount of service in the said territory than shall have been provided by the county, or any city, or governmental agency of the county just prior to the time consolidation shall become effective.

Any full-time incumbent appointive officer or employee of the county, or any city, or governmental agency of the county, who shall have held such office or employment continuously for one year next prior to consolidation and whose duties shall be assumed by the city and county, shall become an employee of the office, department, board, or commission of the city and county assuming said duties and he shall as such employee thereafter be subject, without examination, to the

civil service provisions of this Charter, if any, applying to said employment.

Retirement Rights.

Section 4. Any policeman or fireman of the county, or any city, or governmental agency of the county, who shall become an employee of the police or fire department of the city and county, and who may participate in any pension or retirement system of the city and county, shall receive credit for his prior continuous full-time service to said county, city, or governmental agency.

Municipal Court.

Section 5. All cases pending in any justices' court, police court or court of any Recorder or other judicial municipal magistrate or office of the county, or any city, or governmental agency of the county consolidated with the city and county shall ipso facto be deemed to be and be transferred to the municipal court of the city and county. Such municipal court shall hold regular sessions in such borough or boroughs as the Board of Supervisors may, by ordinance, direct, and at least one such borough shall be so designated.

Recording.

Section 6. Any instrument or judgment affecting the title to or the possession of real property situated in the territory of the county which may be consolidated with city and county must be recorded in the branch office of the Recorder of the city and county located in the territory so consolidated and all records in said branch office shall for all purposes be deemed records in the office of the Recorder of the city and county.

Establishment of Boroughs.

Section 7. Any territory included in the area that has become a part of the city and county by consolidation and which at that time is not already within a borough may be organized into a borough in the manner hereinafter set forth, provided such territory contain at least 3000 population, as determined by ordinance of the Board of Supervisors. Any incorporated city included in the area that has become a part of the city and county by consolidation, which was such a city on or prior to January 1, 1931, shall automatically become a borough when consolidation becomes effective.

New Boroughs, Consolidation, Change in Boundaries, and Disestablishment of Boroughs.

Section 8. Any new borough may be established, any two or more boroughs may be consolidated, the boundaries of any borough may be enlarged or diminished, or a borough may be disestablished, provided a majority of the voters of the borough, or boroughs, and/or of the territory concerned, voting on such a proposition at an election called for the purpose, shall first have voted in favor thereof; provided, further, that no borough shall be disestablished nor the boundaries of a borough diminished, unless the same be approved by the Board of Supervisors by ordinance, or a majority of the voters of the city and county voting thereon at an election called for the purpose, shall first have voted in favor thereof. Such elections shall be called by the Board of Supervisors upon receiving the report of the borough commission hereinafter provided for, and at any time thereafter upon receiving a petition of at least twenty-five per cent of the voters of the borough or boroughs and/or the territory concerned. If any petition of voters requests the establishment of a new borough or any change in the boundaries of an existing borough, the Supervisors, before calling an election thereunder, must set the petition for public hearing and give notice thereof by publication at least once a week for two weeks in a newspaper published in the city and county. Upon such hearing, the

Board of Supervisors shall have power to change and determine the boundaries as set forth in any such petition. No new borough shall be established, nor shall two or more boroughs be consolidated, nor shall the boundaries of a borough be enlarged or diminished, nor shall a borough be disestablished, unless a majority of the voters of the borough, or boroughs, and/or the territory concerned, voting on such a proposition, shall first have voted in favor thereof.

Within thirty days after consolidation is effective, every Borough Council must appoint one member to a commission to be known as the Borough Commission. The Commission shall be charged with the duty of studying the boundaries of all boroughs within the city and county and of making recommendations to the Board of Supervisors concerning consolidation, disestablishment, or any change in boundaries of any borough or boroughs. This report shall be submitted to the Board of Supervisors within two years from the time consolidation shall become effective. Upon receiving the report of the Commission, the Board of Supervisors shall without delay call an election or elections and submit appropriate propositions in accord with the recommendations of the Commission to a vote of the voters of the territory concerned.

Upon the consolidation of two or more boroughs, all property thereof shall belong to the consolidated borough and such borough shall become responsible for all the debts and obligations of the boroughs consolidated. Upon a change of boundaries or disestablishment of a borough, the Board of Supervisors shall provide for the equitable adjustment and payment of any borough debts.

The Board of Supervisors, by ordinance, shall provide for the method and manner of calling and holding elections provided for in this section and for the canvassing of the returns thereof.

Borough Powers.

Section 9. Every borough shall have and may exercise, subject to the provisions of this Charter, the following powers and duties which shall be exclusive within borough limits except as otherwise provided herein:

(1) To create districts for the purpose of regulating the location, height, area, bulk, and use of buildings, lands and premises, and to exercise zoning and planning powers.

(2) To maintain public libraries and reading rooms.

(3) To maintain parks, playgrounds and other recreational facilities, and to construct and maintain buildings and works appurtenant thereto, except parks, playgrounds and recreational facilities maintained by the city and county.

(4) To construct, improve, and maintain streets and the bridges, sidewalks, street signs, lighting fixtures and all other appurtenances incident thereto; except highways maintained by the State or any joint highway district and any highway or street which the Board of Supervisors shall declare to be a major highway to be maintained by the city and county.

(5) To construct and maintain local sewers, sewage disposal plants, storm drains, and outfalls.

(6) To collect garbage and other wastes and to dispose of the same within or without borough limits or provide therefor, except as the Board of Supervisors shall otherwise provide for such disposal. Permission to dispose of garbage and other wastes outside of borough limits shall be first obtained from the city and county or the borough having jurisdiction of the territory in which such disposal is made.

(7) To erect, maintain and repair public buildings, and improve and maintain public property within borough limits devoted exclusively to borough uses; provided the borough shall maintain at least one public building, which the Borough Council shall select and in which the Council shall meet.

(8) To have and exercise the same power within limits of the borough to open, widen, narrow, or close public streets and highways, and to establish the grades thereof, as is possessed by the city and county, except no borough shall close or narrow any highway maintained by the city and county without the approval of the Board of Supervisors.

(9) To exercise the powers of eminent domain whenever necessary to acquire property and easements for streets, highways, or other public purposes.

(10) To issue permits for any privilege in or on any street within the jurisdiction of the borough, and to make regulations with regard to advertising by signs, billboards, banners, placards, posters, or pictures on any street, sidewalk, or private property, or upon any buildings, poles, or fences thereof, except within two hundred feet of any street or highway not under its jurisdiction.

(11) To issue permits for spur tracks.

(12) To establish fire limits for the regulation of building and construction of buildings.

(13) To license for purposes of regulation only such occupations as shall require regulation in the interests of public peace, health, safety, or welfare, and to prescribe the terms and conditions under which such licenses shall issue.

(14) To declare what shall constitute a nuisance and to provide for the summary abatement of the same at the expense of the person or persons creating, causing, committing or maintaining such nuisance, by suit or otherwise.

(15) To enact local police ordinances, not inconsistent with the laws of the State or ordinances of the city and county, and to make rules and regulations for the exercise of any power conferred herein on boroughs and to provide penalties for the violation thereof, provided such penalties shall not exceed the penalty limits applicable by law or under this Charter to city and county ordinances; such local police ordinances to have all the force and effect within the limits of the borough of an ordinance of the city and county and as though passed and adopted by the Board of Supervisors.

(16) To create and define the powers and duties of all borough offices and employments, not established by this Charter, necessary for the purpose of carrying out the provisions of this Charter and executing the powers and duties of a borough; and to fix the compensation of all officers and employees of the borough not fixed by this Charter.

(17) To call and hold borough elections whenever necessary.

(18) To levy borough taxes.

(19) To prepare and adopt an annual budget of estimated borough expenditures and to exercise control of all borough funds.

(20) To incur indebtedness for the purpose of carrying out any of the powers conferred on the borough.

(21) To create special districts for the purpose of defraying the cost of any public improvement which the borough is authorized to make, and to levy special assessments upon property materially benefited by such public improvement, and to issue bonds to represent or be secured by such assessments.

(22) To contract for such supplies, services or labor, and to enter into such contracts as may be necessary.

(23) To employ a qualified person or persons to make an independent audit of borough funds and financial transactions of all kinds as the Borough Council may direct. If an audit is not made by the city and county, then the Council shall provide for such an audit at least once in every two years.

(24) To accept devises, bequests, legacies, donations or services to or for the use of the borough and to administer the same in accordance with the conditions thereof.

(25) To issue subpoenas for the attendance of witnesses or the pro-

duction of books or documents for the purpose of producing evidence or testimony in any matter pending before the Borough Council.

(26) To employ legal counsel.

(27) To change the name of the borough, by ordinance, provided the ordinance making such change in name shall first be approved by a majority of the voters of the borough voting thereon.

(28) To provide, by ordinance, for civil service for borough employees under such conditions as are hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(29) To provide, by ordinance, for a system of retirement allowances for old age and disability and death benefits to dependents, applicable to officers and employees of the borough under conditions hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(30) To appropriate borough funds for supplementing any city and county service or function within the borough; such appropriations to be expended through the appropriate departments of the city and county.

(31) To enter into an agreement with any other borough or boroughs for the joint undertaking of any power conferred on a borough herein.

(32) To have and exercise all appropriate municipal powers which may be necessary or proper to the exercise of the foregoing powers or to the discharge of the foregoing duties, and which are not inconsistent with the other provisions of this Charter.

Transfer of Borough Powers.

Section 10. Any power over which a borough shall have exclusive jurisdiction within its limits, as herein provided, may be transferred to the city and county by a borough by ordinance of the Council thereof, but not unless a majority of the voters of the borough, voting on the question of the transfer of such power, shall first have voted in favor thereof; provided, that no such power shall be transferred to the city and county unless such transfer is also approved by ordinance of the Board of Supervisors.

Borough Elective Officers and Terms.

Section 11. The voters of a borough shall elect five members of the Borough Council, except as otherwise provided; and also a Borough Controller, unless a borough shall, by ordinance of the Council approved by a majority of the voters thereof voting on such ordinance, vest the powers of Borough Controller in a Borough Manager. Except as otherwise provided, borough elective officers shall be elected to serve for terms of four years and until their successors are elected and qualify.

Within fifteen days after the establishment of a new borough created upon petition as herein provided, the Mayor of the city and county shall appoint five qualified residents of the borough as members of the Council to serve until their successors are elected and qualify. At the next succeeding general borough election, the voters thereof shall elect three members of the Council to serve for terms of two years, and two members to serve for terms of four years, beginning at twelve o'clock noon on the eighth day of January following the date of their election.

The Council of a borough which by consolidation is automatically established, shall consist of the same number of members as shall compose the Council of the city at the time consolidation becomes effective. The City Councilmen in office at the time of such consolidation shall continue in office as Borough Councilmen until the end of the terms for which they were respectively elected, and thereafter until twelve o'clock noon on the eighth day of January of the first succeeding even-numbered year. At the general borough election immediately

preceding the expiration of the terms of any such members of a Borough Council, the voters of the borough shall elect their successors to serve for terms of four years. At every borough general election the successors to those elective borough officers whose terms are next expiring shall be elected to serve for terms of four years.

At the first meeting of the Council of a borough, it shall appoint a Borough Controller to serve until his successor is elected and qualifies. At the next succeeding general borough election, the borough voters shall elect a Borough Controller to serve for a term of four years, beginning at twelve o'clock noon on the eighth day of January following the date of his election; provided, however, that if a majority of the members of the Borough Council are elected at the same time, the Borough Controller shall be elected to serve for a two-year term, and thereafter his term shall be for four years.

A candidate for any elective borough office shall have been an elector of the borough, or of the area comprising the same, for a period of at least five years prior to the date of election at which he is a candidate. No person who shall hold an elective or appointive office of the city and county shall hold any elective borough office.

A Borough Council may fill any vacancy in an elective office of a borough for the unexpired term thereof.

Duties, Meetings, and Compensation of Borough Councilmen.

Section 12. The Council shall constitute the legislative body of the borough and, except as otherwise provided, shall exercise the powers thereof.

The Council shall provide by ordinance for the time and place of holding its meetings and the manner in which its special meetings may be called, provided, however, that there shall be at least two regular meetings in each month. The first meeting shall be held within thirty days after its establishment at the time and place upon which a majority of the Council shall in writing agree. All legislative sessions of the Council, whether regular or special, shall be open to the public. A majority of all members of the Council shall constitute a quorum for the transaction of business. All borough records shall be open to the public.

No member of the Council shall receive compensation for his services unless an ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon; provided, however, that Councilmen of a borough automatically established shall continue to receive the same compensation as provided for Councilmen by the city which it succeeds at the time consolidation becomes effective, until the borough provides otherwise by ordinance approved by a majority vote of the vote cast thereon.

The Council shall by ordinance determine what bonds, if any, are to be given by the elective and appointive officers of the borough, and shall fix their amounts and form, and such bonds shall be approved in the case of a Borough Controller by the Council and in the case of all other officers by the Borough Controller, and the premiums thereon shall be paid by the borough.

Borough President.

Section 13. The Council shall choose one of its own number as President to serve at its pleasure. The President shall be the executive head of the borough upon whom process issued by authority of law shall be served. In the name and on behalf of the borough he shall sign all legal instruments and documents to which the borough is a party except where otherwise provided herein or by ordinance. He shall have such other powers and perform such other duties as may be prescribed by law, or by ordinance or resolution of the Council.

Borough Controller.

Section 14. The Borough Controller shall have, in addition to such duties as are prescribed by this Charter, such other duties as may be prescribed by borough ordinance. No borough funds shall be drawn from the treasury of the city and county except by warrant issued or countersigned by him, and he shall countersign no such warrant unless the claim is a legal obligation of the borough. He shall keep in his office sufficient and proper records and accounts of the financial transactions of the borough. Such records and accounts shall be kept in the forms and manner as prescribed by ordinance of the Board of Supervisors. He shall have access at all times for himself, or for any person designated by him, to books, records and cash in any office of the city and county and/or of the borough in which accounts are kept or money handled on behalf of the borough. He shall have power to inquire into all contracts, including the performance thereof, and into all proceedings involving the expenditure of public funds to which the borough is a party, and into the financial transactions of all officers and employees of the borough. For this purpose he may administer oaths, summon witnesses and order the production of relevant books and papers. If any person fails to obey such summons or order or refuses to answer any proper question, the Borough Controller may petition a court of competent jurisdiction for an order directing such person to comply with said summons or order or to answer such questions. He shall have power to employ such expert accountants or other agents as he may deem necessary to carry out his powers, and the Borough Council shall appropriate such funds as may be needed for this purpose.

Borough Clerk.

Section 15. When consolidation becomes effective, the Clerk of any city which is automatically established as a borough shall continue in office as Borough Clerk thereof until the expiration of the term for which he may be elected or appointed, and thereafter the Council shall appoint a Borough Clerk who shall act as Clerk of the Council. He shall have power to administer oaths and affirmations, to take affidavits, and to certify the same. He shall have such other powers and perform such other duties as may be provided by this Charter, or by ordinance, or order of the Council.

Borough Planning Commission.

Section 16. The Council may provide, by ordinance, for a Borough Planning Commission of five members. The ordinance shall provide for the qualifications, manner of appointment, terms, and compensation of the members of such Commission, but no compensation shall be paid any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon. Said ordinance shall provide that the Borough Planning Commission shall have and exercise within the borough such powers and duties as shall correspond to, so far as possible, the powers and duties of the Planning Commission of the city and county.

Until a Borough Planning Commission is provided, the Council shall have and exercise within the borough such powers and duties of a Planning Commission as the Council, by ordinance, may provide.

The Borough Planning Commission, or the Council, as the case may be, shall have such advisory powers relating to any planning matter of the city and county affecting any property, streets, public work or public improvement of or within the borough, as may be provided by ordinance of the Board of Supervisors.

The Borough Planning Commission, or the Council, as the case may be, shall have power to recommend changes in or the repeal of any city ordinance establishing zones for the uses of property within the borough which may be continued in effect upon consolidation. In the determination of which class of occupation zones the property within a

borough may be divided, or in the modification of any city zoning ordinance continued in effect, the Borough Planning Commission, or the Council, as the case may be, shall accept the classification of occupation zones which the Board of Supervisors, by ordinance, shall establish for the city and county.

Borough Library Board.

Section 17. The Council may provide, by ordinance, for a Borough Library Board of five members. The ordinance shall provide for the qualifications, manner of appointment, terms and compensation of the members of such board, but no compensation shall be paid to any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon.

The Borough Library Board shall have control and management of the borough library and the funds provided for same and shall have power to make such rules and regulations as necessary for the conduct of its affairs, but the Treasurer of the city and county shall have custody of such funds.

Borough Manager.

Section 18. The Council may appoint a Borough Manager, provided, however, that no Borough Manager shall be appointed unless an ordinance creating such office shall first have been approved by a majority of the borough voters voting thereon, and which ordinance, when so approved, shall not be amended or repealed except by ordinance also approved by a majority of the borough voters voting thereon. The City Manager of a city automatically established as a borough shall continue to hold such office as Borough Manager until removed by the Council and the Council may appoint his successor.

The Borough Manager shall be chosen by the Council without regard to political consideration and solely with reference to his executive and administrative qualifications. Residence within the borough shall not be a qualification for his appointment; but promptly thereafter during his term of office, he shall become and shall remain an actual resident of the borough.

The powers and duties of the Borough Manager shall be as follows:

- (a) To act as administrative head of the borough government.
- (b) To see that all borough ordinances are enforced.
- (c) To appoint, remove, and have control of all subordinates and employees, except as otherwise provided by this Charter or by ordinance of the borough.
- (d) To see that all permits and privileges granted by the borough are observed and to report any violations thereof to the Council.
- (e) To attend meetings of the Council.
- (f) To advise the Council on the needs of the borough.
- (g) To devote his entire time to the interests of the borough.
- (h) To have general supervision of borough parks and playgrounds.
- (i) To appoint such borough advisory boards as he may deem desirable to advise and assist him in his work; provided such boards shall not receive any compensation.
- (j) To prepare the annual borough budget, as herein provided.
- (k) From time to time, in order to facilitate the prompt, economical and efficient dispatch of borough business, to assign assistants, deputies or employees from any office or department of the borough government to perform work or service in any other office or department thereof, or to work in more than one of said offices or departments.
- (l) To possess such additional powers and duties as may be provided in this Charter or by ordinance.

The Borough Manager shall have the right to take part in the discussion of all matters coming before the Council, but shall have no vote therein.

In case of the absence or disability of the Borough Manager, the Council may designate some qualified person to perform the duties of the office temporarily.

No member of the Council shall in any manner, directly or indirectly, by suggestion or otherwise, attempt to influence or coerce the Borough Manager in making of any appointment or the purchase of supplies, or attempt to exact any promise relative to any appointment from any candidate for Borough Manager, or discuss, directly or indirectly, with any such candidate, the matter of appointments to borough offices or employments. Any violation of the foregoing provisions of this section shall constitute a misdemeanor and shall work a forfeiture of the office of the offending member of the Council, who may be removed therefrom by the Council or by any court of competent jurisdiction.

No persons related to a Borough Manager by blood or by marriage shall be eligible for borough employment.

A Borough Manager may, by written agreement of the Councils of the boroughs interested, act as joint manager for two or more boroughs, in which case he shall become a resident of one of the boroughs so interested and shall devote his entire time to the interests of such boroughs.

Borough Legislation.

Section 19. The Council shall act in legislative matters by ordinance only. Other action of the Council, unless otherwise provided, may be taken by resolution, motion or order. No ordinance or resolution or order for the expenditure of money shall be passed without receiving the affirmative votes of a majority of all members of the Council.

The enacting clause of all borough ordinances shall be as follows: "The people of the Borough of _____ (inserting the name of the borough) of the City and County of San Francisco do ordain as follows." No ordinance shall be passed by the Council on the day of its introduction, nor within five days thereafter, nor at any time other than a regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the President and attested by the Borough Clerk and shall be published at least once in some newspaper of general circulation established, printed and published in the borough, and if there be no such newspaper they shall be posted in at least three public places in the borough before becoming effective.

Every ordinance passed by a Council shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance and as otherwise provided herein. Ordinances declared by the Council to be necessary as emergency measures for the immediate preservation of public peace, health, safety, or welfare, containing a statement of the reasons for their urgency, and ordinances ordering or otherwise relating to elections, and ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments, may go into effect at the will of the Council.

Borough Fiscal Procedure.

Section 20. Within the time limits fixed by this Charter for the preparation and adoption of the budget of the city and county, every borough shall cause to be prepared and shall adopt a borough budget which shall be a complete statement of the estimate of the revenues and expenditures of the borough departments for the ensuing year. Such budget shall be prepared substantially in the same manner and in such detail as required for the budget of the city and county so far as the same may be applicable. Upon the adoption of the budget, it shall take effect at the same time and shall be binding upon the borough in substantially the same degree and in the same manner as the

city and county budget shall be effective and binding upon the city and county.

The fiscal year of a borough shall be the same as for the city and county.

Within the time limits fixed by law or by this Charter for the city and county, the Council may levy a borough tax sufficient to raise the amount estimated to be required in the annual budget as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue; but such levy, exclusive of the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the borough, and exclusive of special assessment and district taxes and of the library tax, shall not exceed the rate of one dollar on each one hundred dollars of the assessed valuation of the taxable property within the borough. Should the Council fail to fix the tax rate within the time prescribed, then the borough tax rate of the previous year shall constitute the rate of the current year. The Council, by ordinance, may provide for a higher tax limit, but such tax limit shall not be effective unless the ordinance fixing such tax limit shall first have been approved by a majority of the borough voters voting thereon.

All borough taxes levied, together with interest thereon and any percentage imposed for delinquency and the cost of collection, which shall be those prescribed in this Charter for the city and county, shall constitute liens on the property assessed, which taxes, interest, penalties and charges shall be collected in the same manner as is provided for the collection of city and county taxes, and which liens may be foreclosed upon in the same manner as is provided for the foreclosure of liens for city and county taxes.

All borough taxes shall be levied on the valuation of the taxable property within the borough as shall be fixed by the Assessor of the city and county for city and county tax purposes.

There shall be a borough fund for each borough. All borough taxes shall be collected by the Tax Collector of the city and county and shall be paid into the city and county treasury to the credit of the borough concerned, together with all revenues of a borough received from fines, licenses, and other sources of revenue, except as otherwise provided. Money shall be payable from a borough fund only on warrants drawn with the approval of the Council by such borough officer as the Council may authorize, and when countersigned by the Borough Controller.

The manner and time within which deposits of borough moneys received from taxes, licenses, fees, fines, penalties, forfeitures, and all moneys accruing to a borough from any source shall be made, the transfer and disposition of all surplus funds, and the manner in which borough accounts shall be kept, shall be provided for by ordinance of the Board of Supervisors, and shall be uniform for all boroughs.

The Council shall not create, audit, or permit to accrue, any debt or liability in excess of the available money in the borough fund of the borough that may be legally apportioned and appropriated for such purpose; provided that taxes levied though uncollected are deemed available income and revenue for the year for which levied; and provided, that any borough, during the first year of its existence, may incur such indebtedness or liability as may be necessary, not exceeding in all the income and revenue provided for it in such year, nor shall any warrant be drawn, or evidence of indebtedness be issued, unless there be at the time sufficient money in the borough fund legally applicable to the payment of the same, except as hereinafter provided. When any order or demand is presented to the Borough Controller for approval and such order or demand is a proper and legal order or demand and the amount of said order or demand does not exceed the amount of the unexpended and not otherwise appropriated moneys remaining in the fund out of which said order is payable but where there are not actual moneys on hand in said fund for the payment of said order or demand, the Borough Controller must indorse thereon the

words, "not approved for want of funds," with the date of presentation and shall, in attestation thereof, affix his signature thereto; and shall number such indorsement and shall register said order or demand in the records of his office and shall thereupon deliver said order or demand to the claimant, or his order. From that time, such order or demand shall bear interest at the rate of six per cent per annum. Such orders or demands, so registered as herein provided, shall be paid in the order in which the same are registered.

All license taxes collected by the city and county within the limits of any borough shall be credited to the borough fund of such borough by the Treasurer of the city and county.

Borough Tax Subventions.

Section 21. The Board of Supervisors shall provide by ordinance for a system of subventions from tax funds of the city and county to boroughs which expend funds for the maintenance of streets, sewers, libraries, parks, or playgrounds during any fiscal year; provided that in no event shall the subvention to any borough either exceed the aggregate amount which such borough shall appropriate out of borough funds in said fiscal year for said purposes, or exceed the amount which the city and county shall raise in said fiscal year by city and county taxes levied and assessed for like purposes against taxable property within such borough. Such system of subventions may be modified from time to time by the Board of Supervisors by ordinance, but all ordinances so providing shall apply generally to all boroughs.

Borough Bonded Indebtedness.

Section 22. A borough may incur an indebtedness, exceeding in any year the income and revenue provided for such year, for the purposes of paying the cost of any borough improvement or acquisition within the power of the borough to make or acquire and may issue and sell borough bonds for such purposes, provided said indebtedness and bonds are authorized as herein provided by ordinance or resolution of the borough pledging the faith and credit of the borough therefor. Such ordinance or resolution shall be adopted and the proposition for the issue and sale of such bonds shall be submitted to a vote of the voters of the borough in substantially the same form and manner and according to the same procedure as is provided in this Charter for the issue and sale of bonds by the city and county, or in the manner and form and according to the procedure provided in any general law of the State of California in force at the time governing the issue and sale of bonds by municipalities, so far as the same may be applicable.

No such debt shall be incurred and no such bonds shall be issued by any borough without the assent of two-thirds of the voters thereof voting thereon at an election to be held for that purpose, nor unless before or at the time of incurring said debt or issuing said bonds provision shall be made for the collection of an annual tax sufficient to pay the interest on such debt or bonds as it falls due and provision shall also be made to constitute a sinking fund for the payment of the principal thereof on or before maturity.

In no case shall borough bonds be issued for a term which shall exceed the estimated life of the work or improvement for the payment of which they are issued as certified by the Council in the ordinance calling the bond election, nor for a term to exceed forty years.

No bond shall be issued on the faith and credit of the borough which will increase the bonded indebtedness thereof beyond five per cent of the assessed valuation of the property within the borough subject to direct taxation as shown by the last preceding assessed valuation.

The proceeds from the sale of borough bonds shall be applied exclusively to the purposes and objects to which the voters of the borough have assented, until such purposes and objects have been accomplished,

after which the surplus, if any, may be transferred to the bond interest or redemption fund of the borough.

Borough bonds shall not constitute or be a debt or general obligation of the city and county.

Borough Special Assessments.

Section 23. In the exercise of its power to provide for the payment of the cost of any public improvement in whole or in part by special assessment levied against the property benefited thereby, a borough acting through its Council may establish local improvement districts and levy and collect special assessments and reassessments to pay the costs and expenses of such improvements, which expenses shall be made and assessments levied and collected in conformity with the procedure set forth in this Charter for the city and county, or with the procedure set forth in any ordinance passed or adopted thereunder, or with the procedure set forth in any one or more of the general laws of the State of California in force at the time of the improvement relating to the doing of public work or the making of public improvements in municipalities or in counties, so far as the same may be applicable. The Council may provide in accordance with the procedure set forth in said Charter or said ordinance or general law or laws for the issuance, sale, payment and redemption of interest bearing bonds to represent or to be secured by such assessments or any reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide that such assessments or reassessments may be paid in installments and be collected in the same manner in which city and county taxes are collected or otherwise, and for the sale of lands burdened by such assessments or reassessments and for the purchase of same on behalf of the borough in event of nonpayment, and may provide other or alternative methods for such collection by foreclosure or otherwise. Such work or improvements are any permitted to be done by boroughs under this Charter or by the city and county or by any such procedure, ordinance or general law.

Nothing contained herein shall prevent the Board of Supervisors from establishing similar local improvement districts where the same shall cover territory in two or more boroughs or parts thereof, or cover territory lying partly within and partly without a borough, or from levying and collecting special assessments and reassessments to pay the cost and expenses of such local public improvements.

Borough Contracts and Official Advertising.

Section 24. In the preparation of estimates, calling for bids, advertising, and awarding of contracts for supplies, materials, labor, official advertising, or for any public work, a borough shall be subject to the provisions of any ordinance as the Board of Supervisors shall provide to be applicable uniformly to all boroughs. Such ordinance shall follow as closely as practicable the provisions of this Charter relating to such matters applicable to the city and county and shall charge borough officers with appropriate duties in the premises.

Contracts for the official advertising of a borough shall be let as this Charter provides for the letting of contracts for official advertising of the city and county, provided that any such contract shall be let to a daily or weekly newspaper of general circulation established, printed, and published in the borough, if any such there be. If there be no such newspaper, then such contract shall be let to a daily or weekly newspaper of general circulation established, printed and published in the city and county.

Any newspaper of general circulation which for one year next prior to consolidation was established, printed and published in the territory consolidated with the city and county shall thereafter be deemed to have been so established, printed and published as a newspaper of

general circulation for said period of one year within said city and county for all purposes of official publication or advertising.

The advertising of the delinquent borough tax list of the property within a borough shall be let by the Board of Supervisors to the lowest responsible bidder for publication in a newspaper of general circulation established, printed, and published within such borough, if any such there be, and otherwise in such a newspaper established, printed and published in the city and county and such delinquent tax list shall be published in such newspaper at least once.

Interest in Borough Contracts.

Section 25. No officer or employee of a borough shall be or become directly or indirectly interested in any contract of such borough. Any such officer or employee violating the provisions of this section shall forfeit his office or employment and be disqualified from being elected, appointed or employed in the service of such borough, or the city and county, or any other borough thereof, and such contract shall be void.

Borough Civil Service.

Section 26. Whenever the voters of a borough shall approve an ordinance of the Council providing for Civil Service for officers and employees of the borough, the Council shall enter into an agreement with the Civil Service Commission of the city and county for the administration of the Civil Service system of the borough, and it shall provide in the borough budget for the payment to the city and county of the costs of such services.

In any such ordinance it shall be provided that all borough officers and employees, not otherwise exempt as herein provided, shall be subject to the Civil Service provisions of this Charter as far as they may be consistently applicable to such officers and employees. Such ordinance shall further provide that there shall be no exemption of any borough officers or employees from the borough Civil Service system except in the case of elective borough officers, appointees to any borough board or commission not required to give full-time service, and the Borough Manager, if any. Such ordinance may also provide that any borough officer or employee, who shall be subject to the borough Civil Service system and who has been continuously employed full-time for one year prior thereto by the borough or by the city automatically established as such borough, shall without examination be deemed appointed within the Civil Service provisions of this Charter to the position to which he may be assigned and entitled to all the benefits of said Civil Service provisions thereafter.

Borough Pensions.

Section 27. Whenever the voters of a borough shall approve an ordinance of the Council providing for retirement allowances and death benefits applicable to officers and employees of the borough, the Council shall enter into an agreement with the Board of Administration of the employees' retirement system of the city and county for the administration of the borough retirement allowances and death benefits, and for contributions by the borough and the borough officers and employees to the employees' retirement system of the city and county in like manner as is provided for such administration and contributions by the city and county and city and county officers and employees.

The right of borough officers and employees to participate in such a retirement system, the manner in which they may participate, and the benefits they may enjoy, shall be those provided by the employees' retirement system for officers and employees of the city and county.

In any such ordinance it may be provided that any officer or employee participating in its benefits shall receive credit for his prior continuous full-time service to the borough and/or to the city automatically established as such borough, and all liabilities accruing under such system because of such prior service shall be met by the borough.

Borough Elections.

Section 28. The primary and general elections of a borough shall be held at the time provided in this Charter for municipal primary and general elections of the city and county. Except as otherwise provided in this Charter, the Council by ordinance shall call any special borough election and notice of such special election shall be given by proclamation issued by the President of the Council and posted and published as the Council may direct for the period of at least 30 days next preceding the date of such election. Any borough election shall be conducted and canvassed in the same manner as an election of the city and county, but the cost of any special election shall be borne by the borough. A borough special election may be called to be held on any day appointed for any primary or general election of the city and county.

Borough Initiative, Referendum, and Recall.

Section 29. The voters of a borough may invoke the initiative provisions of this Charter to apply to any borough ordinance, and they may also invoke the referendum provisions of this Charter to apply to any ordinance, act or measure of a Council. The Council may submit any ordinance it is empowered to pass to a vote of the borough voters. The voters of a borough may invoke the recall provisions of this Charter to apply to any elective borough officer. It shall be the duty of the Board of Supervisors, by ordinance uniformly applicable to all boroughs, to make the provisions of this section effective.

Interchange of Services.

Section 30. Any department, officer, or employee of a borough may be permitted to perform services for any office, board, or department of the city and county, and may be compensated for such services by the city and county, provided approval thereof is first obtained from the proper borough authority.

Borough Continuation of Employees, Contracts, and Ordinances.

Section 31. Except as otherwise provided, any employee of a city consolidated with the city and county, who shall be in the employ of any department or office of such city, the duties of which shall be undertaken by a borough automatically established as successor to any such city, shall continue in the position to which he may be assigned in the employ of the borough until the end of his term or if without a term until removed by the authority to whom power of removal is committed.

All contracts for materials, supplies and labor, and all public works, special assessments or similar proceedings entered into or undertaken by a city consolidated with the city and county in force or in course of performance when consolidation becomes effective, shall be continued and perfected by the borough automatically succeeding any such city, provided the borough shall have jurisdiction in the matter for which such contracts were entered into or over such public works, special assessments or similar proceedings, and otherwise by the city and county.

All ordinances of a city consolidated with the city and county which are not inconsistent with the provisions of this Charter or with any ordinance of the city and county shall, until repealed or amended by borough ordinances, be continued in force as ordinances of the borough automatically succeeding such city.

General Legislation for Boroughs.

Section 32. The Board of Supervisors shall have general power to enact all legislation necessary to permit boroughs to exercise their powers or perform their duties under any provisions of this Charter and not otherwise provided for herein. Such legislation shall be con-

sistent with the provisions of this Charter relating to the city and county or to boroughs and shall be uniform for all boroughs.

The following bill was, on motion, *referred to Finance Committee*:

Amending War Memorial Ordinance.

Presented by Supervisor Colman, request of War Memorial Trustees:

Bill No. 9433, Ordinance No. ——— (New Series), as follows:

Ordinance No. 8746 (New Series) setting forth and prescribing the procedure under which the Board of Trustees of the War Memorial shall have charge of construction, administration, management, superintendence and operation of War Memorial; providing for acceptance of gifts, devises and bequests; providing for employees and their salaries; providing budget and accounts of said Trustees; providing for purchase of materials, supplies and equipment; and providing for setting up of revolving fund, is hereby amended to read as follows:

Setting forth and prescribing the procedure under which the Board of Trustees of the War Memorial shall have charge of construction, administration, management, superintendence and operation of War Memorial; providing for acceptance of gifts, devises and bequests; providing for employees and their salaries; providing budget and accounts of said trustees; providing for purchase of materials, supplies and equipment.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Direction to Board of Trustees of War Memorial.* The Board of Trustees of the War Memorial in exercising the powers granted to it under Article XIV-D of the Charter relative to the construction, administration, management, superintendence and operation of the War Memorial of San Francisco, shall do so subject to the provisions of this ordinance. Said Board of Trustees shall be hereinafter mentioned as the Trustees.

Section 2. *Construction of War Memorial.* The Trustees of the War Memorial shall construct a building or buildings as and for a War Memorial on the real property located in the City and County of San Francisco, bounded by Van Ness Avenue, Grove, Franklin and McAllister Streets. The cost of said memorial shall be borne out of, but not to exceed the total proceeds of the Memorial Hall's Bond Issue, together with such other and further sums as may be now or hereafter available, including all interest received by the City and County of San Francisco on moneys in said fund, all of which are hereby appropriated for said purposes. The Trustees of the War Memorial shall have charge of the construction, administration, management, superintendence and operation of the War Memorial and of the grounds set aside therefor, and all of its affairs, and may enter into contracts for said purposes.

Section 3. *Administration, Management, Superintendence and Operation of the War Memorial.* Said trustees shall subsequent to the construction of said War Memorial, and during the construction thereof, administer, manage, superintend and operate said War Memorial and the grounds set aside therefor, and all of its affairs.

Section 4. *Gifts, Devises and Bequests.* No gifts, devises or bequests, other than unconditional gifts, devises and bequests of cash, shall be accepted by the City and County of San Francisco as and for said War Memorial without the consent of a majority of the Trustees present at a meeting of said Trustees. Said Trustees are hereby empowered to receive and accept any cash or property under the terms and provisions of Sec. 4, Art. XIV-D of the Charter. Any gifts, devises and/or bequests received by the Trustees on behalf of the City and County for any purposes connected with said War Memorial, or incident thereto, shall be set aside in a special fund for the use and benefit of the said War Memorial.

Section 5. *Employees.* The Trustees shall engage such employees, bonded or otherwise, as may be necessary for the conduct of the property and affairs of said War Memorial.

Section 6. *Salaries.* The salaries, wages and compensation of the managing director and secretary of said War Memorial and of all other employees shall be subject to standardization as provided in Section 14, Chapter 2, Article II of the Charter. That pending the standardization of wages, salary and compensation, there shall be paid to said employees at least the minimum entrance salary, wage or compensation paid for similar services by the City and County of San Francisco, and if there are any positions or places of employment created by the Trustees not common with others in the government of the City and County of San Francisco, then the compensation to be paid to said employees shall be fixed by said Trustees.

Section 7. *Budgets.* Not later than April 1, in the year 1931, and annually thereafter, the Trustees shall transmit to the Board of Supervisors a proposed budget for the next fiscal year.

Section 8. *Accounts.* Upon the completion of the War Memorial, the Trustees shall cause to be filed a complete statement showing all receipts and disbursements of the Trustees, and same shall be open for inspection by the public in the office of the Auditor. Said statement shall show the number of employees of the Trustees.

Section 9. *Purchase of Materials, Supplies and Equipment.* Subsequent to completion of the War Memorial, purchases of materials, supplies and equipment required by the Trustees shall be made in accordance with the provisions of Chapter IV, Article II, of the Charter, and Ordinance No. 5880 (New Series), provided, however, that specifications may be prepared under the direction of the Trustees for all equipment required by said Trustees, and for materials or supplies peculiar to said War Memorial operations and not in common use in other departments of the City and County; and the Trustees may designate the particular brand, kind or make of any equipment which may be necessary in the conduct of said War Memorial.

Section 10. *Constitutionality.* If any section, sub-section, subdivision or provision of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining provisions of this ordinance, the Board of Supervisors hereby declaring that it would have passed this ordinance, and each section, sub-section, subdivision, provision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, subdivisions, provisions, sentences, clauses or phrases hereof are declared unconstitutional.

Section 11. *Effectiveness.* This ordinance shall become effective immediately upon its passage.

Section 12. *Other Ordinances.* Any ordinance or part thereof in conflict herewith is hereby repealed in respect to conflicting provisions.

Requesting From Board of Public Works Information on Hetch Hetchy Project.

Supervisor McSheehy presented:

Resolution No. 33938 (New Series), as follows:

Whereas, on September 29, 1930, a report was submitted to this Board by the Manager of the Water Department as to a water famine threatening this city, and recommending that a pipe line be con-

structed connecting the San Francisco system with the East Bay Municipal Utilities District; and

Whereas, this connection will tie in with our Water Department and will become part, directly or indirectly, of our Hetch Hetchy system; therefore, be it

Resolved, That an answer in the next two weeks be requested from the Board of Public Works of the following questions:

1. Have we sufficient money in the Hetch Hetchy fund to complete the Hetch Hetchy system, including the Coast Range tunnels?

2. When was the last Hetch Hetchy Bond issue voted and what was its amount?

3. How much money was in the Hetch Hetchy fund when the last bond issue was voted?

4. How much money has been spent to date on the Coast Range tunnels?

5. How many feet of tunneling have been excavated through the Coast Range to February 1, 1931, and at what cost?

6. How much permanent concrete lining has been placed in these tunnels, and at what cost?

7. How much of these same tunnels remains to be dug and what is the estimated cost?

8. How much permanent concrete lining of Coast Range tunnels remains to be done and what is its cost?

9. How much money have we in the fund on February 1, 1931?

10. How much is the estimated cost of each of the following items: Coast Range tunnels, 47 miles San Joaquin Valley pipe line including syphon under San Joaquin River, and Mountain Bar syphon?

11. What is the total cost of the East Bay pipe connection and the cost of pumping and purchase of three years' maximum supply of water?

12. What is the total cost of completion of the Hetch Hetchy system including pumping and purchase of three-year water supply?

13. How much of this emergency connection and emergency water cost will be paid out of the City water funds and how much out of the Hetch Hetchy funds?

14. How much then is the total required from the Hetch Hetchy funds?

15. How much then will the deficit or surplus be?

16. If we are facing a deficit when will you ask for more funds for completion of the project?

17. How much would be the deficit or surplus if we used the temporary route over Altamont Pass, continuing to work on the tunnels?

18. How much would be the deficit or surplus if we discontinued all work on the tunnels except for maintenance and repair?

19. What is the total Hetch Hetchy bond issues to date and the dates and amounts on which the various issues were voted?

20. How much interest during construction has been paid on these bonds to date?

21. How much amortization has taken place?

22. What is the yearly total interest on outstanding Hetch Hetchy bonds?

23. What will be the total yearly interest on outstanding Hetch Hetchy bonds when the last remaining bonds are sold and at what date will this take place?

24. How much total interest during construction has been paid since the last bond issue?

25. How much interest will there be between now and the completion of the Hetch Hetchy system?

26. How much Hetch Hetchy interest then will have been spent during the construction of the Coast Range tunnels?

27. What would have been the cost of the 47 miles of pipe line across

the San Joaquin Valley, including the Mountain Bar syphon, plus the proposed Altamont Pass construction, plus a pipe line connecting the Altamont Pass pipe with the present conduits at Sunol?

28. Is it feasible to bring Hetch Hetchy water in a pipe line over Altamont Pass by gravity?

29. How much would it increase the thickness of the pipe at Tesla Portal, and how much at the San Joaquin River if this were done?

30. How much would it increase the cost of the San Joaquin pipe line, the proposed Altamont Pass pipe line and the proposed Altamont Pass to Sunol pipe line, if they are made into a gravity system?

31. What then would be the total pipe line cost for a gravity pipe line system from Oakdale Portal to Sunol, including Mountain Bar syphon pipe line?

32. How many gallons per day would such a gravity pipe line system deliver to Sunol?

Adopted by the following vote:

Ayes—Supervisors Andriano, Canepa, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton, Suhr—15.

No—Supervisor Colman—1.

Commending Publicity Given San Francisco Bay Area Through the "Marina Survey," a Publication of the National Association of Engine and Boat Manufacturers, by the National Association of Engine and Boat Manufacturers.

Supervisor Miles presented:

Resolution No. 33939 (New Series), as follows:

Whereas, it has been brought to the attention of this Board that the boating facilities of the San Francisco Bay region in general, and San Francisco in particular, have received generous national publicity through the Marina Survey, a publication of the National Association of Engine and Boat Manufacturers; and

Whereas, the National Association of Engine and Boat Manufacturers, at their own expense, annually compile, publish and distribute throughout the nation this comprehensive and authentic survey, which contains a voluminous word and picture story of San Francisco Bay; and

Whereas, since this publication presents to the citizens of San Francisco and the nation valuable statistics and information on boating facilities and business possibilities throughout the San Francisco Bay area; now, therefore, be it

Resolved, That this Board, cognizant of the great value of this publicity to San Francisco, does hereby most heartily commend the officers, directors and members of the National Association of Engine and Boat Manufacturers for their non-sectional attitude and public-spirited efforts to stimulate boating, recreation and industry throughout the San Francisco Bay region.

BUS PERMIT.

Resolution No. 29762 (New Series).....October 18, 1928

It is the purpose and intention of declarant to hereby surrender to said City and County of San Francisco all rights, franchises, privileges, permits or resolutions owned by declarant and existing February 15, 1929, or operated during the year 1930 and existing at the time of the filing of this Declaration of Surrender, whether specifically described or set forth or not, all as provided in Section 6a of Chapter II, Article II, of the Charter of the City and County of San Francisco.

This Declaration of Surrender is executed by Market Street Railway Company and acknowledged and certified by a notary public authorized to make such acknowledgment in the manner provided by law for the conveyances of real property, and is made pursuant to the provisions of Section 6a of Chapter II, Article II, of the Charter of the City and County of San Francisco.

Market Street Railway Company hereby requests the Clerk of the Board of Supervisors to file this Declaration of Surrender in the office of the Board of Supervisors of said City and County and to endorse thereon the fact and date of such filing, and to sign such endorsement and to deliver to Market Street Railway Company a true and correct copy of this Declaration of Surrender so filed by said Market Street Railway Company, with the certificate of said Clerk attached thereto, duly signed, and attested by the seal of said City and County of San Francisco, to the effect that the same is a true and correct copy of the Declaration of Surrender so filed by Market Street Railway Company, and stating therein the date of such filing and the name of the Market Street Railway Company as executing such declaration.

In witness whereof, Market Street Railway Company has caused its corporate name and seal to be hereunto affixed and this Declaration of Surrender to be signed by its President and attested by the signature of its Secretary this 9th day of February, A. D. 1931.

(Seal) MARKET STREET RAILWAY COMPANY.
By SAMUEL KAHN, President.
Attest: GEO. B. WILLCUTT, Secretary.

(Notarial certificate of Minerva N. Swain attached.)

Endorsement of Clerk of the Board of Supervisors of the City and County of San Francisco:

This is to certify that the Market Street Railway Company has filed in the office of the Clerk of the Board of Supervisors of the City and County of San Francisco the above and foregoing Declaration of Sur-

render, and that the same was filed, as aforesaid, on, to-wit, the 9th day of February, 1931.

This is to further certify that the above and foregoing Declaration of Surrender is a true and correct copy of the Declaration of Surrender so filed with said Clerk on the 9th day of February, 1931, by Market Street Railway Company.

(Seal of the City and County of San Francisco.)

J. S. DUNNIGAN,
Clerk of the Board of Supervisors of the City
and County of San Francisco.

Motion.

Supervisor Havenner moved that Judiciary Committee consider and recommend legislation to the State Legislature amending Constitution by removing limitation as to time of consideration of proposed new municipal Charter.

Relative to Use of Outer Tracks of Municipal Railway by Market Street Railway Company.

The following was presented and read by the Clerk:

Communication, from the Pacific League of Improvement Clubs and Associations, in support of the request before Public Utility Committee relative to the use of the outer tracks of the Municipal Railway by the Market Street Railway Company, upon the payment of a proper charge during the reconstruction of the latter's rails, and declaring that it is a purely commercial proposition, the granting of which will redound to the benefit of all, while its denial will result in prolonged inconvenience, discomfort, added expense, delay and increased hazard to life and limb, and the benefit none.

Communication, from the Sunset Transportation and Development Association, suggesting, in connection with the use of the Municipal Railway tracks on Market street by the Market Street Railway Company during the period necessary for that company to reconstruct its rails, that if, in order to shorten the reconstruction period and consequent traffic congestion, it is deemed advisable to grant such request, that provisions be made for the use of the Municipal Railway tracks exclusive of the morning and evening rush hours, thus discommoding the least possible number of people who live in the Sunset District.

Opinion of City Attorney Relative to Deposit of Premiums of Bond Sales.

The following was presented and read by the Clerk:

Communication, from the City Attorney, advising that premiums from the sale of bonds must be placed to the credit of the bond fund, with particular reference to the War Memorial bonds.

Opinion of City Attorney on Special Election for Charter Amendments.

The following was presented and read by the Clerk:

Communication, from the City Attorney, advising that it is legal for the Board of Supervisors, acting within time required by law, to submit any Charter amendment to our existing Charter at the election on March 26th, but that such action must be taken by the Board of Supervisors not later than February 9, 1931; also, that if the freeholders' Charter receives a majority vote at said election the existing Charter will be superseded upon ratification by the Legislature, and if so ratified, all amendments even to the present Charter, even if adopted at said special election, would also be superseded.

Letter of Appreciation for Cooperation in Unemployment Situation.

The following was presented and read by the Clerk:

Communication, from Frank C. Treacy, Secretary of the Republican County Central Committee, transmitting copy of resolution adopted by said committee commending the Board of Supervisors for its splendid cooperation in overcoming the unemployment situation.

Relative to Shipley Street Opening and Extension.

The following was presented and read by the Clerk:

Communication, from the Civic League of Improvement Clubs and Associations, protesting against the protracted controversy over the opening of Shipley street between Fourth and Fifth streets, and appealing to the Board to bring this matter to an immediate conclusion, in order that traffic conditions, especially in the industrial district, might be immediately improved.

ADJOURNMENT.

There being no further business, the Board at 7:30 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors March 2, 1931.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

San Francisco, State of California, to be received by the Board of
Supervisors up to the hour of 3 o'clock p. m. on Monday, February 16,
1931, and opened by said Board at said time.

The bonds offered are described as follows:

Two million four and one-half per cent Memorial Halls bonds, issue
of July 1, 1927, comprising 100 bonds of \$1,000 denomination, maturing
each year from 1932 to 1951, inclusive.

The said described bonds bear interest at the rate of four and one-
half per centum per annum, payable semi-annually, and shall not be
sold at a price less than the par value thereof, together with accrued
interest thereon at date of delivery.

Bidders may bid for the whole or any part of the bonds here offered,
and when a less amount of the whole amount offered is bid on, the
bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt, State and Federal.

Delivery of the bonds to the purchaser will be made within ten days

from the date of award, or within such time thereafter as may be agreed upon by the purchaser and Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County, for a like sum, provided that no deposit need exceed the sum of \$10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds, is on file in the Clerk's office.

Health Bonds.

Declaring Result of Bond Election, Parks and Squares.

The following resolution was *adopted*:

Resolution No. 33944 (New Series), as follows:

Declaring the result of the special election held on the sixth day of February, 1931, for the purpose of authorizing the incurring of a bonded debt of the City and County of San Francisco to the amount of one million four hundred thousand dollars (\$1,400,000) for permanent improvements, to-wit:

The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvement of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco.

Whereas, pursuant to the provisions of Ordinance No. 8908 (New Series), calling a special election, and Resolution No. 33766 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the sixth day of February, 1931, whereat was submitted to and determined by the qualified voters of said City and County the following proposition:

To incur a bonded indebtedness of the City and County of San Francisco in the sum of one million four hundred thousand dollars (\$1,400,000) for permanent improvements, to-wit:

The construction and improvement of permanent improvements, to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvement of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park

in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco.

Bonds issued for the construction and improvement of the permanent improvements herein described shall bear interest at the rate of 4½ per cent per annum, payable semi-annually.

Whereas, said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law; and

Whereas, the Board of Election Commissioners of said City and County filed on February 16, 1931, in the office of the Clerk of the Board of Supervisors its certificate showing the facts above recited, and setting forth in detail the total number of votes cast at such election, and the number of votes cast and counted for and against the aforesaid proposition; now, therefore, be it

Resolved, by the Board of Supervisors, as follows:

1. It is hereby declared that the special election held on the sixth day of February, 1931, was held and conducted and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 83,828.

3. It is hereby declared that of the votes so cast, 72,895 were cast and counted as being in favor of said proposition, and that 10,933 votes were cast and counted as being against and not in favor of said proposition herein set forth.

4. It is hereby declared and determined that more than two-third of all the votes cast at said special election were cast and counted as being in favor of said proposition, and were sufficient to authorize and did authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition.

5. The Clerk of the Board of Supervisors is hereby directed to advertise this resolution in the official newspaper.

Whereas, a special election was held in the City and County of San Francisco on the sixth day of February, 1931, in accordance with the provisions and requirements of Ordinance No. 8908 (New Series), calling and providing for such election, and Resolution No. 33766 (New Series), giving notice thereof, reference to said ordinance and resolution for further particulars being here made; and

Whereas, it has been determined by Resolution No. 33944 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat:

Now, Therefore, Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the sixth day of February, 1931, and the provisions of the Charter of said City and County and with Ordinance No. 8908 (New Series), and Resolution No. 33766 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of one million four hundred thousand dollars (\$1,400,000) for permanent improvements, to-wit: The construction and improvement of permanent improvements, to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seaciff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvements of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco.

That such bonds shall be called "Public Parks and Squares Bonds, 1931," shall be 1,400 in number, and shall be numbered from 1 to 1,400, both inclusive, and shall be payable \$56,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$56,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of February and August of each year until the maturity thereof; shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

THE UNITED STATES OF AMERICA

State of California,

City and County of San Francisco

"PUBLIC PARKS AND SQUARES BOND, 1931"

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved

or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

(Seal)

Section 4. Interest coupons shall be attached to each bond to the number of twice the number of years such bond will run until the maturity thereof, and the coupons shall be of such a sum as will amount to the interest due on such bond for six months. Such coupons shall be numbered from one upwards and shall state the name and number of the bond to which it is attached. Such coupons shall bear the facsimile signature of the Treasurer of the City and County of San Francisco and be substantially in the following form:

FORM OF COUPON

No. \$.....

On 1, 19...., the City and County of San Francisco, California, will pay to bearer at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of the City and County of San Francisco, in the City and State of New York, dollars (\$.....) in gold coin of the United States, being six months' interest then due on its "Public Parks and Squares Bond" dated February 1, 1931, number.....

.....
Treasurer.

Section 5. Any bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter and from time to time the bond may be transferred by such registered owner in person or attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon. Such registration shall be substantially in the following form:

FORM OF REGISTRATION

San Francisco, 19....

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of and the interest and principal thereof are hereafter payable to such owner.

.....
Treasurer.

Section 6. For the purpose of providing for the payment of the principal and interest of said bonds, taxes shall be levied and collected as provided in Ordinance No. 8908 (New Series), and Resolution No. 33766 (New Series) and in futherance of the purposes herein expressed the following fund is hereby created, to-wit: "1931 Public Parks and Squares Bond Interest and Redemption Fund."

Section 7. The Board of Supervisors shall sell said bonds at such

times and in such amounts as it may determine. The proceeds arising from the sale of the 1931 Public Parks and Squares Bonds shall be placed in the treasury to the credit of the "1931 Public Parks and Squares Bonds Construction Fund," which fund is hereby created, and shall be used exclusively for the purpose for which such bonds were issued.

Section 8. This ordinance shall take effect immediately. And the Clerk of the Board of Supervisors is hereby directed to advertise this bill and ordinance in the official newspaper as required by law.

Section 9. All bills or ordinances in conflict herewith are hereby expressly repealed.

"BOULEVARDS AND ROADS BOND, 1931"

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its

Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Declaring Result of Bond Election, Playgrounds.

The following resolution was *adopted*:

Resolution No. 33946 (New Series), as follows:

Declaring the result of the special election held on the sixth day of February, 1931, for the purpose of authorizing the incurring of a bonded debt of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit:

The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn and Funston Annex playgrounds.

Whereas, pursuant to the provisions of Ordinance No. 8909 (New Series), calling a special election, and Resolution No. 33768 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the sixth day of February, 1931, whereat was submitted to and determined by the qualified voters of said City and County the following proposition:

To incur a bonded indebtedness of the City and County of San Francisco in the sum of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn and Funston Annex playgrounds.

Bonds issued for the construction and completion of the permanent improvements herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Whereas, said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law; and

Whereas, the Board of Election Commissioners of said City and County filed on February 16, 1931, in the office of the Clerk of the Board of Supervisors its certificate showing the facts above recited, and setting forth in detail the total number of votes cast at such

election, and the number of votes cast and counted for and against the aforesaid proposition; now, therefore, be it

Resolved, by the Board of Supervisors, as follows:

1. It is hereby declared that the special election held on the sixth day of February, 1931, was held and conducted and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 83,589.

3. It is hereby declared that of the votes so cast 72,457 were cast and counted as being in favor of said proposition and that 11,132 votes were cast and counted as being against and not in favor of said proposition herein set forth.

4. It is hereby declared and determined that more than two-third of all the votes cast at said special election were cast and counted as being in favor of said proposition, and were sufficient to authorize an did authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in said proposition.

5. The Clerk of the Board of Supervisors is hereby directed to advertise this resolution in the official newspaper.

Ayes—Supervisors Andriano, Breyer, Canepa, Colman, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Roncovieri, Spaulding, Stanton, Suhr—15.

Whereupon, the following bill was *passed for printing*:

Bill No. 9431, Ordinance No. _____ (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn, and Funston Annex Playgrounds, in accordance with and as authorized at a special election held in said City and County on the sixth day of February, 1931.

Whereas, A special election was held in the City and County of San Francisco on the sixth day of February, 1931, in accordance with the provisions and requirements of Ordinance No. 8909 (New Series), calling and providing for such election, and Resolution No. 33768 (New Series), giving notice thereof, reference to said Ordinance and Resolution for further particulars being here made; and,

Whereas, It has been determined by Resolution No. 33946 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat.

Now, Therefore, Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the sixth day of February, 1931, and the provisions of the Charter of said City and County and with Ordinance No. 8909 (New Series), and Resolution No. 33768 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San

Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn and Funston Annex Playgrounds.

That such bonds shall be called "Playgrounds Bonds, 1931," shall be 200 in number, and shall be numbered from 1 to 200, both inclusive, and shall be payable \$8,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$8,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of February and August of each year until the maturity thereof; shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

Site for Federal Building.

Dedication of 25 feet of land to Federal Government for Federal Building (Shannon) Building Committee.

Granting Further Land in Civic Center to United States Government.

Bill No. 9432, Ordinance No. ————— (New Series), as follows:

Agreeing to a further grant to the United States of America, a site situate in the Civic Center of the City and County of San Francisco, and determining the size thereof, and authorizing the Mayor of the

City and County of San Francisco, and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the hereinafter described real property, all pursuant to the provisions of Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, pursuant to Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco, the Board of Supervisors has heretofore caused to be conveyed to the United States of America a certain piece or parcel of land situate in the Civic Center in the City and County of San Francisco; and

Whereas, the property heretofore granted is inadequate, and it is deemed necessary and to the best interests of the City and County of San Francisco and the United States of America that an additional piece or parcel of land contiguous to and adjoining said grant heretofore made and above referred to be conveyed by said City and County of San Francisco to said United States of America in order that the general scheme of buildings in said Civic Center be adhered to, and that additional building space be provided; and

Whereas, the hereinafter described real property is situate within the locality described in said section of said Charter, is owned by the said City and County of San Francisco and is unoccupied by any building or structure belonging to the said City and County of San Francisco.

Now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and site of said lands to be conveyed to the said United States of America should be as hereinafter set forth.

Section 2. That the City and County of San Francisco does hereby offer the hereinafter described real property to the United States of America, without any monetary consideration and in addition to the grant of land heretofore made and in pursuance to said Charter provision herein referred to, the hereinafter described real property.

Section 3. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America, a good and sufficient deed conveying to said United States of America the hereinafter described real property.

Section 4. That the site to be conveyed to said United States of America, in conformity with this ordinance, is described as follows, to-wit:

Beginning at a point on the westerly line of Leavenworth Street produced southerly, distant thereon 229.375 feet southerly along said line of Leavenworth Street produced southerly from the southerly line of McAllister Street (said point being also the southeasterly corner of the property deeded by the City and County of San Francisco to the United States of America, recorded September 19, 1930, in Volume 2078, Page 484, Official Records of said City and County); thence southerly along said line of Leavenworth Street produced southerly 25 feet; thence at right angles westerly along a line parallel with and distant 25 feet at right angles southerly from the southerly line of the aforementioned property deeded to the United States of America, 412.50 feet to the easterly line of Hyde Street produced southerly; thence at right angles northerly along said line of Hyde Street produced southerly 47 feet to the southwesterly line of the aforementioned property deeded to the United States of America; thence southeasterly along last-mentioned property line, on a curve

to the right, tangent to a line deflected 90 degrees to the right from the preceding course, radius 42 feet, central angle 61 degrees 33 minutes 58 seconds, a distance of 45.128 feet to the southerly line of the aforementioned property deeded to the United States of America; thence easterly along last-mentioned property line, 375.568 feet to the westerly line of Leavenworth Street produced southerly, and the point of beginning.

Section 5. This ordinance shall become effective immediately upon its passage.

SPECIAL ORDER—3 P. M.

Providing for the Sale of a Garbage Destruction Franchise.

Sealed bids for garbage destruction franchise were received between 2 and 3 p. m. this day, January 12, 1931, in accordance with the following notice:

Office of the Clerk of the Board of Supervisors, Room 235, City Hall, San Francisco, California.

Whereas, on the 8th day of December, 1930, the Board of Supervisors finally passed the following resolution:

Resolution No. ————— (New Series), as follows:

Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the San Francisco Disposal Company, through a petition filed on the 11th day of September, 1930, for a franchise or privilege for the destruction and disposition of garbage, refuse, waste, offal and debris by incineration in the City and County of San Francisco;

And whereas, it appears to this Board that the public interest will

be subserved by the grant of a franchise for said purpose; therefore, be it

Resolved, That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant.

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty (\$50) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Fran-

cisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; be it

Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of said statute and with the terms of this resolution, said bids to be filed with the Clerk not later than the 12th day of January, 1931, at the hour of 2 o'clock p. m., and the 12th day of January, 1931, at the hour of 3 o'clock p. m., is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privilege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Passed for Printing—Board of Supervisors, San Francisco, December 1, 1930.

Ayes—Supervisors Andriano, Canepa, Gallagher, Havenner, McGovern, Miles, Peyser, Roncovieri, Rossi, Spaulding, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Hayden, McSheehy, Power, Shannon—5.

J. S. DUNNIGAN, Clerk.

Now, therefore, it is proposed to grant said franchise or privilege, and sealed bids will be received pursuant to the terms of the aforesaid resolution for said franchise or privilege.

That said franchise or privilege will be awarded to the highest bidder.

That the character of the franchise or privilege proposed to be granted, the time for filing bids and the term for which it is to be granted are as mentioned in the foregoing resolution, which is hereby made a part hereof for all purposes.

That the successful bidder and his assigns must, during the life of said franchise or privilege, pay to the City and County of San Francisco 2 per cent of the gross annual receipts of the person, partnership or corporation, or assignee thereof, to whom the franchise or privilege is awarded arising from its use, operation or possession. That said franchise or privilege shall not be assignable without the consent of the City and County of San Francisco.

That no percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

That in the event said payment is not made, said franchise or privilege shall be forfeited.

That the said franchise or privilege will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than 10 per cent above the highest sealed bid therefor, and said bid so made may be raised not less than 10 per cent by any other responsible bidder, and said bidding may so continue until finally said franchise or privilege shall be struck off, sold and awarded by the Board of Supervisors to the highest bidder therefor in gold coin of the United States.

That each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of the City and County of San Francisco, for the full amount of said bid, and no sealed bid shall be considered unless said cash or certified check is enclosed therewith and the successful bidder shall deposit at least 10 per cent of the amount of his bid with the Clerk of the Board of Supervisors before the franchise or privilege shall be struck off to him.

That if he shall fail to make such deposit immediately, then in that case his bid will not be received, and shall be considered as void, and the said franchise or privilege shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

That said procedure shall be had until the said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least 10 per cent of the amount of his bid therefor. The successful bidder shall deposit with the Clerk of the Board of Supervisors, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount thereof, and in case such bidder shall fail to do so, then the said deposit therefor made shall be forfeited, and the said award of such franchise or privilege shall be void, and the said franchise or privilege shall then and there, by the Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the Clerk of the Board of Supervisors the remaining 90 per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise or privilege shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise or privilege shall be had unless the same shall be readvertised and again offered for sale as provided by law.

That work leading to the exercise of this franchise or privilege

shall be commenced in good faith within not more than four months from the granting of such franchise or privilege, and if not so commenced within said time said franchise or privilege shall be declared forfeited.

That the successful bidder for the franchise or privilege aforesaid struck off, sold and awarded shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise or privilege, and that in the case of any breach of condition of such bond, the whole of said penal sum shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Board of Supervisors within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise or privilege shall, by the Board of Supervisors, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of such franchise or privilege shall be set aside, and any money paid therefor shall be forfeited, and said franchise or privilege shall, in the discretion of said Board of Supervisors, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore mentioned.

Bids.

Bids were received from the following:

1. San Francisco Disposal Company—Certified check for \$1,000 on First National Bank of Chicago.
2. J. H. Baxter & Co.—Certified check for \$100 on Wells Fargo Bank & Union Trust Company.
3. C. C. Moore & Co. (letter in re above)—No certified check.

Accepting Offer of San Francisco Disposal Company.

Supervisor McSheehy presented:

Resolution No. ————— (New Series), as follows:

Whereas, on the 12th day of January, 1931, sealed bids for a garbage destruction franchise were opened; and

Whereas, seven bids were filed with this Board for such franchise, as follows:

No. 1—Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea.

No. 2—J. H. Baxter Company, a corporation, providing for dumping at sea.

No. 3—C. C. Moore Company, not indicating the manner of disposition.

No. 4—San Francisco Disposal Company, a corporation, providing for incineration.

No. 5—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 6—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 7—A. F. Martel, providing for incineration; and

Whereas, application No. 3, C. C. Moore & Co., was unaccompanied

by cash or a certified check, and also did not indicate the manner of disposition; application No. 5, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.32 per ton; application No. 6, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.05 per ton; and application No. 7, A. F. Martel, was unaccompanied by cash or a certified check, and was based on incineration and disposition at the rate of \$1.25 per ton; and for the aforesaid reasons and others this Board has been advised by the City Attorney that said applications are illegal; and

Whereas, application No. 1, Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea, and application No. 2, J. H. Baxter & Co., a corporation, providing for dumping at sea, should not be accepted as a permanent means of disposal, because the people of San Francisco declared in favor of incineration; and

Whereas, the application of the San Francisco Disposal Company, a corporation, should be accepted; now, therefore, be it

Resolved, That the application of the San Francisco Disposal Company, a corporation, be and the same is hereby accepted, subject to the terms and conditions of a franchise ordinance to be hereafter enacted, and the City Attorney is hereby directed to prepare said franchise ordinance and submit same to this Board as soon as possible, and the question of the acceptance of said applications numbers 1 and 2, as a means of temporary disposal, is hereby continued four weeks.

Amending War Memorial Ordinance.

Presented by Supervisor Colman, request of War Memorial Trustees:

Also, Bill No. 9433, Ordinance No. _____ (New Series), as follows:

Ordinance No. 8746 (New Series) setting forth and prescribing the procedure under which the Board of Trustees of the War Memorial shall have charge of construction, administration, management, superintendence and operation of War Memorial; providing for acceptance of gifts, devises and bequests; providing for employees and their salaries; providing budget and accounts of said Trustees; providing for purchase of materials, supplies and equipment; and providing for setting up of revolving fund, is hereby amended to read as follows:

Setting forth and prescribing the procedure under which the Board of Trustees of the War Memorial shall have charge of construction, administration, management, superintendence and operation of War Memorial; providing for acceptance of gifts, devises and bequests; providing for employees and their salaries; providing budget and accounts of said trustees; providing for purchase of materials, supplies and equipment.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Direction to Board of Trustees of War Memorial.* The Board of Trustees of the War Memorial in exercising the powers granted to it under Article XIV-D of the Charter relative to the construction, administration, management, superintendence and operation of the War Memorial of San Francisco, shall do so subject to the provisions of this ordinance. Said Board of Trustees shall be hereinafter mentioned as the Trustees.

Section 2. *Construction of War Memorial.* The Trustees of the War Memorial shall construct a building or buildings as and for a War Memorial on the real property located in the City and County of San Francisco, bounded by Van Ness Avenue, Grove, Franklin and McAllister Streets. The cost of said memorial shall be borne out of, but not to exceed the total proceeds of the Memorial Hall's Bond Issue, together with such other and further sums as may be now or hereafter available, including all interest received by the City and County of San Francisco on moneys in said fund, all of which are hereby appropriated for said purposes. The Trustees of the War Memorial shall have charge of the construction, administration, management, superintendence and operation of the War Memorial and of the grounds set aside therefor, and all of its affairs, and may enter into contracts for said purposes.

Section 3. *Administration, Management, Superintendence and Operation of the War Memorial.* Said trustees shall subsequent to the construction of said War Memorial, and during the construction thereof, administer, manage, superintend and operate said War Memorial and the grounds set aside therefor, and all of its affairs.

Section 4. *Gifts, Devises and Bequests.* No gifts, devises or bequests, other than unconditional gifts, devises and bequests of cash, shall be accepted by the City and County of San Francisco as and for said War Memorial without the consent of a majority of the Trustees present at a meeting of said Trustees. Said Trustees are hereby empowered to receive and accept any cash or property under the terms and provisions of Sec. 4, Art. XIV-D of the Charter. Any gifts, devises and/or bequests received by the Trustees on behalf of the City and County for any purposes connected with said War Memorial, or incident thereto, shall be set aside in a special fund for the use and benefit of the said War Memorial.

Section 5. *Employees.* The Trustees shall engage such employees, bonded or otherwise, as may be necessary for the conduct of the property and affairs of said War Memorial.

Section 6. *Salaries.* The salaries, wages and compensation of the managing director and secretary of said War Memorial and of all other employees shall be subject to standardization as provided in Section 14, Chapter 2, Article II of the Charter. That pending the standardization of wages, salary and compensation, there shall be paid to said employees at least the minimum entrance salary, wage or compensation paid for similar services by the City and County of San Francisco, and if there are any positions or places of employment created by the Trustees not common with others in the government of the City and County of San Francisco, then the compensation to be paid to said employees shall be fixed by said Trustees.

Section 7. *Budgets.* Not later than April 1, in the year 1931, and annually thereafter, the Trustees shall transmit to the Board of Supervisors a proposed budget for the next fiscal year.

Section 8. *Accounts.* Upon the completion of the War Memorial, the Trustees shall cause to be filed a complete statement showing all receipts and disbursements of the Trustees, and same shall be open for inspection by the public in the office of the Auditor. Said statement shall show the number of employees of the Trustees.

Section 9. *Purchase of Materials, Supplies and Equipment.* Subsequent to completion of the War Memorial, purchases of materials, supplies and equipment required by the Trustees shall be made in accordance with the provisions of Chapter IV, Article II, of the Charter, and Ordinance No. 5880 (New Series), provided, however, that specifications may be prepared under the direction of the Trustees for all equipment required by said Trustees, and for materials or supplies peculiar to said War Memorial operations and not in common use in other departments of the City and County; and the Trustees may designate the particular brand, kind or make of any equipment which may be necessary in the conduct of said War Memorial.

Section 10. *Constitutionality.* If any section, sub-section, subdivision or provision of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining provisions of this ordinance, the Board of Supervisors hereby declaring that it would have passed this ordinance, and each section, sub-section, subdivision, provision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, subdivisions, provisions, sentences, clauses or phrases hereof are declared unconstitutional.

Section 11. *Effectiveness.* This ordinance shall become effective immediately upon its passage.

Section 12. *Other Ordinances.* Any ordinance or part thereof in conflict herewith is hereby repealed in respect to conflicting provisions.

Action Deferred.

Calling and Providing for a Special Charter Election.

Bill No. 9434, Ordinance No. ————— (New Series), as follows:

Bill calling and ordering a special election to be held on the 26th day of March, 1931, for the purpose of submitting to the electors of the City and County of San Francisco, State of California, a proposition to amend the Charter of the said City and County as herein set forth, and providing for the manner of conducting such election.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held within the City and County of San Francisco on the 26th day of March, 1931, for the purpose of submitting to the electors and to enable said electors to vote upon a certain proposal to amend the Charter as hereinafter described and enumerated.

Section 2. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, the returns thereat made and the result thereat ascertained, determined and declared as herein provided and according to the laws of the State of California and the Charter of the City and County of San Francisco, providing for and governing elections in the City and County of San Francisco, applicable to such election.

Section 3. The ballots to be used at said special election shall be such as may be required by law to be used thereat.

Section 4. That said special election be and the same is hereby called for the purpose of submitting an amendment to the Charter for the consolidation of San Mateo County with the City and County of San Francisco as follows:

PROPOSED CHARTER AMENDMENT.**Consolidation of San Mateo County with City and County of San Francisco.**

Charter Amendment No. 1, describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said city and county by adding a new article thereto to be known as Article 19 thereof, providing for the government of the territory in San Mateo County in the event of its consolidation with the City and County of San Francisco.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at the special election to be held on the 26th day of March, 1931, a proposal to amend the Charter as follows:

That said Charter be amended by the addition thereto of a new article to be known as Article 19 thereof, to read as follows:

ARTICLE XIX.*Consolidation of San Mateo County.**Other Provisions of the Charter Superseded.*

Section 1. In event that all or any part of the area of the County of San Mateo shall be consolidated with the city and county in accordance with law and the constitution of the State, the provisions of Article XIX of this Charter shall become effective on the effective date of such consolidation and all other provisions of this Charter in conflict with the provisions of said article shall be thereupon and thereby superseded.

Definitions.

Section 2. The following terms as used in Article XIX, to-wit, "city and county," "county," "city," "governmental agency," "consolidate," and "consolidation," unless the context clearly indicates otherwise, shall have the same meanings as in that certain act of the legislature of the State of California known as the San Francisco-San Mateo Consolidation Act of 1929, approved June 11, 1929. The term "voter" as used in said article means a qualified and registered elector of the city, county, city and county, borough, or other territory concerned.

Continuation of Offices, Officers, Employees and Services.

Section 3. Upon the consolidation of the county as a whole, the offices of Assessor, Auditor, Coroner, County Clerk, District Attorney, Recorder, Sheriff, Tax Collector, and Treasurer of said county shall become branch offices of the corresponding respective offices of the city and county, and the incumbents thereof shall become deputies in the said respective offices of the city and county and shall continue as such to the end of the terms for which they were respectively elected or appointed.

The offices, departments, boards, and commissions of the city and county shall establish such branch offices in the territory consolidated as shall be necessary or convenient and as directed by the Board of Supervisors, but with no less amount of service in the said territory than shall have been provided by the county, or any city, or governmental agency of the county just prior to the time consolidation shall become effective.

Any full-time incumbent appointive officer or employee of the county, or any city, or governmental agency of the county, who shall have held such office or employment continuously for one year next prior to consolidation and whose duties shall be assumed by the city and county, shall become an employee of the office, department, board, or commission of the city and county assuming said duties and he shall as such employee thereafter be subject, without examination, to the

civil service provisions of this Charter, if any, applying to said employment.

Retirement Rights.

Section 4. Any policeman or fireman of the county, or any city, or governmental agency of the county, who shall become an employee of the police or fire department of the city and county, and who may participate in any pension or retirement system of the city and county, shall receive credit for his prior continuous full-time service to said county, city, or governmental agency.

Municipal Court.

Section 5. All cases pending in any justices' court, police court or court of any Recorder or other judicial municipal magistrate or office of the county, or any city, or governmental agency of the county consolidated with the city and county shall ipso facto be deemed to be and be transferred to the municipal court of the city and county. Such municipal court shall hold regular sessions in such borough or boroughs as the Board of Supervisors may, by ordinance, direct, and at least one such borough shall be so designated.

Recording.

Section 6. Any instrument or judgment affecting the title to or the possession of real property situated in the territory of the county which may be consolidated with city and county must be recorded in the branch office of the Recorder of the city and county located in the territory so consolidated and all records in said branch office shall for all purposes be deemed records in the office of the Recorder of the city and county.

Establishment of Boroughs.

Section 7. Any territory included in the area that has become a part of the city and county by consolidation and which at that time is not already within a borough may be organized into a borough in the manner hereinafter set forth, provided such territory contain at least 3000 population, as determined by ordinance of the Board of Supervisors. Any incorporated city included in the area that has become a part of the city and county by consolidation, which was such a city on or prior to January 1, 1931, shall automatically become a borough when consolidation becomes effective.

New Boroughs, Consolidation, Change in Boundaries, and Disestablishment of Boroughs.

Section 8. Any new borough may be established, any two or more boroughs may be consolidated, the boundaries of any borough may be enlarged or diminished, or a borough may be disestablished, provided a majority of the voters of the borough, or boroughs, and/or of the territory concerned, voting on such a proposition at an election called for the purpose, shall first have voted in favor thereof; provided, further, that no borough shall be disestablished nor the boundaries of a borough diminished, unless the same be approved by the Board of Supervisors by ordinance, or a majority of the voters of the city and county voting thereon at an election called for the purpose, shall first have voted in favor thereof. Such elections shall be called by the Board of Supervisors upon receiving the report of the borough commission hereinafter provided for, and at any time thereafter upon receiving a petition of at least twenty-five per cent of the voters of the borough or boroughs and/or the territory concerned. If any petition of voters requests the establishment of a new borough or any change in the boundaries of an existing borough, the Supervisors, before calling an election thereunder, must set the petition for public hearing and give notice thereof by publication at least once a week for two weeks in a

newspaper published in the city and county. Upon such hearing, the Board of Supervisors shall have power to change and determine the boundaries as set forth in any such petition. No new borough shall be established, nor shall two or more boroughs be consolidated, nor shall the boundaries of a borough be enlarged or diminished, nor shall a borough be disestablished, unless a majority of the voters of the borough, or boroughs, and/or the territory concerned, voting on such a proposition, shall first have voted in favor thereof.

Within thirty days after consolidation is effective, every Borough Council must appoint one member to a commission to be known as the Borough Commission. The Commission shall be charged with the duty of studying the boundaries of all boroughs within the city and county and of making recommendations to the Board of Supervisors concerning consolidation, disestablishment, or any change in boundaries of any borough or boroughs. This report shall be submitted to the Board of Supervisors within two years from the time consolidation shall become effective. Upon receiving the report of the Commission, the Board of Supervisors shall without delay call an election or elections and submit appropriate propositions in accord with the recommendations of the Commission to a vote of the voters of the territory concerned.

Upon the consolidation of two or more boroughs, all property thereof shall belong to the consolidated borough and such borough shall become responsible for all the debts and obligations of the boroughs consolidated. Upon a change of boundaries or disestablishment of a borough, the Board of Supervisors shall provide for the equitable adjustment and payment of any borough debts.

The Board of Supervisors, by ordinance, shall provide for the method and manner of calling and holding elections provided for in this section and for the canvassing of the returns thereof.

Borough Powers.

Section 9. Every borough shall have and may exercise, subject to the provisions of this Charter, the following powers and duties which shall be exclusive within borough limits except as otherwise provided herein:

(1) To create districts for the purpose of regulating the location, height, area, bulk, and use of buildings, lands and premises, and to exercise zoning and planning powers.

(2) To maintain public libraries and reading rooms.

(3) To maintain parks, playgrounds and other recreational facilities, and to construct and maintain buildings and works appurtenant thereto, except parks, playgrounds and recreational facilities maintained by the city and county.

(4) To construct, improve, and maintain streets and the bridges, sidewalks, street signs, lighting fixtures and all other appurtenances incident thereto; except highways maintained by the State or any joint highway district and any highway or street which the Board of Supervisors shall declare to be a major highway to be maintained by the city and county.

(5) To construct and maintain local sewers, sewage disposal plants, storm drains, and outfalls.

(6) To collect garbage and other wastes and to dispose of the same within or without borough limits or provide therefor, except as the Board of Supervisors shall otherwise provide for such disposal. Permission to dispose of garbage and other wastes outside of borough limits shall be first obtained from the city and county or the borough having jurisdiction of the territory in which such disposal is made.

(7) To erect, maintain and repair public buildings, and improve and maintain public property within borough limits devoted exclusively to

borough uses; provided the borough shall maintain at least one public building, which the Borough Council shall select and in which the Council shall meet.

(8) To have and exercise the same power within limits of the borough to open, widen, narrow, or close public streets and highways, and to establish the grades thereof, as is possessed by the city and county, except no borough shall close or narrow any highway maintained by the city and county without the approval of the Board of Supervisors.

(9) To exercise the powers of eminent domain whenever necessary to acquire property and easements for streets, highways, or other public purposes.

(10) To issue permits for any privilege in or on any street within the jurisdiction of the borough, and to make regulations with regard to advertising by signs, billboards, banners, placards, posters, or pictures on any street, sidewalk, or private property, or upon any buildings, poles, or fences thereof, except within two hundred feet of any street or highway not under its jurisdiction.

(11) To issue permits for spur tracks.

(12) To establish fire limits for the regulation of building and construction of buildings.

(13) To license for purposes of regulation only such occupations as shall require regulation in the interests of public peace, health, safety, or welfare, and to prescribe the terms and conditions under which such licenses shall issue.

(14) To declare what shall constitute a nuisance and to provide for the summary abatement of the same at the expense of the person or persons creating, causing, committing or maintaining such nuisance, by suit or otherwise.

(15) To enact local police ordinances, not inconsistent with the laws of the State or ordinances of the city and county, and to make rules and regulations for the exercise of any power conferred herein on boroughs and to provide penalties for the violation thereof, provided such penalties shall not exceed the penalty limits applicable by law or under this Charter to city and county ordinances; such local police ordinances to have all the force and effect within the limits of the borough of an ordinance of the city and county and as though passed and adopted by the Board of Supervisors.

(16) To create and define the powers and duties of all borough offices and employments, not established by this Charter, necessary for the purpose of carrying out the provisions of this Charter and executing the powers and duties of a borough; and to fix the compensation of all officers and employees of the borough not fixed by this Charter.

(17) To call and hold borough elections whenever necessary.

(18) To levy borough taxes.

(19) To prepare and adopt an annual budget of estimated borough expenditures and to exercise control of all borough funds.

(20) To incur indebtedness for the purpose of carrying out any of the powers conferred on the borough.

(21) To create special districts for the purpose of defraying the cost of any public improvement which the borough is authorized to make, and to levy special assessments upon property materially benefited by such public improvement, and to issue bonds to represent or be secured by such assessments.

(22) To contract for such supplies, services or labor, and to enter into such contracts as may be necessary.

(23) To employ a qualified person or persons to make an independent audit of borough funds and financial transactions of all kinds as the Borough Council may direct. If an audit is not made by the city and county, then the Council shall provide for such an audit at least once in every two years.

(24) To accept devises, bequests, legacies, donations or services to or for the use of the borough and to administer the same in accordance with the conditions thereof.

(25) To issue subpoenas for the attendance of witnesses or the production of books or documents for the purpose of producing evidence or testimony in any matter pending before the Borough Council.

(26) To employ legal counsel.

(27) To change the name of the borough, by ordinance, provided the ordinance making such change in name shall first be approved by a majority of the voters of the borough voting thereon.

(28) To provide, by ordinance, for civil service for borough employees under such conditions as are hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(29) To provide, by ordinance, for a system of retirement allowances for old age and disability and death benefits to dependents, applicable to officers and employees of the borough under conditions hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(30) To appropriate borough funds for supplementing any city and county service or function within the borough; such appropriations to be expended through the appropriate departments of the city and county.

(31) To enter into an agreement with any other borough or boroughs for the joint undertaking of any power conferred on a borough herein.

(32) To have and exercise all appropriate municipal powers which may be necessary or proper to the exercise of the foregoing powers or to the discharge of the foregoing duties, and which are not inconsistent with the other provisions of this Charter.

Transfer of Borough Powers.

Section 10. Any power over which a borough shall have exclusive jurisdiction within its limits, as herein provided, may be transferred to the city and county by a borough by ordinance of the Council thereof, but not unless a majority of the voters of the borough, voting on the question of the transfer of such power, shall first have voted in favor thereof; provided, that no such power shall be transferred to the city and county unless such transfer is also approved by ordinance of the Board of Supervisors.

Borough Elective Officers and Terms.

Section 11. The voters of a borough shall elect five members of the Borough Council, except as otherwise provided; and also a Borough Controller, unless a borough shall, by ordinance of the Council approved by a majority of the voters thereof voting on such ordinance, vest the powers of Borough Controller in a Borough Manager. Except as otherwise provided, borough elective officers shall be elected to serve for terms of four years and until their successors are elected and qualify.

Within fifteen days after the establishment of a new borough created upon petition as herein provided, the Mayor of the city and county shall appoint five qualified residents of the borough as members of the Council to serve until their successors are elected and qualify. At the next succeeding general borough election, the voters thereof shall elect three members of the Council to serve for terms of two years, and two members to serve for terms of four years, beginning at twelve o'clock noon on the eighth day of January following the date of their election.

The Council of a borough which by consolidation is automatically established, shall consist of the same number of members as shall compose the Council of the city at the time consolidation becomes

effective. The City Councilmen in office at the time of such consolidation shall continue in office as Borough Councilmen until the end of the terms for which they were respectively elected, and thereafter until twelve o'clock noon on the eighth day of January of the first succeeding even-numbered year. At the general borough election immediately preceding the expiration of the terms of any such members of a Borough Council, the voters of the borough shall elect their successors to serve for terms of four years. At every borough general election the successors to those elective borough officers whose terms are next expiring shall be elected to serve for terms of four years.

At the first meeting of the Council of a borough, it shall appoint a Borough Controller to serve until his successor is elected and qualifies. At the next succeeding general borough election, the borough voters shall elect a Borough Controller to serve for a term of four years, beginning at twelve o'clock noon on the eighth day of January following the date of his election; provided, however, that if a majority of the members of the Borough Council are elected at the same time, the Borough Controller shall be elected to serve for a two-year term, and thereafter his term shall be for four years.

A candidate for any elective borough office shall have been an elector of the borough, or of the area comprising the same, for a period of at least five years prior to the date of election at which he is a candidate. No person who shall hold an elective or appointive office of the city and county shall hold any elective borough office.

A Borough Council may fill any vacancy in an elective office of a borough for the unexpired term thereof.

Duties, Meetings, and Compensation of Borough Councilmen.

Section 12. The Council shall constitute the legislative body of the borough and, except as otherwise provided, shall exercise the powers thereof.

The Council shall provide by ordinance for the time and place of holding its meetings and the manner in which its special meetings may be called, provided, however, that there shall be at least two regular meetings in each month. The first meeting shall be held within thirty days after its establishment at the time and place upon which a majority of the Council shall in writing agree. All legislative sessions of the Council, whether regular or special, shall be open to the public. A majority of all members of the Council shall constitute a quorum for the transaction of business. All borough records shall be open to the public.

No member of the Council shall receive compensation for his services unless an ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon; provided, however, that Councilmen of a borough automatically established shall continue to receive the same compensation as provided for Councilmen by the city which it succeeds at the time consolidation becomes effective, until the borough provides otherwise by ordinance approved by a majority vote of the vote cast thereon.

The Council shall by ordinance determine what bonds, if any, are to be given by the elective and appointive officers of the borough, and shall fix their amounts and form, and such bonds shall be approved in the case of a Borough Controller by the Council and in the case of all other officers by the Borough Controller, and the premiums thereon shall be paid by the borough.

Borough President.

Section 13. The Council shall choose one of its own number as President to serve at its pleasure. The President shall be the executive head of the borough upon whom process issued by authority of law shall be served. In the name and on behalf of the borough he shall sign all

legal instruments and documents to which the borough is a party except where otherwise provided herein or by ordinance. He shall have such other powers and perform such other duties as may be prescribed by law, or by ordinance or resolution of the Council.

Borough Controller.

Section 14. The Borough Controller shall have, in addition to such duties as are prescribed by this Charter, such other duties as may be prescribed by borough ordinance. No borough funds shall be drawn from the treasury of the city and county except by warrant issued or countersigned by him, and he shall countersign no such warrant unless the claim is a legal obligation of the borough. He shall keep in his office sufficient and proper records and accounts of the financial transactions of the borough. Such records and accounts shall be kept in the forms and manner as prescribed by ordinance of the Board of Supervisors. He shall have access at all times for himself, or for any person designated by him, to books, records and cash in any office of the city and county and/or of the borough in which accounts are kept or money handled on behalf of the borough. He shall have power to inquire into all contracts, including the performance thereof, and into all proceedings involving the expenditure of public funds to which the borough is a party, and into the financial transactions of all officers and employees of the borough. For this purpose he may administer oaths, summon witnesses and order the production of relevant books and papers. If any person fails to obey such summons or order or refuses to answer any proper question, the Borough Controller may petition a court of competent jurisdiction for an order directing such person to comply with said summons or order or to answer such questions. He shall have power to employ such expert accountants or other agents as he may deem necessary to carry out his powers, and the Borough Council shall appropriate such funds as may be needed for this purpose.

Borough Clerk.

Section 15. When consolidation becomes effective, the Clerk of any city which is automatically established as a borough shall continue in office as Borough Clerk thereof until the expiration of the term for which he may be elected or appointed, and thereafter the Council shall appoint a Borough Clerk who shall act as Clerk of the Council. He shall have power to administer oaths and affirmations, to take affidavits, and to certify the same. He shall have such other powers and perform such other duties as may be provided by this Charter, or by ordinance, or order of the Council.

Borough Planning Commission.

Section 16. The Council may provide, by ordinance, for a Borough Planning Commission of five members. The ordinance shall provide for the qualifications, manner of appointment, terms, and compensation of the members of such Commission, but no compensation shall be paid any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon. Said ordinance shall provide that the Borough Planning Commission shall have and exercise within the borough such powers and duties as shall correspond to, so far as possible, the powers and duties of the Planning Commission of the city and county.

Until a Borough Planning Commission is provided, the Council shall have and exercise within the borough such powers and duties of a Planning Commission as the Council, by ordinance, may provide.

The Borough Planning Commission, or the Council, as the case may be, shall have such advisory powers relating to any planning matter of the city and county affecting any property, streets, public work or public improvement of or within the borough, as may be provided by ordinance of the Board of Supervisors.

The Borough Planning Commission, or the Council, as the case may be, shall have power to recommend changes in or the repeal of any city ordinance establishing zones for the uses of property within the borough which may be continued in effect upon consolidation. In the determination of which class of occupation zones the property within a borough may be divided, or in the modification of any city zoning ordinance continued in effect, the Borough Planning Commission, or the Council, as the case may be, shall accept the classification of occupation zones which the Board of Supervisors, by ordinance, shall establish for the city and county.

Borough Library Board.

Section 17. The Council may provide, by ordinance, for a Borough Library Board of five members. The ordinance shall provide for the qualifications, manner of appointment, terms and compensation of the members of such board, but no compensation shall be paid to any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon.

The Borough Library Board shall have control and management of the borough library and the funds provided for same and shall have power to make such rules and regulations as necessary for the conduct of its affairs, but the Treasurer of the city and county shall have custody of such funds.

Borough Manager.

Section 18. The Council may appoint a Borough Manager, provided, however, that no Borough Manager shall be appointed unless an ordinance creating such office shall first have been approved by a majority of the borough voters voting thereon, and which ordinance, when so approved, shall not be amended or repealed except by ordinance also approved by a majority of the borough voters voting thereon. The City Manager of a city automatically established as a borough shall continue to hold such office as Borough Manager until removed by the Council and the Council may appoint his successor.

The Borough Manager shall be chosen by the Council without regard to political consideration and solely with reference to his executive and administrative qualifications. Residence within the borough shall not be a qualification for his appointment; but promptly thereafter during his term of office, he shall become and shall remain an actual resident of the borough.

The powers and duties of the Borough Manager shall be as follows:

- (a) To act as administrative head of the borough government.
- (b) To see that all borough ordinances are enforced.
- (c) To appoint, remove, and have control of all subordinates and employees, except as otherwise provided by this Charter or by ordinance of the borough.
- (d) To see that all permits and privileges granted by the borough are observed and to report any violations thereof to the Council.
- (e) To attend meetings of the Council.
- (f) To advise the Council on the needs of the borough.
- (g) To devote his entire time to the interests of the borough.
- (h) To have general supervision of borough parks and playgrounds.
- (i) To appoint such borough advisory boards as he may deem desirable to advise and assist him in his work; provided such boards shall not receive any compensation.
- (j) To prepare the annual borough budget, as herein provided.
- (k) From time to time, in order to facilitate the prompt, economical and efficient dispatch of borough business, to assign assistants, deputies or employees from any office or department of the borough government to perform work or service in any other office or department thereof, or to work in more than one of said offices or departments.

(1) To possess such additional powers and duties as may be provided in this Charter or by ordinance.

The Borough Manager shall have the right to take part in the discussion of all matters coming before the Council, but shall have no vote therein.

In case of the absence or disability of the Borough Manager, the Council may designate some qualified person to perform the duties of the office temporarily.

No member of the Council shall in any manner, directly or indirectly, by suggestion or otherwise, attempt to influence or coerce the Borough Manager in making of any appointment or the purchase of supplies, or attempt to exact any promise relative to any appointment from any candidate for Borough Manager, or discuss, directly or indirectly, with any such candidate, the matter of appointments to borough offices or employments. Any violation of the foregoing provisions of this section shall constitute a misdemeanor and shall work a forfeiture of the office of the offending member of the Council, who may be removed therefrom by the Council or by any court of competent jurisdiction.

No persons related to a Borough Manager by blood or by marriage shall be eligible for borough employment.

A Borough Manager may, by written agreement of the Councils of the boroughs interested, act as joint manager for two or more boroughs, in which case he shall become a resident of one of the boroughs so interested and shall devote his entire time to the interests of such boroughs.

Borough Legislation.

Section 19. The Council shall act in legislative matters by ordinance only. Other action of the Council, unless otherwise provided, may be taken by resolution, motion or order. No ordinance or resolution or order for the expenditure of money shall be passed without receiving the affirmative votes of a majority of all members of the Council.

The enacting clause of all borough ordinances shall be as follows: "The people of the Borough of ——— (inserting the name of the borough) of the City and County of San Francisco do ordain as follows." No ordinance shall be passed by the Council on the day of its introduction, nor within five days thereafter, nor at any time other than a regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the President and attested by the Borough Clerk and shall be published at least once in some newspaper of general circulation established, printed and published in the borough, and if there be no such newspaper they shall be posted in at least three public places in the borough before becoming effective.

Every ordinance passed by a Council shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance and as otherwise provided herein. Ordinances declared by the Council to be necessary as emergency measures for the immediate preservation of public peace, health, safety, or welfare, containing a statement of the reasons for their urgency, and ordinances ordering or otherwise relating to elections, and ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments, may go into effect at the will of the Council.

Borough Fiscal Procedure.

Section 20. Within the time limits fixed by this Charter for the preparation and adoption of the budget of the city and county, every borough shall cause to be prepared and shall adopt a borough budget which shall be a complete statement of the estimate of the revenues and expenditures of the borough departments for the ensuing year.

Such budget shall be prepared substantially in the same manner and in such detail as required for the budget of the city and county so far as the same may be applicable. Upon the adoption of the budget, it shall take effect at the same time and shall be binding upon the borough in substantially the same degree and in the same manner as the city and county budget shall be effective and binding upon the city and county.

The fiscal year of a borough shall be the same as for the city and county.

Within the time limits fixed by law or by this Charter for the city and county, the Council may levy a borough tax sufficient to raise the amount estimated to be required in the annual budget as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue; but such levy, exclusive of the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the borough, and exclusive of special assessment and district taxes and of the library tax, shall not exceed the rate of one dollar on each one hundred dollars of the assessed valuation of the taxable property within the borough. Should the Council fail to fix the tax rate within the time prescribed, then the borough tax rate of the previous year shall constitute the rate of the current year. The Council, by ordinance, may provide for a higher tax limit, but such tax limit shall not be effective unless the ordinance fixing such tax limit shall first have been approved by a majority of the borough voters voting thereon.

All borough taxes levied, together with interest thereon and any percentage imposed for delinquency and the cost of collection, which shall be those prescribed in this Charter for the city and county, shall constitute liens on the property assessed, which taxes, interest, penalties and charges shall be collected in the same manner as is provided for the collection of city and county taxes, and which liens may be foreclosed upon in the same manner as is provided for the foreclosure of liens for city and county taxes.

All borough taxes shall be levied on the valuation of the taxable property within the borough as shall be fixed by the Assessor of the city and county for city and county tax purposes.

There shall be a borough fund for each borough. All borough taxes shall be collected by the Tax Collector of the city and county and shall be paid into the city and county treasury to the credit of the borough concerned, together with all revenues of a borough received from fines, licenses, and other sources of revenue, except as otherwise provided. Money shall be payable from a borough fund only on warrants drawn with the approval of the Council by such borough officer as the Council may authorize, and when countersigned by the Borough Controller.

The manner and time within which deposits of borough moneys received from taxes, licenses, fees, fines, penalties, forfeitures, and all moneys accruing to a borough from any source shall be made, the transfer and disposition of all surplus funds, and the manner in which borough accounts shall be kept, shall be provided for by ordinance of the Board of Supervisors, and shall be uniform for all boroughs.

The Council shall not create, audit, or permit to accrue, any debt or liability in excess of the available money in the borough fund of the borough that may be legally apportioned and appropriated for such purpose; provided that taxes levied though uncollected are deemed available income and revenue for the year for which levied; and provided, that any borough, during the first year of its existence, may incur such indebtedness or liability as may be necessary, not exceeding in all the income and revenue provided for it in such year, nor shall any warrant be drawn, or evidence of indebtedness be issued, unless there be at the time sufficient money in the borough fund legally applicable to the payment of the same, except as hereinafter provided. When any order or demand is presented to the Borough Controller for

approval and such order or demand is a proper and legal order or demand and the amount of said order or demand does not exceed the amount of the unexpended and not otherwise appropriated moneys remaining in the fund out of which said order is payable but where there are not actual moneys on hand in said fund for the payment of said order or demand, the Borough Controller must indorse thereon the words, "not approved for want of funds," with the date of presentation and shall, in attestation thereof, affix his signature thereto; and shall number such indorsement and shall register said order or demand in the records of his office and shall thereupon deliver said order or demand to the claimant, or his order. From that time, such order or demand shall bear interest at the rate of six per cent per annum. Such orders or demands, so registered as herein provided, shall be paid in the order in which the same are registered.

All license taxes collected by the city and county within the limits of any borough shall be credited to the borough fund of such borough by the Treasurer of the city and county.

Borough Tax Subventions.

Section 21. The Board of Supervisors shall provide by ordinance for a system of subventions from tax funds of the city and county to boroughs which expend funds for the maintenance of streets, sewers, libraries, parks, or playgrounds during any fiscal year; provided that in no event shall the subvention to any borough either exceed the aggregate amount which such borough shall appropriate out of borough funds in said fiscal year for said purposes, or exceed the amount which the city and county shall raise in said fiscal year by city and county taxes levied and assessed for like purposes against taxable property within such borough. Such system of subventions may be modified from time to time by the Board of Supervisors by ordinance, but all ordinances so providing shall apply generally to all boroughs.

Borough Bonded Indebtedness.

Section 22. A borough may incur an indebtedness, exceeding in any year the income and revenue provided for such year, for the purposes of paying the cost of any borough improvement or acquisition within the power of the borough to make or acquire and may issue and sell borough bonds for such purposes, provided said indebtedness and bonds are authorized as herein provided by ordinance or resolution of the borough pledging the faith and credit of the borough therefor. Such ordinance or resolution shall be adopted and the proposition for the issue and sale of such bonds shall be submitted to a vote of the voters of the borough in substantially the same form and manner and according to the same procedure as is provided in this Charter for the issue and sale of bonds by the city and county, or in the manner and form and according to the procedure provided in any general law of the State of California in force at the time governing the issue and sale of bonds by municipalities, so far as the same may be applicable.

No such debt shall be incurred and no such bonds shall be issued by any borough without the assent of two-thirds of the voters thereof voting thereon at an election to be held for that purpose, nor unless before or at the time of incurring said debt or issuing said bonds provision shall be made for the collection of an annual tax sufficient to pay the interest on such debt or bonds as it falls due and provision shall also be made to constitute a sinking fund for the payment of the principal thereof on or before maturity.

In no case shall borough bonds be issued for a term which shall exceed the estimated life of the work or improvement for the payment of which they are issued as certified by the Council in the ordinance calling the bond election, nor for a term to exceed forty years.

No bond shall be issued on the faith and credit of the borough which will increase the bonded indebtedness thereof beyond five per cent of

the assessed valuation of the property within the borough subject to direct taxation as shown by the last preceding assessed valuation.

The proceeds from the sale of borough bonds shall be applied exclusively to the purposes and objects to which the voters of the borough have assented, until such purposes and objects have been accomplished, after which the surplus, if any, may be transferred to the bond interest or redemption fund of the borough.

Borough bonds shall not constitute or be a debt or general obligation of the city and county.

Borough Special Assessments.

Section 23. In the exercise of its power to provide for the payment of the cost of any public improvement in whole or in part by special assessment levied against the property benefited thereby, a borough acting through its Council may establish local improvement districts and levy and collect special assessments and reassessments to pay the costs and expenses of such improvements, which expenses shall be made and assessments levied and collected in conformity with the procedure set forth in this Charter for the city and county, or with the procedure set forth in any ordinance passed or adopted thereunder, or with the procedure set forth in any one or more of the general laws of the State of California in force at the time of the improvement relating to the doing of public work or the making of public improvements in municipalities or in counties, so far as the same may be applicable. The Council may provide in accordance with the procedure set forth in said Charter or said ordinance or general law or laws for the issuance, sale, payment and redemption of interest bearing bonds to represent or to be secured by such assessments or any reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide that such assessments or reassessments may be paid in installments and be collected in the same manner in which city and county taxes are collected or otherwise, and for the sale of lands burdened by such assessments or reassessments and for the purchase of same on behalf of the borough in event of nonpayment, and may provide other or alternative methods for such collection by foreclosure or otherwise. Such work or improvements are any permitted to be done by boroughs under this Charter or by the city and county or by any such procedure, ordinance or general law.

Nothing contained herein shall prevent the Board of Supervisors from establishing similar local improvement districts where the same shall cover territory in two or more boroughs or parts thereof, or cover territory lying partly within and partly without a borough, or from levying and collecting special assessments and reassessments to pay the cost and expenses of such local public improvements.

Borough Contracts and Official Advertising.

Section 24. In the preparation of estimates, calling for bids, advertising, and awarding of contracts for supplies, materials, labor, official advertising, or for any public work, a borough shall be subject to the provisions of any ordinance as the Board of Supervisors shall provide to be applicable uniformly to all boroughs. Such ordinance shall follow as closely as practicable the provisions of this Charter relating to such matters applicable to the city and county and shall charge borough officers with appropriate duties in the premises.

Contracts for the official advertising of a borough shall be let as this Charter provides for the letting of contracts for official advertising of the city and county, provided that any such contract shall be let to a daily or weekly newspaper of general circulation established, printed, and published in the borough, if any such there be. If there be no such newspaper, then such contract shall be let to a daily or weekly news-

paper of general circulation established, printed and published in the city and county.

Any newspaper of general circulation which for one year next prior to consolidation was established, printed and published in the territory consolidated with the city and county shall thereafter be deemed to have been so established, printed and published as a newspaper of general circulation for said period of one year within said city and county for all purposes of official publication or advertising.

The advertising of the delinquent borough tax list of the property within a borough shall be let by the Board of Supervisors to the lowest responsible bidder for publication in a newspaper of general circulation established, printed, and published within such borough, if any such there be, and otherwise in such a newspaper established, printed and published in the city and county and such delinquent tax list shall be published in such newspaper at least once.

Interest in Borough Contracts.

Section 25. No officer or employee of a borough shall be or become directly or indirectly interested in any contract of such borough. Any such officer or employee violating the provisions of this section shall forfeit his office or employment and be disqualified from being elected, appointed or employed in the service of such borough, or the city and county, or any other borough thereof, and such contract shall be void.

Borough Civil Service.

Section 26. Whenever the voters of a borough shall approve an ordinance of the Council providing for Civil Service for officers and employees of the borough, the Council shall enter into an agreement with the Civil Service Commission of the city and county for the administration of the Civil Service system of the borough, and it shall provide in the borough budget for the payment to the city and county of the costs of such services.

In any such ordinance it shall be provided that all borough officers and employees, not otherwise exempt as herein provided, shall be subject to the Civil Service provisions of this Charter as far as they may be consistently applicable to such officers and employees. Such ordinance shall further provide that there shall be no exemption of any borough officers or employees from the borough Civil Service system except in the case of elective borough officers, appointees to any borough board or commission not required to give full-time service, and the Borough Manager, if any. Such ordinance may also provide that any borough officer or employee, who shall be subject to the borough Civil Service system and who has been continuously employed full-time for one year prior thereto by the borough or by the city automatically established as such borough, shall without examination be deemed appointed within the Civil Service provisions of this Charter to the position to which he may be assigned and entitled to all the benefits of said Civil Service provisions thereafter.

Borough Pensions.

Section 27. Whenever the voters of a borough shall approve an ordinance of the Council providing for retirement allowances and death benefits applicable to officers and employees of the borough, the Council shall enter into an agreement with the Board of Administration of the employees' retirement system of the city and county for the administration of the borough retirement allowances and death benefits, and for contributions by the borough and the borough officers and employees to the employees' retirement system of the city and county in like manner as is provided for such administration and contributions by the city and county and city and county officers and employees.

The right of borough officers and employees to participate in such a retirement system, the manner in which they may participate, and the

benefits they may enjoy, shall be those provided by the employees' retirement system for officers and employees of the city and county.

In any such ordinance it may be provided that any officer or employee participating in its benefits shall receive credit for his prior continuous full-time service to the borough and/or to the city automatically established as such borough, and all liabilities accruing under such system because of such prior service shall be met by the borough.

Borough Elections.

Section 28. The primary and general elections of a borough shall be held at the time provided in this Charter for municipal primary and general elections of the city and county. Except as otherwise provided in this Charter, the Council by ordinance shall call any special borough election and notice of such special election shall be given by proclamation issued by the President of the Council and posted and published as the Council may direct for the period of at least 30 days next preceding the date of such election. Any borough election shall be conducted and canvassed in the same manner as an election of the city and county, but the cost of any special election shall be borne by the borough. A borough special election may be called to be held on any day appointed for any primary or general election of the city and county.

Borough Initiative, Referendum, and Recall.

Section 29. The voters of a borough may invoke the initiative provisions of this Charter to apply to any borough ordinance, and they may also invoke the referendum provisions of this Charter to apply to any ordinance, act or measure of a Council. The Council may submit any ordinance it is empowered to pass to a vote of the borough voters. The voters of a borough may invoke the recall provisions of this Charter to apply to any elective borough officer. It shall be the duty of the Board of Supervisors, by ordinance uniformly applicable to all boroughs, to make the provisions of this section effective.

Interchange of Services.

Section 30. Any department, officer, or employee of a borough may be permitted to perform services for any office, board, or department of the city and county, and may be compensated for such services by the city and county, provided approval thereof is first obtained from the proper borough authority.

Borough Continuation of Employees, Contracts, and Ordinances.

Section 31. Except as otherwise provided, any employee of a city consolidated with the city and county, who shall be in the employ of any department or office of such city, the duties of which shall be undertaken by a borough automatically established as successor to any such city, shall continue in the position to which he may be assigned in the employ of the borough until the end of his term or if without a term until removed by the authority to whom power of removal is committed.

All contracts for materials, supplies and labor, and all public works, special assessments or similar proceedings entered into or undertaken by a city consolidated with the city and county in force or in course of performance when consolidation becomes effective, shall be continued and perfected by the borough automatically succeeding any such city, provided the borough shall have jurisdiction in the matter for which such contracts were entered into or over such public works, special assessments or similar proceedings, and otherwise by the city and county.

All ordinances of a city consolidated with the city and county which are not inconsistent with the provisions of this Charter or with any ordinance of the city and county shall, until repealed or amended by

borough ordinances, be continued in force as ordinances of the borough automatically succeeding such city.

General Legislation for Boroughs.

Section 32. The Board of Supervisors shall have general power to enact all legislation necessary to permit boroughs to exercise their powers or perform their duties under any provisions of this Charter and not otherwise provided for herein. Such legislation shall be consistent with the provisions of this Charter relating to the city and county or to boroughs and shall be uniform for all boroughs.

Limiting Height of Buildings.

Supervisor Gallagher presented the following, which was ordered referred to City Planning Commission:

February 13, 1931.

Board of Supervisors, City and County of San Francisco, California.

Gentlemen: Please be advised that the City Planning Commission did, on the 10th day of February, 1931, pass Resolution No. 416, as follows:

Resolved, That the Board of Supervisors be and said Board is hereby requested to submit to the City Planning Commission, for its report and recommendation, an ordinance limiting the height of all buildings hereafter to be erected on the property bounded by Fillmore street on the west, Jackson street on the south, Van Ness avenue on the east, and Bay street on the north, to forty feet.

Respectfully submitted,

CITY PLANNING COMMISSION.

R. S. WOODWARD,

Engineer and Secretary.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Limiting the height of buildings hereafter to be erected in a certain district in the City and County of San Francisco, and establishing the boundaries of said district, and providing penalties for the violation of its provisions.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. No building, except as hereinafter provided, shall be erected in the City and County of San Francisco to a height greater than forty (40) feet, within the territory bounded by Fillmore street on the west, Jackson street on the south, Van Ness avenue on the east, and Bay street on the north.

Section 2. No addition to or alteration or improvement of any building within the above-described district shall be made which shall increase the height of any building as limited by this ordinance.

Section 3. No limitations of the height of buildings in the City and County of San Francisco, as provided by the ordinance, shall apply to public buildings, churches, schools, steeples, towers, domes, cupolas, belfries (not used for human occupancy), nor to chimneys, gas holders, skylights, ventilators, pent-houses, water tanks, flag staffs, railings, weather vanes, nor to other similar structures such as are usually erected or maintained above the roof-line of buildings.

Section 4. The method of determining the height of buildings for the purpose of this ordinance shall be the same as provided in Ordinance No. 1008 (New Series), and the provisions of Section 78 shall apply within said territory.

Section 5. No building permit shall be issued by the Board of Public Works for the erection or alteration of any building or structure contrary to the provisions of this ordinance, and any permit so issued shall be void.

Section 6. Any person, firm or corporation violating any provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine not exceeding \$500 or by imprisonment for a term not exceeding six months, or by both such

fine and imprisonment. Such persons, firm or corporation shall be deemed guilty of a separate offense for each and every day during any portion of which any violation of this ordinance is committed, continued or permitted by such person, firm or corporation, as herein provided.

Section 7. This ordinance shall take effect immediately.

Survey of Gas Stations and Garages and Parking Stations.

SPECIAL ORDER—3 P. M.

Providing for the Sale of a Garbage Destruction Franchise.

Sealed bids for garbage destruction franchise were received between 2 and 3 p. m. this day, January 12, 1931, in accordance with the following notice:

Office of the Clerk of the Board of Supervisors, Room 235, City Hall, San Francisco, California.

Whereas, on the 8th day of December, 1930, the Board of Supervisors finally passed the following resolution:

Resolution No. _____ (New Series), as follows:

Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the San Francisco Disposal Company, through a petition filed on the 11th day of September, 1930, for a franchise or privilege for the destruction and disposition of garbage, refuse, waste, offal and debris by incineration in the City and County of San Francisco;

And whereas, it appears to this Board that the public interest will be subserved by the grant of a franchise for said purpose; therefore, be it

Resolved, That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant.

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty (\$50) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be

fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; be it

Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of said statute and with the terms of this resolution, said bids to be filed with the Clerk not later than the 12th day of January, 1931, at the hour of 2 o'clock p. m., and the 12th day of January, 1931, at the hour of 3 o'clock p. m., is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privilege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Passed for Printing—Board of Supervisors, San Francisco, December 1, 1930.

Ayes—Supervisors Andriano, Canepa, Gallagher, Havenner, McGov-

ern, Miles, Peyser, Roncovieri, Rossi, Spaulding, Stanton, Suhr, Toner
—13.

Absent—Supervisors Colman, Hayden, McSheehy, Power, Shannon

J. S. DUNNIGAN, Clerk.

Now, therefore, it is proposed to grant said franchise or privilege, and sealed bids will be received pursuant to the terms of the aforesaid resolution for said franchise or privilege.

That said franchise or privilege will be awarded to the highest bidder.

That the character of the franchise or privilege proposed to be granted, the time for filing bids and the term for which it is to be granted are as mentioned in the foregoing resolution, which is hereby made a part hereof for all purposes.

That the successful bidder and his assigns must, during the life of said franchise or privilege, pay to the City and County of San Francisco 2 per cent of the gross annual receipts of the person, partnership or corporation, or assignee thereof, to whom the franchise or privilege is awarded arising from its use, operation or possession. That said franchise or privilege shall not be assignable without the consent of the City and County of San Francisco.

That no percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

That in the event said payment is not made, said franchise or privilege shall be forfeited.

That the said franchise or privilege will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than 10 per cent above the highest sealed bid therefor, and said bid so made may be raised not less than 10 per cent by any other responsible bidder, and said bidding may so continue until finally said franchise or privilege shall be struck off, sold and awarded by the Board of Supervisors to the highest bidder therefor in gold coin of the United States.

That each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of the City and County of San Francisco, for the full amount of said bid, and no sealed bid shall be considered unless said cash or certified check is enclosed therewith and the successful bidder shall deposit at least 10 per cent of the amount of his bid with the Clerk of the Board of Supervisors before the franchise or privilege shall be struck off to him.

That if he shall fail to make such deposit immediately, then in that case his bid will not be received, and shall be considered as void, and the said franchise or privilege shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

That said procedure shall be had until the said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least 10 per cent of the amount of his bid therefor. The successful bidder shall deposit with the Clerk of the Board of Supervisors, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount thereof, and in case such bidder shall fail to do so, then the said deposit therefor made shall be forfeited, and the said award of such franchise or privilege shall be void, and the said franchise or privilege shall then and there, by the Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit

with the Clerk of the Board of Supervisors the remaining 90 per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise or privilege shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise or privilege shall be had unless the same shall be readvertised and again offered for sale as provided by law.

That work leading to the exercise of this franchise or privilege shall be commenced in good faith within not more than four months from the granting of such franchise or privilege, and if not so commenced within said time said franchise or privilege shall be declared forfeited.

That the successful bidder for the franchise or privilege aforesaid struck off, sold and awarded shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise or privilege, and that in the case of any breach of condition of such bond, the whole of said penal sum shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Board of Supervisors within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise or privilege shall, by the Board of Supervisors, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of such franchise or privilege shall be set aside, and any money paid therefor shall be forfeited, and said franchise or privilege shall, in the discretion of said Board of Supervisors, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore mentioned.

Bids.

Bids were received from the following:

1. San Francisco Disposal Company—Certified check for \$1,000 on First National Bank of Chicago.
2. J. H. Baxter & Co.—Certified check for \$100 on Wells Fargo Bank & Union Trust Company.
3. C. C. Moore & Co. (letter in re above)—No certified check.
4. Walter J. O'Brien and Frank O'Kane—Cash, \$1.
5. O. Torre and A. Faliano—Certified check for \$1,000 on Bank of Italy.
6. O. Torre and A. Faliano—Check for \$1,000 on American Trust Company.

Accepting Offer of San Francisco Disposal Company.

Supervisor McSheehy presented:

Resolution No. ———— (New Series), as follows:

Whereas, on the 12th day of January, 1931, sealed bids for a garbage destruction franchise were opened; and

Whereas, seven bids were filed with this Board for such franchise, as follows:

No. 1—Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea.

No. 2—J. H. Baxter Company, a corporation, providing for dumping at sea.

No. 3—C. C. Moore Company, not indicating the manner of disposition.

No. 4—San Francisco Disposal Company, a corporation, providing for incineration.

No. 5—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 6—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 7—A. F. Martel, providing for incineration; and

Whereas, application No. 3, C. C. Moore & Co., was unaccompanied by cash or a certified check, and also did not indicate the manner of disposition; application No. 5, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.32 per ton; application No. 6, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.05 per ton; and application No. 7, A. F. Martel, was unaccompanied by cash or a certified check, and was based on incineration and disposition at the rate of \$1.25 per ton; and for the aforesaid reasons and others this Board has been advised by the City Attorney that said applications are illegal; and

Whereas, application No. 1, Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea, and application No. 2, J. H. Baxter & Co., a corporation, providing for dumping at sea, should not be accepted as a permanent means of disposal, because the people of San Francisco declared in favor of incineration; and

Whereas, the application of the San Francisco Disposal Company, a corporation, should be accepted; now, therefore, be it

Resolved, That the application of the San Francisco Disposal Company, a corporation, be and the same is hereby accepted, subject to the terms and conditions of a franchise ordinance to be hereafter enacted, and the City Attorney is hereby directed to prepare said franchise ordinance and submit same to this Board as soon as possible, and the question of the acceptance of said applications numbers 1 and 2, as a means of temporary disposal, is hereby continued four weeks.

Report of City Engineer on Incinerator Plans and Specifications.

February 21, 1931.

Honorable A. J. Rossi, Mayor, and the Board of Supervisors, City and County of San Francisco, San Francisco, California.

Gentlemen: Pursuant to Resolution No. 33319 (New Series), I transmit herewith my report covering the plans and specifications proposed by the San Francisco Disposal Company for an incineration franchise.

The plans and specifications submitted include an incinerator of the Superior Mutual Assistance Type.

In general, I find that the method of receiving and handling the materials as proposed by the bidder differs entirely from my recommendation. This method was recommended, after careful study, in a report to your Board and was based on the fact that the best way of handling San Francisco's garbage and refuse would be by the gravity system, that is, the scavengers would haul materials to the tipping floor at a high level and the materials would then gravitate through the plant.

The type of plant submitted by the bidder utilizes a crane and bucket for elevating materials to the charging floor. By reason of this important difference in the handling of materials, the entire area and size of the building are influenced. As stated in my previous report, I have opposed this type of construction as being insanitary. The operation by crane and bucket tends to scatter the materials on the stoking floor. The arrangement of the tipping floor and the pit is such that expeditious movement of trucks is limited, causing delays.

I find from my examination of the plans that all details of the plant are limited in size and reduced to the absolute minimum. The arrangement of the plant allows for no future extensions of buildings or furnaces.

In the matter of guarantees the specifications mention items of performance which the bidder should guarantee, but nowhere in the pro-

posal does he definitely guarantee their fulfillment. I very particularly stress the following items in my specifications which have been evaded.

The capacity of the furnaces has been increased up to an inflated rating of 200 tons each. Four furnaces are to be used and only two chimneys. By putting in these large units the plant would be seriously crippled on the repairing of either furnace or chimney, and materials would have to be hauled away from the incinerator, as there is not sufficient storage space available.

The grate area of the proposed furnaces is identical with that of the Chicago Goose Island Incinerator, except that the Chicago furnace had four cells, and five cells are proposed for that of San Francisco. The acceptance test of the Goose Island plant gave the tonnage rate in 24 hours as 121.8 tons. Thus, allowing another 30 tons for the added cell, would give each furnace, as proposed by the bidder, a maximum capacity of 150 tons in 24 hours, or a possible maximum of 600 tons for the entire plant, as compared to the capacity of 800 tons in 24 hours called for.

The storage pit as proposed will accommodate, without rehandling the materials, not more than 400 tons, as compared to the provisions in my plans for 2,000 tons.

The arrangement of handling materials does not permit or allow of any space for salvage of materials, or a clean and convenient method of disposing of the large, non-combustible materials.

It is absolutely imperative in the new plant that the disposal of the ash into the cars shall be confined within the walls of the plant, so that all objections from adjacent property owners will be removed. The bidder's plan does not adequately take care of this condition.

In the design, according to my plans, the incinerator plant, from all outside appearances, could not be distinguished from any type of factory, as adequate room is provided to cover every operation within the building. In fact, the building, even during the period of maximum load condition, would not cause any nuisance and would be an improvement to the district.

In the bidder's plan one whole side of the building would be open, and no provision has been made for closing. The offensive results of any operations or conditions inside the building, such as dust, odors, and even noise, could very easily penetrate to the outside.

Inasmuch as my examination shows that the general arrangement and characteristics of the bidder's plans are almost identical with the Superior Plant at Chicago, with only some very slight differences, it is fair to assume that the cost of operation should be somewhat analogous. Extracts from the Fifty-fourth Annual Report of the Bureau of Public Works of Chicago show the cost of incineration, exclusive of overhead charges and plant write-off, as \$1.87 a ton, operating on a 321-ton basis per day.

In my report and observations of 1929 the Engineer of the City of New York gave the operating cost of the Chicago plant as \$1.83 per ton. These cost reports indicate also that coal is necessary to be used. The percentage of ash and non-combustible materials, after burning, amounted to an average of 18½ per cent.

It is only plausible to infer that under garbage collection conditions in San Francisco the percentage of furnace ash would run from 15 to 20 per cent, unless a considerable amount of non-combustible materials be taken out of the garbage before it enters the plant. Such requirements may be the intent of the bidder, as is evident from statements made in his proposal.

According to the terms of Section 48 of the Specifications, which the bidder expressly states are a part of his proposal, the City is bound to force the scavengers to deliver *all refuse collected*, including paper, bottles and other materials that are now salvaged by the collectors.

This would result in a violent protest from the scavengers, a demand for segregation of refuse by the householder, and for adjustment of present collection charges. There is no doubt that at the present time the salvaging of materials from the collections makes it possible for

the scavengers to conduct their business at the present rates and to operate the present City-owned incinerator at the \$1 a ton rate.

It may readily be seen that under this arrangement the City, through the Board of Health, will be bound to take away from the scavengers a large part of their present revenue and to turn it over to the franchise holder.

The revenue from the salvage materials during the term of the franchise will probably pay all fixed charges on the plant and repay the bidder for the cost of building the incinerator. This may explain why the bidder is willing to operate for \$1 a ton.

I would bring to your attention the expense and trouble which will most certainly be entailed by the City in attempting to enforce this part of the contract.

The most important part of any contract that the City enters into on any class of work, and virtually the only pledge that it has for the proper enforcement and fulfillment of the contract, is the guarantee attached thereto.

The bidder's specifications, which are a part of his proposal, practically eliminates all the essential requirements that I had incorporated in my specifications to insure that the City would have value received, and that upon its completion, the plant would not be a nuisance and operate efficiently.

Neither the bond nor the proposal in any way binds the contractor to produce a plant that will actually burn 800 tons of San Francisco's garbage in 24 hours. The bond only binds the bidder to dispose of, by incineration, all garbage and refuse collected in the City, and to build an incinerator of 800 tons' capacity, but it does not bind him in any way in regard to the construction or operation of said incinerator.

The test proposed by the bidder eliminates the provisions which I incorporated in my specifications to insure proof of capacity to dispose of the 800 tons daily under regular working conditions.

Although your Board has already been advised of some of the items in the bidder's proposal, I cannot refrain from dwelling again on the inconsistencies that would cause confusion and trouble to your administration. The omission of the final disposal of ash from the car to the dump, or other place of disposal, places the City in the position of entering into additional contracts for this purpose, thereby imposing on the taxpayers an additional charge, now borne by the scavengers.

The reference in the bidder's proposal to the garbage being burned "other than non-combustibles" is rather indefinite, and might put the bidder in the position of being able to refuse to receive at the plant certain non-combustible materials, which would probably be added to the ash for disposal at the City's expense.

The further provision that the bidder is to receive \$900,000 for the complete plant at the end of any calendar year, without depreciation, would place the City in the position of paying \$900,000 for a depreciated plant at the end of 25 years. I have made an estimate of the plant, covered by the bidder's plans and specifications, and I find that it would cost not over \$550,000.

It may be said that many of the objections mentioned in this report can be taken care of in the ordinance granting franchise, but I specifically call your attention to the last sentence on page two of the proposal:

"The Company agrees to comply with all the requirements and conditions set forth in said Resolution No. 33570 and the advertisement dated December 10, 1930, *not in conflict herewith.*"

There are further legal difficulties, of which your Board is fully aware, as pointed out to you by Mr. Dold, Assistant City Attorney. The delay incident to a lawsuit, demanded by the bidder at the City's expense, to establish the legality of the proceedings, entails further complications.

With the bidder holding an exclusive franchise for disposal the City

will be indefinitely prevented from doing anything to mitigate the nuisance of the present incinerator.

I can readily predict that if this franchise is granted to the bidder we will have a repetition of the disagreeable proceedings and costly lawsuits that were involved in the construction of the abandoned incinerator on Kansas and Army streets.

In view of the above statements and the fact that the proposal and included specifications are worded in so many places in vague and elusive terms which would involve the City in endless disputes and controversies, I do not think it would be advisable or to the best interest of the City to award a franchise to the San Francisco Disposal Company.

Very truly yours,

M. M. O'SHAUGHNESSY,
City Engineer.

Amending War Memorial Ordinance.

Presented by Supervisor Colman, request of War Memorial Trustees:

Also, Bill No. 9433, Ordinance No. 8931 (New Series), as follows:

Ordinance No. 8746 (New Series) setting forth and prescribing the procedure under which the Board of Trustees of the War Memorial shall have charge of construction, administration, management, superintendence and operation of War Memorial; providing for acceptance of gifts, devises and bequests; providing for employees and their salaries; providing budget and accounts of said Trustees; providing for

purchase of materials, supplies and equipment; and providing for setting up of revolving fund, is hereby amended to read as follows:

Setting forth and prescribing the procedure under which the Board of Trustees of the War Memorial shall have charge of construction, administration, management, superintendence and operation of War Memorial; providing for acceptance of gifts, devises and bequests; providing for employees and their salaries; providing budget and accounts of said trustees; providing for purchase of materials, supplies and equipment.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Direction to Board of Trustees of War Memorial.* The Board of Trustees of the War Memorial in exercising the powers granted to it under Article XIV-D of the Charter relative to the construction, administration, management, superintendence and operation of the War Memorial of San Francisco, shall do so subject to the provisions of this ordinance. Said Board of Trustees shall be hereinafter mentioned as the Trustees.

Section 2. *Construction of War Memorial.* The Trustees of the War Memorial shall construct a building or buildings as and for a War Memorial on the real property located in the City and County of San Francisco, bounded by Van Ness Avenue, Grove, Franklin and McAllister Streets. The cost of said memorial shall be borne out of, but not to exceed the total proceeds of the Memorial Hall's Bond Issue, together with such other and further sums as may be now or hereafter available, including all interest received by the City and County of San Francisco on moneys in said fund, all of which are hereby appropriated for said purposes. The Trustees of the War Memorial shall have charge of the construction, administration, management, superintendence and operation of the War Memorial and of the grounds set aside therefor, and all of its affairs, and may enter into contracts for said purposes.

Section 3. *Administration, Management, Superintendence and Operation of the War Memorial.* Said trustees shall subsequent to the construction of said War Memorial, and during the construction thereof, administer, manage, superintend and operate said War Memorial and the grounds set aside therefor, and all of its affairs.

Section 4. *Gifts, Devises and Bequests.* No gifts, devises or bequests, other than unconditional gifts, devises and bequests of cash, shall be accepted by the City and County of San Francisco as and for said War Memorial without the consent of a majority of the Trustees present at a meeting of said Trustees. Said Trustees are hereby empowered to receive and accept any cash or property under the terms and provisions of Sec. 4, Art. XIV-D of the Charter. Any gifts, devises and/or bequests received by the Trustees on behalf of the City and County for any purposes connected with said War Memorial, or incident thereto, shall be set aside in a special fund for the use and benefit of the said War Memorial.

Section 5. *Employees.* The Trustees shall engage such employees, bonded or otherwise, as may be necessary for the conduct of the property and affairs of said War Memorial.

Section 6. *Salaries.* The salaries, wages and compensation of the managing director and secretary of said War Memorial and of all other employees shall be subject to standardization as provided in Section 14, Chapter 2, Article II of the Charter. That pending the standardization of wages, salary and compensation, there shall be paid to said employees at least the minimum entrance salary, wage or compensation paid for similar services by the City and County of San Francisco, and if there are any positions or places of employment created by the Trustees not common with others in the government of the City and County of San Francisco, then the compensation to be paid to said employees shall be fixed by said Trustees.

Section 7. *Budgets.* Not later than April 1, in the year 1931, and annually thereafter, the Trustees shall transmit to the Board of Supervisors a proposed budget for the next fiscal year.

Section 8. *Accounts.* Upon the completion of the War Memorial, the Trustees shall cause to be filed a complete statement showing all receipts and disbursements of the Trustees, and same shall be open for inspection by the public in the office of the Auditor. Said statement shall show the number of employees of the Trustees.

Section 9. *Purchase of Materials, Supplies and Equipment.* Subsequent to completion of the War Memorial, purchases of materials, supplies and equipment required by the Trustees shall be made in accordance with the provisions of Chapter IV, Article II, of the Charter, and Ordinance No. 5880 (New Series), provided, however, that specifications may be prepared under the direction of the Trustees for all equipment required by said Trustees, and for materials or supplies peculiar to said War Memorial operations and not in common use in other departments of the City and County; and the Trustees may designate the particular brand, kind or make of any equipment which may be necessary in the conduct of said War Memorial.

Section 10. *Constitutionality.* If any section, sub-section, subdivision or provision of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining provisions of this ordinance, the Board of Supervisors hereby declaring that it would have passed this ordinance, and each section, sub-section, subdivision, provision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, subdivisions, provisions, sentences, clauses or phrases hereof are declared unconstitutional.

Section 11. *Effectiveness.* This ordinance shall become effective immediately upon its passage.

Section 12. *Other Ordinances.* Any ordinance or part thereof in conflict herewith is hereby repealed in respect to conflicting provisions.

Ayes—Supervisors Andriano, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, Miles, Peyser, Roncovieri, Spaulding, Suhr—12.

Absent—Supervisors Breyer, McGovern, McSheehy, Power, Shannon, Stanton—6.

Calling and Providing for a Special Charter Election.

Also, Bill No. 9434, Ordinance No. 8932 (New Series), as follows:

Bill calling and ordering a special election to be held on the 26th day of March, 1931, for the purpose of submitting to the electors of the City and County of San Francisco, State of California, a proposition to amend the Charter of the said City and County as herein set forth, and providing for the manner of conducting such election.

Section 3. The ballots to be used at said special election shall be such as may be required by law to be used thereat.

Section 4. That said special election be and the same is hereby

called for the purpose of submitting an amendment to the Charter for the consolidation of San Mateo County with the City and County of San Francisco as follows:

PROPOSED CHARTER AMENDMENT.

Consolidation of San Mateo County with City and County of San Francisco.

Charter Amendment No. 1, describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said city and county by adding a new article thereto to be known as Article 19 thereof, providing for the government of the territory in San Mateo County in the event of its consolidation with the City and County of San Francisco.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at the special election to be held on the 26th day of March, 1931, a proposal to amend the Charter as follows:

That said Charter be amended by the addition thereto of a new article to be known as Article 19 thereof, to read as follows:

ARTICLE XIX.

Consolidation of San Mateo County.

Other Provisions of the Charter Superseded.

Section 1. In event that all or any part of the area of the County of San Mateo shall be consolidated with the city and county in accordance with law and the constitution of the State, the provisions of Article XIX of this Charter shall become effective on the effective date of such consolidation and all other provisions of this Charter in conflict with the provisions of said article shall be thereupon and thereby superseded.

Definitions.

Section 2. The following terms as used in Article XIX, to-wit, "city and county," "county," "city," "governmental agency," "consolidate," and "consolidation," unless the context clearly indicates otherwise, shall have the same meanings as in that certain act of the legislature of the State of California known as the San Francisco-San Mateo Consolidation Act of 1929, approved June 11, 1929. The term "voter" as used in said article means a qualified and registered elector of the city, county, city and county, borough, or other territory concerned.

Continuation of Offices, Officers, Employees and Services.

Section 3. Upon the consolidation of the county as a whole, the offices of Assessor, Auditor, Coroner, County Clerk, District Attorney, Recorder, Sheriff, Tax Collector, and Treasurer of said county shall become branch offices of the corresponding respective offices of the city and county, and the incumbents thereof shall become deputies in the said respective offices of the city and county and shall continue as such to the end of the terms for which they were respectively elected or appointed.

The offices, departments, boards, and commissions of the city and county shall establish such branch offices in the territory consolidated as shall be necessary or convenient and as directed by the Board of Supervisors, but with no less amount of service in the said territory than shall have been provided by the county, or any city, or governmental agency of the county just prior to the time consolidation shall become effective.

Any full-time incumbent appointive officer or employee of the county, or any city, or governmental agency of the county, who shall have held such office or employment continuously for one year next prior to consolidation and whose duties shall be assumed by the city and

county, shall become an employee of the office, department, board, or commission of the city and county assuming said duties and he shall as such employee thereafter be subject, without examination, to the civil service provisions of this Charter, if any, applying to said employment.

Retirement Rights.

Section 4. Any policeman or fireman of the county, or any city, or governmental agency of the county, who shall become an employee of the police or fire department of the city and county, and who may participate in any pension or retirement system of the city and county, shall receive credit for his prior continuous full-time service to said county, city, or governmental agency.

Municipal Court.

Section 5. All cases pending in any justices' court, police court or court of any Recorder or other judicial municipal magistrate or office of the county, or any city, or governmental agency of the county consolidated with the city and county shall ipso facto be deemed to be and be transferred to the municipal court of the city and county. Such municipal court shall hold regular sessions in such borough or boroughs as the Board of Supervisors may, by ordinance, direct, and at least one such borough shall be so designated.

Recording.

Section 6. Any instrument or judgment affecting the title to or the possession of real property situated in the territory of the county which may be consolidated with city and county must be recorded in the branch office of the Recorder of the city and county located in the territory so consolidated and all records in said branch office shall for all purposes be deemed records in the office of the Recorder of the city and county.

Establishment of Boroughs.

Section 7. Any territory included in the area that has become a part of the city and county by consolidation and which at that time is not already within a borough may be organized into a borough in the manner hereinafter set forth, provided such territory contain at least 3000 population, as determined by ordinance of the Board of Supervisors. Any incorporated city included in the area that has become a part of the city and county by consolidation, which was such a city on or prior to January 1, 1931, shall automatically become a borough when consolidation becomes effective.

New Boroughs, Consolidation, Change in Boundaries, and Disestablishment of Boroughs.

Section 8. Any new borough may be established, any two or more boroughs may be consolidated, the boundaries of any borough may be enlarged or diminished, or a borough may be disestablished, provided a majority of the voters of the borough, or boroughs, and/or of the territory concerned, voting on such a proposition at an election called for the purpose, shall first have voted in favor thereof; provided, further, that no borough shall be disestablished nor the boundaries of a borough diminished, unless the same be approved by the Board of Supervisors by ordinance, or a majority of the voters of the city and county voting thereon at an election called for the purpose, shall first have voted in favor thereof. Such elections shall be called by the Board of Supervisors upon receiving the report of the borough commission hereinafter provided for, and at any time thereafter upon receiving a petition of at least twenty-five per cent of the voters of the borough or boroughs and/or the territory concerned. If any petition of voters requests the establishment of a new borough or any change in the boundaries of an existing borough, the Supervisors, before calling an

election thereunder, must set the petition for public hearing and give notice thereof by publication at least once a week for two weeks in a newspaper published in the city and county. Upon such hearing, the Board of Supervisors shall have power to change and determine the boundaries as set forth in any such petition. No new borough shall be established, nor shall two or more boroughs be consolidated, nor shall the boundaries of a borough be enlarged or diminished, nor shall a borough be disestablished, unless a majority of the voters of the borough, or boroughs, and/or the territory concerned, voting on such a proposition, shall first have voted in favor thereof.

Within thirty days after consolidation is effective, every Borough Council must appoint one member to a commission to be known as the Borough Commission. The Commission shall be charged with the duty of studying the boundaries of all boroughs within the city and county and of making recommendations to the Board of Supervisors concerning consolidation, disestablishment, or any change in boundaries of any borough or boroughs. This report shall be submitted to the Board of Supervisors within two years from the time consolidation shall become effective. Upon receiving the report of the Commission, the Board of Supervisors shall without delay call an election or elections and submit appropriate propositions in accord with the recommendations of the Commission to a vote of the voters of the territory concerned.

Upon the consolidation of two or more boroughs, all property thereof shall belong to the consolidated borough and such borough shall become responsible for all the debts and obligations of the boroughs consolidated. Upon a change of boundaries or disestablishment of a borough, the Board of Supervisors shall provide for the equitable adjustment and payment of any borough debts.

The Board of Supervisors, by ordinance, shall provide for the method and manner of calling and holding elections provided for in this section and for the canvassing of the returns thereof.

Borough Powers.

Section 9. Every borough shall have and may exercise, subject to the provisions of this Charter, the following powers and duties which shall be exclusive within borough limits except as otherwise provided herein:

(1) To create districts for the purpose of regulating the location, height, area, bulk, and use of buildings, lands and premises, and to exercise zoning and planning powers.

(2) To maintain public libraries and reading rooms.

(3) To maintain parks, playgrounds and other recreational facilities, and to construct and maintain buildings and works appurtenant thereto, except parks, playgrounds and recreational facilities maintained by the city and county.

(4) To construct, improve, and maintain streets and the bridges, sidewalks, street signs, lighting fixtures and all other appurtenances incident thereto; except highways maintained by the State or any joint highway district and any highway or street which the Board of Supervisors shall declare to be a major highway to be maintained by the city and county.

(5) To construct and maintain local sewers, sewage disposal plants, storm drains, and outfalls.

(6) To collect garbage and other wastes and to dispose of the same within or without borough limits or provide therefor, except as the Board of Supervisors shall otherwise provide for such disposal. Permission to dispose of garbage and other wastes outside of borough limits shall be first obtained from the city and county or the borough having jurisdiction of the territory in which such disposal is made.

(7) To erect, maintain and repair public buildings, and improve and maintain public property within borough limits devoted exclusively to

borough uses; provided the borough shall maintain at least one public building, which the Borough Council shall select and in which the Council shall meet.

(8) To have and exercise the same power within limits of the borough to open, widen, narrow, or close public streets and highways, and to establish the grades thereof, as is possessed by the city and county, except no borough shall close or narrow any highway maintained by the city and county without the approval of the Board of Supervisors.

(9) To exercise the powers of eminent domain whenever necessary to acquire property and easements for streets, highways, or other public purposes.

(10) To issue permits for any privilege in or on any street within the jurisdiction of the borough, and to make regulations with regard to advertising by signs, billboards, banners, placards, posters, or pictures on any street, sidewalk, or private property, or upon any buildings, poles, or fences thereof, except within two hundred feet of any street or highway not under its jurisdiction.

(11) To issue permits for spur tracks.

(12) To establish fire limits for the regulation of building and construction of buildings.

(13) To license for purposes of regulation only such occupations as shall require regulation in the interests of public peace, health, safety, or welfare, and to prescribe the terms and conditions under which such licenses shall issue.

(14) To declare what shall constitute a nuisance and to provide for the summary abatement of the same at the expense of the person or persons creating, causing, committing or maintaining such nuisance, by suit or otherwise.

(15) To enact local police ordinances, not inconsistent with the laws of the State or ordinances of the city and county, and to make rules and regulations for the exercise of any power conferred herein on boroughs and to provide penalties for the violation thereof, provided such penalties shall not exceed the penalty limits applicable by law or under this Charter to city and county ordinances; such local police ordinances to have all the force and effect within the limits of the borough of an ordinance of the city and county and as though passed and adopted by the Board of Supervisors.

(16) To create and define the powers and duties of all borough offices and employments, not established by this Charter, necessary for the purpose of carrying out the provisions of this Charter and executing the powers and duties of a borough; and to fix the compensation of all officers and employees of the borough not fixed by this Charter.

(17) To call and hold borough elections whenever necessary.

(18) To levy borough taxes.

(19) To prepare and adopt an annual budget of estimated borough expenditures and to exercise control of all borough funds.

(20) To incur indebtedness for the purpose of carrying out any of the powers conferred on the borough.

(21) To create special districts for the purpose of defraying the cost of any public improvement which the borough is authorized to make, and to levy special assessments upon property materially benefited by such public improvement, and to issue bonds to represent or be secured by such assessments.

(22) To contract for such supplies, services or labor, and to enter into such contracts as may be necessary.

(23) To employ a qualified person or persons to make an independent audit of borough funds and financial transactions of all kinds as the Borough Council may direct. If an audit is not made by the city and county, then the Council shall provide for such an audit at least once in every two years.

(24) To accept devises, bequests, legacies, donatlonns or services to or

for the use of the borough and to administer the same in accordance with the conditions thereof.

(25) To issue subpoenas for the attendance of witnesses or the production of books or documents for the purpose of producing evidence or testimony in any matter pending before the Borough Council.

(26) To employ legal counsel.

(27) To change the name of the borough, by ordinance, provided the ordinance making such change in name shall first be approved by a majority of the voters of the borough voting thereon.

(28) To provide, by ordinance, for civil service for borough employees under such conditions as are hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(29) To provide, by ordinance, for a system of retirement allowances for old age and disability and death benefits to dependents, applicable to officers and employees of the borough under conditions hereinafter provided, provided such ordinance shall first be approved by a majority of the borough voters voting thereon.

(30) To appropriate borough funds for supplementing any city and county service or function within the borough; such appropriations to be expended through the appropriate departments of the city and county.

(31) To enter into an agreement with any other borough or boroughs for the joint undertaking of any power conferred on a borough herein.

(32) To have and exercise all appropriate municipal powers which may be necessary or proper to the exercise of the foregoing powers or to the discharge of the foregoing duties, and which are not inconsistent with the other provisions of this Charter.

Transfer of Borough Powers.

Section 10. Any power over which a borough shall have exclusive jurisdiction within its limits, as herein provided, may be transferred to the city and county by a borough by ordinance of the Council thereof, but not unless a majority of the voters of the borough, voting on the question of the transfer of such power, shall first have voted in favor thereof; provided, that no such power shall be transferred to the city and county unless such transfer is also approved by ordinance of the Board of Supervisors.

Borough Elective Officers and Terms.

Section 11. The voters of a borough shall elect five members of the Borough Council, except as otherwise provided; and also a Borough Controller, unless a borough shall, by ordinance of the Council approved by a majority of the voters thereof voting on such ordinance, vest the powers of Borough Controller in a Borough Manager. Except as otherwise provided, borough elective officers shall be elected to serve for terms of four years and until their successors are elected and qualify.

Within fifteen days after the establishment of a new borough created upon petition as herein provided, the Mayor of the city and county shall appoint five qualified residents of the borough as members of the Council to serve until their successors are elected and qualify. At the next succeeding general borough election, the voters thereof shall elect three members of the Council to serve for terms of two years, and two members to serve for terms of four years, beginning at twelve o'clock noon on the eighth day of January following the date of their election.

The Council of a borough which by consolidation is automatically established, shall consist of the same number of members as shall compose the Council of the city at the time consolidation becomes effective. The City Councilmen in office at the time of such consolidation shall continue in office as Borough Councilmen until the end of

the terms for which they were respectively elected, and thereafter until twelve o'clock noon on the eighth day of January of the first succeeding even-numbered year. At the general borough election immediately preceding the expiration of the terms of any such members of a Borough Council, the voters of the borough shall elect their successors to serve for terms of four years. At every borough general election the successors to those elective borough officers whose terms are next expiring shall be elected to serve for terms of four years.

At the first meeting of the Council of a borough, it shall appoint a Borough Controller to serve until his successor is elected and qualifies. At the next succeeding general borough election, the borough voters shall elect a Borough Controller to serve for a term of four years, beginning at twelve o'clock noon on the eighth day of January following the date of his election; provided, however, that if a majority of the members of the Borough Council are elected at the same time, the Borough Controller shall be elected to serve for a two-year term, and thereafter his term shall be for four years.

A candidate for any elective borough office shall have been an elector of the borough, or of the area comprising the same, for a period of at least five years prior to the date of election at which he is a candidate. No person who shall hold an elective or appointive office of the city and county shall hold any elective borough office.

A Borough Council may fill any vacancy in an elective office of a borough for the unexpired term thereof.

Duties, Meetings, and Compensation of Borough Councilmen.

Section 12. The Council shall constitute the legislative body of the borough and, except as otherwise provided, shall exercise the powers thereof.

The Council shall provide by ordinance for the time and place of holding its meetings and the manner in which its special meetings may be called, provided, however, that there shall be at least two regular meetings in each month. The first meeting shall be held within thirty days after its establishment at the time and place upon which a majority of the Council shall in writing agree. All legislative sessions of the Council, whether regular or special, shall be open to the public. A majority of all members of the Council shall constitute a quorum for the transaction of business. All borough records shall be open to the public.

No member of the Council shall receive compensation for his services unless an ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon; provided, however, that Councilmen of a borough automatically established shall continue to receive the same compensation as provided for Councilmen by the city which it succeeds at the time consolidation becomes effective, until the borough provides otherwise by ordinance approved by a majority vote of the vote cast thereon.

The Council shall by ordinance determine what bonds, if any, are to be given by the elective and appointive officers of the borough, and shall fix their amounts and form, and such bonds shall be approved in the case of a Borough Controller by the Council and in the case of all other officers by the Borough Controller, and the premiums thereon shall be paid by the borough.

Borough President.

Section 13. The Council shall choose one of its own number as President to serve at its pleasure. The President shall be the executive head of the borough upon whom process issued by authority of law shall be served. In the name and on behalf of the borough he shall sign all legal instruments and documents to which the borough is a party except where otherwise provided herein or by ordinance. He shall have such

other powers and perform such other duties as may be prescribed by law, or by ordinance or resolution of the Council.

Borough Controller.

Section 14. The Borough Controller shall have, in addition to such duties as are prescribed by this Charter, such other duties as may be prescribed by borough ordinance. No borough funds shall be drawn from the treasury of the city and county except by warrant issued or countersigned by him, and he shall countersign no such warrant unless the claim is a legal obligation of the borough. He shall keep in his office sufficient and proper records and accounts of the financial transactions of the borough. Such records and accounts shall be kept in the forms and manner as prescribed by ordinance of the Board of Supervisors. He shall have access at all times for himself, or for any person designated by him, to books, records and cash in any office of the city and county and/or of the borough in which accounts are kept or money handled on behalf of the borough. He shall have power to inquire into all contracts, including the performance thereof, and into all proceedings involving the expenditure of public funds to which the borough is a party, and into the financial transactions of all officers and employees of the borough. For this purpose he may administer oaths, summon witnesses and order the production of relevant books and papers. If any person fails to obey such summons or order or refuses to answer any proper question, the Borough Controller may petition a court of competent jurisdiction for an order directing such person to comply with said summons or order or to answer such questions. He shall have power to employ such expert accountants or other agents as he may deem necessary to carry out his powers, and the Borough Council shall appropriate such funds as may be needed for this purpose.

Borough Clerk.

Section 15. When consolidation becomes effective, the Clerk of any city which is automatically established as a borough shall continue in office as Borough Clerk thereof until the expiration of the term for which he may be elected or appointed, and thereafter the Council shall appoint a Borough Clerk who shall act as Clerk of the Council. He shall have power to administer oaths and affirmations, to take affidavits, and to certify the same. He shall have such other powers and perform such other duties as may be provided by this Charter, or by ordinance, or order of the Council.

Borough Planning Commission.

Section 16. The Council may provide, by ordinance, for a Borough Planning Commission of five members. The ordinance shall provide for the qualifications, manner of appointment, terms, and compensation of the members of such Commission, but no compensation shall be paid any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon. Said ordinance shall provide that the Borough Planning Commission shall have and exercise within the borough such powers and duties as shall correspond to, so far as possible, the powers and duties of the Planning Commission of the city and county.

Until a Borough Planning Commission is provided, the Council shall have and exercise within the borough such powers and duties of a Planning Commission as the Council, by ordinance, may provide.

The Borough Planning Commission, or the Council, as the case may be, shall have such advisory powers relating to any planning matter of the city and county affecting any property, streets, public work or public improvement of or within the borough, as may be provided by ordinance of the Board of Supervisors.

The Borough Planning Commission, or the Council, as the case may be, shall have power to recommend changes in or the repeal of any

city ordinance establishing zones for the uses of property within the borough which may be continued in effect upon consolidation. In the determination of which class of occupation zones the property within a borough may be divided, or in the modification of any city zoning ordinance continued in effect, the Borough Planning Commission, or the Council, as the case may be, shall accept the classification of occupation zones which the Board of Supervisors, by ordinance, shall establish for the city and county.

Borough Library Board.

Section 17. The Council may provide, by ordinance, for a Borough Library Board of five members. The ordinance shall provide for the qualifications, manner of appointment, terms and compensation of the members of such board, but no compensation shall be paid to any member unless the ordinance providing for such compensation shall first have been approved by a majority of the borough voters voting thereon.

The Borough Library Board shall have control and management of the borough library and the funds provided for same and shall have power to make such rules and regulations as necessary for the conduct of its affairs, but the Treasurer of the city and county shall have custody of such funds.

Borough Manager.

Section 18. The Council may appoint a Borough Manager, provided, however, that no Borough Manager shall be appointed unless an ordinance creating such office shall first have been approved by a majority of the borough voters voting thereon, and which ordinance, when so approved, shall not be amended or repealed except by ordinance also approved by a majority of the borough voters voting thereon. The City Manager of a city automatically established as a borough shall continue to hold such office as Borough Manager until removed by the Council and the Council may appoint his successor.

The Borough Manager shall be chosen by the Council without regard to political consideration and solely with reference to his executive and administrative qualifications. Residence within the borough shall not be a qualification for his appointment; but promptly thereafter during his term of office, he shall become and shall remain an actual resident of the borough.

The powers and duties of the Borough Manager shall be as follows:

- (a) To act as administrative head of the borough government.
- (b) To see that all borough ordinances are enforced.
- (c) To appoint, remove, and have control of all subordinates and employees, except as otherwise provided by this Charter or by ordinance of the borough.
- (d) To see that all permits and privileges granted by the borough are observed and to report any violations thereof to the Council.
- (e) To attend meetings of the Council.
- (f) To advise the Council on the needs of the borough.
- (g) To devote his entire time to the interests of the borough.
- (h) To have general supervision of borough parks and playgrounds.
- (i) To appoint such borough advisory boards as he may deem desirable to advise and assist him in his work; provided such boards shall not receive any compensation.
- (j) To prepare the annual borough budget, as herein provided.
- (k) From time to time, in order to facilitate the prompt, economical and efficient dispatch of borough business, to assign assistants, deputies or employees from any office or department of the borough government to perform work or service in any other office or department thereof, or to work in more than one of said offices or departments.
- (l) To possess such additional powers and duties as may be provided in this Charter or by ordinance.

The Borough Manager shall have the right to take part in the dis-

cussion of all matters coming before the Council, but shall have no vote therein.

In case of the absence or disability of the Borough Manager, the Council may designate some qualified person to perform the duties of the office temporarily.

No member of the Council shall in any manner, directly or indirectly, by suggestion or otherwise, attempt to influence or coerce the Borough Manager in making of any appointment or the purchase of supplies, or attempt to exact any promise relative to any appointment from any candidate for Borough Manager, or discuss, directly or indirectly, with any such candidate, the matter of appointments to borough offices or employments. Any violation of the foregoing provisions of this section shall constitute a misdemeanor and shall work a forfeiture of the office of the offending member of the Council, who may be removed therefrom by the Council or by any court of competent jurisdiction.

No persons related to a Borough Manager by blood or by marriage shall be eligible for borough employment.

A Borough Manager may, by written agreement of the Councils of the boroughs interested, act as joint manager for two or more boroughs, in which case he shall become a resident of one of the boroughs so interested and shall devote his entire time to the interests of such boroughs.

Borough Legislation.

Section 19. The Council shall act in legislative matters by ordinance only. Other action of the Council, unless otherwise provided, may be taken by resolution, motion or order. No ordinance or resolution or order for the expenditure of money shall be passed without receiving the affirmative votes of a majority of all members of the Council.

The enacting clause of all borough ordinances shall be as follows: "The people of the Borough of ——— (inserting the name of the borough) of the City and County of San Francisco do ordain as follows." No ordinance shall be passed by the Council on the day of its introduction, nor within five days thereafter, nor at any time other than a regular meeting. A proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained. All ordinances shall be signed by the President and attested by the Borough Clerk and shall be published at least once in some newspaper of general circulation established, printed and published in the borough, and if there be no such newspaper they shall be posted in at least three public places in the borough before becoming effective.

Every ordinance passed by a Council shall go into effect at the expiration of thirty days after its final passage, unless otherwise provided in said ordinance and as otherwise provided herein. Ordinances declared by the Council to be necessary as emergency measures for the immediate preservation of public peace, health, safety, or welfare, containing a statement of the reasons for their urgency, and ordinances ordering or otherwise relating to elections, and ordinances relating to public improvements, the cost of which is to be borne wholly or in part by special assessments, may go into effect at the will of the Council.

Borough Fiscal Procedure.

Section 20. Within the time limits fixed by this Charter for the preparation and adoption of the budget of the city and county, every borough shall cause to be prepared and shall adopt a borough budget which shall be a complete statement of the estimate of the revenues and expenditures of the borough departments for the ensuing year. Such budget shall be prepared substantially in the same manner and in such detail as required for the budget of the city and county so far as the same may be applicable. Upon the adoption of the budget, it

shall take effect at the same time and shall be binding upon the borough in substantially the same degree and in the same manner as the city and county budget shall be effective and binding upon the city and county.

The fiscal year of a borough shall be the same as for the city and county.

Within the time limits fixed by law or by this Charter for the city and county, the Council may levy a borough tax sufficient to raise the amount estimated to be required in the annual budget as herein provided, less the amounts estimated to be received from fines, licenses, and other sources of revenue; but such levy, exclusive of the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the borough, and exclusive of special assessment and district taxes and of the library tax, shall not exceed the rate of one dollar on each one hundred dollars of the assessed valuation of the taxable property within the borough. Should the Council fail to fix the tax rate within the time prescribed, then the borough tax rate of the previous year shall constitute the rate of the current year. The Council, by ordinance, may provide for a higher tax limit, but such tax limit shall not be effective unless the ordinance fixing such tax limit shall first have been approved by a majority of the borough voters voting thereon.

All borough taxes levied, together with interest thereon and any percentage imposed for delinquency and the cost of collection, which shall be those prescribed in this Charter for the city and county, shall constitute liens on the property assessed, which taxes, interest, penalties and charges shall be collected in the same manner as is provided for the collection of city and county taxes, and which liens may be foreclosed upon in the same manner as is provided for the foreclosure of liens for city and county taxes.

All borough taxes shall be levied on the valuation of the taxable property within the borough as shall be fixed by the Assessor of the city and county for city and county tax purposes.

There shall be a borough fund for each borough. All borough taxes shall be collected by the Tax Collector of the city and county and shall be paid into the city and county treasury to the credit of the borough concerned, together with all revenues of a borough received from fines, licenses, and other sources of revenue, except as otherwise provided. Money shall be payable from a borough fund only on warrants drawn with the approval of the Council by such borough officer as the Council may authorize, and when countersigned by the Borough Controller.

The manner and time within which deposits of borough moneys received from taxes, licenses, fees, fines, penalties, forfeitures, and all moneys accruing to a borough from any source shall be made, the transfer and disposition of all surplus funds, and the manner in which borough accounts shall be kept, shall be provided for by ordinance of the Board of Supervisors, and shall be uniform for all boroughs.

The Council shall not create, audit, or permit to accrue, any debt or liability in excess of the available money in the borough fund of the borough that may be legally apportioned and appropriated for such purpose; provided that taxes levied though uncollected are deemed available income and revenue for the year for which levied; and provided, that any borough, during the first year of its existence, may incur such indebtedness or liability as may be necessary, not exceeding in all the income and revenue provided for it in such year, nor shall any warrant be drawn, or evidence of indebtedness be issued, unless there be at the time sufficient money in the borough fund legally applicable to the payment of the same, except as hereinafter provided. When any order or demand is presented to the Borough Controller for approval and such order or demand is a proper and legal order or demand and the amount of said order or demand does not exceed the amount of the unexpended and not otherwise appropriated moneys remaining in the fund out of which said order is payable but where

there are not actual moneys on hand in said fund for the payment of said order or demand, the Borough Controller must indorse thereon the words, "not approved for want of funds," with the date of presentation and shall, in attestation thereof, affix his signature thereto; and shall number such indorsement and shall register said order or demand in the records of his office and shall thereupon deliver said order or demand to the claimant, or his order. From that time, such order or demand shall bear interest at the rate of six per cent per annum. Such orders or demands, so registered as herein provided, shall be paid in the order in which the same are registered.

All license taxes collected by the city and county within the limits of any borough shall be credited to the borough fund of such borough by the Treasurer of the city and county.

Borough Tax Subventions.

Section 21. The Board of Supervisors shall provide by ordinance for a system of subventions from tax funds of the city and county to boroughs which expend funds for the maintenance of streets, sewers, libraries, parks, or playgrounds during any fiscal year; provided that in no event shall the subvention to any borough either exceed the aggregate amount which such borough shall appropriate out of borough funds in said fiscal year for said purposes, or exceed the amount which the city and county shall raise in said fiscal year by city and county taxes levied and assessed for like purposes against taxable property within such borough. Such system of subventions may be modified from time to time by the Board of Supervisors by ordinance, but all ordinances so providing shall apply generally to all boroughs.

Borough Bonded Indebtedness.

Section 22. A borough may incur an indebtedness, exceeding in any year the income and revenue provided for such year, for the purposes of paying the cost of any borough improvement or acquisition within the power of the borough to make or acquire and may issue and sell borough bonds for such purposes, provided said indebtedness and bonds are authorized as herein provided by ordinance or resolution of the borough pledging the faith and credit of the borough therefor. Such ordinance or resolution shall be adopted and the proposition for the issue and sale of such bonds shall be submitted to a vote of the voters of the borough in substantially the same form and manner and according to the same procedure as is provided in this Charter for the issue and sale of bonds by the city and county, or in the manner and form and according to the procedure provided in any general law of the State of California in force at the time governing the issue and sale of bonds by municipalities, so far as the same may be applicable.

No such debt shall be incurred and no such bonds shall be issued by any borough without the assent of two-thirds of the voters thereof voting thereon at an election to be held for that purpose, nor unless before or at the time of incurring said debt or issuing said bonds provision shall be made for the collection of an annual tax sufficient to pay the interest on such debt or bonds as it falls due and provision shall also be made to constitute a sinking fund for the payment of the principal thereof on or before maturity.

In no case shall borough bonds be issued for a term which shall exceed the estimated life of the work or improvement for the payment of which they are issued as certified by the Council in the ordinance calling the bond election, nor for a term to exceed forty years.

No bond shall be issued on the faith and credit of the borough which will increase the bonded indebtedness thereof beyond five per cent of the assessed valuation of the property within the borough subject to direct taxation as shown by the last preceding assessed valuation.

The proceeds from the sale of borough bonds shall be applied exclusively to the purposes and objects to which the voters of the borough have assented, until such purposes and objects have been accomplished,

after which the surplus, if any, may be transferred to the bond interest or redemption fund of the borough.

Borough bonds shall not constitute or be a debt or general obligation of the city and county.

Borough Special Assessments.

Section 23. In the exercise of its power to provide for the payment of the cost of any public improvement in whole or in part by special assessment levied against the property benefited thereby, a borough acting through its Council may establish local improvement districts and levy and collect special assessments and reassessments to pay the costs and expenses of such improvements, which expenses shall be made and assessments levied and collected in conformity with the procedure set forth in this Charter for the city and county, or with the procedure set forth in any ordinance passed or adopted thereunder, or with the procedure set forth in any one or more of the general laws of the State of California in force at the time of the improvement relating to the doing of public work or the making of public improvements in municipalities or in counties, so far as the same may be applicable. The Council may provide in accordance with the procedure set forth in said Charter or said ordinance or general law or laws for the issuance, sale, payment and redemption of interest bearing bonds to represent or to be secured by such assessments or any reassessments remaining unpaid after a certain period, either singly or in the aggregate, and may provide that such assessments or reassessments may be paid in installments and be collected in the same manner in which city and county taxes are collected or otherwise, and for the sale of lands burdened by such assessments or reassessments and for the purchase of same on behalf of the borough in event of nonpayment, and may provide other or alternative methods for such collection by foreclosure or otherwise. Such work or improvements are any permitted to be done by boroughs under this Charter or by the city and county or by any such procedure, ordinance or general law.

Nothing contained herein shall prevent the Board of Supervisors from establishing similar local improvement districts where the same shall cover territory in two or more boroughs or parts thereof, or cover territory lying partly within and partly without a borough, or from levying and collecting special assessments and reassessments to pay the cost and expenses of such local public improvements.

Borough Contracts and Official Advertising.

Section 24. In the preparation of estimates, calling for bids, advertising, and awarding of contracts for supplies, materials, labor, official advertising, or for any public work, a borough shall be subject to the provisions of any ordinance as the Board of Supervisors shall provide to be applicable uniformly to all boroughs. Such ordinance shall follow as closely as practicable the provisions of this Charter relating to such matters applicable to the city and county and shall charge borough officers with appropriate duties in the premises.

Contracts for the official advertising of a borough shall be let as this Charter provides for the letting of contracts for official advertising of the city and county, provided that any such contract shall be let to a daily or weekly newspaper of general circulation established, printed, and published in the borough, if any such there be. If there be no such newspaper, then such contract shall be let to a daily or weekly newspaper of general circulation established, printed and published in the city and county.

Any newspaper of general circulation which for one year next prior to consolidation was established, printed and published in the territory consolidated with the city and county shall thereafter be deemed to have been so established, printed and published as a newspaper of

general circulation for said period of one year within said city and county for all purposes of official publication or advertising.

The advertising of the delinquent borough tax list of the property within a borough shall be let by the Board of Supervisors to the lowest responsible bidder for publication in a newspaper of general circulation established, printed, and published within such borough, if any such there be, and otherwise in such a newspaper established, printed and published in the city and county and such delinquent tax list shall be published in such newspaper at least once.

Interest in Borough Contracts.

Section 25. No officer or employee of a borough shall be or become directly or indirectly interested in any contract of such borough. Any such officer or employee violating the provisions of this section shall forfeit his office or employment and be disqualified from being elected, appointed or employed in the service of such borough, or the city and county, or any other borough thereof, and such contract shall be void.

Borough Civil Service.

Section 26. Whenever the voters of a borough shall approve an ordinance of the Council providing for Civil Service for officers and employees of the borough, the Council shall enter into an agreement with the Civil Service Commission of the city and county for the administration of the Civil Service system of the borough, and it shall provide in the borough budget for the payment to the city and county of the costs of such services.

In any such ordinance it shall be provided that all borough officers and employees, not otherwise exempt as herein provided, shall be subject to the Civil Service provisions of this Charter as far as they may be consistently applicable to such officers and employees. Such ordinance shall further provide that there shall be no exemption of any borough officers or employees from the borough Civil Service system except in the case of elective borough officers, appointees to any borough board or commission not required to give full-time service, and the Borough Manager, if any. Such ordinance may also provide that any borough officer or employee, who shall be subject to the borough Civil Service system and who has been continuously employed full-time for one year prior thereto by the borough or by the city automatically established as such borough, shall without examination be deemed appointed within the Civil Service provisions of this Charter to the position to which he may be assigned and entitled to all the benefits of said Civil Service provisions thereafter.

Borough Pensions.

Section 27. Whenever the voters of a borough shall approve an ordinance of the Council providing for retirement allowances and death benefits applicable to officers and employees of the borough, the Council shall enter into an agreement with the Board of Administration of the employees' retirement system of the city and county for the administration of the borough retirement allowances and death benefits, and for contributions by the borough and the borough officers and employees to the employees' retirement system of the city and county in like manner as is provided for such administration and contributions by the city and county and city and county officers and employees.

The right of borough officers and employees to participate in such a retirement system, the manner in which they may participate, and the benefits they may enjoy, shall be those provided by the employees' retirement system for officers and employees of the city and county.

In any such ordinance it may be provided that any officer or employee participating in its benefits shall receive credit for his prior continuous full-time service to the borough and/or to the city automatically established as such borough, and all liabilities accruing under such system because of such prior service shall be met by the borough.

Borough Elections.

Section 28. The primary and general elections of a borough shall be held at the time provided in this Charter for municipal primary and general elections of the city and county. Except as otherwise provided in this Charter, the Council by ordinance shall call any special borough election and notice of such special election shall be given by proclamation issued by the President of the Council and posted and published as the Council may direct for the period of at least 30 days next preceding the date of such election. Any borough election shall be conducted and canvassed in the same manner as an election of the city and county, but the cost of any special election shall be borne by the borough. A borough special election may be called to be held on any day appointed for any primary or general election of the city and county.

Borough Initiative, Referendum, and Recall.

Section 29. The voters of a borough may invoke the initiative provisions of this Charter to apply to any borough ordinance, and they may also invoke the referendum provisions of this Charter to apply to any ordinance, act or measure of a Council. The Council may submit any ordinance it is empowered to pass to a vote of the borough voters. The voters of a borough may invoke the recall provisions of this Charter to apply to any elective borough officer. It shall be the duty of the Board of Supervisors, by ordinance uniformly applicable to all boroughs, to make the provisions of this section effective.

Interchange of Services.

Section 30. Any department, officer, or employee of a borough may be permitted to perform services for any office, board, or department of the city and county, and may be compensated for such services by the city and county, provided approval thereof is first obtained from the proper borough authority.

Borough Continuation of Employees, Contracts, and Ordinances.

Section 31. Except as otherwise provided, any employee of a city consolidated with the city and county, who shall be in the employ of any department or office of such city, the duties of which shall be undertaken by a borough automatically established as successor to any such city, shall continue in the position to which he may be assigned in the employ of the borough until the end of his term or if without a term until removed by the authority to whom power of removal is committed.

All contracts for materials, supplies and labor, and all public works, special assessments or similar proceedings entered into or undertaken by a city consolidated with the city and county in force or in course of performance when consolidation becomes effective, shall be continued and perfected by the borough automatically succeeding any such city, provided the borough shall have jurisdiction in the matter for which such contracts were entered into or over such public works, special assessments or similar proceedings, and otherwise by the city and county.

All ordinances of a city consolidated with the city and county which are not inconsistent with the provisions of this Charter or with any ordinance of the city and county shall, until repealed or amended by borough ordinances, be continued in force as ordinances of the borough automatically succeeding such city.

General Legislation for Boroughs.

Section 32. The Board of Supervisors shall have general power to enact all legislation necessary to permit boroughs to exercise their powers or perform their duties under any provisions of this Charter and not otherwise provided for herein. Such legislation shall be con-

sistent with the provisions of this Charter relating to the city and county or to boroughs and shall be uniform for all boroughs.

Action Deferred.

The following matter was on motion *laid over one week*:

Granting Further Land in Civic Center to United States Government.

Bill No. 9432, Ordinance No. — (New Series), as follows:

Agreeing to a further grant to the United States of America, a site situate in the Civic Center of the City and County of San Francisco, and determining the size thereof, and authorizing the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the hereinafter described real property, all pursuant to the provisions of Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, pursuant to Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco, the Board of Supervisors has heretofore caused to be conveyed to the United States of America a certain piece or parcel of land situate in the Civic Center in the City and County of San Francisco; and

Whereas, the property heretofore granted is inadequate, and it is deemed necessary and to the best interests of the City and County of San Francisco and the United States of America that an additional piece or parcel of land contiguous to and adjoining said grant heretofore made and above referred to be conveyed by said City and County of San Francisco to said United States of America in order that the general scheme of buildings in said Civic Center be adhered to, and that additional building space be provided; and

Whereas, the hereinafter described real property is situate within the locality described in said section of said Charter, is owned by the said City and County of San Francisco and is unoccupied by any building or structure belonging to the said City and County of San Francisco.

Now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and site of said lands to be conveyed to the said United States of America should be as hereinafter set forth.

Section 2. That the City and County of San Francisco does hereby offer the hereinafter described real property to the United States of America, without any monetary consideration and in addition to the grant of land heretofore made and in pursuance to said Charter provision herein referred to, the hereinafter described real property.

Section 3. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America, a good and sufficient deed conveying to said United States of America the hereinafter described real property.

Section 4. That the site to be conveyed to said United States of America, in conformity with this ordinance, is described as follows, to-wit:

Beginning at a point on the westerly line of Leavenworth Street produced southerly, distant thereon 229.375 feet southerly along said line of Leavenworth Street produced southerly from the southerly line of McAllister Street (said point being also the southeasterly corner of the property deeded by the City and County of San Francisco to the United States of America, recorded September 19, 1930, in Volume 2078, Page 484, Official Records of said City and County); thence southerly along said line of Leavenworth Street produced southerly 25 feet; thence at right angles westerly along a line parallel with and distant 25 feet at right angles southerly from the southerly line of the aforementioned property deeded to the United States of America, 412.50 feet to the easterly line of Hyde Street produced southerly; thence at right angles northerly along said line of Hyde Street produced southerly 47 feet to the southwesterly line of the aforementioned property deeded to the United States of America; thence southeasterly along last-mentioned property line, on a curve to the right, tangent to a line deflected 90 degrees to the right from the preceding course, radius 42 feet, central angle 61 degrees 33 minutes 58 seconds, a distance of 45.128 feet to the southerly line of the aforementioned property deeded to the United States of America; thence easterly along last-mentioned property line, 375.568 feet to the westerly line of Leavenworth Street produced southerly, and the point of beginning.

Section 5. This ordinance shall become effective immediately upon its passage.

Final Passage.

The following matters heretofore passed for printing were taken up and *finally passed* by the following vote:

Plans, Etc., for Alteration of Hangar No. 1, Airport.

On recommendation of Finance Committee.

Bill No. 9435, Ordinance No. 8934 (New Series), as follows:

Authorizing the preparation of plans and specifications for the alteration of hangar No. 1, to accommodate a dope shop, ticket office, pilots' restroom, and appurtenances, at the San Francisco Municipal Airport (Mills Field), and ordering the alteration of hangar No. 1, to accommodate a dope shop, ticket office, pilots' restroom, and appurtenances, at the San Francisco Municipal Airport (Mills Field), and directing the Board of Public Works to enter into contract for said work in accordance with plans and specifications prepared therefor, which plans and specifications are hereby approved.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to prepare plans and specifications for the alteration of hangar No. 1, to accommodate a dope shop, ticket office, pilots' restroom, and appurtenances, at the San Francisco Municipal Airport (Mills Field), and to enter into contract for the alteration of hangar No. 1, to accommodate a dope shop, ticket office, pilots' restroom, and appurtenances, at the San Francisco Municipal Airport (Mills Field), and said work is hereby ordered, in accordance with the said plans and specifications prepared therefor, which plans and specifications are hereby approved.

Section 2. This ordinance shall take effect immediately.

**Providing for Issuance and Redemption by the City and County of
\$1,400,000 Bonds for Parks and Squares.**

Also, Bill No. 9429, Ordinance No. 8935 (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of one million four hundred thousand dollars (\$1,400,000) for permanent improvements, to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit:

The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvement of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park, San Mateo county; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco, in accordance with and as authorized at special election held in said City and County on the sixth day of February, 1931.

Whereas, a special election was held in the City and County of San Francisco on the sixth day of February, 1931, in accordance with the provisions and requirements of Ordinance No. 8908 (New Series), calling and providing for such election, and Resolution No. 33766 (New Series), giving notice thereof, reference to said ordinance and resolution for further particulars being here made; and

Whereas, it has been determined by Resolution No. 33944 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat:

Now, Therefore, Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the sixth day of February, 1931, and the provisions of the Charter of said City and County and with Ordinance No. 8908 (New Series), and Resolution No. 33766 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of one million four hundred thousand dollars (\$1,400,000) for permanent improvements, to-wit: The construction and improvement of permanent improvements, to-wit: The construction and improvement of the following parks and squares located within the City and County of San Francisco, to-wit: The improvement of meadows in Golden Gate Park; the bridle path from Sutro Heights to Seacliff; a footpath from Sutro Heights to Thirty-second avenue; a footpath to and around Telegraph Hill; a driveway in McLaren Park; a footpath through Sunset Square; improving grounds within Sunset Square; improvements of existing roads within Golden Gate Park, including a widening of the existing drive around Stow Lake in said Golden Gate Park; planting and grading Telegraph Hill; improving Aquatic Park, Yacht Harbor and Balboa Park and grading and constructing roadways in Sharp Park in San Mateo County; all to be designed for the recreation and entertainment of the residents of the City and County of San Francisco.

That such bonds shall be called "Public Parks and Squares Bonds, 1931," shall be 1,400 in number, and shall be numbered from 1 to 1,400, both inclusive, and shall be payable \$56,000 thereof 5 years from the

date of said bonds, beginning with the lowest numbers, and \$56,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of February and August of each year until the maturity thereof; shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

THE UNITED STATES OF AMERICA

State of California,

City and County of San Francisco

"PUBLIC PARKS AND SQUARES BOND, 1931"

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond and shall sign a statement, stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Providing for Issuance and Redemption by the City and County of \$200,000 Bonds for Playgrounds.

Also, Bill No. 9431, Ordinance No. 8937 (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn, and Funston Annex Playgrounds, in accordance with and as authorized at a special election held in said City and County on the sixth day of February, 1931.

Whereas, A special election was held in the City and County of San Francisco on the sixth day of February, 1931, in accordance with the provisions and requirements of Ordinance No. 8909 (New Series), calling and providing for such election, and Resolution No. 33768 (New Series), giving notice thereof, reference to said Ordinance and Resolution for further particulars being here made; and,

Whereas, It has been determined by Resolution No. 33946 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat.

Now, Therefore, Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the sixth day of February, 1931, and the provisions of the Charter of said City and County and with Ordinance No. 8909 (New Series), and Resolution No. 33768 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of two hundred thousand dollars (\$200,000) for the construction and completion of certain permanent improvements, to-wit: The improvement of structures, facilities, grounds and equipment in the following playgrounds located within the City and County of San Francisco, to-wit: Potrero Hill, Ocean View, St. Mary's Park, Julius Kahn and Funston Annex Playgrounds.

That such bonds shall be called "Playgrounds Bonds, 1931," shall

be 200 in number, and shall be numbered from 1 to 200, both inclusive, and shall be payable \$8,000 thereof 5 years from the date of said bonds, beginning with the lowest numbers, and \$8,000 thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 2. All of the bonds issued as herein provided shall be of the form and character known as "serials." All of said bonds shall be dated February 1, 1931, shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first day of February and August of each year until the maturity thereof; shall be of the denomination of \$1,000 each, and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County in the City and State of New York.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of said City and County.

Said bonds shall be in substantially the following form:

THE UNITED STATES OF AMERICA
State of California,
City and County of San Francisco
"PLAYGROUND BOND, 1931"

No. \$1,000.00

For value received the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of, 19...., one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, February 1 and August 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond

and shall sign a statement, stamped, printed or written upon the back or face of the bond, to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter, and from time to time, this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of February, 1931.

Also, Bill No. 9428, Ordinance No. 8939 (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors December 9, 1931, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in twenty installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be six months from the time of the payment of the preceding installment, and that the

rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Palou avenue, between Griffith and Hawes streets, where not already so improved, by the construction of armored concrete curbs; by the construction of side sewers; and by the construction of an asphalt-concrete pavement, consisting of a two-inch asphaltic concrete wearing surface and a six-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of Santa Cruz avenue, between De Long street and the County Line by grading to official line and grade; by the construction of unarmored concrete curbs; by the construction of side sewers; and by the construction of an asphalt-concrete pavement, consisting of a two-inch asphaltic concrete wearing surface and a six-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

Section 2. This ordinance shall take effect immediately.

Granting Mission Land and Cattle Company Permission for a Spur Track Across Mississippi Street.

Also, Bill No. '9436, Ordinance No. 8933 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Mission Land and Cattle Company to construct, maintain and operate a spur track across Mississippi street as delineated on blueprint entitled "Proposed spur track for Mission Land and Cattle Company, January 30, 1931," as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Mission Land and Cattle Company to construct, maintain and operate a spur track across Mississippi street as delineated on blueprint entitled "Proposed spur track for Mission Land and Cattle Company, January 30, 1931," and more specifically described as follows:

Commencing at a point on the easterly line of Mississippi street, distant thereon 270 feet northerly from the northerly line of Army street; thence on a tangent in a northwesterly direction at an angle of 28 degrees 13 minutes 38 seconds to the left from the easterly line of Mississippi street, a distance of 105.72 feet to the existing westerly line of Mississippi street, distant thereon 363.14 feet from the northerly line of Army street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage to be paid for by the Mission Land and Cattle Company.

Provided, Mission Land and Cattle Company shall erect and maintain all-night lighted arc lamps, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that girder rails shall be used within the lines of the street in the construction of said spur track, and that proper clearance be observed.

Section 2. This ordinance shall take effect immediately.

SPECIAL ORDER—3 P. M.

Providing for the Sale of a Garbage Destruction Franchise.

Sealed bids for garbage destruction franchise were received between 2 and 3 p. m. this day, January 12, 1931, in accordance with the following notice:

Office of the Clerk of the Board of Supervisors, Room 235, City Hall, San Francisco, California.

Whereas, on the 8th day of December, 1930, the Board of Supervisors finally passed the following resolution:

Resolution No. _____ (New Series), as follows:

Whereas, application has been made to the Board of Supervisors of the City and County of San Francisco by the San Francisco Disposal Company, through a petition filed on the 11th day of September, 1930, for a franchise or privilege for the destruction and disposition of garbage, refuse, waste, offal and debris by incineration in the City and County of San Francisco;

And whereas, it appears to this Board that the public interest will be subserved by the grant of a franchise for said purpose; therefore, be it

Resolved, That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris, delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, under complete plans and specifications prepared by the City Engineer for the proposed building and plant.

That the proposed building and plant shall be constructed in accordance therewith, plans and specifications to be obtained from the said City Engineer by depositing fifty (\$50) dollars as a guarantee for the safe return of such plans and specifications.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period of twenty-five years for the disposal by incineration of all garbage, refuse, offal, waste and debris as at present collected in the City and County of San Francisco, the grantee to state in his bid the price per ton for destruction he will charge the collectors or anyone depositing such garbage, refuse, waste, offal and debris delivered to the incineration plant.

That the grantee of this franchise or privilege shall erect a complete incineration plant, including approaches, within one year from date of grant, from his own plans and specifications, and the proposed building and plant shall be constructed in accordance therewith.

That such incineration plant shall have a capacity of at least eight hundred (800) tons per day.

That the incineration plant shall be built on a site furnished and designated by the City and County of San Francisco, rent free to the

successful bidder for the life of the franchise, unless it is purchased by the City and County of San Francisco during said term.

That the City and County of San Francisco shall have the right to purchase the plant at the end of any calendar year for a sum to be fixed by the bidder in his bid, less depreciation, the amount of depreciation per annum to be fixed by agreement or arbitration, and the grantee shall, in the event of purchase by the City and County of San Francisco and operation by the grantee, pay an annual rental to be fixed by the Board of Supervisors, in addition to any percentage as provided by the hereinafter mentioned statute.

That the purchase of the plant by the City and County of San Francisco shall terminate the operating franchise or privilege at the option of the City and County of San Francisco.

Each bidder must file with his bid complete plans and specifications of the buildings, furnaces and layout of approaches he proposes to build.

Or, as an alternative:

That this Board, when satisfactory bids are offered, shall grant a franchise or privilege for a period not to exceed twenty-five years for the disposal of garbage, refuse, offal, waste and debris otherwise than by incineration; be it

Further Resolved, That each bidder shall state in his bid the price he will pay for this franchise or privilege if he erects the plant according to the plans and specifications of the City Engineer, or the price he will pay for this franchise or privilege if he erects the plant under his own plans and specifications, or the price he will pay for this franchise or privilege if other than by incineration. That the bid for said franchise or privilege shall be in accordance with all of the terms and provisions of "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts." Statutes of 1905, page 777; amended 1909, page 125; amended 1915, page 1300; and all terms and conditions set forth in said statute are hereby made a part hereof for all purposes; be it

Further Resolved, That the Clerk of this Board be and he is hereby authorized and directed to advertise for sealed bids for the sale of this franchise or privilege in accordance with the provisions of said statute and with the terms of this resolution, said bids to be filed with the Clerk not later than the 12th day of January, 1931, at the hour of 2 o'clock p. m., and the 12th day of January, 1931, at the hour of 3 o'clock p. m., is hereby fixed as the hour and date for the opening and consideration of said bids, the Board of Supervisors reserving the right to continue the consideration of said bids from meeting to meeting until such time as each bid is duly considered. The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby. An ordinance embracing all of the terms and conditions herein and in the advertisement for bids shall be passed before the franchise or privilege shall become effective; be it

Further Resolved, That the successful bidder shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of the franchise or privilege, and that in case of any breach of condition of such bond, the whole amount of said penal sum shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond.

Passed for Printing—Board of Supervisors, San Francisco, December 1, 1930.

Ayes—Supervisors Andriano, Canepa, Gallagher, Havenner, McGovern, Miles, Peyser, Roncovieri, Rossi, Spaulding, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Hayden, McSheehy, Power, Shannon—5.

J. S. DUNNIGAN, Clerk.

Now, therefore, it is proposed to grant said franchise or privilege, and sealed bids will be received pursuant to the terms of the aforesaid resolution for said franchise or privilege.

That said franchise or privilege will be awarded to the highest bidder.

That the character of the franchise or privilege proposed to be granted, the time for filing bids and the term for which it is to be granted are as mentioned in the foregoing resolution, which is hereby made a part hereof for all purposes.

That the successful bidder and his assigns must, during the life of said franchise or privilege, pay to the City and County of San Francisco 2 per cent of the gross annual receipts of the person, partnership or corporation, or assignee thereof, to whom the franchise or privilege is awarded arising from its use, operation or possession. That said franchise or privilege shall not be assignable without the consent of the City and County of San Francisco.

That no percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually.

That in the event said payment is not made, said franchise or privilege shall be forfeited.

That the said franchise or privilege will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided, only, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum not less than 10 per cent above the highest sealed bid therefor, and said bid so made may be raised not less than 10 per cent by any other responsible bidder, and said bidding may so continue until finally said franchise or privilege shall be struck off, sold and awarded by the Board of Supervisors to the highest bidder therefor in gold coin of the United States.

That each sealed bid shall be accompanied with cash or a certified check, payable to the Treasurer of the City and County of San Francisco, for the full amount of said bid, and no sealed bid shall be considered unless said cash or certified check is enclosed therewith and the successful bidder shall deposit at least 10 per cent of the amount of his bid with the Clerk of the Board of Supervisors before the franchise or privilege shall be struck off to him.

That if he shall fail to make such deposit immediately, then in that case his bid will not be received, and shall be considered as void, and the said franchise or privilege shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

That said procedure shall be had until the said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least 10 per cent of the amount of his bid therefor. The successful bidder shall deposit with the Clerk of the Board of Supervisors, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount thereof, and in case such bidder shall fail to do so, then the said deposit therefor made shall be forfeited, and the said award of such franchise or privilege shall be

void, and the said franchise or privilege shall then and there, by the Board of Supervisors, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the Clerk of the Board of Supervisors the remaining 90 per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise or privilege shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise or privilege shall be had unless the same shall be readvertised and again offered for sale as provided by law.

That work leading to the exercise of this franchise or privilege shall be commenced in good faith within not more than four months from the granting of such franchise or privilege, and if not so commenced within said time said franchise or privilege shall be declared forfeited.

That the successful bidder for the franchise or privilege aforesaid struck off, sold and awarded shall file a bond running to the City and County of San Francisco with at least two good and sufficient sureties, to be approved by the Board of Supervisors, in the penal sum of three hundred thousand (\$300,000) dollars, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise or privilege, and that in the case of any breach of condition of such bond, the whole of said penal sum shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with the Board of Supervisors within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise or privilege shall, by the Board of Supervisors, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of such franchise or privilege shall be set aside, and any money paid therefor shall be forfeited, and said franchise or privilege shall, in the discretion of said Board of Supervisors, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore mentioned.

Bids.

Bids were received from the following:

1. San Francisco Disposal Company—Certified check for \$1,000 on First National Bank of Chicago.
2. J. H. Baxter & Co.—Certified check for \$100 on Wells Fargo Bank & Union Trust Company.
3. C. C. Moore & Co. (letter in re above)—No certified check.
4. Walter J. O'Brien and Frank O'Kane—Cash, \$1.
5. O. Torre and A. Faliano—Certified check for \$1,000 on Bank of Italy.
6. O. Torre and A. Faliano—Check for \$1,000 on American Trust Company.

Accepting Offer of San Francisco Disposal Company.

Supervisor McSheehy presented:

Resolution No. _____ (New Series), as follows:

Whereas, on the 12th day of January, 1931, sealed bids for a garbage destruction franchise were opened; and

Whereas, seven bids were filed with this Board for such franchise, as follows:

No. 1—Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea.

No. 2—J. H. Baxter Company, a corporation, providing for dumping at sea.

No. 3—C. C. Moore Company, not indicating the manner of disposition.

No. 4—San Francisco Disposal Company, a corporation, providing for incineration.

No. 5—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 6—O. Torrey, Jr., and A. Faliano, providing for incineration.

No. 7—A. F. Martel, providing for incineration; and

Whereas, application No. 3, C. C. Moore & Co., was unaccompanied by cash or a certified check, and also did not indicate the manner of disposition; application No. 5, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.32 per ton; application No. 6, O. Torrey, Jr., and A. Faliano, was based on incineration and disposition at the rate of \$2.05 per ton; and application No. 7, A. F. Martel, was unaccompanied by cash or a certified check, and was based on incineration and disposition at the rate of \$1.25 per ton; and for the aforesaid reasons and others this Board has been advised by the City Attorney that said applications are illegal; and

Whereas, application No. 1, Frank G. O'Kane and Walter J. O'Brien, providing for dumping at sea, and application No. 2, J. H. Baxter & Co., a corporation, providing for dumping at sea, should not be accepted as a permanent means of disposal, because the people of San Francisco declared in favor of incineration; and

Whereas, the application of the San Francisco Disposal Company, a corporation, should be accepted; now, therefore, be it

Resolved, That the application of the San Francisco Disposal Company, a corporation, be and the same is hereby accepted, subject to the terms and conditions of a franchise ordinance to be hereafter enacted, and the City Attorney is hereby directed to prepare said franchise ordinance and submit same to this Board as soon as possible, and the question of the acceptance of said applications numbers 1 and 2, as a means of temporary disposal, is hereby continued four weeks.

UNFINISHED BUSINESS.

Final Passage.

The following bill heretofore passed for printing was taken up and *finally passed* by the following vote:

Granting Further Land in Civic Center to United States Government.

On recommendation of Finance Committee.

Bill No. 9432, Ordinance No. 8940 (New Series), as follows:

Agreeing to a further grant to the United States of America, a site situate in the Civic Center of the City and County of San Francisco, and determining the size thereof, and authorizing the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors thereof to execute and deliver to the United States of America a deed conveying to the United States of America the hereinafter described real property, all pursuant to the provisions of Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco.

Whereas, pursuant to Section 10-A of Chapter II, Article II of the Charter of the City and County of San Francisco, the Board of Supervisors has heretofore caused to be conveyed to the United States of America a certain piece or parcel of land situate in the Civic Center in the City and County of San Francisco; and

Whereas, the property heretofore granted is inadequate, and it is deemed necessary and to the best interests of the City and County of San Francisco and the United States of America that an additional piece or parcel of land contiguous to and adjoining said grant heretofore made and above referred to be conveyed by said City and County of San Francisco to said United States of America in order that the general scheme of buildings in said Civic Center be adhered to, and that additional building space be provided; and

Whereas, the hereinafter described real property is situate within the locality described in said section of said Charter, is owned by the said City and County of San Francisco and is unoccupied by any building or structure belonging to the said City and County of San Francisco.

Now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco hereby determines that the size and site of said lands to be conveyed to the said United States of America should be as hereinafter set forth.

Section 2. That the City and County of San Francisco does hereby offer the hereinafter described real property to the United States of America, without any monetary consideration and in addition to the grant of land heretofore made and in pursuance to said Charter provision herein referred to, the hereinafter described real property.

Section 3. That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors, be and they are hereby authorized, empowered and directed to make, execute and deliver to the United States of America, a good and sufficient deed conveying to said United States of America the hereinafter described real property.

Section 4. That the site to be conveyed to said United States of

America, in conformity with this ordinance, is described as follows, to-wit:

Telegram.

New York, N. Y., February 25, 1931.

Andrew J. Gallagher, Chairman Industrial Development Committee,
Board of Supervisors.

Appreciate very much indeed your committee's telegram quoting resolution of Board of Supervisors. The resolution is very gratifying to us and we were indeed pleased to have Mrs. Kahn with us as representative of the Mayor, Board of Supervisors and City and County of San Francisco. Again thanking you and with best wishes and kindest regards.

R. Stanley Dollar.

Telegram.

Washington, D. C., March 2, 1931.

Hon. Angelo J. Rossi, The Mayor of San Francisco.

Yesterday I had the honor of presenting the beautiful floral tribute of the City of San Francisco, and of conveying your message representing your sentiments and those of the Board of Supervisors and the people of San Francisco, at the unveiling of the statue of Father Junipero Serra in the National Hall of Fame. I referred to the fact that the beloved Father Serra founded Mission Dolores in the City of St. Francis in 1776, and that he, the founder of our California Missions, is revered by every man, woman and child in the State of California, regardless of his or her race, creed or religion. Splendid tributes were paid to the padre and to Thomas Starr King, California's contributions to the National Statuary Hall in the Capitol by United States Senators Johnson and Shortridge, by Isadore Dockweiler and by Secretary of the Interior Ray Lyman Wilbur, representing the President of the United States. Kindest regards.

Richard J. Welch.

Sympathy of the Board Extended to Miss Commerford and to Supervisor Power.

On motion, the Clerk was directed to send communications to Supervisor Power and Miss Commerford, extending sympathy of the Board of Supervisors in their illness, with the hope for their speedy and complete recovery.

Commendation of Police Officers.

Supervisor Shannon presented:

Resolution No. 34032 (New Series), as follows:

Your attention is respectfully called to the resolution unanimously adopted by the Board of Supervisors today:

Whereas, on February 20th, 1931, Inspectors Robert L. Bauer, Otto Meyer, Frank McCann and Lieutenant George Richards of the San Francisco Police Department effected the arrest of William Spate, a notorious criminal, at Webster and Ellis streets, the Board of Supervisors wishes to earnestly commend the courage and fidelity to duty of these police inspectors.

The Board regrets that Inspector McCann was wounded.

The Board of Supervisors feels that the valor and sense of duty exhibited by these officers deserve special commendation from you and from the people of San Francisco. Their conduct reflects great credit upon themselves and upon the San Francisco Police Department.

This commendation is entered in the minutes of the Board of Supervisors and to be transmitted to the officers named.

Adopted by the following vote:

Ayes—Supervisors Andriano, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton, Suhr—16.

REPORT OF LEGISLATIVE COMMITTEE.

The following was presented by Supervisor McSheehy and copies ordered sent to members:

San Francisco, California,
Monday, March 2, 1931.

During the first session of the California State Legislature of 1931 there have been introduced some 2900 bills. From the Bill Digest, by the Clerk of the Committee, the following are submitted with the suggestions noted.

A great many of these bills will mean an increase in the tax rate, and the same should be protested directly by this committee.

Also, many bills affecting San Francisco have been submitted in skeleton form, and until the amendments are introduced the committee will not consider them.

Respectfully,

JAMES B. McSHEEHY, Supervisor,
Chairman Legislative Committee.
VICTOR J. CANEPA.

Report and Recommendations of Legislative Committee.

During the first session of the California State Legislature of 1931 there were 2500 bills introduced. From the bills digested by the Clerk of the Committee the following are submitted with the recommendations noted.

Many bills affecting San Francisco have been submitted in skeleton form, and until the amendments are introduced the Committee will not consider them.

Supervisors JAMES B. McSHEEHY, Chairman,
VICTOR J. CANEPA, Member,
SYLVESTER ANDRIANO, Member,
Legislative Committee of the
Board of Supervisors.

CONSTITUTIONAL AMENDMENTS.

Taxation on Public Utilities Owned by Municipalities.

A. C. A. 8 (Fisher, Robert F.)—Adds Section 17 to Article 13 of the Constitution of the State of California, relating to the taxation of utilities owned or controlled by public agencies of government, and relating to taxation of incomes and receipts of such utilities upon the sale and delivery of their commodities or service to any other utility for resale or distribution.

Section 17 (Summarized)—All property, works, plants and equipment owned, operated, etc., by any town, city, county, et al., and held or used for supplying the public with light, heat, power, transportation, telegraph, or telephone service, shall be assessed and taxed in the same manner as private corporations; provided, that such utility paying a tax measured by income, shall be allowed such deduction therefrom as shall represent the tax on receipts on account of the sale and delivery of their commodities or service to any other utility for sale or distribution, where such other utility is subject to a like tax on its receipts from such sale or distribution.

The Municipal Railway is subject to the above tax.

Cost and Maintenance of Public Schools.

S. C. A. 10 (Swing)—Adds a new section to Article 9 of the Constitution of the State to be numbered 6a, relating to the cost and expense of maintaining public schools.

Provides that the entire cost and expense of maintaining the public schools shall be borne and paid by the State; provided, however, nothing herein contained shall be deemed to require the State to provide school grounds, school buildings, or equipment, for such schools.

Abolishing Taxation on Motor Vehicles.

S. C. A. 11 (Inman)—Adds a new section to Article 13 of the Constitution of the State to be numbered 1c, relating to taxation of motor vehicles.

Section 1c. Motor vehicles, as defined by the Legislature, shall be exempt from local assessment and taxation.

This loss of revenue would approximate \$1,000,000.

JUDICIAL SALARIES.**Municipal Court (Bills Relating to San Francisco).**

A. B. 1099 (S. F. Delegation)—An act to amend Section 6 of Chapter 358, Statutes of 1925, as amended.

Increases Municipal Judges' (12) salaries from \$6000 to \$9000.

A. B. 349 (Hornblower)—An act to amend Section 6 of Chapter 358, Statutes of 1925, as amended.

Increases Clerk's salary from \$4800 to \$6000.

Enlarges duties of chief deputy clerk, who shall act as secretary to the judges and as jury commissioner with the same powers of jury commissioner of superior court. Increase of salary from \$3600 to \$5400.

A. B. 1100 (S. F. Delegation)—Same as A. B. 1099.

Increases Municipal Judges (12) from \$6000 to \$7500.

Superior Court.

A. B. 960 (Little)—Amends Section 736c, Political Code.

Provides that the State and counties shall each bear half of the Superior Court Judges' salaries up to \$8000, but that any excess over that amount shall be borne entirely by the county. State now contributes \$4000 to Superior Court Judges' salaries and San Francisco contributes \$5000.

A. B. 69 (S. F. Delegation)—Superior Judges of San Francisco salaries increased from \$9000 to \$12,000. State now pays \$4000 per judge. At this ratio San Francisco's proportion would be increased by \$48,000.

A. B. 143 (San Francisco Delegation); A. B. 665 (Crist and Williamson)—Identical.

Provides for the retirement of the Superior Court and Municipal Court Judges after twenty-four years' service in either or both courts. Salary on retirement to be one-half of that received at date of retirement, to be paid in the same proportion by the State and City and County as was paid while in active service. Judge must have reached the age of 70 years to be eligible for retirement. Specifically provided that San Francisco Judges of the Superior Court shall receive a retirement salary of \$4500. Judges who have retired are subject to call of the Judicial Council to assist temporarily at regular salary.

A. B. 1061 (Williamson)—Adds a new section to the Code of Civil Procedure to be numbered 204f, relating to jury commissioner.

The duties of the jury commissioner appointed by the Superior Judges relative to the selecting and returning of trial jurors in the Superior Court shall apply to the Municipal Court.

(Conflicts with A. B. 349, second section, noted above.)

COUNTY GOVERNMENT.**Additional Liabilities.**

A. B. 216 (Reid)—Registrar of Voters added to officers allowed traveling expenses in attending annual conventions of their respective associa-

tions, not to exceed \$50.

A. C. A. 7 (Stockwell)—Eliminates the division of the fund known as the "Motor Bus and Truck Tax" between the State and counties, and provides that the entire amount of this tax to go to the State.

San Francisco would be deprived of an annual revenue of \$40,000 by the adoption of this amendment.

S. B. 25 (McKinley) ; A. B. 215 (Reid)—Amends Section 2 of Chapter 359, Statutes 1903, relating to the payment of officials' bonds. Provides that the county shall pay the premium on bonds of deputies, clerks and subordinates now required to be under bond.

Additional Revenues.

A. B. 793 (Oliva)—The State shall pay the entire expense of maintaining the fireboats of the San Francisco Fire Department used on the bay. At present State pay one-half and city and county one-half. San Francisco would save \$92,500 per year if this bill passes.

S. B. 398 (McCormick)—Amends Section 3627a of the Political Code. Moneys received from taxes on intangible property (stocks, notes, equities, etc.), shall all be placed in general fund of county instead of dividing it one-third to city, one-third to county, and one-third to school district.

S. B. 283 (Nelson)—Amends Section 44 of "California Vehicle Act" relating to the registration of vehicles.

Requires a certification from the Assessor that vehicle is or has been assessed before a renewal of the license can be obtained. No change in the present exemptions.

Assessor's office in San Francisco states this requirement would increase the revenues in San Francisco approximately \$300,000.

A. B. 241 (Gillett)—An act to amend Section 11 of the Juvenile Court Law relating to inmates of Whittier, Preston, and California School for Girls by changing the rate payable by counties for said inmates.

Law now provides that the county shall pay \$20 per month or part of month for each inmate committed to these institutions. Amendment would require the county to pay only for the actual time the inmate is confined in the institution at the rate of \$20 per month.

San Francisco at present pays approximately \$2000 per month for inmates confined in these institutions.

S. B. 519 (Carter)—An act to add a new section to the Political Code to be numbered 3692½, relating to the duties of the State Board of Equalization. Motor Vehicle Department to furnish the Board of Equalization with a duplicate copy of the records of new vehicle registrations. Said board shall in turn furnish each Assessor with the portion of the record affecting his respective county.

This record is now purchased by the Assessor. The record would be supplied at no cost to the county. The cost to San Francisco is now approximately \$1000 per year.

Powers and Duties.

S. B. 386 (Crittenden)—Highways. An act to provide that the State Highway system shall include a portion of those city streets in municipalities which, by their natural course, form a continuation of said system. The portion of those streets that form a continuation of a State Highway shall be included in the State Highway system and their construction and repair shall be borne out of the funds allotted to the State Highway system from the gasoline tax. Cities will retain their present jurisdiction, including the right to establish grades.

A. B. 1044 (Williamson)—Garbage Franchise. An act providing for the granting of franchises in counties, cities and counties, cities or towns for the disposal or destruction, or both, of garbage and other waste.

Section 1. Franchise to be granted by legislative body.

Section 2. Bids may be called for by resolution of the Board of Supervisors; franchise not to exceed 25 years; award may be made to best bidder.

Section 3. Bond, in the amount to be fixed by the board, must be filed by the successful bidder.

Section 4. Grantor may impose additional terms. (This is the act proposed by Mr. Dold of City Attorney's office in order to permit such a franchise. Under the Broughton Act it is doubtful if such a franchise may be granted by the board.)

A. B. 622 (Jewett)—An act to regulate the acquisition and transfer of lands by counties for park purposes.

Section 1. The taking of property by any county through proceedings in eminent domain for park purposes is hereby prohibited.

Section 2. The several counties of the State are hereby prohibited from acquiring any land by purchase or otherwise for the purpose of transferring, or transferring any land, to the United States of America for national park purposes.

S. B. 361 (Mixer)—An act to repeal Chapter 629, Statutes of 1929, which authorizes supervisors to transfer lands to the United States for national park purposes.

A. B. 1054 (Williamson)—An act to amend Section 1 of the act which permits counties or municipal corporations to transfer lands to the United States for the use of the War Department or the Navy Department for defense purposes, by including cities and counties. (San Francisco.) The Board of Supervisors, by a four-fifths vote, may expend money out of the general fund, or incur an indebtedness upon the authorization of a two-thirds vote of the people, for the purpose of purchasing or improving lands, and may transfer said lands to the United States for the use of the War Department or the Navy Department whenever they consider it desirable or expedient; the consideration to be the benefits derived by the county or city and county from such transfer. Lands may be purchased anywhere within the State.

Levy of School District Taxes.

A. B. 1858 (Hayes)—An act to amend the School Code relating to the levy of school district taxes.

Section 4. 373. The Board of Supervisors, except as otherwise in this section provided, must fix such a rate for such district tax as will produce at least the amount of district tax money requested by the particular district. The Board of Supervisors of any consolidated city and county shall fix such a rate for such district tax as may be necessary for such school districts, provided that the total of the rates fixed for all school districts situated in such city and county shall, when added to the rates of tax fixed for the county elementary school tax and the county high school tax of such consolidated city and county be not less than —.

(Skeleton bill as to maximum rate to be fixed.)

School Budgets and Estimates.

S. B. 785 (Nelson, Breed, Deuel, Jones and McKinley)—An act to add a new article to Chapter I, part III of division IV of the School Code, to be Article XI, embracing Sections 4.400, 4.401, and 4.402, relating to school districts, estimates and budgets.

Article XI—Budgets and Estimates.

Section 4.400. The Board of Supervisors of any county to which any school district estimate or budget is submitted under the provisions of part III of division IV of this code shall review such estimate or budget and may revise the same in whole or in part, but shall not revise the same so as to increase the whole thereof. The estimate or budget shall, as revised, become the estimate or budget of the school district upon which the Board of Supervisors shall base the tax levy for the purpose of raising the amount which such budget or estimate indicates must be raised by tax levied upon the taxable property within the district. All such estimates or budgets shall be submitted to the Board of Supervisors on or before the twentieth day of July of each year.

Sections 4.401 and 4.402, relate to districts other than San Francisco.

Charities.

(Statement: There are approximately ten bills introduced affecting Chapter 529 of the Statutes of 1929, entitled "An Act to provide for needy blind persons not inmates of any institution supported in whole or in part by the State or any of its political subdivisions, making appropriation therefor and providing penalties for violations of the provisions of the Act." This is the first opportunity for amendments to be submitted since the act was adopted at the last session of the Legislature, consequently the amendments advocated embrace provisions which merely clarify the present act while others advocate radical changes which would place tremendous burdens on the county. The officials administering and enforcing these acts have not, to my knowledge, any representation in Sacramento. It therefore becomes incumbent upon the individual counties to diligently watch proposed legislation amending these acts. Miss Schenck, of the County Welfare Department, considers the time inopportune to advocate or endorse amendments that would change the general working scheme of the present act. The possibilities of increasing the burdens of San Francisco through this class of legislation are numerous.)

A. B. 1203 (Oliva); A. B. 1194 (Gilmore)—Acts amending Section 2289 of the Political Code relating to orphan aid.

Provides that the age limit for orphans eligible to receive aid be extended from 16 to 18 years of age. Statistics from the County Welfare Board indicate this would require an annual increase in the present appropriation of \$24,000.

A. B. 966 (Clowdsley)—An act to amend Section 4099a of the Political Code relating to orphans and half orphans in computing their accounts.

Provides that the Auditor shall receive 2 per cent of the money administered through his office in payment of orphan and half orphan aid as compensation for handling said accounts. Section 4099a now provides that the Auditor shall receive a reasonable amount for such services. In accordance with this section San Francisco appropriates \$3,000. The moneys handled by the Auditor in administering this orphan aid amount to approximately \$1,000,000, which means that if 2 per cent were allowed as compensation for handling this sum of money the additional expense to San Francisco would be exorbitant.

PORT OF SAN FRANCISCO ACT.

Section 2. Boundaries.—Entire territory within boundaries of City and County of San Francisco.

Section 3. Trustees—Nine members appointed by the Governor, 4-year term; residence in district.

Section 4. President and Vice-President—One-year term, elected by Trustees; board to appoint manager, secretary, treasurer, traffic manager, chief engineer, chief wharfinger, attorney; appointments by board through manager and upon his recommendation. PRESENTATION OF PROPOSALS.

Sale of Bonds.

Sealed bids for the purchase of certain bonds of the City of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m., on Tuesday, March 3, 1931, and opened by said Board at said time.

The bonds offered are described as follows:

\$700,000 Public Parks and Squares bonds, issue of February 1, 1931, comprising 28 bonds of \$1,000 denomination maturing each year from 1936 to 1960, inclusive.

\$450,000 Boulevards and Roads bonds, issue of February 1, 1931, comprising 18 bonds of \$1,000 denomination maturing each year from 1936 to 1960, inclusive.

\$100,000 Playgrounds bonds, issue of February 1, 1931, comprising 4 bonds of \$1,000 denomination maturing each year from 1936 to 1960, inclusive.

The said described bonds bear interest at the rate of four and one-half per centum per annum, payable semi-annually, and shall not be

sold at a price less than the par value thereof, together with accrued interest thereon at date of delivery.

Bidders may bid for the whole or any part of the bonds here offered, and when a less amount of the whole amount offered is bid on, the bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt, State and Federal.

Delivery of the bonds to the purchaser will be made within ten days from the date of award, or within such time thereafter as may be agreed upon by the purchaser and Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County, for a like sum, provided that no deposit need exceed the sum of \$10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds is on file in the Clerk's office.

Proposals for Purchase.

The following proposals for purchase of all of the bonds, issue of February 1, 1931, were received, opened, read and *referred to the Finance Committee*, to-wit:

1. Bankers Company of New York, Eastabrook & Co., William R. Statts Co., \$1,250,000; plus premium, \$40,487.50; total, \$1,290,487.50.

Award of Bonds.

Resolution No. 34047 (New Series), as follows:

Whereas, after due notice given as provided by the Charter of the City and County of San Francisco that sealed proposals for the purchase of certain bonds of said City and County, to-wit:

Public Parks and Squares Bonds, Issue of February 1, 1931, to the amount of \$700,000;

Boulevards and Roads Bonds, Issue of February 1, 1931, to the amount of \$450,000;

Playgrounds Bonds, Issue of February 1, 1931, to the amount of \$100,000, would be opened and considered on Tuesday, the 3rd day of March, 1931; and

Whereas, sundry bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore

Resolved, That the bid of American Securities Company, San Francisco; R. W. Pressprich & Company, New York City, for said \$700,000 Public Parks and Squares Bonds, comprising 28 bonds of \$1000 denomination of each year's maturity, 1936 to 1960, inclusive, and \$450,000 Boulevards and Roads Bonds, comprising 18 bonds of \$1000 denomination of each year's maturity, 1936 to 1960, inclusive, and \$100,000 Playgrounds Bonds, comprising 4 bonds of \$1000 denomination of each year's maturity, 1936 to 1960, inclusive, be and the same is hereby accepted and said bonds are hereby struck off and sold to said American Securities Company, San Francisco; R. W. Pressprich & Company, New York City, for the price bid therefor, to-wit: \$1,293,238, and accrued interest thereon at the date of delivery.

That the Finance Committee be directed to arrange for the delivery of said bonds.

That all other bids for said bonds be rejected and the Clerk is hereby directed to return certified checks accompanying the same.

Adopted by the following vote:

Ayes—Supervisors Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, Miles, Roncovieri, Spaulding, Stanton, Suhr—11.

Absent—Supervisors Andriano, Breyer, McGovern, McSheehy, Peyser, Power, Shannon—7.

Interim Certificates Authorized, Parks and Squares Bonds, 1931.

Resolution No. 34048 (New Series), as follows:

Whereas, the electors of the City and County of San Francisco did on the 6th day of February, 1931, at a special election duly called and held in said City and County on said day, by more than a two-thirds vote of said electors voting at said election, approve the incurring of a bonded indebtedness in the sum of One Million Four Hundred Thousand (\$1,400,000) Dollars for the purpose of making and providing permanent improvements in parks and squares located within the City and County of San Francisco; and

Whereas, the Board of Supervisors of said City and County has offered for sale, and sold, the sum of Seven Hundred Thousand (\$700,000) Dollars of said bonds so authorized to be issued at the aforesaid election, the proceeds of said sale to be used for the purpose specified in the proceedings authorizing the incurring of said bonded indebtedness; and

Whereas, the said bonds, authorized as aforesaid, have not as yet been executed by the officials of the City and County of San Francisco as required by law.

Now, Therefore, Be It Resolved, That Angelo J. Rossi, Mayor, and Duncan Matheson, Treasurer, of the City and County of San Francisco, be and they are hereby authorized, empowered and directed to make and execute, for and on behalf of said City and County, interim receipts or certificates evidencing the said bonds of the aforesaid issue, sold as aforesaid, and to deliver said receipts or certificates to the purchaser or purchasers of said bonds; and

Be It Further Resolved, That said receipts or certificates, when executed and delivered as aforesaid, shall be exchangeable at the office of the Treasurer of the city and county for the bond or bonds which they represent whenever said bonds are executed by all of the officials required by law to execute the same; and

Be It Further Resolved, That said interim receipts or certificates be substantially in the following words and figures, to-wit:

United States of America.

State of California.

City and County of San Francisco Public Parks and Squares Bonds, 1931, Interim Receipt.

**Providing for Construction of Incinerator From Moneys Pro-
vided in the Tax Rate, in Annual Instalments.**

Supervisor Colman presented:

Resolution No. _____ (New Series), as follows:

Whereas, this Board has had before it on a number of occasions various resolutions and other propositions for the determination of the garbage disposal problem in the City and County of San Francisco; and

Whereas, after much effort on the part of this Board and the Health Committee of this Board, there still seems to be no permanent solution of the problem of the disposal of garbage in the City and County of San Francisco; now, therefore, be it

Resolved, That, in the opinion of the Board of Supervisors, the said incinerator should be constructed from moneys provided in the tax rate, in such annual instalments as may be legally appropriated for said purpose.

Referred to Health Committee.

**Ordinance Providing for Allowance of Transportation and Other
Expenses of Supervisors and Employees.**

Supervisor McSheehy presented:

Bill No. _____, Ordinance No. _____ (New Series), as follows:
Providing for the allowance by the Board of Supervisors of the cost of transportation and other expenses of officials and employees of the

City and County of San Francisco who, under the direction or with the authority of the Board of Supervisors, leave the City and County of San Francisco for the purpose of representing the City and County or performing services or transacting business for said City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever any officer or employee of the City and County of San Francisco, save and except police officers of the City and County acting under orders of the Board of Police Commissioners or of the Chief of Police, shall, under the authority or direction of the Board of Supervisors, or under the authority of law, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County, or for the purpose of rendering any service to or for the City and County, or for the purpose of officially representing said City and County, or any department thereof, said official or employee shall be allowed, as the expense incident to said service, the actual cost of his or her first-class round trip railroad transportation, including Pullman reservations, together with fifteen dollars per day for each and every day while said official is absent on said official business, including day of leaving and day of return, which said last mentioned sum shall cover the personal expenses of said official or employee.

Section 2. Where there shall be expenses incidental to said official business in addition to said transportation and personal expenses the Board of Supervisors may allow an additional amount sufficient to cover the same.

Section 3. All amounts to be allowed to any official or employee pursuant to this ordinance shall be allowed by resolution of this Board and shall be evidenced by demands drawn in favor of or for said official or employee, which said demands may be drawn, allowed and paid before said official or employee leaves the City on said official business, in which event the amount to be allowed upon the basis herein set forth may be estimated and an allowance made accordingly, and upon the return of said official or employee he shall render to the Auditor a statement showing the number of days during which he was absent on said official business, the cost of transportation and such expenses other than those personal as may have been incurred on behalf of the City; and any excess in the amount allowed over and above said personal expenses, transportation and other expenses incurred on behalf of the City shall be returned to the Treasurer. Should no allowance be made to said official or employee prior to his departure, an allowance to cover his expenses on the basis herein set forth shall be made by the Board of Supervisors upon his return.

Section 4. No vouchers or itemization of expenditure shall be required to cover the allowance for personal expenses.

Section 5. In any case where said official or employee journeys outside the State of California on official business for the City and County, expenses commensurate with the cost of said journey may be allowed over and above the allowances herein provided for, in the discretion of the Board of Supervisors.

Section 6. The provisions of this ordinance shall not apply to those officials or employees whose duties are performed outside the City and County, or who, in the performance of their ordinary duties, leave the City and County without the direction of the Board of Supervisors, it being the intention of this ordinance to provide for the expenses of those who absent themselves from the City and County upon official business under the direction of said Board.

Section 7. This ordinance shall be effective immediately upon its passage.

Referred to Finance Committee.

Ordinances Relative to Sale of City Property.

The following was presented and read by the Clerk:

Communication from His Honor the Mayor transmitting three proposed ordinances relative to sale of buildings on property required by City for the use and occupation of unimproved property belonging to the City and providing for the collection of rentals by the Mayor, and authorizing the Mayor to rent from month to month improved property belonging to the City.

Referred to Finance and Building Committees.

Purchase of Land for Beautification of Situation of Fine Arts Building.

The following was presented and read by the Clerk (from Supervisor Canepa):

Communication from the California Spring Blossom and Wildflower Association endorsing the proposition of Superintendent of the Golden Gate Park to have the City purchase the corner at the north end of the Fine Arts lagoon facing Marina boulevard, from the Presidio Reservation to Baker street, with the idea of enhancing the beauty of the situation of the Palace of Fine Arts, and requesting that the Finance Committee of the Board of Supervisors provide sufficient funds in the Budget of the ensuing fiscal year to carry out this intent.

Referred to Finance Committee.

Committee on Mothers' Day Celebration.

Supervisor Havenner moved that His Honor, the Mayor, be authorized to appoint a committee of citizens to arrange for the Annual Mothers' Day celebration at Memorial Grove, Golden Gate Park.

So ordered.

Supervisor Havenner's Proposition for Immediate Completion of Hetch Hetchy Pipe Line.

Supervisor Havenner announced that at next Wednesday's meeting of the Public Utilities Committee he will present his arguments for his proposed Altamont Pass pipe line in lieu of the plan of City Engineer O'Shaughnessy in order that the bringing of water to San Francisco at the earliest possible moment may be brought about.

Citizens' Committee on Dedication of New Baseball Grounds.

Supervisor Gallagher called attention to the fact that at previous meeting he had moved that a Citizens' Committee of 100 be appointed by His Honor the Mayor to participate in the celebration of the dedication of the new baseball grounds at Sixteenth and Bryant streets on April 5 of this year, and that a no action thereon had been had. He requested the Clerk to take the matter up with His Honor, the Mayor, with the idea of getting immediate action.

So ordered.

Protest Against Compromise of Thieler Case.

The following was presented:

Communication from the Central Mission Improvement Association, Incorporated, protesting the proposed settlement of the Thieler case for \$20,000, declaring that it is not advantageous to the City and expressing the belief that if the matter comes to court it may be easily won by the City, and that it would be more profitable to consider the

liability of the bondsmen, and their ability to pay, and follow the latter course.

Ordered filed.

Hearing of Peremptory Writ of Mandamus, Judah Street Rezoning.

A peremptory writ of mandamus issued by the Superior Court of the State of California, for the City and County of San Francisco in the case of Adolph Jachens, et al., versus the Members of the Board of Supervisors commanding that a proper hearing in due legal time be afforded the plaintiffs in the matter of the appeal from the decision of the City Planning Commission, in which it has denied the petition of the plaintiffs to rezone Judah street between Tenth and Twenty-fifth avenues inclusive, from second residential to commercial, was presented and read by the Clerk, and hearing fixed for Monday, March 23, 1931.

Queries Made to the Board of Public Works Regarding Hetch Hetchy Project, Answer to Be Received One Week From Today.

Resolution No. 34073 (New Series), as follows:

Whereas, Resolution No. 33938 (New Series), requesting that certain questions be answered by the Board of Public Works were answered, received and are now on file showing that it is impossible to complete the present program of the Hetch Hetchy project with the bond money now on hand; now, therefore, be it

Resolved, That an answer be requested from the Board of Public Works within one week to the following questions:

1. When was the Hetch Hetchy project started?
2. At what point was it started by the present City Engineer, M. M. O'Shaughnessy?
3. Was there a plan of construction laid out for the expenditure of \$45,000,000?
4. Was that plan ever authorized by the Board of Supervisors and if so, will you kindly give the number of the resolution?
5. How many plans were considered?
6. In the San Francisco Chronicle dated September 17, 1923, it states that the Hetch Hetchy project is divided into ten divisions: Lake Eleanor, Hetch Hetchy, Mountain, Priest, Moccasin, Foothill, San Joaquin, Coast Range, Bay Crossing and Peninsula. Is this statement correct, and if so, how many divisions have been completed?
7. What has been the cost of each division completed?
8. What will be the cost of each division not completed?
9. What was the original estimate of each division before the project was started?
10. Why were not all the divisions started about the same time?
11. In the expenditure of moneys on the Hetch Hetchy project to February 1, 1931, how much money was spent on water?
12. How much power has been sold by the City in the last six (6) years and what has been the total income for each of the said six (6) years from the sale of power by the City and to whom has it been sold? How much of these proceeds has gone to pay bond interest? In this same period what has been the amount of power and the yearly cost of power purchased by the City and from whom has it been purchased?
13. Why were the power lines carried from Moccasin to the Pacific Gas and Electric Power Plant at Newark?
14. Why were they not carried to the San Francisco County line?
15. Will you give the date when the Moccasin Plant was started? Also, the date that the power lines were started, and completed at Newark?

16. What date was the Bay Crossing Division started? What was the estimated cost of this division, and what was the actual cost?

17. How much was left out of the \$45,000,000 after the Bay Crossing Division contracts were let?

18. This division was started for the purpose of bringing water from Calaveras to Crystal Springs. Is that correct?

19. How many gallons of water daily did the Spring Valley Water Company promise that this connection would bring to the Crystal Springs Lakes?

20. For the past six (6) years what has been the total amount and the daily average amount of water released from the Calaveras Reservoir, and how much of the water so released was lost in transit to Crystal Springs?

21. What was the date and on what grounds did the Railroad Commission allow an increase to the Spring Valley Water Company in their rates in connection with Calaveras supply?

22. What was the percentage of increase and what is the amount in dollars?

23. What is the capacity in billions of gallons of water of the Calaveras Reservoir? How many billions of gallons of water were in this reservoir March 1, 1931?

24. Resolution No. 17530, dated January 5, 1920, requested the City Engineer to specify the properties that should be useful for the City and County of San Francisco to purchase from the Spring Valley Water Company for a water supply, and that the Railroad Commission determined the price for the purchase of these properties. Have you an itemized statement of this report? If so, will you send same under separate cover to the Board of Supervisors?

25. Has the Water Department plans as to future extension of mains throughout the City of San Francisco?

26. Do they contemplate building reservoirs in the City and County of San Francisco out of the earnings?

27. In case that the Pacific Gas and Electric Company should abrogate their twenty-four hour contract to purchase the power from Mocassin, what would your Department recommend doing with the power?

Adopted by the following vote:

Ayes—Supervisors Andriano, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Shannon, Spaulding, Stanton, Suhr—15.

Absent—Supervisors Breyer, Power, Roncovieri—3.

Requesting the Mayor to Appoint a Citizens' Committee for the Purpose of Securing the National Conventions at San Francisco.

Supervisor Shannon presented:

Resolution No. 34074 (New Series), as follows:

Whereas, the national conventions of the Republican and the Democratic parties of the United States of America will hold sessions in 1932 for the selection of nominees for President and Vice-President of the United States; and

Whereas, the Democratic party held its national convention in San Francisco in 1920 and was most generously received, and expressed great satisfaction at the treatment accorded all the delegates; and

Whereas, a national convention in San Francisco would be a tremendous factor in the advertisement of the beauties and the hospitality of the city by the Golden Gate; be it, therefore,

Resolved, That his Honor the Mayor be and is hereby respectfully requested to appoint a Citizens' Committee to devise ways and means whereby the national conventions of the two great parties of the United States might be brought to San Francisco.

Adopted by the following vote:

Ayes—Supervisors Andriano, Canepa, Colman, Gallagher, Garrity, Havenner, Hayden, McGovern, McSheehy, Miles, Peyser, Shannon, Spaulding, Stanton, Suhr—15.

Action Deferred.

The following matter was *laid over one week*:

Amending Sections 20 and 37 of Ordinance No. 5132 (New Series), "License Ordinance," Reducing the License Fee on Wrestling or Boxing Exhibitions to \$10 for Each Performance, and Reducing the License Fee on the Conducting of Concerts Based on the Seating Capacity of the House.

Bill No. ———, Ordinance No. ——— (New Series), as follows:

Amending Section 20 of Ordinance No. 5132 (New Series), entitled "Imposing license taxes on certain businesses, callings, trades or employments within the City and County of San Francisco," by reducing the license fee for the conducting of boxing or wrestling exhibitions by persons other than bona fide athletic organizations to \$10.00 for each such exhibition; and Section 37 thereof by placing a license fee on persons holding concerts based on the seating capacity of the house, instead of on both seating capacity and admission charge, as heretofore.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 20 and 37 of Ordinance No. 5132 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 20. Every person, firm or corporation conducting, carrying on or managing a boxing or wrestling exhibition, shall pay a license fee of \$10.00 for each such exhibition.

Provided that no license shall be exacted from bona fide athletic organizations where boxing or wrestling exhibitions are given for the entertainment of the members thereof and to which no admission fee is charged, directly or indirectly.

Section 37. Every person, firm or corporation holding, promoting or giving a concert, shall pay a license fee for each such performance depending upon the seating capacity of the place, as follows:

Places with a seating capacity of less than 500, \$5.00.

Places with a seating capacity of 500 and less than 1500, \$10.00.

Places with a seating capacity of 1500 and over, \$20.00.

A concert within the meaning of this section, shall be an entertainment open to the public at large, the principal part of which shall be composed of vocal or instrumental music or both, and to which an admission fee is charged.

Section 2. This ordinance shall take effect immediately.

Report of Legislative Committee on Bills Affecting San Francisco and Pending Before the Legislature.

After the transaction of other business, the following proceedings were had in connection with a report by the chairman of the Legislative Committee on legislation now pending in the Legislature which affects the City and County of San Francisco.

Supervisor Peyser acted as chairman of the meeting in the absence of the Mayor.

THE CHAIRMAN: If there is no objection, Supervisor Shannon will be excused. There being no objection, such is the order.

SUPERVISOR McSHEEHY: Mr. Chairman, members of the Board: I have the legislative digest here, and there are over 2900 bills, but there are only six bills that our clerk has reported upon which affect this Board. I have the digest of them, and I will read it to you, and I will give the report of the committee, and I think we can come to a conclusion on them rather rapidly.

The first bill is a constitutional amendment introduced by Assemblyman Fisher. I will read it:

Property owned or controlled by any political subdivision of the State for supplying the public with light, heat, power, transportation, telegraph or telephone service, shall be assessed and taxed in the same manner and for the same purposes as like property held by private corporations. Any utility, publicly or privately owned, of the classes enumerated, or subjected to the tax measured by the income, shall be allowed a deduction therefrom for taxes on receipts on account of sales and delivery of service to any other utility.

Members of the Board, this bill simply means this, that our Municipal Railway will have to pay taxes, and if it has to pay taxes this year to the State it means we will have to pay something like \$151,956, and the committee recommends against this bill.

SUPERVISOR GALLAGHER: I move the adoption of the committee report.

SUPERVISOR COLMAN: I second the motion.

THE CHAIRMAN: Is there any objection? Hearing none, such will be the order.

SUPERVISOR McSHEEHY: Thank you.

Now, the second bill. This bill was introduced by the entire San Francisco delegation, and the committee makes no report on it. It is a bill that calls for an increase in the salary of the twelve municipal judges from \$6,000 to \$9,000 a year, and that means an increase in the taxes, or at least in the budget, of \$36,000 a year. The committee felt that it should not make any direct report, and that it should first ask the advice of the Board.

SUPERVISOR GALLAGHER: I move that the committee be directed to make a recommendation.

THE CHAIRMAN: What is the pleasure of the Board?

SUPERVISOR GALLAGHER: I move that the committee be directed to make a recommendation.

SUPERVISOR McSHEEHY: The motion has not been seconded.

SUPERVISOR CANEPA: No, there is no second. Will Supervisor Gallagher agree to vote according to the recommendation of the committee?

SUPERVISOR GALLAGHER: No, I will not tie myself to you or any one else, but I want to say this to you very frankly, that I don't know why you are stopping here, and why you don't make a recommendation. Your Finance Committee has sent notice to every department head in the City that there shall be no raises in salaries—janitors, watchmen, and all other employees. All of these department heads are told: "Don't bring in any salary raises." Now, you get a proposition which means one cent in the tax rate, and you walk on tacks. What's the idea? Do you think the judges ought to get a raise? If you think they are entitled to it, recommend the bill; if you don't think it is right, recommend against it. I haven't read the bill, and don't know how much the raise is—

SUPERVISOR CANEPA: Supervisor McSheehy, the chairman of the committee gave you the increase.

SUPERVISOR McSHEEHY: May I just add a word here—that we have in Sacramento the clerk of our Legislative Committee, a young attorney who is doing very good work there, and by the way, I have received very flattering reports regarding his work. He is collaborating with Mr. Kenny, from Los Angeles, and also with the man from Alameda County. Those three men represent the three largest counties in the State, and they are working together, and if we instruct Mr. Moran, and you instruct this committee, we are positively going to make every effort we can to follow out your instructions, and Mr. Moran will do likewise. Your instructions will carry great weight with them, so we thought on this particular bill we would await your instructions. The committee felt that we did not want to take upon ourselves the making of a recommendation in this particular case. For one reason, the entire San Francisco delegation voted this increase. I realize as well as anybody on this Board that we are the custodians of the funds and the rights of the people of this City, and also that this entire raise in salary is going to reflect itself in our tax rate, so we ask your instructions. If you want to lay it over a week we have no objection to that.

SUPERVISOR GALLAGHER: I ask that the committee make a recommendation.

SUPERVISOR PEYSER: I move that the matter be left in the hands of the committee.

SUPERVISOR GALLAGHER: With a request that it make a recommendation.

SUPERVISOR COLMAN: Mr. Chairman, if I may, I don't think it is advisable to make any raises at all. In the first place, we have adopted the attitude in regard to every department in the City government to not recommend any salary increases at this time. Now, without stopping to consider the question as to whether or not the judges are entitled to higher pay, we must take into consideration the economic conditions which exist now. They have an advantage, all employees of the City, State and nation have a great advantage in not having suffered in income and in not having their salaries cut on account of the business conditions which have existed, and I feel that they must bear with the general situation to that extent, and be content with existing conditions before any raise should be given. I feel that if we are going to deny it to our own—and I think in a broad way they are our own—I think under present conditions we should not vote raises in salary to anybody at all. The committee may not take my views, but I would vote against any increases at this particular time. I realize fully that no doubt the judges are entitled to more money, but I don't think this is the proper time to ask for it.

SUPERVISOR HAVENNER: I should like to call the attention of

the members of the Legislative Committee that previous Governors have agreed with San Francisco, and I suppose other counties, that they would not approve any bill which would create a salary charge, or, rather, create taxes which would have to be paid by the particular county, unless it was recommended by the proper board of the respective county affected, and I respectfully recommend that the Legislative Committee of this Board call upon the Governor and apprise him of the fact that previous Governors have entered into such an agreement—that they would not approve any salary raises passed by the Legislature unless such salary raises had been recommended by the responsible board elected by the people of the county affected. I move that the Legislative Committee be instructed to call upon his Honor the Governor and advise him of this precedent and request him to enter into the same agreement with San Francisco.

SUPERVISORS GALLAGHER and COLMAN: Second the motion.

THE CHAIRMAN: Is there any objection? There being none, such will be the order.

SUPERVISOR GALLAGHER: I would like to make a motion, Mr. Chairman, since the subject-matter is before us. That our Legislative Committee—there is just one exception on the whole list, and that is the sealer of weights and measures in San Francisco. If there ever was a man who deserved a raise that is the one exception—excepting the sealer of weights and measures. I move you, Mr. Chairman, that our Legislative Committee stand instructed to advise our delegation in Sacramento and the Governor that we are opposed to any measure in the Legislature calculated to directly increase the tax burden on the people of San Francisco.

SUPERVISOR HAVENNER: I second that motion.

THE CHAIRMAN: If there is no objection, it is so ordered.

SUPERVISOR GALLAGHER: I except the sealer of weights and measures for my own part on that.

SUPERVISOR McSHEEHY: The third matter before us—

SUPERVISOR HAVENNER: Does that also include the Superior judges?

SUPERVISOR McSHEEHY: May I, just in passing, separate these two amounts? There are sixteen Superior Court judges, increased from \$9,000 to \$12,000, amounting to \$48,000 a year the City of San Francisco would have to pay.

SUPERVISOR SPAULDING: For a year?

SUPERVISOR GALLAGHER: Forever.

SUPERVISOR McSHEEHY: \$48,000 per year.
